

CITY AND COUNTY

BRIEF MENTION.

A heavy rain Thursday night. Go to Goldsmith's for groceries. Goldsmith keeps the best cigars. Y. F. Castleman, of Portland, is in town. Geo. Fletcher has returned from Salem. Col. I. R. Moores was in the city Friday. Blackberries cheap; only 25 cents per gallon. Job work a specialty at the GUARD office. New styles ladies visiting cards at the GUARD office. If you wish to buy goods cheap call at S. H. Friendly's. Call and see that large stock of goods for sale at Friendly's. Coroner Ream had a job acting as sheriff one day this week. Henry Owens went to Portland this week to attend the races. Goldsmith keeps the best line of groceries, and sells them cheap. Now is the time to deliver wood promised this office on subscriptions. Regular meeting Eugene Hook and Lad. ar company, Monday evening. M. S. Wallis came up from Harrisburg for a stay of a couple of days this week. Why pay traveling dentists to practice on you? Go to Davis; get good work. Something new—lace kid gloves at S. H. Friendly's. Call and examine them. Cash paid for CHICKENS, HIDES, TALLOW and BEES-WAX at a Goldsmith's. Mr. Stansbery is building a neat residence at the corner of Tenth and Pearl streets. S. H. Friendly sells cheap for cash boots, shoes, clothing, hats, caps, fancy goods, etc. The Misses Comegys have gone to Pendleton, which place they will make their home. Dr. H. E. Jones and H. W. Monasters, with families, of Portland, are rusticating along the McKenzie. Mr. Fred Kinsey has gone to Seattle, where he intends starting a sash and door factory. The GUARD is the best advertising medium in Lane county. It has the largest circulation. A large lot of mile-end Clark's spool cotton on sale at T. G. Hendricks in lots to suit purchasers. Mr. Geo. W. Kinsey has several new hacks and buggies, which he will sell very cheap. See advertisement. Mr. Meyer Rosenblatt, a well known former resident of this city, spent several days here this week. T. Jeff Smith and Johnny Kelly, of Portland, are sojourning at the McKenniesprings. Jeff is as emaciated as usual. Mr. S. H. Friendly will pay the highest cash market price for wheat. Give him a call before selling your grain elsewhere. Frank Lawson of the U. S. Coast and Geodetic Survey, was here one day this week, ascertaining the variation of the magnetic needle. Frank Rankin, the photographer, will move into his new quarters about the 1st of August, where he will still turn out the best of work in his line. "Our State University," will be Mr. McLafferty's topic at the Baptist Church at 5 o'clock Sunday evening. The citizens of Eugene are specially invited. I have seen considerable dentistry done by Dr. L. M. Davis for the last 3 years, and I consider him a good dentist. L. S. SKIPP. Salem, July 28, 1881. Business men should not forget that blank notes, bill-heads, statements, letter heads, and every description of commercial printing are neatly and promptly executed at the GUARD office. The nightwatch has arrested several cows this week, that offended the city laws by staying out over night. The City Fathers are determined that their famous cow law shall be enforced. Mr. John Cran, one of Portland's leading merchants, spent several days at the McKennies last week in pursuit of the trout. He expressed himself as well pleased with the scenery and sport along the river. D. Hyman is still engaged in buying hides, furs, tallow, etc., paying therefor the highest cash market price. He may always be found at the store of T. G. Hendricks. See his new advertisement in this issue. Prof. J. M. Garrison has been engaged this week in giving a course of lessons in penmanship, to the teachers of Lane county. We are informed that the class made great improvement, both in theoretical knowledge and practice. S. Rosenblatt & Co. have dissolved partnership, Mr. S. Rosenblatt retiring from the firm. The business in the future will be conducted by Mr. G. Bettman, than whom there is no more energetic business man in the city. We wish him success. Elder S. Monroe Hubbard will preach at Christian Church, next Sunday, morning and evening. Sunday School at 10 A. M. All are invited to attend. Evening subject, "The assassin of President Garfield, a type of American character."

Mendelssohn Quintette Club.

