

CITY, COUNTY AND STATE.

Circuit Court. Only one divorce suit this term of Court. Great credit is due the ladies in assisting to extinguish the fire yesterday.

Gen. A. Dorris, who has been surveying in Eastern Oregon for about seven months, returned last week. Owing to the great fire yesterday, we are unable to give our readers as much news as we would have done otherwise.

Will Humphrey and wife stopped a few days in Eugene on their way to their future home in Roselburg. They are happy now and we hope they will remain so.

While some parties were scalding hogs at the mill in this place last Saturday, a little boy of Mr. Wisman's accidentally fell into the tank of boiling water and was frightfully scalded, dying in a few hours.

Hon. J. H. D. Henderson and Gen. E. L. Applegate addressed the Republicans at the Court House Monday evening, and Hon. John Burnett addressed the Democrats at Lane's Hall the same evening. Both speakings were largely attended.

As the train was approaching Eugene on Thursday a valuable horse belonging to T. W. Shelton undertook to cross the track in front of the engine and was caught in the cattle guard. One of the animal's fore legs was broken and he had to be killed.

FROM THE MCKENZIE.

Mr. Editor:—As we of the McKenzie Valley do not often intrude ourselves upon the notice of your readers, we venture to claim a space in the columns of your estimable paper, wherein to describe the grand event of the season, viz: the exhibition and ball that closed the three months term of Miss Varian Babb's successfully taught and well appreciated school.

PIGEON SHOOTING MATCH.

According to previous arrangements the shooting match, between Dr. Osborne, of this place, and Ski Meeks, who resides between here and Junction, for \$100 a side, came off here last Saturday afternoon.

ATTEMPT TO ESCAPE.

One of the prisoners confined in the County Jail attempted to escape on Sunday last. By some means he had procured a cold chisel with which he undershook to break the lock.

ARRESTED.

A boy by the name of Tunnell was arrested for disturbing the meeting at the Court House on Monday evening. When the officer approached him he drew a pistol but concluded not to use it.

Impure Breath.

Among all the disagreeable consequences that follow the decay of the teeth, an impure breath must be the most mortifying and unpleasant to its possessor, and it is the most inexcusable and offensive in society; and yet the cause of it may easily be removed by cleansing your teeth daily with that justly popular dentifrice, FRAGRANT SOZODONT.

PLEAD GUILTY.

Chas. Crowley, who has been confined in the County Jail on an indictment for larceny of public money, and George Campbell indicted for the larceny of a watch, both plead guilty to the indictments on Wednesday and on Friday morning were sentenced by his Honor, Judge Watson, to the Penitentiary, Crowley for one year and Campbell for three years.

TO SUBSCRIBERS.

Next week we shall send out bills to all delinquent subscribers to the GUARD, and hope that they will be met with a ready response. We have lost considerable by the fire of yesterday and by the hurried moving of our material, and need the money which is honestly due us. Be prepared to settle up.

A DISASTROUS FIRE.

LOSS ABOUT \$15,000, INSURANCE \$7,000.

At last the destroying element, fire, has visited our city and left in ruins a good portion of the business part of the city. The cry of fire was heard about 9:45, Friday morning, when it was discovered that the Astor House was in flames.

Our citizens worked faithfully to save the buildings on the opposite side of the street and were successful. A number of ladies were faithful workers, saving goods and furniture, and in many instances carrying water.

THE POLITICAL SITUATION.

The Laureans debated the political issues of the day at the meeting before the last. We are sorry to say the debate was not a model one, and demonstrated the impolicy of discussing such questions in an assembly where somebody is sure to get mad.

A Stranger on a Street Car.

By dint of crowding and squeezing one of the Third avenue surface cars will seat twenty two men, and that number were in a car which went up Chatham street at six o'clock last evening.

UNIVERSITY ITEMS.

Everybody is glad to see George Dorris the intractable Laurean, in his accustomed place in the society once more. His appearance was greeted with a storm of applause last meeting, a week ago.

S. F. Chadwick, who attended the university last year has been visiting Eugene. Steve expects to return to school next term.

C. A. Woolly the Laurean president returned from Salem Monday. Vice President E. J. Maxwell presided during his absence. Archbishop Seghers visited the University last Tuesday. He made a few short and interesting remarks to the class in History of Civilization, and also accepted an invitation from the members of the same class to address them at some future time on "Influence of the Church on Civilization."

Class of '79.

"Seventy-Nine" sends its best wishes, McQuinn from the rolling plains of the Klickitat; Condon from the musty legal lore of the Dalles; Mrs. McDaniels from the trial voyage of the ship of matrimony; Misses Hayes and Cornelius from the dust of the school room, and the crack of the rattle your humble correspondent from the shades of rural indolence. All write in wishing you the best of success.

The above is from a private letter from the gifted but unfortunate Percy. We publish it because we know the many friends of '79 will be glad to know what they are doing. All busy but one, and his ill health prevents his activity. We know that his friends and schoolmates will heartily unite with us in the wish that he will yet be able to give the world the benefit of his genius.

News Items.

The Eutaxians, Faculty and Board of Regents have been invited to attend the next session of the Laureans. Question to be discussed is the following: "Resolved, that the eleventh biennial session of the Oregon Legislature has been a waste of time and the people's money."

Some time since the Society decided to have a course of lectures on educational and scientific subjects. The committee appointed to secure lecture, have provided for the first lecture of the course to be delivered by Dr. A. A. Sharples of our city. We have no doubt it will be interesting.

The students have been divided into divisions for rhetorical under the several professors, and soon the voice of oratory will be heard and the wisdom of essays will make wise.
