

CITY AND COUNTY.

BRIEF MENTION.

Locals scarce. Days are growing shorter. Congress has adjourned. Chow Jackson's best sweet navy tobacco. Mr. H. C. Perkins has moved to his farm. Sixteen licenses had been registered on the 1st for dogs. Miss Nellie Fisher, of Seattle, was in town this week. This is the month that green fields will begin to turn yellow. Gen Joe Lane passed up the road Tuesday to his home in Roseburg. We invite correspondence from every part of the county. Meeting of Eugene Hook and Ladder Co. No. 1 Monday evening. We understand that Mr. W. G. Hutson was married to Miss Hanson, this week. Subscribe for the O.C.A.R. Thirty columns of reading matter for \$2.50 per year. Mr. G. Bettman goes to Portland Saturday morning on a "visit." Here's our 27th Bettman. The young folk's prayer meeting has been discontinued for the present, owing to the slim attendance. Rev I D Driver delivered two sermons at the M.E. Church last Sunday morning and evening on baptism. We understand that "Vera" Henderson will remove from the Dalles and locate in Walla Walla shortly. The steamer Alexander Duncan, Capt Carroll, Commander, will make regular monthly trip from Portland to the Siuslaw river. John W. Edworth, formerly of this place, has been attending the Bishop Scott Grammar School, at Portland, during the 'last year. The largest salmon on record has been sent to the Mayor of Victoria from the Skeena river. Its length is five feet eleven inches from nose to tail and its weight 98 pounds. Business men should not forget that blank notes, bill-heads, statements, letter-heads, and every description of commercial printing are neatly and promptly executed at the O.C.A.R. office. We issue our paper one day earlier than usual this week, so as to give the O.C.A.R. employees a chance to celebrate. We hope our patrons will excuse us if the O.C.A.R. is not quite as interesting as usual. Our old friend, Mr. W. R. Boone, has taken charge of the local columns of the Daily News. We congratulate the proprietors of that paper on their new accession, for "Billy" is one of the best reporters in the State. Attention farmers! Great reduction in prices. Meals and lodging can be had as cheap at the Astor house as in Iowa, Wisconsin or Minnesota—thirty-five per cent cheaper when the locality is considered. Mr Gilfray went to work in his new position in Washington, on the 11th. He arrived at the capital city on the 5th and found the weather very warm. Up to the 8th he had one old fashioned "down east" thunder storm. Mr Corbit, of Iowa, who has been in town several days, as agent for two heirs in the Eastern States, of the estate of Norris Humphrey, has settled the same by compromising for the sum of \$15,000. Mr Corbit left for the East last Wednesday morning. The New Idrian mine is still looming up with the most encouraging prospects. A large amount of rich ore has been already taken out, and everybody is invited to inspect the mine all day. A new furnace will be in operation by the middle of next month. Remember that the St. Charles Hotel is the only first-class hotel in the city. Meals served in first-class style for 25 cents, also lodging for 25 or 30 cents, according to the room occupied. Board and lodging per week \$5 or \$7. Satisfaction guaranteed. Give us a call. Frank Williams, formerly of this city met with a severe accident by falling about thirty feet from a railroad bridge that is being built on the south fork of the Yamhill river. One of his legs was broken in three places below the knee and badly crushed at the knee-joint. A great deal of dissatisfaction has been expressed because the primary room of the University has been given up. Miss Boise has proved herself a most excellent teacher and so many parents have urged her to remain, that she has, we understand, abandoned her intention of returning to Salem and consented to teach here another year in connection with Mrs. MacDonald in the school house next to the Episcopal church. Such a school is needed as we are convinced this will be. A well known liberal clergyman relates that lately talking to some youngsters on the coming vacation and diverging into the necessity of kindness to animals, he incidentally remarked: "Boys are often cruel to heads and frogs. I remember when a boy of wickedly filling up a toad with fire-crackers and then lighting the slow match." He was horrified to see this remark received with the liveliest emotions of interest and delight and utterly prostrated as he passed out at hearing one archaic say to another, "By jings, that's a new note. Won't we have fun blowing up the bull paddies down in the mudder!" COUNTEREY MEN.—The young lady, Miss Smith, who was arrested in Salem for passing counterfeit \$2.50 pieces, acknowledging that she passed six in Eugene. So far Mr B F Dorris, Dr. J. P. Gill and A V Peters & Co have each discovered one of the spurious coins. Who got the other three? MARRIED.—Mr E T Henkle formerly of this place, was married recently at Dallas, to Miss M. H. Harris, also formerly of this place.