The Mendelssohn Quintette Concert Club of Boston, whose record of more than 30 years of successive triumphs is known to lovers of music throughout the land will give one of their musical concerts at the M. E. Church in this place, Wednesday, August 3d. It is only necessary to print the following from Dwight's Journal of Music, to show their high estimation in the East: "The musical event of the season,—at least so far as sentiment, artistic unity and completeness, selectness and novelty may be regarded,—came off in a way that more than realized expectation, at the Melodeon, on Monday night in Boston. It was a pure festival of Art. A beautiful, sincere, German enthusiasm inspired it and adorned it." A full house should greet them, as all who love music should be present. Tickets for reserved seats can be secured at Crain Bros Music store.

Paid our Town a Visit.

On Wednesday last Lakeview was favored with a visit from that sterling Democrat, and honored citizen, ex-Governor John Whiteaker. The governor looks remarkably well, and is apparently enjoying the best of health. He has been for some time visiting friends and relatives in Summer Lake valley, and will probably not return to his home in Eugene City until September. There is a strong probability that the Democrats will make "Honest John" their candidate for governor in the coming election, and we are certain that the responsibilities of that high office could not be bestowed upon one more worthy to assume them.—Lakeview Examiner.

Married.

At the residence of J. W. Haases, Eugene City, Oregon, July 24th, 1881, by Rev. S. Monroe Hubbard, Mr. J. W. Hanson to Miss Nellie Young. At the residence of the bride's father, Eugene City, Or., July 26th, 1881, by Rev. S. Monroe Hubbard, Mr. Charles W. Beals, of Pendleton, to Miss Sarah J. Brown.

BARGE LINE.

Talk of Establishing an Independent System on the Willamette.

The remarks of Senator Grover on the feasibility of barge line transportation on the Columbia has directed the attention of capitalists in this direction, and it was rumored on the streets last Saturday that a number of prominent gentlemen had met Friday evening to discuss the scheme of transporting grain in bulk from Harrisburg and Eugene to the docks here. The river between these points is not navigable at all seasons of the year even to the lightest boats; but it is proposed to establish warehouses at these points and stow the grain in readiness for a tow-boat rise. When this comes along the grain will be run into the barges by means of chutes, and tags will then transport it to the city. Prominent boating men who were present at the meeting, which was held at the Holtou House, consider the scheme exceedingly practicable. They say that the coal of Pennsylvania is taken down the Ohio in the same manner. A rise, if taken advantage of in this way, would float all the wheat in the valley to this point, and transportation would necessarily be cheap, for one tug could bring down as much wheat as would load three or four ships. The locks at Oregon City would present no serious obstacles to the success of the scheme, as the water is always deep enough between this city and that point to admit of transportation and hence delay in getting past the falls would be of no consequence.—Portland Telegram.

Cottage Grove Items.

[FROM OUR SPECIAL CORRESPONDENT.] COTTAGE GROVE, July 25, 1881. The measles are prevalent in this vicinity. Sam Vetch has gone into the butcher business. Hamilton Wallace is putting up a brick kiln near Robert Cochran's. The hotel is blessed with a Chinaman, which is an credit to our town. Haying is the principal occupation of the farmers just now. They are having fine weather for it, although very warm. Horace and Jerome Knox have been visiting their old haunts, and ridding the fields of the young grouse, of which they killed nearly a hundred. Harvey M. Wallace and Elizabeth E. Medley, were married at the residence of the bride's father, on the 3d inst.; by Rev. J. Hierich of Roseburg. On Sunday, the 16th inst, Uncle Billy Curran killed two cougars that have been killing sheep in the neighborhood. He killed a large bear a short time before. Our place will soon have two new buildings. Dr. Anderson is building an office, and Harvey Hazleton a shop, which Harvey is building so as to have the benefit of the water power.

APEX.

DROWNING AT SALEM.—On Saturday evening last a party of gentlemen went bathing in the river at Salem and one of them, Mr. A. Ambuster, being beyond his depth and being unable to swim was drowned. The accident occurred at the mouth of South Mill creek, where the channel had been deepened for the passage of steamers landing at the flouring mills. Mr. Ambuster was a salesman in the employ of J. M. Rosenberg & Co., who immediately offered \$100 for the recovery of the body. Search was kept up nearly all night and recovered early on Sunday but the remains were not recovered until 3 o'clock in the afternoon. Deceased was a German by birth and had lived only a short time in the city, and about 20 years of age, and has parents residing in Germany.

CAUGHT.

