Patronize John Lenger if you want good milk. He furnishes a first rate quality at a reasonable price. Jas. Humphrey started, Wednesday, with his fine horses for Portland where he expects to find sale for them.

The railroad magnates at Portland have set their time forward ten minutes. If you should get bits some time attribute it to the fact that you are too late.

The population of Junction City is increasing, but not by emigration. Billy Blew, R. M. Mitholland and Wilson Lewis are the happy ten. Two girls and a boy.

The St. Charles Restaurant is a cozy place kept by Mrs. A. Renfrew in the brick building adjoining the old St. Charles hotel. A number of new lodging rooms also belong to the house. Meals and lodging, 25 cents each. Board lodging by the week on reasonable terms. Give her a call.

ASKING FOR AID.—Petitions asking for the appropriation of \$240,000, to aid in the improvement of the Yaguina Bay bar have been circulated throughout the Willamette Valley. This is a matter of great importance to the upper Willamette counties, and all should sign it. One may be found ready for signatures at the express office.

God Bless you Doctor!

Were the words of a poor mother thanking Dr. Young for saving her child, who had been given up by Chicago's best physicians. Yes, indeed! Thousands owe to Dr. Young's YAN KEE COUGH SYRUP their lives the simplest and most pleasant remedy for diseases of the Lungs ever produced. Children will take it when they refuse all others. Your druggist will tell you he sells more of it than anything else. Ask him for a sample bottle. Millions given away.

A Cure Without Medicine.

A Parkers Stomach Pad worn on the pit of the Stomach, will prevent DYSPEPSIA, and all kinds of FEVERS and AGUE. It will cure Liver Complaint, Jaundice, Dyspepsia, Acute Colic, and all diseases of the Stomach and Liver. Worn over the Womb it will cure falling of the Womb and Female Weakness. Do not drug yourself to death. When you feel ill put on a Parkers Pad. Ask your druggist for it.

NOT SATISFIED.—The students attending the University, from other counties, are not satisfied it seems with the order of the Board of Regents debaring them from exercising the right of suffrage in the local elections of Eugene City. The question as to the justice of the Board will be debated by the Laurean society at their regular meeting, next Friday evening.

A SOCIABLE.—A sociable will be given at the residence of Mrs. Hanchett, for the benefit of the Episcopal Church, this evening. All are invited.

RE-ESTABLISHED.—Treat post office in this county has been re-established, with Wm. Kelsey as postmaster.

THE HUNT.

The hunt under the auspices of the Sportsmen Club came off as announced last Saturday. Most of the contestants were early on the field and the fusillade on the prairie below town would have led an observer not acquainted with the sportsmen to the belief that a war of extermination was being waged against the game. The following are the scores made, Belshaw's side proving victorious by 10 points:

F. Belshaw, Captain—7 ducks, 2 geese, 2 hawks, 1 eagle: 395 points. G. S. Kincaid—5 ducks, 1 snipe, 2 hawks: 85 points. Charles Horn—6 ducks, 1 snipe: 90. J. H. McClung—2 ducks: 20. Joe. Neihoff—0. H. Huddleston—6 ducks, 1 hawk: 80. Jap Stevens—15 ducks, 3 snipe, 1 hawk: 210.

Total number killed 55. Number points, 880. Average, 125.5-7. E. J. McClanahan, Captain—1 duck, 1 pheasant: 30 points. C. Hodes—3 ducks: 30. J. W. Johnson—8 ducks: 95. M. M. Davis—17 ducks, 1 quail: 220. Geo. Nolan—3 ducks, 2 snipe: 60. Rodney Scott—1 deer: 400. J. R. Campbell—1 goose, too late for count. T. W. Harris—1 duck, 1 goose: 55. Total number killed, 40. Number points, 870. Average, 108.7.

The later part of the day was very stormy, and few escaped being thoroughly drenched. M. M. Davis and Prof. Johnson brought in their game in the finest condition. George Nolan earned fresh laurels on that day, not only as a sportsman, but as a foot racer. His reputation is established. Joe Niehoff has the "boss" score. Some wag hid Rodney Scott's deer in the Grange warehouse, where he had put it for safe keeping. For a time there was a commotion in camp, but it was finally discovered and quietly restored. The events of the hunt culminated Monday evening, when the parties interested paid their respects to a fine game supper, gotten up by Mrs. Renfrew at the St. Charles restaurant. The best of humor prevailed as the veterans recounted the exciting incidents of the one day's campaign.

