The only defense of Mr. Garfield in his acceptance of the Oakes Ames bribe is that he did not fully compre hend the rascally nature of the transaction. He was a sort of innocent abroad.

Very well. If he did not understand the nature and character of accepting a bribe when a member of Congress, how he is going to understand any better if he becomes President.

#### A Question Just, Now Pertinent.

The Republicans are very much exercised, or they pretend to be, over the Democrats not appointing Union soldiers to office when they have the appointing power, notwithstanding the fact is that the Democrats in the Senate and House have appointed more Union veterans to positions than the Republicans did while they were in a majority in each House.
