Arrested for Rape.

On Monday last in Lost Valley precinct, Wm. Griffith was arrested on a charge of rape, committed on the person of Mary Luckey several weeks since. A preliminary examination was had before Justice Humphrey of that precinct, Tuesday, Mr. Geo. B. Dorris appearing for the prosecution, when facts were developed sufficiently strong to warrant his binding over under bonds of \$750 to await the action of the grand jury at the next circuit court. Not being able to give the required bonds he was brought here and placed in jail. There is a feature about this case. The outraged female is a person of no mind whatever, simple and childlike, although a woman of 31 years of age; in giving evidence she did not seem to be aware of her situation and the crime that had been committed upon her. It is thought that she is eccentric. The person who is charged with committing the worse than brutish deed is about 60 years of age, and has a large family, some of them grown up. His head is white with the effect of years. The women of the neighborhood were justly indignant and freely made threats of hanging the white headed old sinner.

FIRE AT PORTLAND.—A row of wooden shanties in Portland burnt down Tuesday morning. Loss about \$5000. The Telegram says: For a while the fire proved very obstinate, as it appeared to have run under the roof and was very hard to get at. Added to this was the defective hose. Yet never did firemen work harder or expose themselves to more danger. Victor Behrens, the second assistant foreman of Number Four, came near losing his life through his zeal to save property. While rushing into the building to endeavor to get a stream into the burning roof, his foot caught in a hole in the floor and he was thrown against the fire. His right arm and breast and the side of his face were very severely burned. He was rescued promptly, and is now lying in Number Four's house as comfortable as he can be under the circumstances.

UNIVERSITY OF OREGON.—We have received the catalogue of the University of Oregon for 1881. From it we learn that for the year just closed the students in the Collegiate Department numbered 114; in the English Preparatory Department, 72; total number in attendance, 186. The next school year will begin September 12th, 1881. Those wishing catalogues may obtain them of J. J. Walton, Secretary Board of Regents, J. W. Johnson, President of Faculty, or John Eugene City, Oregon.

HOUSE BURNED.—On Saturday the 18th inst., the house of J. H. Shortridge, about five miles above Cottage Grove, was destroyed by fire. No one was at home at the time but his daughter, a young lady about 18 years old. She got some of the furniture out of the house, but the most of it caught fire from the house and burned, so that everything in the house is almost a total loss. The loss is probably \$1200 to \$1500. No insurance.

WANTED.—A good steady boy, 16 years of age, wants employment on a farm. Inquire at this office.

Those in the vicinity of Waltherville expect to spend their Fourth at Eugene City.

Barney Woods and family have come back to their old residence. He says he has had enough of the Palouse.

There will be a basket picnic at the grove west of Geo Millican's on Saturday, June 25th. The exercises which will consist of songs, declamations, recitations and music will be delivered by the scholars of Miss Babb's and Miss Wilcox' schools. The weather permitting, it promises to be a grand affair. A cordial invitation extended to all.
ENOCH.

Prolific.

Wednesday's dispatches contain the following item, dated Nashville, June 21: "An authentic account is received of the birth in Jackson county in this state of seven children at one birth. They were delivered at a distance from ten minutes to five hours. All were girls weighing from four to five pounds each, and all healthy and well developed. The physician was greatly excited and the people for miles around flocked around to see the woman and her babies. The husband is small and thin; the wife strong and healthy."

A Card of Thanks.

Words are truly inadequate to convey my heartfelt gratitude to the many kind and sympathizing friends, during the sudden calamity which had befallen me away from home; and especially to Mr. Robinson, Mr. Niehoff and Mr. Lauer do I extend my grateful acknowledgments. I shall ever remember the many favors bestowed in my own dear home.

Yours with grateful remembrance,
HARVEY HUFF.

Vote of Thanks.

The following letter explains itself:
EUGENE CITY, JUNE 18th, 1881.
MESSRS. CAMPBELL BROS.—Gentlemen: I have the pleasure to inform you that the Faculty of the University of the State of Oregon hereby tender to you a vote of thanks for the seat and elegant manner in which you printed the commencement programmes.
Very respectfully yours,
JOHN STRAUB, Secretary Faculty.

Notice.

Remember that the time for the colt show for the prize offered by me is the second Saturday in July, viz: July 9, 1881, at 2 o'clock P. M., in Eugene City.

The colt show for 1882 for prizes offered, will be the 2d Saturday in July, in place of June, as advertised.

Dorris is sole agent for Lane county, excepting Junction City. Go and get one for trial. Read his advertisement with testimonials in another column.

