

CITY AND COUNTY.

Democratic County Convention.

At a meeting of the Democratic County Central Committee, held at Eugene City, March 24, 1882, it was ordered that the Democratic County Convention be held at Eugene City on Friday, the 31st day of March, 1882, for the purpose of selecting 12 delegates to the State Convention to be held at Portland April 5th; also to nominate a candidate for State Senator, 4 candidates for Representatives, 2 candidates for County Commissioners, 1 candidate each for Sheriff, Clerk, Treasurer, Assessor, School Superintendent, Surveyor and Coroner, and for the transaction of such other business as may come before the convention. It is recommended that the precinct conventions be held Saturday, March 25th, 1882.

The County Convention will consist of 61 delegates apportioned one for each precinct, and one for every 25 votes or fraction thereof of 15 or over cast for T G Hendricks for State Senator in 1880, as follows:

Table listing delegates by precinct: North Eugene, South Eugene, Lancaster, Cottage Grove, Springfield, Coast Fork, Irving, Pleasant Hill, Willamette, Siuslaw. Total: 61.

R. B. COCHRAN, Chairman.

BRIEF MENTION.

For good dentistry go to Davis. Go to Goldsmith's for groceries. Goldsmith keeps the best cigars. Bring your chickens to Bettman's. Ducks are making havoc with the grain on the prairie. New styles ladies visiting cards at the Guard office. Bettman will pay more for chickens in Cash than any one in town. The weather during the past week has been rather spotted. Goldsmith keeps the best line of groceries, and sells them cheap. F. B. Dunn will pay the highest market cash price for wheat. The only place where you can always sell your chickens is at Bettman's. Regular meeting of the Eugene Hook & Ladder Co next Monday evening. The Guard would prove an acceptable present to some friend in the East. Cash paid for CHICKENS, HIDES, TALLOW and BEES-WAX at A Goldsmith's. R S Bess has been appointed administrator of the estate of J M Thompson deceased. D. Hyman will pay the highest market price in cash for hides, furs, tallow and bees-wax. County and Probate Court meets next Monday. The Commissioners court meets on Wednesday. Banish humors and invigorate the stomach, liver and bowels with King of the Blood. See advertisement. The work of assessing Lane county for 1882, will be commenced Monday by our efficient assessor, Mr P J McPherson. Mr S H Friendly will pay the highest cash market price for wheat. Give him a call before selling your grain elsewhere. Half fare rates will be given on the O & C R R to teachers who may attend the Institute, at this place next week, by that conveyance. Several washouts occurred on the line of the O & C R R this week, delaying the regular passenger trains, and stopping the freight entirely. We should not suffer from a cold, when a few doses of Ayer's Cherry Pectoral will cure. Time, money, comfort, health, all are saved by it. The total number of children in the Portland school district between the ages of 4 and 20 years is reported by Mr Beaumont, appointed to canvass the census, to be 5,638, which is an increase over last year of 960. The March apportionment to the School Fund will be made on the 20th inst; therefore the friends of education, those who have an interest in the common schools of Lane county, will do well to pay their taxes before that time. The Guard office has just received a new stock of letter and bill heads. There is no use of writing your letters and bills on plain paper when you can get a neat business like head printed for but little more than the paper costs. Call and examine our samples. SENTENCES COMMUTED.—The governor has recently commuted the following sentences of convicts in the State penitentiary: Yo Mon Tock and Walla Po, Indians sent from Umatilla county for the term of two years, from May 5, 1880 for the crime of larceny, reason assigned, extra service and term of sentence being nearly expired. Fred Usher and John Hogan, sent from Multnomah county for the term of three years, from November 19 1880, for the crime of larceny in a dwelling; reason assigned, extra time allowed for work performed on the insane asylum building. China Charley, sent from Multnomah county for the term of three years, from November 9 1881, for the crime of assault with intent to commit rape; committal granted on petition and grave doubts of the guilt of said China Charley having been shown to exist. ANOTHER GILFREY.—Mr H H Gilfrey, the principal legislative clerk of the Senate, is proud of the arrival last Monday of another little Miss Gilfrey. Her mother is "as well as could be expected."—National Republican, Feb 15th. WANTED.—10,000 bushels of oats delivered at our warehouse at the depot, for which the highest market price will be paid. G. BETTMAN. To MILLMEN.—Old type for rabbit metal for sale at this office.

