CITY AND COUNTY.

REMOVAL.

The patrons of the GUARD will take notice that the office has been removed to the room across the hall, from its former place. The office is now above the Grange store.

BRIEF MENTION.

Council meeting next Monday night. J. B. Underwood went below Thursday. Chew Jackson's best sweet navy tobacco. Hon. J. M. Thompson is spending a few days in Salem. The steamer McCully will leave here Sunday morning with freight. A runaway relieved the monotony of Wednesday. Jos. Teal, and E. P. Coleman, paid city a short visit this week. The Blue Ribbon club will not hold their meeting Wednesday May 19. No service at St. Marys Church on Sunday. Service on Friday at 7.30. The Borgers gave a sonenade from the Astor House balcony Thursday afternoon. Sam P. Smiley of Painters type foundry San Francisco gave us a call Thursday. Dr. Sharples did a rushing business in the tumor line this week. He extracted 12 in one day. The oldest inhabitant has been interviewed, and freely says that "it beats all," this rain. The steamer McCully came up yesterday and will leave with the Band excursion this morning. "Morty" Pennington presented this office some wild strawberries this week. The first of the season. Tickets from this place to Albany and return on the occasion meeting of the Grand Lodge I. O. O. F. on the 22 will be sold at half price, \$3. Workmen are engaged in clearing the ground, and laying the foundation for the new office of Thompson & Bean, and Humphrey & Hovey. The church of this county on the edge of town May 16th, to last two weeks. Half fare on railroads. The peripatetic organ grinder has again visited us, and for a time the small boy reeled in Miss as the wheezy old instrument sent forth its strains. Since Pfunder has put his Blood Purifier on the market, people have stopped using all kinds of watery "Sarsaparillas" and "Whisky Bitters." It "gets away" with them all. "Billy" Blew started for the Palouse country but found a claim at Portland that suited him better. He wheeled into the line of beneficiaries at once, and does not feel blue any longer. Business men should not forget that blank notes, bill-heads, statements, letter-heads, and every description of commercial printing are neatly and promptly executed at the GUARD office. Joaquin Miller is on his way to a visit to Oregon. He probably comes to a visit in securing the release of his daughter Maud Miller who is under arrest for the abduction of a little girl in Portland. Charles Baker, at the Astor House, has every facility for the accommodation of strangers. His large and imposing patronage show that his efforts to keep a first class house at reasonable rates are appreciated. Messrs. Wm. Pfunder & Co., of Portland, are the leading druggists of that city, and have one of the handsomest stores on the Pacific Coast. This is the firm that manufactures the Oregon Blood Purifier and other medicines. Remember that the St. Charl. hotel is the only first-class hotel in the city. The table is always supplied with the best market affords charges reasonable. Free carriage to and from the house. Call and convince yourselves. Posters were circulated about town this week, calling for a meeting of citizens Friday evening last, to make arrangements to celebrate the 4th of July in an appropriate manner. Owing to our going to press early we can give no information as to what course they adopted. On a recent visit to the Willamette Forks we noticed that the farmers were getting well along with their work. Some are yet behind hand and the rain this week is not at all in their favor. Fall sown grain looks quite yellow, caused by the cold weather. We extend our thanks to T. J. Vaughn for his hospitality. CARRIED.—According to the latest dispatches the new constitution in California has been carried by a small majority. This is a grand victory for the working men of that state, as they had all the money interests, and almost the entire press arrayed against them. The S. P. Chronicle will now be covered with glory, as the victory may be ascribed in a great part, to the exertions of that journal. AN ACCIDENT.—St. John Skinner met with an accident last Saturday by which he came near losing an eye. While trying to apply some liniment made of turpentine and ammonia to a horse, he received a charge from the bottle into his eye, causing extreme pain. His eye sight will not however be permanently injured. THE FOURTEEN.—Messrs. Crutch & Brown have at length got their foundry into active operations. They are adding new machinery as the work demands, and are now capable of turning out work on short notice. This is a home enterprise and should be patronized by the people in this vicinity. FOR REPAIRS.—Two rooms suitable for offices, upstairs in Underwoods' brick. Apply at Express office.

Seduction.

On last Saturday, G. W. Hutson a printer of this place, was arrested on the charge of seduction under promise of marriage. The Standard of the 6th has the following in regard to the case. "Yesterday morning, in Justice Davis' court, Geo. Hutson was called to answer a charge of seduction preferred by Miss Rosa Robinson. Hutson waived an examination, and was held in the sum of \$1,000 to appear before the grand jury. Being a stranger in this city, he was unable to give bail, and is now in the county jail. His bonds have been made out and sent to Eugene, when he will in a few days be set at liberty. Miss Robinson asserts that she promised to marry her, and after seducing her, left town. Rosa claims to be a sufferer from the wreck of the Great Republic, but we understand she is a resident of Baker City, and came from there direct to Portland. Hutson says she accosted him on the street, and after some unimportant conversation told him she had no place to sleep, whereupon he voluntarily paid for a room at one of the hotels in the city, to which she insisted upon him sharing. After a time he had her good night and went to the American Exchange Hotel where he had been stopping, and on the following morning left on the south bound train for his home in Eugene. Hutson arrived in Portland a week ago last Tuesday, from the Dallas en route to Eugene, remained here just one week, arriving home last Thursday, and was surprised Friday afternoon to be arrested on such a charge. He seems cheerful, and confident his friends will sign his bonds and return them immediately."

