Expenses of the White House.

The expenses of running the White House, which, in addition to the President's salary, are paid out of the public treasury, have wonderfully increased since the incoming of Grant's first Administration.

The Chicago Times of Oct. 18th, in discussing the cabinet question, says: From authority near the President, it appears that the question of retaining James and McVeagh, is decided adversely.

The American ship Dakota arrived at Tacoma a short time since with a cargo of railroad material for the N. P. R. R.

Investment of the Garfield Fund.

The United States Trust Company holds \$225,000 in U. S. four per cent bonds, and the uninvested balance in cash as trustee for the gift of the American people.

A Startling Record.

A great deal may happen in sixteen years. In this period of time, covering four ordinary Presidential terms, we have had two Republican Presidents assassinated, another tried by impeachment, and one term filled by a man never elected, and, also, two terms of the most corrupt government that free institutions ever suffered, and a deliberate attempt through a third term to pave the way to an Empire.

Col. Dan Murphy, of California, is the largest land-holder in the world. He has 4,000,000 acres in Mexico, 60,000 in Nevada and 22,000 in California.

DWELLING BURNED.—The citizens of Eugene were aroused Monday evening about 8:30 o'clock, by cries of "fire" and the ringing of the fire-bell. The fire was found to be in an unoccupied two-story dwelling house across the mill race on Ninth street.

BAD ROADS.—The early rains here have made the roads very bad, which makes traveling with loaded wagons very hard.

MECHANICS FAIR.—Those returning from the Mechanics Fair speak of it in any but the highest terms. They say the exhibitions are meager and of little importance, while the management is determined to make all possible out of it.

Holloway's Pills - What is Life Insurance? Apoplexy, &c. - Many people insure their lives to benefit their families by death - how paradoxical is this. To prolong life by preserving the health would be a far more rational manner of insuring it. Apoplexy is swift and insidious in its attacks, striking its victim without a moment's warning. Holloway's Pills - the only safe and certain antidote for this disease, they cool the blood and equalize its circulation through the system. To preserve the stomach in a sound condition and the blood pure is the true secret of health - Holloway's Pills will do this most effectually, and thousands owe their actual existence to them at the present day.

IMPORTANT NOTICE. - None are genuine unless the signature of J. HAYDOCK surrounds each box of Pills and Ointment. Boxes at 25 cents, 62 cents and \$1 each.