We had a profitable session last year; there is no good reason why we should not have equally as profitable a one this year. Remember that when there's a will there is a way, so do fall to attend. T. J. GILL, County Superintendent. CONFIRMED.—Hon J F Watson was confirmed by the U S Senate on Feb 6th. It was not reported in the dispatches, and some thought that there was something wrong which caused the delay, but such was not the case. His nomination by the President was promptly confirmed by the Senate. As soon as his commission arrives, which is expected every day, Judge Watson will resign his position as judge of this judicial district. His successor, who will be appointed by Gov Thayer, will hold only one term of court in each of the counties comprising the district. Considerable speculation has been indulged in as to who will be appointed, but as yet all are in the dark. MANY MURDERERS.—The Multnomah county jail at this time has in it ten prisoners under charge of murder or being accessory to murder. Their names are Ka-ta-tah, the Sitka Indian; J R Stoughton, the Columbia county man; Jack Powers and the parties in connection with the Brown murder, including Carrie Bradley, Dolly Adams, Molly Fippen, Jack Mahone, Pete Sullivan and Tom Williams; last of all is Frank Porter, the Colorado man, arrested in Oregon by a Colorado official. NO EXAMINATION.—The Spring term of the Supreme Court will convene on Monday, March 6th. We have received inquiry from several parties, says the Statesman, asking if there would be an examination of applicants for admission to the bar. We will state, for the benefit of interested parties, that there is a rule of the Supreme Court to the effect that the examination shall be annual and at the October term; so there will be no examination at this term of Court. THROUGH IN ONE DAY.—The steamer A A McCully, Capt Sanburn, left Harrisburg at 6:30 Tuesday morning with 240 tons of wheat and oats, arriving in Portland at 7 P M. She came down with the rapid rise of the Willamette, and arrived in the locks barely in time, as navigation through them was suspended immediately afterwards. This run has been accomplished but once before in the history of navigation on the upper Willamette. BAND TOURNAMENT.—A band tournament will be held in McMinnville on the 25th and 26th of May, 1882. Two prizes are offered, one of \$100 for first grade, and one of \$50 for second grade bands. The following bands are classed as No. 1 grade, and are not allowed to enter for the second prize: Corvallis, Dallas, Eugene City, Albany, Aurora and East Portland. All bands in the State are allowed to enter except the Northwestern band of Portland. REPUBLICAN COMMITTEE MEETING.—The State Central Committee of the Republicans met at Portland, Thursday, Feb 23rd, and issued a call for a Republican State Convention, for April 20th. Hon John Kelley was proxy for T W Harris member of the committee for Lane county. By the apportionment Lane county is entitled to eight delegates in the convention. CONTRACT LET.—The contract for the building of the Presbyterian Church edifice was let Monday to Abrams Bros at a contract price of \$3,650. The church will be completed by September 1st, and will be a substantial addition to the city.

