BLUE RIBBON BRIGADE.—Dr. Watts concluded his series of temperance lectures at the Court House last Sunday night; during the five nights he lectured here the house was filled with an attentive and interested audience. A meeting of the Blue Ribbon Club was held at the M. E. church Wednesday evening when several addresses were made in the interest of the temperance cause. The club now numbers 626 members with the following officers: Rev. Thomas Condon, President; J. H. McClung, Secretary; L. G. Adair, Chorister; B. F. Dorris, Mrs. S. C. McClung, Mrs. Adair, Rev. S. C. Price, Mr. Woody, Executive committee.

County Court.

The county court met at 9 o'clock on January 6, 1879. The following officers were present: J. J. Walton, Jr., County Judge; O. R. Bean and J. B. Ferguson, County Commissioners; S. B. Eakin, Sheriff; and Joel Ware, County Clerk.

Total allowances for the term, \$2,471 10. H. G. P. Lemly was appointed a justice of the peace for Richardson precinct.
A. J. Goodman was appointed a justice of the peace for Coast Fork.
Road prayed for by Daniel Smith, established.
Petition for survey of the Siuslaw road was continued to next term.
The road prayed for by John Tunnell was established.

Contract with Dr. A. W. Patterson for medical attendance on county poor was annulled.
Petition of J. B. Underwood and Frank Harrington for lease of county property was rejected.

The following road supervisors were appointed:
2, S. H. Thomas, 32, R. B. Hayes, 32, T. Inman, 34, T. Inman, 33, Geo. Crabtree, 36, J. C. Yates, 37, Sam Meek, 38, Wm. Blachley, 40, H. G. P. Lemly, 42, Henry Moore, 45, Floyd Howard, 46, Wm. H. McClane,

A JUSTIFICATION.—During the term of Mr. J. B. Underwood, as Postal Agent, some two years ago, a registered package sent from Myrtle Creek, to Hernalsville, Oregon, was lost. Mr. Underwood went to the place, and for several days investigated the affair, with the only result that he was convinced of the integrity of the postmaster, Mr. Gabbett, at Myrtle Creek. No trace of the missing package could be found. Mr. Underwood, a few days since, received a letter from Mr. Gabbett stating that he had received from the special agent of the Post Office Department of Chicago, a receipt for the package; it having been found in a mail pouch sent to Chicago for repairs. Thus after a lapse of two years the missing matter came to light, two thousand miles from its point of departure and destination, and the good name of Mr. Gabbett is left cloudless and above suspicion.

THE SIALAW.—The Coast Bay News says: "The Sialaw is navigable for vessels for 25 miles from its mouth, good agricultural claims on each bank, with splendid timber at and along the head of navigation, and the country is rapidly settling up with good industrious citizens. Plenty of good claims is yet to be had for the taking. A weekly mail route is badly needed up the coast as far as the mouth of the river, as there are nearly a hundred settlers on the river without any mail facilities whatever. The route would be about 50 miles long, commencing at Gardner, the nearest office."

SUPREME COURT.—The Supreme Court at 1 P. M. last Monday, and organized with Col. James K. Kelly, Chief Justice, and R. P. Boise and P. P. Prim, associates; P. H. D'Arcy, clerk. The following applicants for admission were examined on Wednesday in open court: H. C. Humphrey, George S. Washburn, Charles H. Campbell, J. W. Belt, Alex. Meehan, Charles A. Cogwell, James W. Hamilton, Henry States, J. M. Blossom, Jr., Francis Clarno, H. E. Cross and Fred V. Holman. The entire class succeeded in passing the examination.

EGENE CHORAL SOCIETY.—The following are the members of the Eugene Choral Society and the parts assigned: Soprano, Miss Lula Dunn, Miss Carrie Cornelius, Miss May Dorris, Miss Nettie McCormick; alto, Miss Irene Dunn, Miss Emma Cornelius, Miss Mary McCormick; tenor, Messrs. L. G. Adair, John Christian, and Rev. S. C. Price; bass, Messrs. C. M. Hill, E. E. Burke and C. S. Williams; organist, Miss Allie Dorris.