Junction City Items.

The Blue Ribbon Club still holds the fort. The O.C.A.R. is the best advertising medium in Lane County. Some young men tried to "take" Junction Monday, and were only partially successful. Last Friday week a birthday party was given at the residence of Mr V Kratz in honor of his daughter, Miss Suborah's, 16th birthday. The Union Sabbath School of Junction City held their semi-annual election of officers last Sunday, resulting as follows: J E Houston, Superintendent; Riley Gilbert, Assistant Superintendent; W L Houstert, Secretary; Ella McClure, Treasurer; Mary Teed, Organist and Chorister.

A FRAUD.—A stranger claiming to be a Catholic priest, recently came to Oregon by the way of Jacksonville. The Sentinel describes him as about five feet seven inches high, black hair, bald at the crown of the head, and aged about 40 years. He is dressed in a dilapidated garb, and claims to be the subject of an Irish Bishop. We have heard of him from San Leandro and from Yreka, and the less people know about this individual the better for him and them.—Standard. He gave Eugene a call last week, but we hardly think he deceived any one by his professions.

EXCHANGE.—Mr. R. G. Callison, School Superintendent informs us that an exchange of the Pacific Coast Series of school books now in use can be made for the Watson Independent series at the following rates: First reader, 8 cents; second reader, 12 cents; Third reader, 16 cents; fourth readers, 20 cents; fifth reader, 36 cents; sixth reader, 40 cents; speller, 10 cents. He also informs us that the time of changing is limited to Sept. 2, 1879.

THE LATEST CANDIDATE.—The first number of the Clackamas Democrat has been received. It is owned and edited by Mr. D. J. Edwards, and published at Oregon City. The Democrat is spicy, and filled with a large amount of reading matter. It is a worthy candidate for public favor, and gives promise of a healthy and prosperous existence.

STILL FASTER.—The steamship State of California made the fastest time on record on her last trip down. From the Columbia river bar to San Francisco she made the passage in 36 hours and 25 minutes, beating the fastest time on record one hour and five minutes.

COMPLIMENTARY.—The Roseburg Independent says: "The exercises Friday last at the Cole's Valley school house were very interesting which was due to untiring efforts of our amiable and accomplished school mistress, Miss Mianie Lockwood of Eugene City."

RAILROAD.—The contractors on the Westside Railroad have sent several hundred Chinamen and a large number of teams forward on the line of the road and grading is now being pushed south toward the Luckiamute.

SURE.—We learn that Mr S P Lowell has sued Mr Corbit, for one thousand dollars, alleged to be due him for labor performed in connection with the settlement of the Norris Humphrey estate.

Our Public Schools.