Last week an individual feloniously entered the cabin of a logging camp above Cottage Grove, and took therefrom two suits of clothing, some coin, and pension papers. The owner of the pension papers, a Mr. Gray, immediately took steps to secure the arrest of the guilty party, which was done in this city Sunday, the culprit being caught wearing one of the stolen suits. On Monday he was brought before J. B. Alexander, J. P., giving his name as Frank Marsh and waiving a preliminary examination he was bound over to await the action of the next Grand Jury, the bonds being placed at \$200, which, failing to give, he was committed to jail. It is said that he has but recently been an inmate of the Oregon state penitentiary.

REMOVALS.

Mr. Bausch, the shoemaker, has moved his shop into the building formerly occupied by Mr. Ellison. Chas. Johnson is fitting up the building formerly occupied by D. Hyman; when completed he will move his restaurant into it. The buildings vacated will be torn down to make room for the new brick building soon to be built by Abrams Bros.

FOR THE SEA COAST.—Mr and Mrs S. H. Friendly and Miss Adler, left Thursday for Clatsop Beach, on the sea coast. Mr. Friendly will be gone but a short time, while his family proposes staying there for a couple of months. Their many friends hope Mrs. Friendly's health will be restored by the change of climate.

BERGLEY AT HARRISBURG.

On Monday evening burglars entered the house of Mr. Dennis Sullivan at Harrisburg. They succeeded in securing a gold watch belonging to Mr. S. and also a pair of pantaloons belonging to a guest, a namesake of the proprietor, in the pocket of which was \$300.

GOOD FISHING.

The fishing party consisting of B. C. Van Houten, E. J. McClanahan, D. E. Rice and J. R. Campbell, returned Saturday. They report having had a good time, catching over 500 fish.

FURNISHED BAIL.

Wm. Griffith, who has been confined in the county jail under a charge of rape has given the required bonds, and been set at liberty.

The University.

Pursuant to the call quite a number of citizens met at the Court House last Saturday evening to devise ways and means to extinguish the claims that are held against the University building. Dr. A. Sharples was elected chairman and Prof. John Straub secretary. Hon. J. M. Thompson made a statement showing how the present condition of affairs was brought about. The indebtedness was stated at \$7,500, which amount must be raised by the citizens of Lane county. A committee to collect and pay out all money subscribed was appointed, said committee consisting of Messrs. Chas. Lauer, Allen Bond, and Gen. Armitage. Committees to solicit subscriptions were appointed for the several sections of the county. It was resolved that no subscription be made binding until the entire amount be subscribed by responsible parties. The public are assured that with this amount raised, the University is absolutely free from debt. It is to be hoped that our citizens will promptly respond with substantial subscriptions, to the calls made upon them by the canvassers.

Crop Prospects.

Never have the prospects for a bountiful crop in Lane county been better than at present, notwithstanding the crisis of some who are alarmed about rust. Within the past week we have covered with reliable men from every section of the county where wheat is grown, and have been assured that the yield and quality will be excellent. The heads are large and well filled, while the straw is of good length. The report that the rust will injure the crops near Irving, considerably, are we informed by a gentleman living near there, to be unfounded; true there is some rust on the leaves, but that very seldom fails to appear on late sown grain. The crop is far enough advanced so that the yield cannot be materially affected from that cause. Fall and winter sows, especially where the ground has been summer fallowed, appear to be the best. We do not think we overstate when we say that Lane county will have 1,000,000 bushels surplus this fall.

Dexter Items.

Dexter, July 24th, 1881. News items are like "angel visits." Crops are good, and farmers are very busy securing the same. Williams Bros. have about finished their logging contract. A large number of persons are testing the virtue of the water at Kitson's springs. Uncle Billy Luckey was thrown from a load of hay a few days since, and badly hurt but it is hoped not seriously.

Lower Siuslaw.

Capt. Cox expects to catch and salt a large quantity of salmon on the Siuslaw this year. The fall run of salmon is expected to commence on the Siuslaw about the 1st of next month. Mr. Moody reports that the Siuslaw is settling up rapidly. There are several good claims above tide water still unclaimed. Mr. M. says there are several hundred good good claims vacant.

TAKE NOTICE.

Having bought the merchandise of S. Rosenblatt & Co., and contemplating removing the same next Monday to the building adjoining the hardware store until the old building is repaired and to save further cost and expense of removing afterward, I will offer the entire stock at half its actual cost price. This is no humbug, as you can call and see for yourself. G. BETTMAN. Eugene City, July 30, 1881.

