MOTHERS! MOTHERS!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of **MRS. WINSLOW'S SOOTHING SYRUP**. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief to the child, in the most extraordinary manner. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

A Good Thing.

There is a special prescription of Dr. A. B. Wood, a celebrated German chemist, and acknowledged to be one of the most valuable discoveries in medicine. It quickly cures Coughs, Cold and all Lung troubles of the most severe nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is just an experimental medicine, but has stood the test of years, giving satisfaction in every case, which it rapidly increasing sale every season confirms. Two million bottles sold annually. Because of medicines of similar names, lately introduced, Dr. Wood's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 25 cents. Sample bottle, 10 cents.
