

CITY AND COUNTY.

Agent at Portland. Mr. W. L. Eppinger is our authorized agent at Portland.

BRIEF MENTION.

Chew Jackson's best sweet navy tobacco. See "general notice" under "New to-day." Read ordinance No. 13.

Mrs. W. B. Pengra is visiting relatives at Jacksonville. The GUARD is the best advertising medium in Lane county.

Go and see John Kelley and wife next Wednesday evening. Mr. J. M. Thompson's family have gone to the McKenzie Springs.

The public school, we are informed, will convene September 23d. Mr. Jos. G. Gray has returned from the mountains. He captured one deer.

We are under obligation to Mr. D. C. Underwood for a mess of green corn. We invite correspondence from every part of the county. Send along the news.

Mr. Ben F. Dorris has returned from the McKenzie Springs, much improved in health. Mr. W. C. Taylor, who has completed his school, has returned to his home at Philomath.

Mr. C. M. Williams' scholarship to the University, from Multnomah county, has been renewed. Miss Tilla Scott was thrown from a horse near the University, this week, but fortunately was not seriously injured.

Dr. L. M. Davis, E. F. Chapman, Chas. Davis, and their families, will leave for Yaquina Bay Monday morning. Sheriff Eakin and Jasper Stevens went hunting Wednesday evening and returned Thursday noon, and captured 36 grouse on the trip.

An auction has been going on this week of oil paintings, from the hands of celebrated artists in California. The sales have been quite large.

Henry C. Kind, law partner of the late James D. Fay, committed suicide in San Francisco on the 8th. Cause—squandered his wife's estate.

Prof. St. Lawrence, the blind musician gave a lecture last evening at the court house to moderate sized audiences. The Professor is a first-class lecturer.

J. A. Winter, the photographer, says the wood trade will be open for a few weeks, and if you want to trade firewood for pictures now is your time.

Preaching at the M. E. Church to-morrow morning and evening at 11 A. M. and 8 P. M. Sunday School at 3 P. M. Prayer and praise meeting on Thursday evening at 8 o'clock.

The GUARD is the largest, and most extensively circulated of any paper in Lane county. The GUARD is also the official paper of Eugene City. Advertisers should make a note of this.

The Telegram says that a wag intimates that the saint, Hen. Owens, is going to flood the county between here and the Tualatin, and then enter it as swamp land. Hen. has a banking for swamp lands.

One of our cigar dealer was awakened by lead kicking on his front door, at 3 A. M., one morning this week, and when he had answered the summons was asked, "Mister can you change this 'er quarter?"

We acknowledge the compliments of a bottle of Nabob whisky, from Osburn & Co., agent for that popular brand of whisky. We expect the brand to have a good sale, for we are satisfied that it is the purest liquor upon the market.

Near Eugene on Thursday a man was burned to death while rescuing his furniture from the flames of his burning house.—Crucible. Nothing of the kind occurred in this vicinity but we suppose you have to go away from home to learn the news.

F. T. Joyce, route agent of the Portland Standard, swam from Ross Island to Swan Island, a distance of fully five and a half miles. He made the trip from Island to Island in the remarkable time of 2 hours, 15 minutes and 20 seconds.

Mr. Wm. Irving, Wes. Cherry, James Abrams and Chas. Goodchild will leave for Yaquina Bay to-morrow morning. We are satisfied this is one of the liveliest crowds that will leave this summer. Jim Abrams will keep fish bait in a five gallon demijohn.

Remember that the St. Charles Hotel is the only first class hotel in the city. Meals served in first-class style for 25 cents, also lodging for 25 or 20 cents, according to the room occupied. Board and lodging per week \$5 to \$7. Satisfaction guaranteed. Give us a call.

Prof. E. P. Conner, the noted penman and teacher will organize a class in penmanship at the Episcopal Church school house in this place on Monday afternoon at 4 o'clock also in the evening at 7:30. His terms are exceedingly liberal and all persons old or young wishing to write a neat, rapid hand should join his class at once.

Did you ever notice the poor chap that stands in the first picture in the almanac, with the fish and sheep and scorpions and balls and twigs, etc., around him? Did you ever notice that he was naked and had nothing in his stomach? Well, that poor fellow used to edit a paper and take his pay in "I'll pay my subscription next week."

JOHN KELLEY.—The old pioneer violinist of California, John Kelley, assisted by his wife, will give an entertainment in this city Wednesday evening, August 20th. The Jacksonville Sentinel, of August 12th, says: "He gave entertainments Saturday and Monday to full houses. Mr. Kelley sings and plays as of yore and Mrs. Kelley excels on the piano and organ. They will, of course, meet with a cordial reception and liberal patronage everywhere."

The Ascent of the Three Sisters.

McKENZIE BRIDGE, Aug. 12, 1879.