Died.

In Siuslaw, July 11th, 1881, of cholera infantum, Elsie Dall Myrtle, youngest child of F. M. and Abby Nighwander, aged 2 years and 5 months. A sleep in Jesus, blessed sleep. From which came a very wake to weep; A calm and undisturbed repose, Unbroken by the least of foes.

NEW MIXES.

From a letter received here from Prineville, we learn that a quartz ledge that prospects well has been discovered on McRie creek. The ledge, which is quite extensive, has been surveyed and located for a distance of five miles. Placer mines were also discovered in the vicinity, prospecting 100 to 200 colors to the pass. Thirty claims had been taken at the date of our informant's writing.

SUBSCRIBERS CALLED IN.

The four parties who have been engaged on the route of the proposed extension of the O & C. R. R. in Southern Oregon have been called in.

DEEDS.

The Hook and Ladder company were out for a drill Wednesday evening under the supervision of the Foreman, C. Marx. The boys were practiced in climbing ladders.

BEHOLD.—To the wife of T. G. Hendricks, Sunday July 24th, a daughter.

Lumber! Lumber!

J. B. Shinghart has been appointed agent at the Shinghart Mill Co. He can offer better figures for lumber than ever before. All kinds of building lumber delivered on short notice and at very low figures. Don't fail to see Shinghart before ordering elsewhere. We propose to sell lumber, and don't forget it.

Telegraphic.

WASHINGTON, July 23.—At seven this morning the president showed the usual morning symptoms of recovery, but at about eight o'clock was attacked with something like a chill. He shook all over and his muscles became rigid with what surgeons call a "rigor." This chilly shaking sensation lasted until 9 o'clock when fever set in and rose rapidly. His pulse went up to 130, and temperature above 101. In an hour or so the fever declined some. The doctors are not able to define the cause of the change. The flow of pus from the wound stopped this morning and surgeons say that this may have caused the change in the president's condition. A longer drainage tube was substituted and the doctors pressed on the stomach and bowels, but very little pus exuded. Whether this means that the wound is healing, between where the ball is and the mouth of the wound, or that an abscess is forming, is not yet known.

Dr. Bliss during the course of conversation in relation to the operation which was performed on the president this morning said that during his examination yesterday he discovered that a slight sack or pus cavity had formed immediately at the turn in the track and at once decided that the proper thing to do was to make an incision which would straighten the track and permit the pus to discharge more freely. It was determined, however, that before performing the operation it would be best to notify consulting surgeons and request their attendance, which was done forthwith. Formation of a pus cavity, the doctor says, is a very ordinary occurrence in similar instances. The counter opening is about three inches below the wound. It was necessary to cut to the depth of about one inch before the connection with the original wound was complete; A local anæsthesia was administered, covering a member of the parts operated on, which obviated the experiencing of any pain. Shortly after the operation the president partook of nourishment with a relish and expressed himself as feeling much relieved by the operation.

CHICAGO, July 23.—The Times has voluminous reports from the entire northwest which are fully synopsized in its head lines: "A certainty that the wheat crops of the west will be far below the average yield." "In Illinois Iowa, and Indiana poorer than for many years." "Brighter outlook in Minnesota and Dakota and far western states." "Extensive reports concerning the army worm and the damage it is doing." "Cheering news from the great corn fields of Illinois and the oat harvest."

WASHINGTON, July 24.—A telegram was received at the state department to-day from the United States Minister to China announcing the ratification of the two treaties between the United States and China, exchanged at Peking, July 14th.

WASHINGTON, July 25.—Another operation was performed on the president by Dr. Agnew this morning and a piece of the fractured eleventh rib, and one or two small pieces of the splintered bone cut Saturday. Unfavorable symptoms last night and this morning are said by doctors to be due to irritation by particles of bone in the wound.

ST. LOUIS, July 26.—Governor Crittenden in conversation with your reporter last night regarding the death of Judge Clifford of the supreme bench, stated that some time ago when he (Crittenden) was in Washington, Judge Clifford told him that he had prepared a complete and detailed history of the proceedings of the electoral commission of which he was a member, and that it would be published after his death, unless his wife (who was custodian of the manuscript) should otherwise decide, and that its publication would create a sensation.
