1. 0. U. Grand Lodge.

At the last session of the Sovereign Grand Lodge of Odd Fellows held in Toronto, an important change was made in the workings of the secret work pertaining to the Encampment Dalles. and subordinate lodges. In the subordinate lodge the degrees are changed from five to three. The first and second degrees are the preparation of Representative Geary, and the third is the partial production of Representative Sheffner, both old Odd Fellows. The revision of the Encampment work was matured by Representative Sheffner, and amended by the committee. No change has been made in the numper of Encampment degrees. The revised work will go in operation Jan. 1st 1881. The Initiatory degrees, as adopted, shows of the old ceremony there being but a few alterations o minor import. All members of the order who have received the third and fourth degrees of the old work shall be entitled to rank as second degree of the revised work, and all members who thief left a package of greenbacks in a have received the fifth degree of the trunk he rumaged. old work shall be entitled to rank as third degree of the revised work, without charge. The printing of the revised work will be done at once. The Rebeca degree as reported by the Revising Committee was re-committed to them with instructions to have it printed and presented at the next session, therefore no change will take place for another year.
