Eighth.

STATE NEWS.

The tax levy for Benton county for
the present year is 15 1/2 mills.
Captain Reed of Coos Bay has taken
a contract to build a barkentine of 750
tons capacity, of Oregon pine.
Mr. Volk is at Roseburg to engage
men on the construction of the O. &
C. R. R. from that city toward Calif-
ornia.
A. J. Tartar, who lives on Snake
river, Baker county, has raised 100
bushels of corn and 40 bushels of wheat
to the acre.
Snow was six inches deep in Har-
ney valley on the 15th and Malheur
lake was frozen so that ice had to be
broken for the cattle to get water.
A whale 45 feet long and 36 feet
in circumference was found on the
beach near Empire City recently. It
will produce 500 gallons of oil which
will sell for 50 cents a gallon. N. J.
Cornwall discovered the bonanza.
Prof. Tiernan has been appointed
by Mr. Villard, mineralogist for the O.
R. & N. Co., to operate in Eastern
Washington. He will commence op-
erations immediately with a force of men
in the region of Spokane Falls.
A. J. McLellan, superintendent of
bridges for the N. P. R. Co., is
about to erect depot buildings, machine
shops, paint shop, etc., at Sprague. He
has about 1,000,000 feet of lumber on
hand which will be used in trestlework
on the Pen d'Oreille division.
At the meeting of the Grant county
Agricultural Society, held on the Fair
Grounds last week, the following offi-
cers were elected to serve the ensuing
year: President, Geo. Gundlach; sec-
retary, Wm. Armstrong; directors, H.
Workins, J. J. Cozart, C. S. Dustin,
C. W. Parish.

T. Brown, light house keeper at
Point Arago, reported drowned, ar-
rived at Empire City on Saturday,
having been three days in a small boat
in the open sea with nothing to drink
but a little rain water which he caught
in his hat. He landed above the Si-
uslaw, coming through the breakers at
great risk.

The heaviest rainfall ever known in
this vicinity fell in the region of Dufur
Wasco county, on the 19th inst. Little
creeks which are usually dry in summer
were swollen to alarming proportions,
washing away fences, etc. The latest
intelligence is to the effect that the
waters have subsided, and no further
damage is anticipated.

T. Orin Barker, Grand Representa-
tive from this State of the I. O. O. F's,
has just returned from the annual ses-
sion of the Sovereign Grand Lodge.
The most important legislation adopted
at its recent session is, that after July
1st, 1882, all Subordinate Lodges shall
work in their last degree. Henceforth
initiates must take their degree be-
fore they can be permitted to witness
the workings of the lodge.

Thomas Sperry, who some time since
shot at and wounded Rev. L. P. Banks,
editor of the Pacific Censor at Van-
couver, has been convicted of assault
with a deadly weapon and was sen-
tenced to two years imprisonment in
the Territorial penitentiary. Mr. N.
H. Bloomfield, prosecuting attorney
at Vancouver, was engaged with the
grand jury and H. Y. Thompson con-
ducted the prosecution. The sentence
was the most severe allowed by the
law of the Territory.

Coroner Davis was summoned by
telegraph to the Forks of the Santiam
last Tuesday to hold an inquest on the
body of Barney Hagerty, who had
been run over and killed by a con-
struction train on the Narrow Gauge
Railroad about 2 o'clock on Monday.
Deceased was overseeing a gang of
Chinese who were spreading gravel on
the track near the Santiam bridge, and
after signaling the engineer to back up
the train he failed to get off the track
in time and was run over by one car.
The wheel passed over and broke both
legs between the knee and thigh, and
the brakes were not skid killing him
almost instantly. He was supposed to
have been somewhat under the influ-
ence of liquor when the accident oc-
curred.—Albany Democrat, Oct. 28.

Oregon Pacific Notes.

The Albany Democrat of October
28th, says: The appropriation for the
government work on the bar having
been almost exhausted the forces would
have been disbanded in a few days had
not contrary orders been received from
headquarters. Wallis Nash, Vice
President of the Oregon Pacific Rail-
road, wrote Capt. Chas. F. Powell, U.
S. Engineer in charge of this district,
in relation to the money being raised
by the citizens of this valley to be ap-
plied on the harbor work, and a few
days ago an answer was received an-
nouncing the fact that he had given
instructions to Mr. Polhemus, who su-
perintends the work on the bar, to
continue operations through the com-
ing winter, and to render reports of
all expenses to the custodians of the
funds now being raised in the valley.

Capt. Powell also accepted the use
of about thirty tons of light railroad
iron, donated by the Oregon Pacific
Railroad Co., and sent by them around
to the Bay. It will be used on the
trunways on the breakwater and
will enable the work to be crowded
along much faster.

Three steamers loaded with the best
steel rails for the Oregon Pacific are
now due on this coast.

Fifteen miles of the road bed, reach-
ing from Corvallis westward are now
just about complete and ready for the
ties, and the work is being pushed as
rapidly as the bad state of the weather
will permit.

One hundred men are at work on
the west end of the road, and more
are wanted. The force in that locality
will be increased to 500 men next
week.

A schooner leaves Portland this
week for Yaquina Bay with 100 tons
of provisions for the railroad hands, 40
tons for the Chinese and 60 for the
white laborers.

Important News.

While in Albany last Wednesday
Col. Hogg, President of the Oregon
Pacific Railroad, stated in our presence
that money sufficient to build the
road had already been secured, and
that the eastern end of his line would
be across the Cascades and into Eastern
Oregon before the close of next year.
He will then be able to carry freight
between Albany and San Francisco for
\$3.50 per ton, and put it through in
forty-eight hours. Passengers will be
carried for \$12 each, and will make the
trip in 36 hours, instead of 3 1/2
days as it is now. Such news as this
will be hailed with delight by our citi-
zens.—Democrat.

Forestalled Villard.

In his late speech in Portland Vil-
lard stated that he intended trying to
establish a line of steamers between
Portland and Liverpool. In the pro-
ject of having steamers come to our
coast from the old country he has been
forestalled by Col. Hogg. Three steam-
ers will arrive on this coast in a few
days loaded with steel rails for the O-
regon Pacific Railroad, and they will
return to Europe loaded with wheat.
Should their first trip prove success-
ful, which Mr. Hogg says he knows
will be the case, they will return here
regularly.

Major Alfred F. Sears, formerly
Chief Engineer of the Oregon Railway
Co. (Limited) has just been appointed
Assistant General Manager of the
Mexican Central Railway Co., with
headquarters at the City of Mexico.
This road will be with its branches,
when completed two thousand five
hundred miles long. The company
are now employing twenty thousand
men and are pushing the road as fast
as possible toward completion. This
is a splendid position for Major Sears
and his large circle of friends in O-
regon will be pleased at the news.

THE New York Tribune prescribes
for Roscoe Conkling "a period of
shrinking from the public gaze." But
the ex Senator is not one of the shrink-
ing kind. Moreover, he does not take
advice from the editors.

The GUARD has the largest circula-
tion of any paper in Lane county.

always Cures and never disap-
points. The world's great Pain-