HORSE DROWNED.—While crossing the Mohawk at the lower ford with a load of shingles, Wednesday, Mr. Whetmore had the misfortune to have his team washed off into deep water drowning both horses, himself escaping with difficulty. The wagon with its load was washed under a drift a short distance below the ford and it is thought it can be recovered.

MORE ATTRACTIONS.—The I. X. L. Store with its usual enterprise and liberality has decided to offer a few prizes for the Fourth. There will be a Ladies race, a Fat-mans race, a wheelbarrow race, climbing a greased pole, sack race and girls foot race for each of which a prize is offered. For further particulars see their advertisement in another column.

RETURNED.—Frank and Lewis Belshaw have returned from the John Day Valley, Grant county, where they have been for nearly a year past. They brought back the band of horses which they took up there with them. They say that the grass is eaten out, and that the last winter was hard on stock.

ANOTHER MURDER.—On the 14th inst., near Wawawai, five miles above Alameda, in a dispute over a land claim, Wash Offield shot and killed Matthew Montgomery. The Offields, father and son were engaged pulling down Montgomery's fence.

KILLED.—A nephew of Rev I. D. Driver met with an accident at Antelope, Wasco county, last week, that caused his death. He was engaged shearing sheep when the shears were kicked into his side by a sheep with a fatal result.

STATE FAIR.—We acknowledge the receipt of a complimentary ticket to the 21st Annual Fair of the Oregon State Agricultural Society, commencing June 29th, and closing July 6th.

WENT TO HARRISBURG.—Mr M. S. Wallis has gone to Harrisburg to accept a leading position in Smith's store. The reports that his business is connected with the Copia Hotel are false.

WANTED.—A good steady boy, 16 years of age, wants employment on a farm. Inquire at this office.

Glass Ball Shooting.

The Executive Committee on Fourth of July celebration has appropriated a small amount for prizes for Glass Ball shooting on the Fourth under the auspices of the Sportsman's Club. The grounds will probably be near the grove back of the mill. An entrance fee of 50 cents for each contestant will be charged. Distance 18 yards, rotary trap, each contestant to shoot at 7 balls. The following cash prizes will be awarded:

First prize—\$5;
Second prize—\$3;

Sixth prize—\$0.50.

The shooting will commence at 2 o'clock in the afternoon. Judges will be announced next week.

THE EAST SIDE RACES.—Says the Portland Telegram: The races which were reported to take place on the Fourth, over the east side track have been postponed until July 26th, at which time a large number of horses will be in attendance. Horsemen concluded it would be best to attend the races at the Salem Fair ground inasmuch as there would be many there, from different parts of the State, attracted by other features of the occasion, who would not attend the races here. By the time the races are held on the east side track everything will be in splendid order. The track will be put in good condition and all other appointments connected with it will be improved. Those who attend may reasonably anticipate a large gathering of the people and a lively time generally.

COAL MINE.—We understand that twelve of the citizens of Junction City have formed a company and sent four men to prospect the coal mine, recently discovered some 30 miles west of that city. The vein is about 5 feet thick. A test of the coal has been made, and is pronounced to be the very best anthracite coal. We wish the gentlemen every possible success in their venture.

BURGLARY.—The Eugene Brewery was broken into Friday night, June 17th, and about \$25 in coin stolen. The burglar had bored through the panel of the back door, making an aperture that the hand could enter to manipulate the lock. A negro who has been stopping around here left the next day and is suspected of the burglary although there is no proof of his guilt.

COMET.—A fine comet is now visible low down in the northern skies after 9:30 at night. It is very luminous and brilliant at 2:30 A. M., appearing then well up in the northeastern heavens. It is supposed to be Swift's comet, which was discovered a few weeks since by Prof. Lewis Swift, of the Rochester (N. Y.) Observatory.

NEW PAPER.—We have received the initial number of the Wasco County Sun, owned and edited by Messrs T. M. Draper and Fred Flood. It is a neat, new Democratic journal and should have the support of every Democrat in Wasco county. Success.

BEER! BEER!—Jas McClaren now keeps the celebrated Weinhard beer on draught keeping it in a close chamber covered with ice. It is splendid, as those who have sampled it can testify.

CLOSED BY CREDITORS.—The store of P. A. Kennedy at Springfield has been closed by Portland creditors. The liabilities are small, and it is hoped he may resume business.

PLUG UGLIES.—We understand that a genuine band of Plug Uglies will parade the streets the afternoon of the Fourth of July. A company has been formed for that purpose.

HOPS.—The hop yards throughout the county are looking splendid and promise an abundant yield.