THE LAWS AND JOURNALS.—Mr. E. M. Waite, the contractor, finished the printing of the laws and Senate and House journals yesterday, and has the school laws in type for the press. 5,000 copies of the latter will be printed. The report of the Investigating Committee, making some 600 pages of manuscript, will be commenced the latter part of week. About one-third of the manuscript is tabular work.

THE CROPS.—Reports from farmers are that the recent cold weather has injured the fall sown grain. The thawing out of the ground having loosened the plant in the earth. Ducks and geese have also done considerable damage to fields in some parts of the county.

NEW HALLS.—Two different parties are contemplating the erection of public hall in this place during the coming summer. Both companies are composed of substantial men and we have no doubt but that one at least will be built.

A SPLENDID NUMBER.—The New Year's number of the Record-Union is a grand affair. Sixteen pages of seven columns each, making 112 columns of valuable matter—an encyclopedia of news and history, local and general.

SIALAW INDUSTRY.—Sixty-five thousand dollars worth of salmon was caught and salted on the Siuslaw river, this season, and the amount could have easily been doubled.

ACCIDENT.—Mrs. J. Edwards, of Monroe, last Saturday afternoon fell and broke her arm; being quite an elderly lady it was a serious accident.

Uranine.

This is the most recently discovered, and perhaps the most remarkable of all the cold tar or aniline group of coloring substances, now so extensively used for the adornment of the finest fabrics. Uranine is said, by chemists, to be the most highly fluorescent body known to science. Its coloring power is astonishing; a single grain will impart a marked color to nearly five hundred gallons of water. A most interesting experiment, which anybody may try, consists in sprinkling a few atoms of Uranine upon the surface of water in a glass tumbler. Each atom immediately sends down through the water what appears to be a bright green rootlet; and the tumbler soon looks as if it were crowded full of beautiful plants. The rootlets now begin to enlarge, spread and combine, until we have a mass of soft green colored liquid. Viewed by transmitted light, the color changes to a bright golden or amber hue; while a combination of green and gold will be realized, according to the position in which the glass is held. For day or evening experiment nothing can be prettier than these trials of Uranine, which are especially entertaining for the young folks. We are indebted for example of the color to the editors of the Scientific American, who are sending out specimens, free of charge, to all their readers.

Waiting.

We had strong faith in the integrity of our county officials and particularly of the Commissioners until the following communication was dropped in our way. The possessor of an office so lucrative(?) as a commissioner should heed such a gentle reminder and keep him waiting no longer. From June 78 is certainly long enough to procrastinate.

EGENE CITY, OR, Nov. 19 1878.
HON. — DEAR SIR: I have been waiting some time to hear from you. I stand in need of a loan, or rather for some money which I used for certain purposes for your benefit, which you are aware of. Now if you will comply with this request you will much oblige. I want to go away from here by Dec. —, and a compliance with this at your earliest convenience will oblige.
Yours truly,
Blue Ribbon Club

The club will meet next Wednesday evening at 7 o'clock. The following will be the programme:
Song by the congregation.
Prayer by Rev. Mr. Woolley.
Music by the string band.
Address by Rev. Dr. Geary.
Quartet, "The Gushing Rill," by the Messrs. Cornelius, and Messrs. L. G. Adair and C. M. Hill.
Recitation by Sterlie Hill.
Song, "Sign To-night."
Circulation of pledge and music.
By order of Executive Committee,
S. C. PRICE, Chairman.

HELLISH.—We are informed that some one, with instincts far beneath those of brutes, recently wotonly killed several cattle, belonging to Mr. Jack Cogwell, on the McKenzie. Humanity has indeed sunk low, when it will vent its spite and spleen on dumb brutes.