ED. GUARD.—The central peak of the "Three Sisters" was visited a week ago today by a party of eleven excursionists, chiefly of Eugene City, who left Balknap's Springs early on the morning of the previous day. From that place to Lake Valley, 15 miles eastward, was made by wagon and six further east to summit prairie on horseback where camp was made for the night.

Owing to the heavy snowfall of the past winter the mountains southward were almost entirely shrouded above this point and it was decided to finish the journey on foot which was done though it was found quite practicable to have ridden five or six miles further and over the entire length of the southwestern glacier, few of its last year crevasses being exposed. An early start secured good footing for the tourists who at eleven o'clock were launching at the summit of the ridge connecting the north and middle mountain and at the immediate base of the last. This point presents a fine opportunity for studying the glacier phenomena of the eastern slope as well as of that just passed over and should satisfy the average student of mountain sculpture, but was not the case with our climbers among whom "Excelsior" seemed the only sentiment. The next and last thousand feet would pass for hard climbing anywhere and the attempt to scale it from the north was a failure owing to ice, but by circling to the west better footing was found and the summit was reached about one P. M. when the prince of this fair mountain group gracefully surrendered to our quietude of ladies advancing en-suite.

The business of the atmosphere so inseparable from our warm summer days when forest fires are raging somewhat interfered with the view of the grand landscape here presented in early spring and after the Autumn showers, but aside from this the day was perfect and if the knowledge gained by the participants may be measured by the amount of specimens, geological and floral, collected by them, this will be remembered as more than merely a pleasure trip.

Council Proceedings.

COUNCIL ROOMS, EUGENE CITY, August 11, 1879.

Council met pursuant to adjournment. Present—Councilmen Dunn, Sloan, Eldris, and Church; Recorder and Marshal. Absent—President Dorris; Councilmen Underwood and McClung.

Minutes of previous meeting were read and approved. Finance committee reported favorably on the following bills and warrants were ordered drawn on the Treasurer for the same: Campbell Bros. \$20; J. C. Jasso, \$6; Recorder's court, \$10.80; M. Winner, \$3.50; H. Knox, \$6.40; E. J. McClanahan, \$12; T. G. Hendricks, \$48.63; J. E. Attebery, \$24.20.

The judiciary committee proposed an amendment to sec 6, title 1, chap 3 of the city laws, authorizing the marshal to levy upon and sell any real property belonging to delinquent taxpayers within the city in the manner provided by law for the collection of State and county taxes, which was on motion adopted.

Committee on streets reported that the contract for building the bridge across the mill race on Eighth street had been awarded to W. T. Campbell for \$193 and costs of covering, about \$40, making in all \$233.

The following bills were then read and referred to the finance committee: S. M. Titus, \$4; Scott Christian, \$2.25; Recorder's court, \$5.50; Wm. Christian, \$4; Springfield Mill, \$17.73; Hays, \$22.50; C. A. Wesley, \$7; Scott Christian, \$3.70; J. E. Attebery, \$26.

The marshal reported the condition of some of the streets and sidewalks, and there being no further business to transact, Council adjourned.

SCIENTIFIC LECTURES.—The series of lectures announced in last week's GUARD, by President T. F. Campbell, of Monmouth College, were delivered in the Brick church, August 7th, 8th, and 9th. We will not try to review these lectures, for we are sure a summarizing would not do justice to the speaker, but would say that Mr. Campbell sustained his enviable reputation as a public lecturer. Many of our citizens are just now engaged in harvest, absent in the mountains and at the coast, causing the attendance at these lectures to be not as large as their high merit deserved. The subject is one of great importance, and it was handled by President Campbell in a purely scientific manner. We hope the Professor may be induced to repeat his lectures this winter.

RENUNCIATION.—A team belonging to Mr. James Kanoff, which he had hauled a load of grain to the flouring mills with, got scared and runaway up Fifth street, yesterday, to the residence of Horace Stratton, where the wagon collided with a shade tree, which completely demolished the wagon and freed the horses from the wagon. They then ran into the fence of David Cherry's and knocked down several panels. When the horses were caught very little of the harness remained intact on them, and the horses were somewhat bruised.

SET FIRE.—Some contemptible wretch set fire to some hay and light wood, between the two stables of Mr. Irving Henderson this week. When the fire was discovered it was within a few feet of the barn, and had it been discovered half an hour later the stables would certainly have burned. Farmers watch out for tramps, for they are infesting every community, and no telling what devilment they will commit.

MORE IMPROVEMENTS.—One day this week Mr. Chas. Laner bought the property of Mrs. Pearce's on Willamette street. The same day he let the contract for building him a nice dwelling thereon, to Mr. S. M. Miser.