OBSERVATIONS OF THE COUNTY SUPERINTENDENT OF SCHOOLS. Mr. C. S. Williams, a student of the State University, is teaching a most excellent school, with an average attendance of 40 pupils in district No. 13. The pupils are quiet and doing excellent work. Mr. M. E. Jenkins is teaching with his usual success in District No. 9. His school is small, owing to the scarcity of children in the district; he is well liked. Miss Rose Scott is teaching her first term in No. 80; order very good; her only complaint was that she had some trouble to work her pupils up to recite as well as they should. Never become discouraged, Miss Rose, but overcome all obstacles if possible. Miss Sarah Christman has had some difficulty in properly controlling the school in No. 26. Some of the young "gentlemen" belonging to her school seem to suppose it is beneath the dignity of "men" to be controlled by a lady, therefore it became necessary to call in the directors, who nobly sustained her and left the impression that order and discipline must be maintained. Miss Martin is teaching her second term in No. 84; he has 20 pupils in attendance, and the patrons seem to be satisfied with his work. Mr. O. F. Knox, a graduate of Monmouth college, is conducting a school of 37 to 40 pupils in district No. 24. He is giving very good satisfaction. If the parents in this district could send their children more regularly to school during the school term, or year, the recitations would be better, and the parents would come nearer receiving value received for their money. The above remarks will apply to a great number of county schools. Miss Dolly Taylor in No. 61, Miss Serapeta Nelson in No. 75, and Miss Fannie Comegys in No. 50 are doing very good work; each of them is engaged in her first term of school and will make very good teachers if they apply themselves properly. They are well liked in their respective districts. Miss Bell Burns, a young lady who has lately come to the State, is teaching a good school in No. 25; she infuses a great deal of life into her school, in fact it is a live school; she has an attendance of 48 of an enrollment of 58. The patrons are well satisfied with her management. The school in number 20 is under the control of Miss Emma Coleman, and this is her first term; she has a small school of 14. She has had some trouble in governing some of her pupils, and found it necessary to suspend one. Miss Lizzie George is teaching her first term in No. 53; she has an average of 20 of an enrollment of 28. The patrons are satisfied with her and have engaged her for another term. Miss Jessie Coleman has a small school of 11 pupils in No. 50. The house and furniture therein are very nice affairs, neither comfortable nor ornamental. She has to labor under great disadvantages, but is doing the best she can. Mr. Thomas Street is teaching the school in No. 44, and has an average of 20 to 25 pupils. The citizens of this district have built a very good school house which is pleasantly located. A little more strictness of discipline would do no harm. Mr. A. S. Melcher is teaching a good school in No. 35; he has an average attendance of 32 of an enrollment of 35. I believe the best average I have seen; is well liked and doing good work. He has taught several terms in this district. Miss Viola Montgomery is engaged with 13 pupils in No. 33. Scholars are quiet but not very proficient in their studies. Miss R. L. Wilcox is teaching the school in No. 59 with good success; her school is well spoken of by those of the patrons whom I have seen. The school is in a great deal better condition than it was three or four years ago. She has an attendance of 21. R. G. CALLISON, Co. School Superintendent.

Hayes' Title. However varied may be the opinions concerning the validity of Hayes' title to the Presidency, there is not a question in the minds of either Democrats or Republicans upon one important point, viz: the unquestionable right of Dr. Pierce's Family Medicine to the title of Standard Remedy of the age. Listen to the voice of the sovereign people. NEW ORLEANS, June 10, 1879. Dr. R. V. PIERCE, Buffalo, N. Y. Prepared by an Expert, use Glenn's Sulphur Soap, the ruling specific for diseases, irritation and abrasions of the skin, and a most salutary beautifier of the complexion. This admirable article is an inexpensive substitute for sulphur baths, and is equally as effective in banishing cutaneous maladies, and relieving the pains of rheumatism, and gonorrhoea, and various other ailments. It is equally as effective in cleansing the hair, freckles, pimples, and in every imperfection of the cuticle is entirely removed by it. It is avouched, by ladies who have used it, to be the most effective means of clarifying and softening the skin that they have ever employed; its health promoting merit, and evidence in its behalf, emanating from other and equally respectable sources, precludes any reasonable doubt as to the genuineness of its claims to public confidence. Clothing and linen from the sick room are disinfected by it, and it prevents contagion when the danger of obnoxious diseases has been incurred by contact. Sores and ulcers, that resist the operation of salves and lotions, are healed by it, and it soon relieves the swelling and pain caused by bruises and sprains. The opening of the pores, resulting from the wholesome stimulation of the superficial blood vessels that it produces, is the effect best calculated to ease the circulation when overloaded, and carry off those offensive granulations which disfigure the cuticle and render existence a state of martyrdom while they remain. Eruptions, ailments that do not cure, are entirely eradicated by Glenn's Sulphur Soap. Sold by druggists. Price 25c per cake. Sold by mail, prepaid, on receipt of price. C. N. CRITTON, Propr., Sixth Avenue, New York. Hill's hair and whisker dye, black or brown, 50c.