POSTAL ORDERS.—During the year of 1878, there were issued from the Eugene post-office, 1,567 domestic money orders. The money deposited on the orders amounted to \$23,777.60, and the fees to \$203.07.

SICKNESS.—A considerable amount of sickness is reported in this vicinity. The recent cold weather has not been conducive to good health.

NOW IS THE TIME.—The new year has just commenced. Improve your opportunity and commence it by subscribing for the *GUARD*.

Hackleman Speaks.
Mr. J. H. Hackleman, Assistant State Treasurer, writes a letter from which we extract the following:
"The mandate of the court required the treasurer to 'pay the bonds,' and stated on particular time when payment should be made. When should he have paid the bonds, including the interest coupons? Manifestly at the period fixed by law when he did on the first day of July, 1878. He could not pay the interest at any other time, either on the first day of January or July, and be able to obtain a voucher for the disbursement of this money. The party holding these bonds was clearly entitled to his interest for the intervening time between the first day of January and the 14th day of February, the day when the mandate appears to have been issued. The treasurer could not accept of any voucher or receipt for this interest except such as was authorized by law, nor did the court give any direction in this matter further than 'pay the bonds.' This matter was fully explained to the joint committee of the two houses appointed at the last session to examine the books and accounts of the treasurer, and Mr. Galloway, a member of that committee, as also of this, expressed himself fully satisfied with the action of the treasurer. He appears to have changed his mind since then for reasons perhaps satisfactory to himself. Again the committee say that 'A. H. Brown reported paid by the West Portland Home-Steal Association, not accounted for, \$223.' 'This statement is calculated, whether designed or not, to create the impression that A. H. Brown received \$223 and has not accounted for the same. Every dollar received by him has been properly accounted for, and in this particular instance by consenting page 50 of his report it will be found clearly and distinctly stated that he received as interest on this note, \$449.63. This amount corresponds with the endorsement on the back of the note in which endorsement it is stated that the interest is paid on the note to March 20, 1877. The committee fail to mention the fact that the issue is specifically stated to which interest is paid in the endorsement on the note, but are very particular to mention the fact that, as appears in the abstract of notes on page 153 it is reported that interest is paid to March 30, 1878. This last date as it appears in print, is an error, and should read 1877 instead of '1878.' They could have ascertained that the amount of \$449.63 as intimated on the back of the note is correct, and was the amount actually received to much less time than was actually required to write these reports of the matter, which may create an erroneous impression in the minds of the public. Of this purpose the people can judge perhaps better than myself."

Settle Up.

Mr. Jas. McClaren wishes all who are indebted to him to call and settle up. These that he has trusted should call and square up their account. By this means they will save more severe measures as he must have money. All who are owing him will do well to heed this notice.

Church Notices.

Preaching in the Cumberland Presbyterian Church to-morrow at 11 A. M. Prayer meeting on Thursday at 7 P. M.

Services at the Baptist Church to-morrow morning and evening. Morning subject, "The Preventive against Sin," evening subject, "Christian Opposition to Intemperance." Sunday School, at 3 P. M.

CRESSWELL BLUE RIBBON CLUB.—Dr. J. W. Watts lectured on temperance at Cresswell on the evening of the 7th, inst. and organized a "Blue Ribbon Club" of 54 members, with N. A. W. Howe, President; C. Whitney, Secretary; executive committee, Prof. J. P. Curran, Mrs. A. E. Howe, Miss Julia Kirk, Prof. I. Hurst, T. O. Martin.

FIRE.—A smokehouse belonging to Mr. B. C. Pennington near the Eugene mills, was accidentally burned yesterday. It was filled with choice hams. The loss amounts to about one hundred dollars.

DIED.

In Fresno, California, Jan. 1, 1879, Harriette Genevieve Beale, aged 24 years, 1 month and 14 days.

