## CITY AND COUNTY.

### REMOVAL.

The patrons of the GUARD will take notice that the office has been removed to the room across the hall, from its former place. The office is now above the Grange store.

### BRIEF MENTION.

Circuit Court meets next Monday.  
Chew Jackson's best sweet navy tobacco. Go and try the Dutch sauer kraut at the Astor House.  
Dick Engley is a fortunate man. Twins; a boy and a girl.  
Prof. Condon has moved to the house recently vacated by Phil Miller.  
Congressman Whiteaker has favored us with some public documents.  
No service at St. Marys Church on Sunday, but on Friday service as usual.  
"To the victors belong the spoils," but it sometimes don't always go that way.  
Messrs Crouch & Brown have manufactured a steam whistle for their foundry.  
The brass band contemplate having an excursion on a steamer about the 1st of May.  
The bare blondes of San Francisco will visit Portland. Bald headed men will take notice.  
Twenty-nine have joined the Christian Church during the last few weeks at this place.  
Mr. J. N. Poindexter is securing renown, by speaking at Anti-Chinese meetings in Portland.  
There are fourteen performers in the Hyer Sisters' Combination. They will perform here but one night.  
The mail service from Harrisburg to the Willamette Forks has been increased from a weekly to a semi-weekly.  
We acknowledge a call from Mr. C. L. Packard, of Portland, formerly one of the proprietors of the Bee of that city.  
Great reduction at the Astor House in lodging and meals. Go and see for yourself, and remember the reduction will continue during the whole year.  
Mr. Charles Lauer has arrived at New York City. We are informed that he intends to return to make Eugene his permanent home.  
Remember that the Hyer Sisters' Combination will give one of their unique, and pleasing entertainments in Eugene, at Lane's hall, on Monday evening, April 23th.  
Dr. Geary will deliver a discourse on the subject of baptism on Sabbath evening April 20th. All are cordially invited to attend, and hear an impartial statement of facts.  
The seat of Congressman Whiteaker has been contested by crazy McDowell of Salem. He received, we believe, one vote, and we suppose that he cast that for himself.  
"Of what is the old man thinking," is the title of a pretty little ballad with old English words, adapted to a popular Spanish melody. It is for sale by D. W. Prentice & Co., Portland.  
M. T. Skiff, advance agent for the Hyer Sisters', came down from Roseburg Wednesday. He informs us that the troupe will not visit Roseburg, on account of the lack of accommodations at that place.  
The Spring fighers commenced last week. The city recorder elect was the first to offend the dignity of the law and was mulcted in the sum of \$2 and costs. A day later another knock down occurred, but no arrests were made.  
Wm. Preston has put up a handsome sign in front of his harness shop. The "hoys" recognizing his enterprise presented him with some useful articles and souvenirs on the occasion. His response was fitting and was appreciated.  
"Mamma, it looks negligent to see your little children in the Spring of the year with their faces all broken out in filthy sores. Tell husband to bring home a bottle of Pfander's Oregon Blood Purifier and give the little pets a dose every morning, and you will find their happy, healthy, blooming cheeks the envy of all the neighborhood."  
"My dear little Tommy looks so pale, and it seems as though that nasty sore on his mouth will never go away! Now just look at that little Walter of Mrs. Brown's, the little child is the very picture of health." Walter is a good little boy and takes his dose of Oregon Blood Purifier, and his papa gives him ten cents a week for doing it.  
**FIRE FUND.**—We are informed that the fund set apart by the city for fire purposes now amounts to about \$300. It is proposed by some to use this money to pay off the city indebtedness. If the city had any apparatus sufficient to protect the city from fire there could be no objections raised to such appropriation; but unprotected as we are from fire this money should be used for the purpose for which it was collected. The business men, who are most largely interested in having means at hand to check a fire, should protest against this mal-appropriation. This fund however should not be allowed to lie idle, but should be placed at interest until sufficient accumulates to purchase an engine.  
**RESIGNED.**—From the council proceedings it will be seen that Mr. J. B. Underwood offered his resignation as a Councilman. We regret that Mr. Underwood saw fit to take this step, as he has been one of the most efficient and energetic of our council. The improved condition of our streets, alleys and sidewalks, and of the public square, are due in a great measure to his vigilance.  
**RETURNING.**—W. H. Abrams and wife, W. T. Campbell, and J. W. Cherry came up on the Oregon which sailed from San Francisco on the 16th.