The Standard of the 8th says: Miss Rosa Robinson, who had George Hutson, of Eugene City, arrested on the charge of seduction, visited him yesterday at the county jail, offering to stop all prosecution if he would marry her. He, however, stoutly refused, and said he would have nothing whatever to do with her. Her reputation is said to be cloudy.

Junction City Items.

New stage line from here to Moore. The new brewery has started up. We need more blue ribbons. Eighteen new names were added to the list of Blue Ribbonites at the last meeting. McDonald lectured at the C. P. church last Thursday evening to an attentive audience. Miss Jennie Caldwell, and Mr. Grant Cummins are the champion spellers of this district. Mr. T. Q. Butler is building a tannery just below the Junction Mills. This is a good move on the part of Mr. Butler and he deserves to be well patronized, as it will fill a vacancy long felt in this community. The ball given at S. B. & Co's hall last Friday night was a success. About thirty couples participated in the festivities of the occasion and all enjoyed themselves hugely. The supper at Berry's Hotel was excellent, it being the best ever given in the city. A meeting to make arrangements to celebrate the 4th of July in an appropriate manner was held at Smith, Brasfield & Co's hall and committees were appointed to make the necessary arrangements. Between \$300 and \$400 have been subscribed towards defraying the expenses; J. H. Berry alone gave \$100. On last Friday evening, May 2, J. M. Lafayette, L. D. G. W. C. F., installed the following officers of Delavan Lodge, No. 159, I. O. G. T.: Minerva Starr, W. C. F.; Ella O'Donnell, W. V. T.; H. H. Cronise, sec.; W. L. Houston, F. S. May Test, treas.; Wm. Driskell, C.; Maggie McClure, M.; Clark Houston, D. M.; J. E. Houston, I. G. C. Kirk, O. G.

Irving Items.

A correspondent at Irving sends the following under date of May 5th: Irving has forty-two inhabitants. The new ware house is undergoing a coat of paint. Mrs. Maxwell, living one half mile south of here, is very sick. Rev. B. R. Bacter holds religious services here the third Sabbath in each month. Mr. Bratty and sons are making preparations to visit the Palouse country soon. J. M. Kitchen lost by the wreck of the Great Republic \$1,000 to the amount of \$400; no insurance. The owners of the fall, are going to give a grand ball on the 16th inst. Tickets including supper, \$2. A good time is anticipated. George Helms and Mr. Conrad are engaged in building for Wm. Hill the wood work of four large freight wagons. They are to be ironed by Geo. Cunningham. Mr. Hale is employed as teacher in the public school at this place. Mr. Jones at Grand Prairie, Mr. Rarger at Clear Lake, and Miss Nellie Stevens at Pleasant Grove; all are reported to be in a flourishing condition.

The Berger Family.

The Borgers and Sol Smith Russell, gave one of their inimitable performances at Lane's Hall last Thursday evening. This is one of the troupes that deal fairly with the public by presenting all which they advertise, and in a manner acceptable to the audience. The music was of the best and received the enthusiastic applause of the large audience. Russell is a show by himself and the hearty peals of laughter that greeted him prove him a favorite with the public. The bell ringing was one of the principal features of the entertainment and was loud and clear. Altogether it is one of the best troupes that has ever visited Eugene.

DELEGATES.—Mr. T. J. Vaughn and E. S. Skinner have been elected delegates to the grand lodge from West Point No. 62, I. O. O. F. Willamette Forks.

To the Survivors of the War With Mexico. in Oregon. Attention!

FELLOW COMRADES:—A full generation has expired since we participated in bearing to victory, the banner of our country, on the battle fields of Mexico. Although we are now old, and our eyes "cease to feel the vicissitudes of time, and pass beyond the sphere of human affairs," where we shall be prevented meeting here and exchanging social greetings; yet it is believed there are perhaps some fifty of you living in Oregon, who would enjoy the privilege of a reunion, and commemorating our soldier life in Mexico, and recounting some of the events of the glorious campaign. It is our privilege, if not our duty, to avail ourselves of this pleasure. The matter is in our own hands, and the only question is as to how, and when it shall be done. I confess I am not an expert in getting up meetings of any kind, but I know that if you were as anxious to come together here, as you were to respond to the bugle blast, to battle, thirty-one years ago, the task of calling you out would be comparatively easy. But in the absence of a better plan, as a beginning, I will assume the responsibility after requesting, not commanding, that just as soon as you read this address, you sit down and drop the undersigned, at Eugene, Oregon, a note giving your name, place of address, together with any suggestion you think proper as to the most convenient time and place of meeting, etc. And also, see that every soldier in your neighborhood is made aware of the movement by sending the paper to him containing this. Then, so soon as I am satisfied you favor the proposition, notice will be given calling the meeting at the time and place, which a majority seem to indicate. I am well assured that we shall be well cared for in whatever locality we may meet, and that we would be favored by railroad companies and other companies having means of conveyance. Now soldiers the matter is in your hands. Shall we meet? If so let me hear from you promptly. Will also newspapers friendly to the "Mexican Soldier" please give this one insertion, and greatly oblige. If you will, you shall have an honorary seat in the camp of our reunion. Respectfully, J. F. AMES.