The annual school meetings of the different school districts of the State will be held next Monday. In Eugene the meeting will be held at the Court House in the afternoon. Mr and Mrs S B Eakin returned, Monday, from a visit of several months duration in Illinois and Michigan. They look as if traveling agreed with them, but say they are glad to be at home again. Mr Frank Harrington and family paid a visit to their friends in Eugene this week. He is located at Cheney, W T., is engaged in the mercantile business, and says that he is doing well. He left for home Wednesday. Anti-Polygamy Meeting. At a meeting of citizens held in Eugene City Feb. 22d, 1882, the following resolutions were unanimously adopted: WHEREAS, Our National Government appears at last to be earnestly devising means for the removal of that scandalous plague in our beloved country, "Mormon Polygamy," we the citizens of Eugene in public meeting, after examination of the Edmunds Senate bill, unanimously adopt the following resolutions, viz: RESOLVED, That the delinquency of our National authorities in so long permitting the institution of polygamy to outrage the moral sensibilities of this nation, and set at defiance public sentiment is deeply deplored. RESOLVED, That it is the essence of treason and revolt to establish and maintain in our midst such laws and customs as the Mormons have so long done in Utah and other territories within the jurisdiction of the United States. RESOLVED, That we the citizens of Eugene City, Lane county, Oregon, do heartily concur in the action of the United States Senate in passing the act for the suppression of polygamy within all states and territories over which the United States holds jurisdiction. RESOLVED, That the institution of polygamy is a darker blot upon the national honor than was the institution of human slavery. RESOLVED, That we as citizens of the United States of America do send greeting to our sister states across the continent, and pledge earnest, indefatigable efforts in bringing about the final abolition of the unmitigable curse. L. HULL, S. B. EAKIN, } Com. L. G. ADAIR. } MAIL CONTRACTS.—We are informed that the contract for carrying the mail from Springfield to Cannon has been let to Mr A D Burton at \$200 per year; two trips per week, must be made. The time of service commences July 1st and continues for four years. The contract for the route from Eugene to the McKenzie Bridge, once a week, for the same period, was let to Peter Boler for \$500 per year. LOWER SIUSLAW.—Says the Coos Bay News: From A J Moody of the Siuslaw, we learn that an effort is being made with a view of starting up the cannery at that place next season. Salmon run in large numbers in the river during the spring and fall, and the river being accessible for the coasting vessels of average draft it is almost a certainty that some one will invest in the enterprise. EXPORTS FOR FEBRUARY.—The total exports from the Columbia river up to Tuesday morning amounted to \$1,102,856, consisting of wheat, flour and salmon. The increase over the amount exported in January, was \$86,868. Several other vessels have cleared from Portland, but are still in the river. Exports in Feb 1881, were \$371,209. SOLD.—The Foley Springs were sold this week to Mr. Peter Rusey, of Astoria, for \$1,200. Mr. Rusey is an energetic gentleman, appreciates the medicinal and curative power of the water of these springs, and will doubtless make them more popular to the seeker of pleasure and health than ever before. BREAKWATER DAMAGED.—We are informed that the high water this week washed the filling out of one of the cribs of the breakwater above the Eugene bridge, and otherwise weakened it. PUBLIC SCHOOL.—The Eugene public school is in a flourishing condition. The total number of scholars enrolled is 359. A literary society is well sustained by the advanced scholars. BAND OFFICERS.—The Eugene Brass Band has elected officers for the ensuing year as follows: P H Farrell, Leader; J R Whitney, Secretary; E P Dorris, Treasurer. HEAVY RAIS.—The rains Monday and Tuesday were the heaviest of the season. The river attained a height of fifteen feet above low water mark. Trouble Ahead.

The Northern Pacific Railroad, in all probability, will experience some trouble in the Crow Indian country, Montana, the coming summer. The Crow country is rich in gold and silver, and the white man having discovered this, is encroaching on the right of the Indians and staking their lands into claims. Col Brislin gives the warning that the Crows will make a bold stand for their homes, even to the taking up of arms against the government. They number 1,500 fighting men, but the regulars are being moved up in that direction from east and west in force sufficient to prevent any serious results. The railroad will be pushed, as strong forces of white men, besides Chinamen, will be employed, armed with revolvers, who in conjunction with the army will be amply able to cope with the Indians. The Crows have heretofore been friendly with the government and rendered valuable services in the Custer war. They sent out scouts and warriors to relieve besieged troops, and also to take prominent part in the battle of the Little Big Horse. They were given to understand that they would not be molested on their limited reservation, and now that they are to be removed and their lands will be open to settlement, they are uneasy and talk fight. Col Brislin says that he advised them to load their rifles and stand pat, but this will avail them nothing, as they will have to give way to the march of civilization. Workmen on the road do not seem to feel any alarm and are going up constantly. The end of the road is now within a hundred miles of the reservation, and before they reach that place the Indians will be disposed of.

POISONED.

Says the Salem Statesman of March 24: Yesterday evening we heard the startling news of the death from poisoning of Nora McCrary, aged about 12 years. The particulars are as follows: The little girl, who lives with her uncle Mr A F McCrary, just across the road, east, from Rev J L Parrish's residence, had been over to Mr Parrish's playing, and had accidently picked up a bottle of strychnine, and poured therefrom into her hand about fifteen grains of the poison, which she put into her mouth. In the meantime she had gone home, and soon went into spasms. Her aunt, who was at the house, did not know what she had taken, and it was fully an hour and a half before medical aid arrived. Every possible antidote was administered, and the little girl after she knew what she had taken, took everything the physicians administered without a murmur, but it was of no avail, and at seven o'clock last evening the spirit of the poor little victim passed into the great unknown.

