They were all sold by White Prince, which horse has not made a season here for five years, and the sales exceed those from any other horse in Oregon. The colts are mostly sold when under two years old and many were sent away as soon as weaned. They went to California, Eastern Oregon, Washington Territory and Idaho.

CITY ELECTIONS.—The election for city officers last Monday passed off quietly with the exception of some excitement caused by the voting of University students who hold free scholarships from other counties. The following are the officers elected: President, B. F. Dorris; Councilmen, J. C. Church, F. B. Dunn, J. H. McLaugh; Recorder, Horace Knox; Marshal, J. E. Atterbury; Treasurer, J. S. Lucky. Two hundred and eighty-six votes were polled; this is the largest vote that has ever been cast in the city, being 32 more than the vote of last year.

FIREMEN'S ELECTION.—At the regular annual meeting of Eugene Hook and Ladder Co. No. 1, last Monday night, the following officers were elected for the ensuing year: President, J. R. Campbell; Vice President, J. D. Kinsey; Secretary, H. C. Humphrey; Treasurer, J. M. Hendricks; Foreman, John F. Winters; 1st Assistant, T. J. Witter; 2d Assistant, Orrin Moore.

MARRIED.—Dr. Herbert McCormack, of Mendocino City, California, was married to Miss Nellie Condon last Thursday morning. He immediately started with his fair bride for their home in the golden state.

RELATED.—The late rains have hindered the farmers from sowing grain to a considerable extent. From present prospects a large amount of this year's acreage will consist of late sown grain.

DELEGATES ELECTED.—Spencer Bette lodge No. 910 F. O. E., has elected J. C. Church, and T. W. Shelton as delegates to the Grand Lodge that meets in Albany in May.

Burglary.

Last Monday night, about twelve o'clock, the railroad depot at this place was entered, the safe was blown open, and the contents, about \$15, abstracted. The safe which was a small one, and of an old pattern was punctured with the point of a pick just above the lock on the door and a quantity of powder poured into the cavity of the lock, and a fuse attached so as to reach the powder. The door was thus blown open. The burglar was evidently playing for higher stakes as Mr. Adair, the railroad agent, had taken about \$300 in a sack to the depot that afternoon, and the burglar no doubt expected to find it there. In this however he was disappointed as Mr. Adair had deposited it in the safe of Underwood Bros. As soon Tuesday morning as the robbery was discovered telegrams were sent up and down the road, and information of the facts given to the employees on the regular trains describing a man suspicious of the crime. The efforts to secure the perpetrator of the robbery were attended with success as a man was arrested at Cottage Grove Tuesday evening, against whom there is some strong evidence. He was brought to Eugene Wednesday, and on Thursday evening a preliminary examination was held before Justice Alexander. From the evidence it appears that he was in Eugene the evening of the robbery about eight o'clock and that next morning at five o'clock he was at Goshen six miles above here. He represented there that he had come over from the Long Tom, and had been lost in the hills all night, and asked different questions about Eugene; as to its population, whether there were any hotels and its distance from Goshen, stating that he had not been at Eugene. At Cottage Grove where he was arrested he was seen to deposit a package which on inspection proved to contain a couple of drills, a can of powder, and some fuse identical with that with which the safe had been blown open. About the same amount of money taken from the safe was found on his person among which were twelve dimes, a five cent coin, and a copper. Agent Adair testified that coins similar to these in quantity, and value were in the safe on the evening of the robbery. Justice Alexander bound him over in the sum of \$500 to await the action of the Grand Jury, which, failing to secure, he was taken to jail. He gives his name as W. H. Crawford.