County Court.

The County Court met at the Court House, May 7, 1879. Present.—County Judge, J. J. Walton; Commissioners, D. R. Bean and J. B. Ferguson; Sheriff, S. B. Eakin; County Clerk, Joel Warr. Allowances for \$3,265 29 were made at this term. In the matter of the application of J. B. Rouse and others for a county road; Wm. Whitney, James Chapin and Ira Hawley were appointed viewers. Road Supervisors Appointed.—George W. Riechart, road district No. 22; W. W. Shortridge, No. 16; Robert Renshaw, No. 21; John Bailey, No. 30. The resignation of P. A. Kennedy as a justice of the peace in Springfield precinct was accepted, and Levi Brink appointed to fill the vacancy. It is ordered by this court that Amos D. Hyland be appointed superintendent of a bridge proposed to be built across Fall creek, on the county road at near Carter's ford, to superintend said work, according to plans and specifications to be hereafter furnished; and it is agreed that the county will pay one-half the contract price, providing said cost shall not exceed \$1,600, and that in no event will the county be liable for more than \$800. On motion adjourned.

MEXICAN VETERANS.—The act of February last grants three months' extra pay to veterans of the Mexican war. The amount will only be twenty-four dollars, but it may be collected directly from the Department upon filing up the necessary blank which will be sent on application. RAILROAD MANAGERS.—The President, Vice President, and several other gentlemen connected with the O & CRR passed on the road Saturday and on returning Sunday stopped here for a couple of hours.

A Reading Room.

The following which we copy from an exchange is applicable to Eugene City. Why can we not have a reading room? not a library (though that might be in time), but a place where one might find the papers of the better sort, and a few good magazines? The cost would be very small and the convenience and pleasure might be made very great. Light is cheap, and a suitable room could, we suspect, be gotten without great difficulty and expense. To keep a fire of nights and the lamps attended to would not be a large item of cost. To many of us such a room with quiet, and a lively newspaper for an hour or two a night, and a night or two in the week, with companionship, quiet and comfort would be both a pleasure and a profit. Such a place is much needed here; it is needed in every community. And then it might become the nucleus and earnest of larger things. It would be a resource for the young; a refuge for the old; and profitable to all. Will not some public-spirited citizen make a canvass of the matter, and endeavor to give it shape and realization?

BOSCHER'S GERMAN SYRUP can now be purchased right at home, it is the most successful preparation ever introduced to our people. It works like a charm in all cases of Consumption, Pneumonia, Hemorrhages, Asthma, severe Coughs, Croup and all other Throat and Lung Diseases. No person has ever used this medicine without getting immediate relief, yet there are a great many poor, suffering, despondent persons going about our streets with a suspicious cough, and the voice of consumption issuing from their lungs, that will not try it. If you die, it is your own fault, as you can go to your Druggist and get a Sample Bottle for 5 cents and try it; three doses will relieve any case. Regular size only 75 cts.

YOUR LIVES AT STAKE.—There is no question about it. Whoever neglects a cough or cold, does so at the risk of his or her life. To-day it may be easily controlled; next week the lungs may be full of tubercles. Think of this. Do not willfully rush to a consumptive's grave. Remember that a few doses of "Hale's Honey of Horehound and Tar," will cure any cold or cough, if taken early enough. Remember also, that there is no crisis when all medication is "too late" too late. Sold by all druggists at 50 cents and \$1. The large size being much the cheapest. Pike's Toothache Drops cure Toothache in one minute. Sold by all druggists at 25 cents.

CAUGHT AT LAST.—The notorious depravator Kate Arris, who has for so many years eluded the most accomplished and skillful detectives, has been at last in Buffalo, N. Y. For further particulars, ask your druggist for a bottle of Dr. Sage's Catarrh Remedy, admitted to be the best remedy for catarrh yet compounded.

Lincoln's Testamentary Injunction.—For the benefit of its party friends in Congress, the Springfield Republican reprints Abraham Lincoln's "testamentary injunction" to-wit: "with malice toward none, with charity for all, with firmness in the right, as God gives us to see the right, let us strive on to finish the work we are in; to bind up the Nations' wounds; to care for him who shall have borne the battle, and for his widow and his orphan; to do all which may achieve and cherish a just and lasting peace among ourselves and with all peoples."