TALL OATS.—Mr. J. P. Zundt, who lives near Irving, left with us some oats, which measured 8 feet, 2 inches in height. If any one can beat these oats let him trot them out.

NEWPORT, N. S. JAMES I. FELLOWS, Esq. Dear Sir—I have recently derived from an invalid, of the great benefit derived from your Compound Syrup of Hypophosphites; and having in many other instances, marked the most beneficial results from its use, I cannot but regard its discovery as a matter of devout thankfulness to a benign power.

I have used it considerably myself, and, at intervals during several years past, given it to some members of my family. I have also recommended it to others, and invariably found it to be of essential benefit to those complaining of debility; it is especially recommended.

In bronchial and other chest affections, in arresting indolent consumption, and in lessening the distressing symptoms of this disease in its hopeless stages, as well as in cases of nervous debility, in giving tone to the system, it is undoubtedly a valuable remedy.

I am, dear Sir, yours truly, JOHN McMEYER, Methodist Minister.

Long Tom Letter.

LONG TOM, August 12, 1879.

I learn that S. S. Stephens, who had his leg broken, is improving.

Palouse fever still raging. Many preparing to start after harvest. There is considerable talk about the medicinal properties of the mineral springs, on the farm of Richard Jones, Esq. Some remarkable cures of scrofula has resulted from the use and application of the water from one of these springs, and this fair to be the Saratoga of the Willamette valley.

The farmers faces that looked smiling and pleasant a few weeks since over the flattering prospects of luxuriant crops of grain, now look care worn. The rust has struck their grain and blighted their hopes, calculations and in imagination draws as to their future prosperity.

Forest Shade Lodge, I. O. G. T., installed the following named officers, August 9th: Byron Ellmaker, W. C. T.; Charles Hatley, W. T.; Miss Mary E. Hayes, W. V. T.; Frank Hatley, W. F. S.; Monroe Stephens, W. T.; Eli Perkins, W. Chap; George Holland, W. M.; John Holland, W. I. G.; Z. T. Fisk, W. O. G.; Miss Emma A. Ellmaker, R. S.; Miss Martha Holland, L. S.; Thomas J. Neeley, Assistant Sec; Miss Celia Liles, D. O. A. M. It is well known that your humble servant is not a member of the I. O. G. T., but I can say that the lodge is in good working order and are harmonious and zealous, receiving new candidates each meeting. Few members withdraw; and if not already, bids fair to be the strongest lodge in Lane county working. But little dissension is apparent. The lodge is an honor and moral credit, to not only those that are members, but to the community where it belongs. But I fear that Byron Ellmaker as W. C. T., while acting as moderator, will forget and use his sledge instead of the gavel and deface the furniture. Long may they wave.

REGULAR. Sinslaw Items.

Our correspondent at Sinslaw, under date of August 11th, sends us the following items: The Sunday School is still prosperous. The baby crop is good and Anny Barlow's baby weighed 10 1/2 pounds.

Rust is making sad havoc with the wheat in this valley; especially the late sown grain. The average grainger is buying himself trying to ascertain the cause of rust. Each one has a theory of his own.

Squire Crow killed a huge cougar that had been devouring Ouzemts sheep. Burn—On the 3d inst., to the wife of A. J. Barlow, a daughter. July 27th, to the wife of James Young, a son.

On the 6th inst. to the wife of Capt. O'Brien, of the S. E. Call, a son.

THE HARVEST.—Some Fall grain has been threshed the past week, and from what we can learn the grain will be good in quality, but will not yield very heavily. Next week the farmers will commence threshing Spring grain, but as to the result we cannot say. Several large farmers have told us this week, that there would be hundreds of acres of nice looking wheat burned on account of the rust striking it, and the heads failing to fill.

BOGS MONEY.—Complaints is made of half dollars, to all appearances genuine, that are in reality made counterfeit by boring into the edge and extracting about 39 per cent of the silver. The hole is then plugged up with lead, and the milling neatly done with genuine selver. By throwing these coins on a counter their dull sound immediately betrays them.

STEEL HEAD CAUGHT.—Last week a son of Mr. Seavie's caught a young salmon known by fishermen as that variety called the steel head. It was caught in the McKenzie river near the mouth of the Mohawk, and measured 15 inches in length. This is the first salmon caught in the McKenzie river with a common fly hook.

Land for Sale Cheap. We have several good stock ranches which will be sold on very reasonable terms. A 30 acre good grain and stock farm, containing 322 acres, with large house and barn; excellent orchard, out houses, etc., all under fence. Price for farm, \$2,500, one-third down and balance in yearly installments. For particulars call on or address E. A. JORDKINS or E. D. JORDKINS, Eugene City, Oregon, 49th 2.