## University Apparatus.

The apparatus for the State University has arrived, and the professors are engaged in unpacking and placing it in position. The instruments obtained includes all that necessary to disclose to the student the mysteries of the heavens, and of the forces that surround us upon this globe. The mathematical instruments consist of one complete combined transit, and leveling instrument with the necessary accessories; one solar compass; one barometer; one portable transit with a three inch object glass, and 3 1/2 ft focal length with extra tripod stand, movements in altitude, glass micrometer, etc, etc. One sextant; one astronomical clock of great beauty and perfection; a small vernier compass with chains pins and ranging poles. These instruments are of the finest finish and workmanship, and have been subjected to tests that prove their complete accuracy. The cost of this class of the apparatus was \$2,194 25. Abundant apparatus for the illustration of chemical changes, and effects have been provided, and the student of chemistry will be compelled no longer to rely on the bare description of the text book. Magnetism and electricity have for their illustration all the apparatus requisite to convey to the inquirer a knowledge of those silent, yet potent forces. For all the branches of natural philosophy provision has been made by securing the articles necessary to illustrate those laws that govern our universe. The entire cost of this apparatus will be about \$3,000. The State University now offers advantages to students that no other institution of its kind in Oregon possesses; with a competent corps of teachers devoted to their work, with apparatus sufficient for all material illustrations, it will become, as it deserves to be, the center of the educational interests of Oregon.

### The Hyer Sisters.

The Hyer Sisters' Combination will appear here at Lane's hall, on Monday evening, April 23th. This company comes to us with the highest encomiums from the people and press, before whom they have lately appeared. From the numerous complimentary notices bestowed on them, we extract the following: The S. F. Call says: "They are even superior to Cary or Kellogg." The Inter Ocean, Chicago, says: "there is in their fun a mirth and charm, that no minstrel troupe no matter how accomplished its members are can impart. The first performance last night was attended by a goodly sized audience, and every one present seemed to enjoy the occasion with great gusto and heartiness." The Kokak Constitution, "the music of the singers was poured forth in strains of rich, and entrancing melody, and enraptured all hearers."  
Tickets will be sold at \$1 00 each, and can be reserved at Crain Bros. music store without extra charge four days in advance.

### Junction City Items.

We had a knock down Monday.  
C. D. String has completed his new meat market.  
The China house caught fire last Sunday morning.  
Chris and Frank Wortman have returned from San Francisco.  
It appears that some of the young boys of Eugene have been in the habit of stealing a ride on the cars to this city and thence back home again. Tuesday three of them undertook to ride home on the top of the box cars and were "fired off" by the conductor.  
Moral: Boys, take it afoot through the world or pay as you go.  
An enthusiastic meeting of the Blue Ribbon Club was held last Wednesday evening at the church, and speeches were made by Messrs. Lafferty, Meyers and Miller. A committee was then appointed to solicit signatures, which resulted in 17 new names being added to the roll. Following is the officers elected for the ensuing three months: President, J. M. Lafferty; Vice President, Mrs. Bundy; Secretary, Ed Houston; Treasurer, Miss Ella McClure.

### Dexter Items.

Our correspondent, under date of April 17th, sends the following:  
The prospects for a bridge over Fall Creek at this place is good.  
H. S. Moore wants to sell his farm and go to the bunch grass country.  
The saw mill in Lost valley is running day and night.  
Our farmers are nearly done sowing grain.  
Miss Ella Ward is teaching the district school at Rush island and Mr. H. Dillard at Lost valley.  
S. Black and C. Williams have located a logging camp near this place. They will run the logs to Springfield during the Summer.

### For Night-Watch.

Among the numerous applicants for the position of night-watch, the heathen Chinese represented in the person of Ah Sing, imitative as ever, occupied a prominent position. Here is his proposition.  
Eugene city, April 14 1879.  
To the honorable the common council Eugene city  
I me vely mutchee likee to get nite watchee —me vely big man, heep strong but no likee hard work—me likee watchee sum of the nite—and sleepere the other part of the nite—me will do nite watchee for 4 hitee one nite.  
Ah sing, chinaman.

### Excursion.

The Old Fellows, of Harrisburg, will celebrate the sixtieth anniversary of the order on the 29th, by an excursion to this place. They have chartered the steamer City of Salem, and will leave Harrisburg at 7 o'clock a. m., and leaves here on the return trip at half past three. No doubt the fraternity of this city will receive them in a becoming manner. A basket picnic will probably be held at some place near the river.

## Council Proceedings.

**COUNCIL ROOMS.**  
EUGENE CITY, April 14, 1879.  
Council met pursuant to adjournment.  
Present—President Durris; Councilmen Dunn, Sloan, Edris, Hendricks and Underwood, and Recorder Alexander.  
Absent—Councilman Cooper, and Marshal Farrell.

The proceedings of last meeting were read and approved.  
The finance committee reported the following bills correct and ordered their payment: Johnson & McCready, \$7 50; S. A. Ogden, \$7 50; Ellsworth & Co., \$2; Wm. Christian, \$3.  
The judiciary committee reported by referring the petition for reduction of salaries of officers back to the new Council.  
Same action on the part of the committee appointed to examine the books of the marshal and treasurer.

