An aggregate tonnage from the Seattle coal company of 5684 tons reached San Francisco on the 10th inst.

In speaking of North Seattle the *Post* of that city says: Where but a few months ago was a dense forest there is now within a few rods of each other a new hotel and nine dwellings with a prospect for as many more before January 1st, 1881.

The new ship being built at Seabeck will be launched on the 21st inst. She has been two years on the stocks, and is the largest ship ever built on the Pacific coast and will carry 1,000,000 feet of lumber. The schooner that has been built there this summer will be launched on the same day.

The Tenino railroad has been leased by a man named Turner, who will at once commence the construction of flat cars to be used carrying logs to Olympia. The timber on the line of the track will be used and the logs will be loaded on the cars by the use of skids. The cars will be built at New Tacoma.

Albany came near having a disastrous fire last week. A fire broke out at the St. Charles hotel, but was put out immediately by the hook and ladder boys.

The twine factory at Albany, says the *Democrat*, has started up again under the management of Jno. A. Crawford, Thos. Monteith and R. Saltmarsh. All such enterprises should be encouraged in our State.

SHE COULDN'T SAY.—A female applicant for aid appeared at the office of the Director of the in Detroit with a sad and anxious look, and on being asked what she wanted, replied: "I'd like some money." "How much?" "Well I can't say exactly. How much do you generally give out to a person who wants to buy a bead belt?"

No Good Preaching.

No man can do a good job of work, preach a good sermon, try a law suit well, doctor a patient, or write a good article when he feels miserable and dull, with sluggish brain and unsteady nerves, and none should make the attempt in such a condition when it can be so easily and cheaply removed by a little Hop Bitters. See other column.

We have just received from the Eastern factory, direct, a large stock of window shades and wall paper; among the latter are many very pretty styles embracing Grained Pannels, Embossed, Gilts and Lace Patterns, Satin and Common Blanks, all of which we sell cheap, and no charge for trimming paper. We Challenge the World.

Ague Cure

Is a purely vegetable bitter and powerful tonic, and is warranted a speedy and certain cure for Fever and Ague, Chills and Fever, Intermittent or Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, and all malarial disorders. In miasmatic districts, the rapid pulse, coated tongue, thirst, lassitude, loss of appetite, pain in the back and loins, and coldness of the spine and extremities, are only premonitions of severer symptoms which terminate in the ague paroxysm, succeeded by high fever and profuse perspiration.

It is a startling fact, that quinine, arsenic, and other poisonous minerals form the basis of most of the "Fever and Ague Preparations," "Specifics," "Syrups," and "Tonics," in the market. The preparations made from these mineral poisons, although they are palatable, and may break the chill, do not cure, but leave the malarial and their own drug poison in the system, producing quinism, dizziness, ringing in the ears, headache, vertigo, and other disorders more formidable than the disease they were intended to cure. AYER'S AGUE CURE thoroughly eradicates these noxious poisons from the system, and always cures the severest cases. It contains no quinine, mineral, or any thing that could injure the most delicate patient; and its crowning excellence, above its certainty to cure, is that it leaves the system as free from disease as before the attack.

For Liver Complaints, AYER'S AGUE CURE, by direct action on the liver and biliary apparatus, drives out the poisons which produce these complaints, and stimulates the system to a vigorous, healthy condition.

We warrant it when taken according to directions.

Ayer's *Hair Vigor*,

FOR RESTORING GRAY HAIR TO ITS NATURAL VITALITY AND COLOR.

It is a most agreeable dressing, which is at once harmless and effectual, for preserving the hair. It restores, with the gloss and freshness of youth, faded or gray, light, and red hair, to a rich brown, or deep black, as may be desired. By its use thin hair is thickened, and baldness often though not always cured. It checks falling of the hair immediately, and causes a new growth in all cases where the glands are not decayed; while to brashy, weak, or otherwise diseased hair, it imparts vitality and strength, and renders it pliable.

The VIGOR cleanses the scalp, cures and prevents the formation of dandruff; and, by its cooling, stimulating, and soothing properties, it heals most if not all of the humors and diseases peculiar to the scalp, keeping it cool, clean, and soft, under which conditions diseases of the scalp and hair are impossible.

As a Dressing for Ladies' Hair,

The VIGOR is incomparable. It is colorless, contains neither oil nor dye, and will not soil white cambric. It imparts an agreeable and lasting perfume, and as an article for the toilet it is economical and unsurpassed in its excellence.