HALL'S HEPATIC KING—is the best liver remedy in the market. It cures Biliousness, Headache, Constipation, Jaundice, Dyspepsia, and all diseases arising from the derangement of that important organ, which has been commonly called the housekeeper of health—THE LIVER.—The druggists of this city have it, and will guarantee every bottle, or money refunded. Try it.

FELLOWS' COMPOUND SYRUP OF HYPHOSPHITES is a specific remedy for consumption, bronchitis, asthma, nervousness, debility, dyspepsia and distressing coughs. Its power of arresting disease is honorably acknowledged by physicians wherever introduced. H. S. Orme, M. D., Ex-Pres. of Board of Medical Ex. of Cal. says: "I use it in my practice with good results. J. C. Hannon, Esq., M. D., County Physician, Los Angeles: "I use it in the hospital with satisfaction." L. E. Cross, M. D., Stockton: It gives much benefit to patients suffering from debility and lung complaints. Sold by all druggists.

Oregon.

We have seen many accounts of the origin of the name of our State, but the following from a writer in the San Francisco Argonaut is the latest and most original of them all. The writer says:

"The earliest navigators of the coast of California, when sailing north of California, made a landing, and had a friendly intercourse with a tribe of Indians found there, who had very long pendulous ears, formed so from the habit they had of slitting the lobes, and using them as a receptacle in which they carried their ornaments, such as earrings, on a very large scale. The sailors called them Indians Oregans, or Big Ears and in time the name was curtailed to Oregon, or Big Ear. Aulicise the word Oregon; and you have our Oregon. And such is the origin of the name of the State of Oregon. To the understanding of one of the Spanish race it is nothing more nor less than Orejon, or Big Ear, it being a true Spanish word indicating and meaning a large ear."

NEW WATER AND GAS COMPANY.—Articles incorporating the Portland and Tualatin Water Company were filed in the office of the Secretary of State Saturday last, with H. C. Owens, H. C. Perkins, and B. H. Roach as incorporators. The enterprise and business of the corporation will be the conducting of water from the Tualatin river by means of canals, ditches and pipes into and through this city, in order to supply Portlanders with good, wholesome water for general use to the extent of 20,000 inches or less; to acquire all necessary real property and other rights for that purpose; also to generate gas and supply the city therewith by such means and appliances as may be requisite. The water is to be taken by a general line of canal from the Tualatin river at or near section 20, T 2 S., R 1 E., Willamette meridian, and thence by the most practicable route to the city. The head office will be located here. The capital stock will be \$500,000, divided into shares of \$1000 each, and the duration unlimited.—Telegram.

"Mamie." "Sunny hair just touched with gold, Blue eyes sweet with love untold, Ruby cheeks with health's rich hue, Ruby lips just touched with dew. Arms for sweet crosses given, Little tongue that talks of heaven Running round with fairy feet, Such is Mamie, baby sweet.

When Mamie sweet begins to talk And tell the babies night her Why those rosy cheeks and ruby lips, She'll say, "I oosed Pfunder's Parifier."

DR. MINTIE'S "SPECIAL" MEDICINES Are made from the best materia obtainable. They are not cure-alls. They are favorite prescriptions that have been tried and tested for years in his extensive practice, until now they are absolutely perfect in the troubles for which they are recommended.

The Nephreticum works wonders in Kidney and Bladder complaints. Those suffering with Dropsy, Bright's disease, Diabetes, Gravel, Retention of urine, Pain in the back, Incontinence, or any disease of the Kidney and Bladder, will be astonished at the relief one bottle will afford.

For Female weakness it is absolutely without an equal. For all derangements of the Liver, Use Dr. Mintie's English Dandelion Liver Pills. For Biliousness and Diarrhea, Use Dr. Mintie's English Dandelion Liver Pills.

For Fever and Ague, Use Dr. Mintie's English Dandelion Liver Pills. Every family should keep the Dandelion Pills on hand.

See what the druggists say about Dr. Mintie's medicines: "Everybody speaks highly of them."—C. H. Woodard & Co., druggists, Portland. "All who take them recommend them."—John A. Gull, druggist, Portland. Messrs. Abrams & Carrall, wholesale druggists, San Francisco, say: "We regard Dr. Mintie's Nephreticum as the best Kidney and Bladder remedy before the public." All druggists keep these medicines.

SIR ASTLEY COOPER'S VITAL RESTORATIVE: The great English remedy—has made more cures of Nervous Debility, Seminal Weakness, Lost Manhood, nocturnal emissions, lassitude, inability for mental labor, despondency, and such diseases as are induced by youthful follies and excesses, than all other medicine combined.

It is not a stimulant nor excitant, is perfectly safe to take, is not a quick poison, and produces results as that wonderful. Price, \$3 a bottle. Four times the quantity, \$10. Buy a bottle. It will not disappoint you. Hodge, Davis & Co., wholesale agents.
