

CITY AND COUNTY

BRIEF MENTION.

Cool mornings. Mechanics all busy. Regular Fall weather. Drummers are numerous. County court next Monday. For good dentistry go to Davis. Go to Goldsmith's for groceries. Goldsmith keeps the best cigars. Watermelons are in the market. Job work a speciality at the GUARD office. Hop picking has commenced. The yield is good. Large quantities of wheat are being hauled into town. Peaches are sold by our farmers at \$2 50 per bushel. Fall goods for Mr S H Friendly have begun to arrive. New styles ladies visiting cards at the GUARD office. Geo Fletcher is now mixing the "fluid" at Hayes' "store." If you wish to buy goods cheap call at S H Friendly's. Call and see that large stock of goods for sale at Friendly's. Goldsmith keeps the best line of groceries, and sells them cheap. Eugene Hook & Laddler Co No 1 meets next Monday evening. The outside work on the residence of Mr A G Hovey is completed. Fred Flood has retired from the Wasco Sun on account of ill health. Choice city lots for sale. Apply to Mrs John D Kinsey, for particulars. Four new barns have recently gone up in the northwestern part of town. The brick work on Abrams' new building will be about completed to-day. F A Rankin is giving special attention to everything in the photograph line. Something new—lace kid gloves at S. H. Friendly's. Call and examine them. We were shown a ripe strawberry on the vines, by Master Brantly, yesterday. Cash paid for CHICKENS, HIDES, TALLOW and BEES-WAX at A Goldsmith's. S H Friendly sells cheap for cash boots, shoes clothing, hats, caps fancy goods, etc. A slight fisticuff one day this week disturbed the quietude of our city for a short time. Mrs Skinner's private school, at her residence, will commence Sept 12th. Patronage solicited. The GUARD is the best advertising medium in Lane county. It has the largest circulation. A large lot of mile-end Clark's spool cotton on sale at T G Hendrick's in lots to suit purchasers. Mr Geo. W. Kinsey has several new hacks and buggies, which he will sell very cheap. Sea advertisement. A torpid liver has to wake up and attend to business when King of the Blood gets into the circulation. Since the Rosenblatt building has received the last coat of paint, it has vastly improved that building in appearance. Mr S H Friendly will pay the highest cash market price for wheat. Give him a call before selling your grain elsewhere. Elder S. Monroe Hubbard will preach at Christian Church, next Sunday, morning and evening. Sunday School at 10 A. M. All are invited. Wonder of wonders! says the Dallas Itemizer, we learn that Col. Hawkins, of Tennessee, has gone to work in the harvest field in Washington county. One of the hands on the Springfield bridge fell from the false work, a distance of about 25 feet one day this week but alighting in the river escaped harm. Ayer's Ague Cure should be in every household where Fever and Ague prevail. It should be taken as a preventive by every resident and traveler in malarial districts. Business men should not forget that blank notes, bill-heads, statements, letter-heads, and every description of commercial printing are neatly and promptly executed at the GUARD office. A man was arrested Tuesday evening on suspicion of being a man who answered somewhat the description of one of the parties who broke jail at Albany, Sunday, but he soon proved to the satisfaction of the sheriff that he was not the party wanted, and was liberated. Gov Whiteaker and family left Summer lake for their home in Lane county last Sunday. Everyone enjoyed the acquaintance and society of the Governor and family very much, especially the young men of this community, as there are two fascinating young ladies who enter largely into the composition of that interesting family, in the estimation of the said young men, and the writer cannot help agreeing with them (the young men).—Lakeview Examiner.

Should be Paid.

We learn that one worthy person has failed to receive pay for work done on the University building, although not the fault of the University Association or anyone here, yet it seems to us that the bill should be met in some way. We refer to a claim of \$280 still due the estate of Daniel Norris by Bowker and McAlexander, for work done as sub-contractor. We understand that Mr F B Dunn, who purchased the claim of Mr McAlexander will donate the sum of \$50 for that object. Mrs Norris is deserving and in need of the amount due the estate, and we would be glad to see some of our public-hearted citizens take the subject matter in hand and try and raise the amount. To MILLIKEN.—Old type for rabbit meta for sale at this office.