A WRONG.—We hear of considerable dissatisfaction caused by the voting of students—at the city election—who hold free scholarships from other counties. We cannot say as to what the law is upon the matter, but it seems to us that persons that come here with free scholarships to go to school, do some hard swearing when they swear that they come here for no temporary purpose, and with the intention of making this their permanent home. A test case should be made of this as every year it causes more trouble. One year ago, only four students voted, while at the recent election about a dozen votes were cast by that class. The University was not created for the purpose of dabbling in municipal, political or sectarian affairs, and should not be weakened by the division of the citizens of Eugene that will inevitably occur, if it becomes a machine to interfere in our local and municipal elections. We cannot believe that the professors have advised and counselled the students to take this step, as some have insinuated, for we believe them to be honorable gentlemen, and of such character as would not knowinglyabet a wrong.

Blue Ribbon Club.

The Blue Ribbon Club will meet next Wednesday evening at 7 o'clock, at the M. E. Church. The following is the programme: Music, Prayer, Music, Address—F. W. Crain. Music, Essay, Music, Recitation, Music, Volunteer speeches, Music, Citation of pledges.

The following programme will be rendered: 1—Quickstep, Gipsy's Warning. 2—Quickstep, Log Cabin in the Lane. 3—Polka. 4—Quickstep, Mollie Darling. 5—Quickstep, Silver Threads Among the Gold. 6—Gallop, Clear the Track.

By order of the Band.

FIRE.—A fire alarm startled the citizens of Eugene Tuesday, four o'clock in the evening. The fire was ascertained to be in the brewery, and was soon under control. The fire company was promptly on hand, but fortunately their services were not needed. This reminds us that Independence had a \$10,000 fire and at once made arrangements for an engine. Will the business men of Eugene wait till they are burnt out, before they provide any adequate protection from fire for their property.

OFFICERS ELECTED.—The Blue Ribbon club at their meeting last Wednesday night elected the following officers: President, Prof. Condon; Secretary, J. H. McLaugh; Executive Committee, Dr. Shelton, Mrs. A. W. Stowell, Irene Dunn, Len Cleaver, and J. W. Christian. The officers will hold their positions for three months.

EXEMPT.—The following members of E H & L Co. No. 1, have been exempt on the 21st of April, having served seven years as firemen: T. C. Hendricks, C. W. Fitch, J. R. Beam, C. C. Crocker, T. J. Smith, G. W. Kinsey, G. W. Fletcher, Richard Bush, J. M. Thompson, B. F. Dorris and J. N. Feindelster.

Our Long Tom Letter.

ED. GUARD:—Items of interest are somewhat thin in this part of the country at present. Taylor's ditching machine again visited this section, and reclaimed large tracts of the Cayotte and Long Tom swamps and overflowed lands. Since the storm abated, and the floods ceased to overflow the land, the farmers have been busy plowing and sowing grain. Some good citizens have even used the Sabbath, in sowing and harrowing, fearing rain. The better the day, the better the seed. The debating society, has suspended its oratorical deliberations for the season and gone into bankruptcy. At the last meeting two prominent well known, respectable citizens, had spirited and exciting words, as much as to say, that one talked like the other himself did when he provaricated, and the audience dispersed before the spilling of blood and flattening of noses occurred. The Forest Stagle L. O. G. T. is still flourishing. James R. Job's saw mill is still devoured and masticating the knotty timber, day and night. The timber is afflicted, but not like Job of old with sore boils, but with numerous huge knots, which cause many a carpenter to use God's name in vain. There are several grass widows on this side of the county. O, unfortunate woman! Cold hearted and ungrateful husband. It has been said that the correct way of telling a toadstool from a mushroom was to eat it. If you die, it was a toadstool. If you live it was a mushroom. A similar method is employed in the selection of husbands. First, marry the man—if he kills you he was a bad husband. If he makes the woman happy, he is a good husband. There is really no other criterion, as the proof of the cake is in the eating of it. Some men, young and old, seem to woman unexceptionable, indeed very desirable as long as they are single, are perfectly horrid as soon as they get married. All the latent brute there is the heart comes out as soon as a sensitive and delicate being seeks her happiness in his companionship. The honeymoon lasts but a very short time. The receptions, the calls and the parties are soon over. Then the two sit down to make home happy. If she marries a man fond of society he will soon get bored, and will turn and go to sleep on the lounge or sofa. Then he will take his hat and go to the club room or sal on to see the "boys," and perhaps not go home till morning. If she has married a man engrossed in business, he will be fagged out when she gets home. He may be a sly man, that she must nurse, and if a morose man, she must seek to cheer; a drunken man that she must set up for; a fool, whom by his conduct, she soon learns to despise; a vulgar man for whom she must often apologize. In short, there are thousands of ways of being bad husbands and very few ways of being good ones, and the worst of it is, that the poor silly women are apt to admire in single men the very traits that make bad husbands, and look with ridicule upon those quiet, civil, and benevolent virtues which make home happy and prosperous. Men with very little personal beauty, style or money often make the wife happy, and sometimes quite the reverse. The number of ways of being bad husbands is almost as great as the number of ways of being ugly. No one can tell from the demeanor of a single man what sort of a husband he will be. Meantime she must and will marry somebody. Eat it, if you die it was a toadstool. If you live it was a sort of mushroom. There are many causes which bring about separations, humiliation, disgrace, and result in suits for divorce, and food for the lawyers. Attorneys have a great deal of sympathy with the unfortunate contestants in all suits to dissolve the matrimonial obligations taken at the time of marriage by husband, and wife for a decree of divorce.