Something for the New Year.
The world renowned success of Hostetter's Bitters, and their continued popularity for a quarter of a century as a stomachic, is scarcely more wonderful than the welcome that greets the annual appearance of Hostetter's Almanac. This valuable medical treatise is published by Hostetter & Smith, Pittsburgh, Pa., under their own immediate supervision, employing 80 hands in that department. Ten cylinder printing presses, 8 folding machines, 5 job presses, &c., are running about eleven months in the year on this work, and the issue of same for 1879 will not be less than ten millions printed in the English, German, French, Norwegian, Welsh, Swedish, Holland, Bohemian and Spanish languages. Refer to a copy of it for valuable and interesting reading concerning health, and numerous testimonials as to the efficacy of Hostetter's Stomach Bitters, amusement, varied information, astronomical calculations and chronological items, &c., which can be depended on for correctness. The Almanac for 1879 can be obtained free of cost, from druggists and general country dealers in all parts of the country.

Dr. R. V. Pierce, of Buffalo, N. Y., the proprietor of Dr. Pierce's Family Medicine, and also of the Invalids' and Tourists' Hotel, of that city, has recently been elected to Congress by the very flattering majority of nearly 3,000. He has already served his constituency as State Senator, and this renewed endorsement signifies that his services have been highly satisfactory. His extensive practice in the treatment of Chronic Diseases will not, we are informed, be neglected or suffer in the least when the time arrives for him to take his seat in Congress, being intrusted to his brother and other experienced medical gentlemen who have long been associated with the Doctor in the Medical Department of his celebrated World's Dispensary and Invalids' Hotel. Besides, as the Forty-sixth Congress does not convene until December, 1879, Dr. Pierce's patients will not lose his personal attention for some months yet.

Dr. Mintie's Vegetable Nephretic Will cure all diseases of the Kidneys, Bladder and Urinary Organs. Hundreds have been cured after all other remedies had failed. His English Dandelion Pills have no equal in all cases of Diseased Livers, Dyspepsia, or Bilious Derangement. Many of your leading citizens of this city will vouch as to their virtues. To be had by all druggists.

IN THE WHOLE HISTORY OF MEDICINE, no preparation has ever performed such marvelous cures, or maintained so wide a reputation, as **AYER'S CHERRY PECTORAL**, which is recognized as the world's remedy for all diseases of the throat and lungs. Its long-continued series of wonderful cures in all climates has made it universally known as a safe and reliable agent to employ. Against ordinary colds, which are speedily and surely always relieved suffering, and often saving life. The protection it affords, by its timely use in the throat and lung disorders of children, makes it an invaluable remedy to be kept always on hand in every home. No person can afford to be without it, and those who have once used it never will. From their knowledge of its composition and effects, Physicians use the **CHERRY PECTORAL** extensively in their practice, and Clergymen recommend it. It is absolutely certain in its remedial effects, and will always cure where cures are possible. For sale by all dealers.

Liver is King.
The Liver is the imperial organ of the whole human system, as it controls the life, health and happiness of man. When it is disturbed in its proper action, all kinds of ailments are the natural result. The digestion of food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the Liver. It has been successfully proved that Green's August Flower is unequalled in curing all persons afflicted with Dyspepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition of the Liver and Stomach. Sample bottles to try, 10 cents. Positively sold in all towns on the Western Continent. Three doses will prove that it is just what you want.

A FREE CURE
For consumption, bronchitis, asthma, catarrh, cough and lung disease. Also a sure relief and permanent cure for general debility, dyspepsia and all nervous affections, by a simple vegetable medicine which cured a venerable missionary Physician who was long a resident of Syria and the East, and who has freely given this valuable specific to thousands of his kindred sufferers with the greatest possible benefit, and now he feels it his sacred christian duty to impart to others this wonderful invigorating remedy, and will send FREE the original receipt complete, with full directions, to any person enclosing stamp for reply.