LEAGUE MEETING.—There will be a mass meeting of all the Anti-Monopoly Leagues of Lane county at the Court House in Eugene City, on Saturday March 11, 1882, at 11 o'clock A. M.

SHOCKING CASUALTY.

Chief Engineer Wren, of the Corvallis Fire Department, Instantly Killed by the Falling Roof of a Burning Warehouse. A little after midnight, on Sunday, a fire broke out in the mammoth grain warehouse of W A Wells, at Corvallis. The fire department was promptly on hand, but, owing to there being no cisterns in the vicinity, no use could be made of the engines, and the firemen turned their attention to saving the property in the building. The warehouse was elevated about six feet from the ground, and was surrounded by a sidewalk, over which the roof projected. The fire was in the upper story, and the flames spread along the roof. A number of firemen were engaged carrying sacks out of the lower story to the sidewalk and throwing them to the ground, where others caught them and carried them to a distance. While Chief Engineer Wren, John Osburn and E A Milner were standing on the sidewalk, the fire burned the rafters in two, and the roof slid down. Osburn and Milner jumped from the platform and escaped, but Wren was caught under it, and his head and chest were fearfully crushed, killing him instantly. Wren has resided in Benton county for the past 30 years and was the organizer of the Corvallis Fire Department, of which, at the time of his death, he was Chief. His funeral took place Tuesday under the auspices of the Masonic fraternity. The depot of the Oregon Central Railroad is situated about 80 feet from the warehouse, and was saved by the strenuous efforts of the firemen and the employees of the company. The loss to the railroad company on ties, etc., is about \$500. The warehouse was worth about \$10,000, and was insured in the Connecticut for \$4,000, and in the Union and National for \$3,500. Mr Wells also lost about 30,000 sacks. The building contained about 15,000 bushels of wheat belonging to farmers, on which there was insurance to the amount of \$8,500.

Bradley Arraigned.

Carrie Bradley, Peter Sullivan and John Mahone, says the Standard of Wednesday, were arraigned in the State Circuit Court yesterday forenoon. The court room was crowded with spectators anxious to obtain a view of these persons who have claimed a large share of attention since the exposure of the circumstances connected with the murder of James N Brown. The prisoners were all calm and collected in their demeanour, and neither of them gave evidence of possessing that guilty conscience which is its own accuser. They were arraigned jointly on a charge of murder. Messrs O P Mason and C A Ball appeared for Bradley and W S Beebe for Sullivan. Mahone expects a lawyer to arrive on the next steamer from San Francisco. Counsel for defense wished for time to examine into the case and was not prepared to plead and asked that the trial be postponed as long as possible. Judge Caples for the prosecution, stated that he wanted it distinctly understood that there were not to be any needless delays in this trial. These prisoners are all well known here, the witnesses are all hand, the crime with which they are charged was committed here and counsel was familiar with all the circumstances. He wanted the trial to take place at this term of the court and there was no necessity whatever for delay. The court gave the prisoners until next Friday morning to plead, after which they were taken back to jail and the crowd dispersed.

Holloway Pills—What is Life Insurance? Apoplexy, &c.—Many people insure their lives to benefit their families by death—how paradoxical is this. To prolong life by preserving the health would be a far more rational manner of securing it. Apoplexy is swift and insidious in its attacks, striking its victim without a moment's warning! Happily a preventative has been discovered—Holloway Pills—the truly safe and certain antidote for this disease, they cool the blood and equalize its circulation through the system. To preserve the stomach in a sound condition and blood pure is the true secret of health—Holloway Pills will do this most effectually, and thousands owe their actual existence to them at the present day. IMPORTANT NOTICE.—None are genuine unless the signature of J. HAYDOCK surrounds each box of Pills and Ointment. Boxes at 25 cents, 50 cents and \$1.00.