FINE MONUMENT. As we were making our rounds this week for local items, we happened in the marble factory of Mr P H Farrell, in this city, and were surprised to see the amount of work he had on hand. One monument in particular attracted our attention, that of the late James Goodchild, which shows beyond doubt that Mr Farrell is the equal, if not the superior of any marble cutter in our State. The following is a short description of the monument. The stone foundation is two feet square and weighs 1000 pounds, the marble base is 18 inches square, the die 14 inches square and the shaft 10 inches square, while the height of the whole structure measures over 8 feet, and is of the best Italian marble. The name "Goodchild" is cut in raised letters on the base, while the time of birth, death, etc, is lettered on the die, in good style. All who delight to see fine work should call at Mr Farrell's shop and take a look at this fine piece of workmanship. PLEASANT HILL ITEMS. August 30, 1881. More rain, more rest. Uncle Caleb Davis has been quite sick. Miss Edith Ashley is at present visiting friends here. Messrs J H and S E Bristow have finished threshing their crop, having about 1300 bushels of wheat. Some party or parties amused themselves by throwing some iron taps into the cylinder of Matlock's machine, one day this week, much to the disgust of Joe. One day this week while E J and Harrison Bristow were out hunting cattle their dogs trod two wild cats, and having no gun with them, E J held them at bay while Harrison went after a gun, and returned and killed them. YUM. OREGON PACIFIC RAILROAD.—Those who have refused to rest assured that the Oregon Pacific Railroad would be built have to acknowledge that now not a doubt remains. The firm of Kwong Mow Co., in this city, has contracted to furnish 500 Chinese laborers, and they are now being moved to points along the line of the proposed road between Corvallis and Yaquina Bay. The services of Col Isaac W Smith, late chief engineer of the Northern Pacific railroad, has been secured, and he will enter on his duties on the 1st of September. On the 5th of September work will commence all along the line and will be prosecuted as rapidly as the weather will permit until it is completed.—Albany Democrat. STATE UNIVERSITY.—The Oregon State University commences its sixth collegiate year Monday, Sept 12th, with fair prospects and with every indication that the ensuing year will be the most successful in the history of the University. This institution has gained the well earned reputation of requiring thorough preparation and study from its students. The professors are able and conscientious educators, and display a zeal for the good name and reputation of the University that will assuredly advance its excellence. TEACHER SECURED.—Miss Mary C Hill of Salem, formerly of Eugene, and a lady of eight years experience in teaching, has been secured as Miss Crites' successor in the East Portland schools. Her acquaintances speak of her as teacher of more than ordinary ability, and an amiable lady. She will, perhaps, continue to reside here permanently after the conclusion of her present engagement. We congratulate the directors upon their success in securing the services of so popular an educator as Miss Hill.—Portland Telegram. FOR EASTERN OREGON.—General Ankeny and Dr Chas. Whiteaker started on Wednesday morning for the Dalles, from which point they will make a tour of the eastern part of the state, making selection of swamp lands on their route. The General has so far recovered from his injury as to be able to rest his foot on the ground in walking, he is still compelled to rely for support upon his crutches.—Lakeview Examiner.

Summary of Assessment.

County Clerk Joel Ware kindly furnishes us with a summary of the assessment of Lane county, for the year 1881, made by that excellent officer, Mr J P McPherson, assessor: Acres of land, 361,358; total value, \$2,360,064; average value per acre, \$6.527. Railroad land, 55,977; value, \$15,155; average value per acre, 27 cents. Wagon road land, 31,564; value, \$12,026; value per acre, 40 cents. Town lots, value, \$382,433. Merchandise and implements, \$727,806. Money, notes, accounts; shares of stock, etc, \$1,098,840. Household furniture, carriages, watches, etc, \$213,780. Horses and mules, 5610; value, \$292,888. Cattle, 10,251; value, \$109,413. Sheep, 41,913; value, \$69,277. Swine, 7650; value, \$15,684. Gross value of property, \$5,298,419. Indebtedness, \$1,470,787. Exemptions, \$867,783. Total taxable property, \$3,457,849. No. of polls, 1345. Last year the total taxable property amounted to \$3,078,756, therefore it would seem as if we had made satisfactory progress, although the price of wheat was low last year. By this it seems we have gained \$379,093. The Yaquina Bay Railroad. We clip the following from the Philadelphia Ledger in relation to the Oregon Pacific Railroad, and hope that it may be substantiated by the building of the road at once: "The Oregon Pacific railway company expect to have 130 miles in operation by the beginning of next year, covering Boston, Linn, Polk, Marion and Lane counties which produce three-quarters of the Oregon wheat crop. The company will be an active rival of the Oregon Navigation company and is expected to reduce freight and passenger rates over fifty per cent. Steamers will run in connection with the road to San Francisco and barges on the Willamette river. The company will ultimately build to Boise City, Idaho, connecting with the Union Pacific."