LARCENY.

An individual giving his name as George Campbell was arrested in this city last Sunday, charged with the larceny of a watch and chain, valued at seventy-five dollars. He stopped over night at the Cresswell Hotel, Cresswell, and leaving early in the morning, forgetting to settle his bill, took with him a watch belonging to a Mr. Matthews, which that gentleman had left hanging in his vest on the bed post, the door being open. Awakening in the morning and discovering his loss, Mr. Matthews started in search of the party suspected, tracking him easily through the snow, he overtook him in the suburbs of this city, and securing the services of Marshal Attebery, had him arrested. At first he denied having committed the theft, but afterwards, on representation that if he returned the stolen property he would be released, he led them to an out building where the watch and chain were found. He was then taken in charge of by Marshal Attebery, and on Monday had a preliminary examination before Justice Henderson, resulting in his being bound over to await the action of the next grand jury in the sum of \$200, failing to secure which, he languisheth in the county jail.

The New Idrian Mine.

Mr. L. G. Jackson writes to parties in this city, under date of Jan. 25th, from the New Idrian Cinnabar mines, in Douglas county, as follows: Fires have been burning for two days to dry the furnace, and by Wednesday all will be completed. Work in the mine is going on nicely, and all hands are excited over a big "find" in the shaft, about 100 feet below top, of ore that assays 18 ounces of quicksilver to 4 pounds of ore, as reported by Superintendent Tatom yesterday. They say the vein is about twelve feet wide, and is pronounced by the miners to be as rich as any mine in the world.

SOCIETY CLUB.—There is to be a Leap Year party at the next meeting of the club. Mrs. C. W. Fitch, Mrs. J. S. Luckey and Mrs. Millard Sloan compose the committee of arrangements and the club may expect a very nice meeting. Ladies will have full and entire control of the dance, and all gentlemen are expected to await an invitation before they take the floor, except on "gentlemen's choice." All ladies who have been attending the club are expected to bring a partner from among the members of the club, yet none are expected to stay away because they do not get a partner or are not invited. Floor managers—Mrs. G. S. Kincaid, Rosa Goldsmith and Annie Underwood. The management earnestly asks that all will be on hand at 7 o'clock sharp, for a grand march.

A MISHAP.—A party of young men, with their Jennias, going on a hand car to a party a short distance below town, one evening this week, met with an accident that somewhat ruffled their equanimity. The hand car jumped the track, jolting its occupants rather roughly.

DEAD.—Mrs. Geneva M. Gleason, aged 38 years, 4 months and 17 days, wife of R. F. Gleason, died in this city Friday, Jan. 23d. The funeral took place from the M. E. Church Sunday, Rev. L. D. Driver preaching the sermon.

HEAVY MAIL.—On Monday, three sacks of paper mail besides the regular way mail bag came up on the afternoon's train and were distributed at the Eugene post office.

DEAD.—Near Irving, Monday, Jan. 26th, Mrs. Mary S. Luper, wife of James Luper, aged 38 years.

FOR RENT.—Two rooms suitable for office, upstairs in Underwoods brick. Apply at Express office.

John Muir.

[Communicated.]

This noted author and lecturer paid a short visit to Eugene on the 15th inst., attracted hither by the fame of Prof. Condon, and his fine collection at the rooms of the State University. He is a naturalist in the highest sense, but his chief work has been in the examination of the glacial phenomena and forestry of the Pacific Coast.

From the study of the Yosemite canyons and mining regions of the Sierra, he last Summer turned his researches northward among the mighty ice engines of the Alaska Coast, and found there a verification of his theory that the grandeur of California scenery, and the wealth of her placers were alike largely due to glacial action. The people of Portland have been favored with two finely illustrated lectures, given under the auspices of the Natural Science Association, in which Mr. Muir displayed the trophies of the countless and observant student of nature. We do not hesitate to say that many of our citizens among whom are the other professors of the State University appreciate Mr. Muir and his work, and who would be glad to extend him the hand of greeting. It is to be regretted that he did not find it convenient to lecture here, but as he proposes to revisit Oregon in the near future our people will then have an opportunity to hear him. He left Portland for San Francisco last Saturday.

