Ague Cure

Is a purely vegetable bitter and powerful tonic, and is warranted a speedy and cer-tain cure for Fever and Ague, Chills and Fever, Intermittent or Chill Fever, Re-mittent Fever, Dumb Ague, Periodical or Billous Fever, and all malarial dis-orders. In miasmatic districts, the rapid pulse, coated tongue, thirst, lassitude, loss of appetite, pain in the back and loins, and coldness of the spine and extremities, are only premonitions of severer symptoms which terminate in the ague paroxysm, succeeded by high fever and profuse perspiration.

It is a startling fact, that quinine, arsenic, and other poisonous minerals form the basis of most of the "Fever and Ague Preparations," "Specifics," "Syrups," and "Tonics," in the market. The preparations made from these mineral poisons, although they are palatable, and may break the chill, do not cure, but leave the malarial and their own drug poison in the system, producing quinism, dizziness, ringing in the ears, healsche, vertigo, and other disorders more formidable than the disease they were intended to cure. Ayen's Ague Cure theroughly eradicates these noxious poisons from the eradicates these noxious poisons from the system, and always cures the severest cases. It contains no quinine, mineral, or any thing that could injure the most delicate patient; and its crowning excellence, above its cer-tainty to cure, is that it leaves the system as free from disease as before the attack.

For Liver Complaints, Aven's Agua Cune, by direct action on the liver and bil-iary apparatus, drives out the poisons which produce these complaints, and stimulates the system to a vigorous, healthy condition.

CHERRY

TOTAL is such a remedy, and no other se eminently nerits the comidence of the public. It is a scientific combination of the modernal principles and curative virtues of the fluest drugs, chemically united, to insure the greatest possible efficiency.

PECTORAL, and uniformity of results which enables physicians as well as invalids to use it with confidence. It is the most rollable remedy for diseases of the threat and langs that schence has produced. It strikes at the foundation of all pulmonary diseases, afforting prompt and certain relief, and is adapted to patients of any age or either sex. Being very palataths, the youngest children take it without difficulty. In the treatment of ordinary Coughs, Colds, Sore Throat, Bronchitis, Influenza, Clergyman's Sore Throat, Asthma, Croup, and Catarrh, the effects of Aven's Chemay Pertonal, are magical, and multitudes are annually preserved from serious illness by its timely and faithful use. It should be kept TORAL are magical, and multitudes are almustly preserved from serious itlness by its timely and faithful use. It should be kept at hand in every household, for the preserion it affords in sudden attacks. In Whooping-cough and Consumption there is no other remedy so enleading, and helpful.

The marvellous cures which Ayer's Chemity Petronan, has effected all over the world are a sufficient guaranty that it will continue to produce the best results. An impartial trial will convince the most sceptical of its wonderful curative powers, as well as of its superiority over all other prepara-tions for pulmonary complaints.

Eminent physicians in all parts of the country, knowing its composition, recom-mend Ayer's Cherry Pettoral to invalids, and prescribe it in their practice. The test of half a century has proved its absolute certainty to cure all pulmonary complaints not already beyond the reach of human aid.