The report of the president and recorder on election was read and filed, and the new officers were then sworn in.  
The bonds of the recorder, marshal and treasurer were approved and filed, and the president appointed the following committees:  
**Finance**—Church, Sloan and Underwood.  
**Judiciary**—Dunn, McClung and Edris.  
**Printing**—Edris, Church and Sloan.  
**Streets**—McClung, Underwood and Dunn.  
**Fire and Water**—Underwood, Edris and Sloan.  
The petition for reducing officers salaries was referred to the judiciary committee.  
Underwood offered a resolution which was adopted fixing the salary of night watchman at \$60 per month for the first six months from this date, and \$70 per month for the balance of the year, and requiring him to signify his willingness before being sworn in to serve at the will of the council, and be removed from office for cause deemed by it sufficient.

The following persons applied for the position of night watchman: Wm. Withrow, George Fletcher, Alex. Barges, Nels Rooney, George Miller, H. B. Miller, T. M. Hamilton, J. H. Brown, S. A. Ogden, D. M. McCready, Joseph Niehoff and Ah Sin.  
Joseph Niehoff was elected on the third ballot.  
A resolution declaring that no per diem should be allowed the marshal on the day of a meeting of the council if said marshal was absent, without an excuse was offered and adopted.  
J. T. Witter was appointed fire warden, and J. E. Atterbery, street commissioner.  
Reports of officers were read and referred to the finance committee.

The following bills were presented and referred to the finance committee: B. H. James, \$67 55; P. H. Farrell, \$40; G. W. Kinsey, \$18; A. Lynch, \$8; R. S. Bean, \$4; Osburn, \$8 etc; Campbell Bros., \$5; Harrington & Cook, \$1; Wm. Christian, \$3; P. H. Farrell, \$58; E. J. McClanahan, \$8; F. W. Osburn, \$4; P. H. Farrell, \$19.  
The finance committee was instructed to consider the propriety of applying the fire fund to pay the city indebtedness.  
The recorder was authorized to assess the city.  
Mr. Underwood offered his resignation as Councilman, and the motion to accept the same was laid on the table for one month.  
Adjourned.

## The Siuslaw Wagon Road.

WILDCAT CREEK, April 16, 1879.  
EDITOR GUARD.—Mr. H. C. Perkins and surveying party for the survey of the Siuslaw wagon road reached Mr. T. C. Hale's on Wednesday, April 9th. Here they were met by the viewers, Messrs. H. Hill, W. Hamilton and S. McConnell. Notwithstanding dame nature's indisposition, we pushed out into the pelting rain and commenced the work. We arrived at this camp on last Saturday evening, having surveyed six and one-half miles of the road. This camp is situated at the junction of the Chickahominy and Wildcat creeks, and is 25 miles west and two miles south of Eugene City. Below the junction of the two creeks the stream is called the Wildcat, and it unites with the Siuslaw about five miles southwest of this place. The camping equipage and provisions have been conveyed to this camp by means of pack animals, but for the remainder of the trip the viewers have concluded that it can be more expeditiously done by taking a canoe down the Wildcat, thence down the Siuslaw to the terminus of the survey. The canoe has been constructed and will be ready to move the camp to-day. The trip thus far has been very disagreeable on account of the rain, but at present fair weather seems to be dawning upon us.  
In reaching this point, from the Willamette Valley, Badger Hill, on the east side is 1,207 feet. At the top of the hill which is three-quarters of a mile distant from the bottom the height is 1,475 feet above the sea, making an ascent of 268 feet per mile. The grade on this side of the hill is equally as gradual. The route from here to the Coast is a gradual descent down the Siuslaw river. This route according to what is now known of it, is by far the most favorable of any yet known for a wagon road across the Coast mountains. The land along the route thus far, is mostly timbered and of a good quality. The hills are sloping and the bottoms of considerable extent and level. It is well watered by numerous small streams, but not cut up by deep canyons. The bottoms are adapted to the production of all kinds of vegetables, hay and the cereals in the most abundant quantities. It is wanting in one respect, and that is a means of approach. It is hoped that a road that will give it means of communication with the outside world will be built and thus open this fertile part of our county to the pioneer and emigrant.  
FRAXIS.

## A Card of Thanks.

To the people of Eugene: We desire in this public manner to express our sincere gratitude to the good people of Eugene for their kindness and sympathy to us in the hour of our affliction and sad bereavement. God bless you all. In heartfelt gratitude,  
J. S. McCAIN.