VILLARD COMING.—It has been stated that Henry Villard, the great railroad magnate of the West, is to come to Oregon, but the time has not yet been definitely given. As there are so many interests centered in the movements of this distinguished citizen we have taken pains to ascertain what time he may be expected. We learn that he has ordered accommodations for himself and party on the steamer Columbia which sails from San Francisco on the 13th of September. This will bring him at Portland on the 15th. THE SUCCESSFUL APPLICANT.—Wednesday night the board by whom examinations for the cadetship were held, concluded their labors and selected Edward C Brooks, of Linkville, as best fitted for the place. Harvey S Jordan, of Molalla, Clackamas county, was selected as alternate. All the young men passed very creditable examinations. The successful applicant is a son of Mr Quincy A Brooks. Ed is well known here, having attended the State University last Winter. FINALLY SETTLED.—It is reported on what appears to be good authority that the terms of lease of the narrow gauge lines to the Villard party have been finally settled, and that the lease was finally consummated yesterday in New York. It had been supposed for several days that this contract was "off," but the contrary result is now understood to have been reached.—Oregonian. HARVEST.—The rain last week caused several days delay in harvest, and fell some grain to the ground, but not near as bad as was expected. None, however, will be so bad but what it can be cut. Monday it cleared up and all got to work again, and at this writing everything is in full blast. It will be at least two weeks before all are done. PUBLIC SCHOOLS.—The public school will commence September 12th, 1881, with the following corps of teachers: S P Lea, Principal; Mrs James Odell, Grammar; Miss Gertrude McLaflerty, Intermediate; Miss Augusta Patterson, First Primary; Miss Nettie McCornock, Second Primary; Miss Mae Uderwood, Third Primary. KILLED.—We find the following dispatch in the S F Chronicle, dated Portland, Aug 28: "A young son of J N Stocker of Drain station, Douglas county, was shot full in the face, by his brother, who was walking in advance, dragging his gun trigger, which caught in a bush. The boy lived but three hours."

INDIANS KILLED.—We are informed that the mail carrier on the McKenzie route in Wasco county, on his last trip discovered at Summit Prairie, the bodies of two Warm Spring Indians, who had been shot by some one, laying at the side of the road. The perpetrators of the deed are unknown. PURCHASED.—Mr Chas Baker, of the St Charles Hotel, has purchased the furniture belonging to Mr J M Prosk's restaurant, and rented the brick building. Mr B will use the upper story for lodgers, and close the lower part of the building. DIED.—Rev L N Starr, of the M E Church, died at Springfield last Tuesday, after an illness of about six weeks. His remains were taken to the Belknap settlement in Benton county, for interment. FOR THE EAST.—This morning Mr E P Geary leaves for Philadelphia. He will be absent about two years, intending to devote that time in the study of medicine. May success attend him, is our sincere wish. SENATOR GROVER.—An Eastern exchange says: Senator Grover, of Oregon, has arrived at Danville, New York, where his family have been sojourning during his absence in Oregon. WOOD WANTED.—Those who promised this office wood on subscription, are gently reminded that now is the time to deliver the same.

Personal.

