Centaur K.

These great pain relieving and curative remdies have already worked their way into every hamlet where the English language is spoken. That the reputation of and demand for such remedies as these are should extend and increase, could not be otherwise. There is no pain, soreness or swelling which they will not alleviate. There are but exceptional cases of constitutional humors and distorted joints, which they do not cure, and none they will not benefit. They are scothing, absorbing and emollient. They are scothing, absorbing and heal burns and scalds without scars. For Rheumatic affections, pains in the back, stiff joints, wounds, strains and eruptions, they act with absolute certainty. These preparations are of two kinds, the Family and the Animal Liniment. Being universally adapted to the external aliments of man and beast, the name of the Half Horse and Half-Man Centaurs was naturally attached to them. They perform cures never before effected by any remedy. Undoubtedly more of them are sold than of all other liniments, ointmente, oils, embrocations, plasters and so-called pain-killers combined.

Is a purely vegetable bitter and powerful tonic, and is warranted a speedy and certain cure for Fever and Ague, Chills and Fever, Intermittent or Chill Fever, Remittent Fever, Dumb Ague, Periodical or Billious Fever, and all malarial disorders. In miasmatic districts, the rapid pulse, coated tongue, thirst, lassifude, loss of appetite, pain in the back and loius, and coldness of the spine and extremities, are only premonitions of severer symptoms which teminate in the ague paroxysm, succeeded by high fever and profuse perspiration.

It is a startling fact, that quinine, arsenic, and other poisonous minerals form the basis of most of the "Fever and Agus Preparations," "Specifics," "Syrups," and "Tenies," in the market. The preparations made from these mineral poisons, although they are palatable, and may break the chill, do not cure, but leave the malarial and their own drug poison in the system, producing quinism, dizziness, ringing in the ears, headache, vertigo, and other disorders more formidable than the disease they were intended to cure. Aven's Acce Cure thoroughly eradicates these noxious poisons from the system, and always cures the severest cases. It contains no quinine, mineral, or any thing that could injure the most delicate patient; and its crowning excellence, above its cer-It is a startling fact, that quinine, arsenic and its crowning excellence, above its cer-tainty to cure, is that it leaves the system as free from disease as before the attack.

For Liver Complaints, AVER'S AGUE CURE, by direct action on the liver and bil-iary apparatus, drives out the poisons which produce these complaints, and stimulates the system to a vigorous, healthy condition.