The O. & C. R. and the W. O. R. R. companies have consented to carry delegates as follows: delegates will pay full fare to the alliance and be returned free upon presentation of the secretary's certificate of attendance. Let the coming session of the alliance be a reunion of all the temperance people of Oregon. DR. J. W. WATTS, President. C. H. WHITNEY, Secretary.

STATE UNIVERSITY.

A column devoted to the interests of the Laurean and Euxatian Literary Societies, and the State University.

W. C. TAYLOR, EDITOR.

Communicated.

On Friday, January 23d, the Laurean Society held a public meeting to which the Euxatian Society was invited. The Laurean Society seems to be well attended. More than fifty members were present, and among the familiar faces of other friends, we were pleased to once more see that of T. Cy. Judkins.

Mr. T. C. Powell occupies the presidential chair; and the ease and dignity with which he performed all the duties devolving upon the president, called forth universal admiration and respect from the Euxatians. Seymour Condon recited, Webster's speech at the trial of Knapp, in a manner which won honor to himself and the society. Then, with unassuming air Edgar McClure read a comical production, "Mosquitoes," which called back painful experiences. Mr. Rosenthal read a well prepared essay. The recess was a lively little affair, although the usual fear of discussing the "chalk line" was manifested.

The question for debate was "State's Rights." The debate was opened by Mr. J. M. Slater, who spoke in a lively and earnest style that held attention. Mr. Woolly, supporting the negative, brought forward, in his usual cool and deliberate manner, "all the arguments to be had." The colleagues were followed by several speakers, each showing his understanding of the subject, and his zeal for the cause he supported. The question was well debated, and decided by the president, in favor of the negative. The Laureans evidently take great pride in their debates and are striving to render themselves thoroughly efficient, and we may expect to see Hayes, Webster, Calhoun and Clay launching out from the Laurean Society. EUXATIAN.

Rhetorical.

The exercises held in the auditorium of the University on the 16th inst. were very interesting. The programme consisted of orations, declamations, essays and music. All the participants acquitted themselves well and showed that they had spent considerable time and labor in preparing for the occasion.

It would be impossible in the short space allotted to give a description of the exercises, but suffice it to say that the programme was replete in all respects and was listened to by a large number of the friends and patrons of the University.

After the exercises were closed President Johnson gave the students a little advice about their French etiquette, of leaving school without permission; after which, he requested Miss Underwood to play a march, so that the students might leave the room in good order. As soon as the lady seated herself at the piano, the "General" ordered the left wing to fall in line; this being composed of ladies the best of order was preserved. The right wing becoming impatient was then ordered to advance. No sooner had the music sounded, than those juniors with ears laid back, and with nostrils distended, made a rush for the door, carrying the crowd before them. This was the first attempt to unite the different rhetorical classes and the experiment has fully established the importance of the plan. The time for the next division to appear has not yet been determined. COX.

Rhetorical Exercises.

The second rhetorical division, composed of eighteen juniors, is under the direction of Prof. Gatch. As to the efficiency of his work, no word of commendation is needed farther than, "He doeth all things well." The first exercises of this class were held in the chapel on last Friday afternoon. A goodly number of visitors from the city, together with members of the faculty, board of regents, students from the other classes and the preparatory were present. The programme was composed of orations, essays, declamations and recitations, interspersed with music. While it would be pleasant to mention all by name, time forbids, so a few names only will be mentioned. Miss Rogers and Mr. C. M. Hill are to be complimented on their efforts. Both of their orations showed care and thought in the preparation. Mr. Robert Willis read an interesting essay. Mr. A. C. Woodcock carried off the honors of the day in declaiming Prentice's "Closing Year." The male quartette, "Beautiful Hills," by Messrs. Burke, Willis, Woody and C. M. Hill, was one of the best things of the day. The preparatory department, with Miss Wallis at the piano, went through a short but pleasing calisthenic movement. The afternoon exercises were quite entertaining; and it is to be hoped that the faculty will give the friends of the University more opportunities of seeing what our students are doing. THEY SAY.

Items.

How tranquil our hall is, since those curtains were "hung."

The students feel relieved as examinations are over. The next term opens on Monday next.

Misses Emma and Mary McMurray presented the societies with a beautifully wrought motto.

Among the visitors at the University this week we noticed Judge Atwater and wife, of the Dalles.

Surprise parties on study evenings urge students to higher exertions. One last week caused two students to burn the "midnight oil." All through the long hours of night they burned the oil and snored in their easy chairs.