Sam Goldsmith came up, from Portland yesterday. Andy Titus has returned from the McKenzie Springs. Geo S Washburne, of Junction, was in town one day this week. We understand that Mr H W Kaex has determined to locate at Dayton, W T. Messrs Wilkins, Shelton and Chapman and families, have returned from Yaquina Bay. Mr J Wortman, of Junction City, left for a short visit to Los Angeles, Cal., on August 31st. Col Henderson was on our streets again this week, being compelled to return home on account of the chills. Mr E O Newton, of the Literary Vidette, was in town one day this week looking after the interests of his journal. Messrs S and Jake Washburne have returned from San Francisco. They brought a large stock of goods with them. Mr S B Eakin and wife will leave about the 15th inst, for the East, on a visit, and will be absent about five months. Mr S W Condon has returned to Eugene. He has been employed on the Government Coast Survey for the past month or so. We notice by the Baker City Democrat that Lon Cleaver, formerly of this place, intends soon locating permanently in that city. We notice by the S F Chronicle, that Messrs T G Hendricks and F B Dunn were registered at the Russ House, in San Francisco on Sunday, August 29th. Mr C A Woody and wife will leave for Rochester, New York, next week. Mr Wooley will attend the Baptist theological school in that city this Winter. Governor Whiteaker and family moved to their farm on Pleasant Hill, this week. Newspapers and correspondents will please make a note of his change of postoffice. Mr W V Henderson, of Walls Walla, is visiting relatives and friends in this city. He has had an attack of inflammatory rheumatism recently, but we are glad to say he is now much better. Mr C W Yeung, Benson and Mary Yeung, and Hinery Bay, started for Chewaucan, Wednesday last. Mr Thomas Vanduyne and wife accompanied them as far as Kitson's Springs, where they will spend a few weeks. Mr E E Burke, who graduated at the State University this year, is studying law in the office of Delph & Co, at Portland. We also learn that Mr T C Powell, a member of the class of '80, has been appointed a deputy sheriff of Multnomah county.

THE PRESIDENT'S CONDITION.

Latest—President holding his own. WASHINGTON, Aug 31.—The surgeons regard the president's condition this morning with increased satisfaction and encouragement. The parotid swelling steadily improves in appearance and the president in all other respects gained ground slightly in the past two days, and is having a quiet, comfortable day. Among members of the cabinet and the president's personal friends there is a genuine feeling of encouragement and confidence, and there seems to be a general impression that by Saturday or Sunday, when the glandular swelling shall have ceased to be a hindrance, the patient will enter a stage of convalescence. Blaine to Lowell: The president had less fever this evening than upon any previous evening since he was wounded. The temperature at 6 o'clock was normal. His entire day has been most encouraging in all his symptoms. PROBABLE SALE OF A COAL MINE.—It is understood that during the visit of Chas. Crocker, president of the Southern Pacific Railroad, to Seattle a few weeks since, he entered into negotiations for the purchase of the celebrated Carbon Hill coal mine. This mine has an eleven foot vein of coal which is said to be the best in America. Mr Crocker was offered the property for \$7,000,000, but did not close the bargain. A day or two since a prominent merchant of this city, who had written to the company to know if he could procure 150 tons of this coal, received an answer informing him that he could, but that his order must be received before the last of this month. From this it is inferred that the mine has been sold to Crocker.—Standard.

Two or More Surgeons. Of the Pacific Surgical Institute, 305 Kearney street, San Francisco, will be at the St. Charles Hotel, Albany, Sept 24 and 3d, at the St. Charles Hotel, Eugene City, Sept 5th and 6th, and at the hotel, Roseburg, Sept 8, 9 and 10, full prepared to treat all cases of Spinal Disease, Knee and Hip Diseases, Club Foot, Crooked Limbs, and Paralysis and all Chronic and Surgical Diseases. As this institution is unequalled in facilities for the treatment of these affections. All who are interested should not fail to see these surgeons.

A Good Thing. Terna Syrup is the special prescription of Dr. A. B. Schee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures Coughs, Cold and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case which its rapidly increasing sale every season confirms. Two million bottles sold annually. Beware of medicines of similar names, lately introduced. Boesche's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cents. Sample bottle, 10 cents.

MOTHERS! MOTHERS! Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sole everywhere. 25 cents a bottle.

King of the Flood is not a "cure all," but in all disorders attributable to impurity of blood and its defective circulation, nothing else equals its effect. See advertisement.