## Clean Wheat.

The following letter has been written to the Portland Board of Trade by the leading shippers and buyers of wheat in Oregon:

PORTLAND, Oregon, March 25, 1879.  
GENTLEMEN:—In August last your Board issued a circular to "Farmers and Warehousemen" as to cleaning wheat, the result of which has been not only improvement in quality, but shippers have been and are now paying higher prices to the producers for clean, pure wheat, so that the farmer has gained and will continue to gain in the future much better prices by selling nothing but clean wheat. Another evil, however, has arisen, which must be checked—that is, selling wheat in poor, dilapidated and second hand sacks. These damaged sacks reach the English market, they are accepted subject only to a great reduction in price for damage, and as necessary consequence a heavy loss is entailed on the shippers or owners. The captains or masters of vessels coming to Oregon have in consequence been instructed by their owners not to receive, and will henceforth refuse to put on board the ships at Portland or Astoria, any wheat which is not delivered to them in good, sound sacks, well sewed, or if delivered in damaged sacks they will not sign bills of lading without adding, "Not responsible for torn sacks," which clause prevents the sale of these wheat shipments to England at the market price, and compels the shippers here to sell Oregon cargoes in England at a loss; and the reputation and value of Oregon wheat is affected, and great loss has resulted, and will result to the shippers and producers of Oregon wheat.  
The crop of 1877 was shipped in such a dirty condition that the reputation of our wheat was seriously affected. In 1878 notice was given by the Board of Trade that shippers would not receive and ship any wheat that was not clean; as a consequence last year, the wheat crop of Oregon obtained from 5 to 7 cents per cental more than California wheat in the European markets. This result has made shippers unanimous in their determination to receive none but clean wheat and they have resolved:  
1. Not to receive any shriveled, smutty, weeviled, damp or musty wheat which will be rejected, and if in foul condition, will be cleaned at expense of sender.  
2. That any muscled, torn or badly stained sacks received at Portland are to be replaced with good new sacks at the senders expense, including labor.

### Mr. Paul Schoen.

Practical piano maker and tuner, will visit Eugene City about May 10th. All those wishing his services will leave orders at Crain Bros. All work warranted.

### To My Patrons.

Being in urgent need of money I am compelled to call on all who are indebted to me, to call and settle before April 10, 1879.  
Dr. G. W. ODELL.

Those who take pleasure in being dunned may expect to enjoy a full measure of the luxury by neglecting to settle at once.  
A. I. NICKLIN.

### Insurance.

Underwood Bros. are representing four of the most popular and reliable Insurance Companies on this Coast to-wit—Connecticut of Hartford; New Zealand, of Auckland; Commercial Union, of London; Hamburg & Bremen of Hamburg; representing a capital of over \$29,000,000 gold coin. Don't wait till the horse is stolen before you lock the stable door."

### Ladies' Attention.

Berlin Fashion Patterns at Dunn & Stratton's.

### A Woman's Logic.

"It is useless to take medicine. I shall feel better to-morrow. Besides, I need the money to get that lovely new hat. My old one is such a fright, and people will look more at my bonnet than they will at my face. I will wait till I feel worse before I spend any money for medicine." The new bonnet is purchased and fifty other feminine necessities in the form of ribbons, laces, brooches, etc. Meanwhile the lady's face becomes every day paler and thinner, and her body weaker, until disease has gained so firm a foothold in her system, that the most thorough, and oft-times a long and tedious, course of treatment is necessary to restore her to health. Ladies, attend to your health before you even think of apparel. A fresh, blooming face in a plain bonnet is such a handsome and far more attractive to your gentlemen friends, than a pain-worn, diseased face in the most elaborate and elegant hat your milliner could devise. Dr. Pierce's Favorite Prescription is everywhere acknowledged to be the standard remedy for female complaints and weakness. It is sold by druggists.

A SENSIBLE LADY.—Not long since one of our principal physicians was called on to visit a patient who was suffering from a severe cold, and which had become seated on her lungs. He continued for some time prescribing expensive prescriptions for the lady, and she, poor thing, gobbling down the nauseous preparations, with no improvement. At last she was induced by her uncle to try Hale's Honey of Horsebalm and Tar, and before she had used one bottle of this wonderful medicine, she could see a decided improvement, and three bottles cured her. Cost only 50 cents a bottle at all druggists'. Depot, Crittenden's Patent Medicine Warehouse, 7 Sixth avenue, New York City. The dollar size is the most economical for general use. File's toothache drops cure in one minute.

### Enjoy Life.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, plains and oceans, and thousands of means for enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up, disheartened, discouraged and worried out with disease, when there is no occasion for this feeling, as every sufferer can obtain satisfactory proof that (I mean) August Flower will make them as free from disease as when born. Dyspepsia and Liver Complaints are the direct cause of seventy-five per cent of such maladies as Biliousness, Indigestion, sick Headache, Constiveness, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles, 10 cents. Try it.
