

The Promotee

Commenting upon the class of Mor-mons which are coming into Utah this year, Bill Nye says: To all appearances, the stock of nihilists and foreign vaga-bonds is considerably reduced, and this year the prevailing style of imported Mormonism will be trichina impregnated variety, left over from last year's round-up. Those who passed through yester-day were in a dangerous condition, and nothing but the pure bracing air of the Jordan and a liberal dose of salt-petre can get them through the summer. When they got here, their trainer took the hose and turned it on the cages to purify the air a little, and then he let some of the more docile ones out for exercise, but there were some women in the rear car that the railroad authori-ties would not allow at large for fear they would scare the engines off the track. One type of the promotee Mor-mon is a man with three overcoats, and a pair of wooden shoes on, and a wool-en lap-robe tied in a jaunty style around his neck. Most of them are afraid they will take cold. Their fears about tak-ing a bath seems to be equally notice-able. Bigamy, trigamy or polygamy can have no repulsive features for such people. Judging from their appear-ance no horror could shock them unless it be a chunk of castle soap and fresh air. It is said that Mormonism is an abnormal growth upon our free institu-tions. This is true. It is a fungus growth like toadstool above the ruin of an old hen ranch. It rises into the sun-light of freedom and towers toward the clear blue sky like a sore toe in a gale of wind. It attaches itself to the life-giving institutions of America and hangs upon it like freckles on the brow of beauty, or an egg daddo on a white vest. We boast of the rights of free-born American citizens, and yet we allow the old dead horse of Mormonism to lie around among our young and growing territories till the pioneers of civilization have to wear patent clothes pins on their noses all summer while they make the desert bloom like the rose.

Seizure by cremation is rarely committed by any one unless the person is entirely be-ruled of reason, and the few instances on record are those of religiously insane or maniacs. An old Captain, William James Whitlock, formerly of the Sixty-second Regiment, liv-ing near Bristol, lost an only son at Can-da-har, since which his mind became depressed, but not to such a degree as to cause uncom-monness to his servants. In the latter part of last month the household's attention was at-tracted during the night to a burning pile of faggots in the back yard, and the Cap-tain was discovered lying on top of the pile. His body was recovered in a dreadfully charred condition.

Will certainly furnish health to all who use them, as by this process, purely philosophical, Coffee is made in TWO MINUTES, extract-ing only the strength and rich aroma, leaving the NICOTINE and INSOLUBLE portion of the berry in the filter.

PORTLAND, Oregon, April, 1881.

TO WHOM IT MAY CONCERN:
After a thorough test of the BOSS COFFEE POT, we the undersigned endorse it as saving at least fifty per cent over any other method we have ever seen. Besides saving eggs, it produces coffee as clear as wine in one minute, which is much stronger and has a more deli-cious flavor than coffee made by any other process:

August Flower.
The immense sale and great popularity of Green's August Flower in all towns and vil-lages in the civilized world has caused many imitators to adopt similar names, expecting to reap a harvest for themselves at the expense of the afflicted. This Medicine was introduced in 1868, and for the cure of Dyspepsia, and Liver Complaint, with their effects, such as Sour Stomach, Constipation, Sick Stomach, Bile Headache, Indigestion, Palpitation of the Heart, vertigo, etc., it never has failed to our knowledge. These doses will relieve any case of Dyspepsia. Three million bottles sold last year. Price 75 cents. Samples 10 cents.

Sarsaparilla
Is a compound of the virtues of sarsaparil-la, stillingia, mandrake, yellow dock, with the iodide of potash and iron, all powerful blood-making, blood-cleansing, and life-sus-taining elements. It is the purest, safest, and most effectual alternative medicine known or available to the public. The sci-ences of medicine and chemistry have never produced so valuable a remedy, nor one so potent to cure all diseases resulting from impure blood. It cures Scrofula and all scrofulous diseases, Erysipelas, Boils, or St. Anthony's Fire, Pimples and Face-grubs, Pustules, Blotches, Bolls, Tumors, Tetter, Humors, Salt Rheum, Scald-head, Ring-worm, Ulcers, Sores, Rheumatism, Mercurial Disease, Neuralgia, Female Weak-nesses and Irregularities, Jaundice, Affections of the Liver, Dyspepsia, Emaciation, and General Debility.

By its searching and cleansing qualities it purges out the foul corruptions which contaminate the blood and cause derange-ment and decay. It stimulates and enlivens the vital functions, promotes energy and strength, restores and preserves health, and infuses new life and vigor throughout the whole system. No sufferer from any dis-ease which arises from impurity of the blood need despair who will give AYER'S SARSAPARILLA a fair trial.

It is folly to experiment with the num-erous low-priced mixtures of cheap materials, and without medicinal virtues, offered as blood-purifiers, while disease becomes more firmly seated. AYER'S SARSAPARILLA is a medicine of such concentrated curative power, that it is by far the best, cheapest, and most reliable blood-purifier known. Physicians know its composition, and pre-scribe it. It has been widely used for forty years, and has won the unqualified con-fidence of millions whom it has benefited.
