Bridge Meeting.

At a meeting of the citizens of Lane county, held at the Court House, in Eugene City, on Saturday, January 22, 1881, for the purpose of taking into consideration the propriety of rebuilding the Springfield bridge, John Kelly was chosen Chairman, and W R Walker was chosen Secretary.

On motion of Thos D Edwards a committee of three was appointed to interview John McMahon, Esq, one of the County Commissioners, and apprise him of the subject under discussion.

On motion of B J Pengra a committee of ten was appointed to attend a special meeting of the Commissioners Court, on Thursday, Jan 27, 1881, for the purpose of presenting the views of this meeting in regard to rebuilding the Springfield bridge; also to visit the wreck of the bridge, and ascertain the amount of the material that can be made available, and the probable cost of rebuilding.

On motion of B J Pengra the following resolution was unanimously adopted: RESOLVED, That we are in favor of rebuilding and repairing all the bridges that have been carried away or damaged within the limits of Lane county by the recent unprecedented flood, and of repairing the damaged portions of the county roads, so that speedy communication with all parts of the county may be restored at the earliest practicable moment.

On motion of T D Edwards it was ordered that a copy of the proceedings of this meeting be furnished to Eugene City papers, the GUARD and State Journal, with a request that the same be published.

On motion the meeting adjourned.

JOHN KELLY, Chairman.

From Long Tom.

LONG TOM, Jan. 25, 1881.

EDITOR GUARD:—According to your last issue, you have been misinformed as to the damage did to bridges on Coyote and Long Tom creeks. The damage to the long bridge on Coyote Creek is but little, and all other bridges on the same creek in this vicinity are but slightly injured.

WHEAT.—There is almost no market at present for wheat, besides prices offered are so low that no one cares to sell, unless forced. A dispatch from San Francisco states that there is not a single grain vessel disengaged. The same state of affairs exists at Portland. When our farmers know that it costs over 50 cents per bushel to transport wheat from Portland to Liverpool, they will not be surprised at the low prices offered.

RESIGNED.—We are sorry to announce, says the Oregon City Enterprise, that Mrs T C Bell, one of the teachers of the Seminary, has been compelled to resign through ill health. Mrs Bell as a teacher has no superiors in our State and few equals, and we much regret that she is compelled to take a rest for a while from her arduous duties. We hope she will find the needed rest and be soon restored to her usual health.

MORE ENTERPRISE.—We are pleased to note that the Portland Bulletin will, on or about February 1st, be changed from a evening to a morning paper. The paper is to be enlarged, and will give full telegraphic dispatches, and will be generally improved.

In Memoriam.

Dr H N Crapper, who during his residence and painful sufferings in this city during the last year, secured the most friendly regard of our best citizens, has passed from time. He died at his mother's in Santa Rosa, Cal., on the 31st instant, aged 54 years. He was a respectable physician and druggist for many years in Webster City, Iowa; his health having failed, he was induced to remove to the Pacific Slope, with the hope that the salubrity of the climate might prove beneficial. This expectation was partially realized for a time, but no permanent benefit resulted. He came to our place last Summer with his family, for medical advice and treatment, his chief trouble arising from aneurism of the capillary arteries of the knee. His limb was skillfully and successfully amputated by Dr Sharples, the wound healing with remarkable rapidity attended for a time with decided indications of returning constitutional vigor. But in a short time, gastric difficulties from which he had long suffered, returned, with indications of pulmonary disease, which rapidly exhausted his physical powers. A few weeks ago, in a very feeble condition, he removed with his family to California, where his aged mother and other near friends reside. After arriving at his destination, he rallied for a few days under the exhilaration of meeting his friends, but soon relapsed with fatal result. Dr Crapper was a worthy member of the Presbyterian Church in this place to which he attached himself soon after his arrival. He was a sincere believer, and passed from earth enjoying the consolations of the Christian's hope. He was buried with Masonic honors, having been for many years a worthy member of that order. Many here cherish for him most kindly recollections, and sympathize with his family in their loss.

Bridge Matters.

The County Commissioners and County Judge, accompanied by the committee appointed by the bridge meeting, visited the wreck of the Springfield bridge Wednesday. They also examined the Eugene bridge and the river above it. We understand that they concluded that it would be necessary to build another span of 190 feet on the north end of the Eugene bridge, this being necessitated by the new channel which has been made by the river on the north bank. The small span will be removed, and placed on the end of the new span. It is thought that the Springfield bridge is too badly damaged to admit of it being replaced. The Commissioners Court meets Monday, February 7th, when the plans will be matured, and bids asked for the construction of the new span. From the present outlook it will be midsummer before the river at this place can be crossed off a bridge. In the meantime there is a good opening for a ferry.

SAW MILL LOST.—The saw mill situated on the Mohawk, belonging to Mr Jordan, was washed off by the recent freshet and is a total loss.

A GIRL.—Johnny O'Brien now claims paternal honors. It is a girl. Father and child being well at last accounts.

Law Suit.

Late advices from San Francisco, says the Oregonian, indicate that quite a flutter of excitement was caused upon the announcement by the press of this city of a suit for damages amounting to \$618,102 42, brought by Messrs. Levi and Isiah White, and Max Goldsmith of this city against Messrs. Sachs & Heller of San Francisco, an account of which appeared in our issue of yesterday.

It appears that the latter gentlemen made overtures to the former last fall with reference to the establishment of a wholesale dry goods business, embracing in the field of operations, New York, San Francisco and Portland. The propositions advanced by the Messrs. Sachs & Heller were carefully considered and finally accepted by Messrs. White and Goldsmith, after which articles of copartnership covering a period of five years from January 1, 1881, were drawn and signed last November by Martin Sachs, E. L. Heller, S. W. Heller, Levi White Max Goldsmith and Isiah White.

In December last the last three in accordance with the terms of the agreement, applied to former for an appraisal of the merchandise in stock in San Francisco, which application met with an unqualified refusal. Thus without apparent cause or excuse did the Messrs. Sachs & Heller completely ignore an agreement not only signed by them, but which was the offspring of their own proposition.

The Messrs. White and Goldsmith are old residents of this state. They occupy a leading position in the mercantile community here, and their universal reputation for fair and square dealing is sufficient to convince us that they would advance no claim not fully sustained by justice, nor sign an agreement which they would not consider their solemn duty to live up to. We but echo the wishes of this community in hoping, that these gentlemen will be rewarded the full amount of their claim.