DIED.

Died, near Canyon City, Grant county, Oregon, March 6th, of kidney disease, Jacob Luce, aged 70 years, 11 months and 3 days. And thus another of the pioneers of Oregon has crossed the river of death. Born in Muhlenburg county, Kentucky, in 1808, he resided there until 1843 when he removed with his family to Iowa, and settled in Mahaska county near Okaloosa. But reports of the beauty of the country of the far Oregon reached him, and here he came arriving in 1852. He located about ten miles west of Eugene where he lived until a few months ago, when ill health induced him to remove to Eastern Oregon, in the hope of improving his condition by change of climate. But all of no avail. He leaves a wife, and seven children—who have all arrived at the years of maturity—to mourn his decease.

He received what was called at that time in the State of his birth a more than average English education. His mercantile business was swamped in the financial crisis of 1857, since which time he followed farming for a business. A tall, blue eyed man, hardy and muscular, type of the Englishman, he was well fitted for the hardships and dangers of a frontier life. Through his father was a slaveholding Democrat, he became a free-soil Whig and afterward a Republican. But he is past all the small things of this life—lying with his wife and children holding his hands and his head, his soul went out upon the wide sea of the Forever, weak, but trusting in God.

Our Constitution Broken.—How often we hear people coughing, racking and spitting, and yet those so troubled seem to think nothing of it, until some of their friends say to them "Why, Joshua, Polly, Maria," or whatever their names may be, how poor you are getting; your cheeks are sunken; skin looks yellow, and do not look like the same person as when I saw you last." Reader, this is all caused by neglect in not breaking up a slight cold as soon as it appears, which can be easily done by purchasing and using a bottle of Hale's Honey and Eucalyptus and Tar, only 50 cents and 81 per bottle at all drug gists, and at Crittenton's patent medicine Warehouse, No. 7 Sixth avenue, New York City. Great saving by purchasing large size. Pike's Toothache Drops cure in one minute.

Ladies' Attention. Berlin Fashion Patterns at Dunn & Stratton's.

Astonishing Success. It is the duty of every person who has used BOSCHER'S GUMMA SYRUP to let its wonderful qualities be known to their friends in curing Consumption, severe coughs, Asthma, Croup, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor dying consumptive, at least to try one bottle, as 40,000 lives have been saved, and no one case where it failed was reported. Such a medicine as the GUMMA SYRUP cannot be too widely known. Ask your Druggist about it. Same size bottles to try sold at 10 cents. Regular size 75 cents. For sale by all Druggists.
