

CITY AND COUNTY.

BRIEF MENTION.

For good dentistry go to Davis. Go to Goldsmith's for groceries. Goldsmith keeps the best cigars. Bring your chickens to Bettman's. Job work a specialty at the GUARD office.

New styles ladies visiting cards at the GUARD office. Bettman will pay more for chickens in Cash than any one in town. Goldsmith keeps the best line of groceries, and sells them cheap.

F. B. Dana will pay the highest market cash price for wheat. The only place where you can always sell your chickens is at Bettman's. Horse cuts printed at the GUARD office at a reasonable rate and in good style.

The GUARD would prove an acceptable present to some friend in the East. Cash paid for CHICKENS, HIDES, TALLOW and BEES-WAX at A Goldsmith's. D. Hyman will pay the highest market price in cash for hides, furs, tallow and bees-wax.

Mr P F Castelman was here this week buying horses. He bought 11 paying from \$80 to \$125 apiece. A mother and son killed by King of the Blood! The mother was Dyspepsia, the son General Unhappiness. See ad.

Mr S H Friendly will pay the highest cash market price for wheat. Give him a call before selling your grain elsewhere. The drummers have fairly over-run this city during the last two weeks. At one time there were eight of them here at once.

A Gypsy family have been camped this week on the lot formerly occupied by Dana's lumber yard, plying their trade in fortune telling. There will be a children's concert at the Presbyterian Church, on Saturday evening, March 18th, given by the Children's Missionary Band.

When you feel a cough or bronchial affection creeping on the lungs, take Ayer's Cherry Pectoral, and cure it before it becomes incurable. Isaac Stevens has recently completed one of the longest lines of fencing in the county, on his stock farm on the McKenzie. It is over 4 miles long.

At the meeting of the Commou Council, Monday evening, Mr F W Osburn was appointed Recorder to fill the unexpired term of H C Humphrey, resigned. Marshal Moore gives notice that he will proceed to collect delinquent city taxes, after the 20th inst., by levy on the property. He has been positively instructed by the Council to pursue this course.

On last Wednesday, Geo S Washburne, attorney for the estate of W C Lee deceased, filed in the County Clerk's office the inventory of the said estate. It is a voluminous document containing 42 pages. Persons having land for sale either improved or unimproved can learn something to their interest by calling upon or addressing GEO. M. MILLEN, Real Estate agent, Eugene City, Oregon.

Mr C F Beattie, of Oregon City, Chairman of the Democratic State Central Committee, who has been ill for some time of hemorrhage of the lungs, is, we regret to learn, not making any improvement, and his recovery is despaired of. The GUARD office has just received a new stock of letter and bill heads. There is no use of writing your letters and bills on plain paper when you can get a neat business like head printed for but little more than the paper costs. Call and examine our samples.

Primary Meetings. The Democratic primary meeting of South Eugene precinct will be held at Lane's Hall, at 1 o'clock P. M., on the 25th inst. The North Eugene primary will be held at the Court House.

Council Proceedings.

The resignation of Recorder Humphrey for the year ending April 3, 1882, was read. On motion the same was accepted, and F W Osburn elected to fill the unexpired term. WARRANTS DRAWS. On motion the street committee was instructed to examine the road bordering on the west side of the railroad from Eighth to Seventh street, and report at the next meeting as to the advisability of repaving the same.

Cause for Complaint. The manner in which the Teachers Institute, held in this city recently, was conducted, has given rise to considerable complaint. The object of an institute is to allow a free interchange of experience and ideas between the teachers of the county, for whose benefit it is supposed to be held. Heretofore the local teachers have been assigned a place in the programme, but this year their claims to consideration were ignored, and with the exception of two teachers, Prof. Lee and Durkee, the teachers of the public schools of the county had to be contented to sit at the feet of Gamaliels in silence. The public schools throughout the county were dismissed to allow the teachers to attend the institute, and it should have been arranged so that some benefit should have accrued to the teachers for the expense entailed by reason of the vacation allowed. The cost of the Eugene public school alone is nearly \$100 per week. The cause for complaint is well founded, and those having future institutes in charge should recognize the claims of local teachers to a hearing.

FINE BEEF.—Mr A Matthews of Pleasant Hill sold this week, to Mr Millican, 20 head of as fine steers as we ever saw. They were stalf fed and averaged 1442 pounds, gross. He received four cents per pound, an average of \$7 63 per head, the entire amount received for the 20 head being \$1,153 60. Mr Matthews makes the business pay. The cattle were driven to Harriaburg, and from there shipped to Salem.

AMOUNT OF LAND.—The amount of government land in the Roseburg district, comprising portions of Linn, Benton and Lake, and all of Lane, Douglas, Coos, Curry, Josephine and Jackson counties, is, by estimation, about 9,000,000 acres, the greater part of which is unurveyed and mountainous—perhaps 2,000,000 acres are surveyed and mostly covered with timber.

BARBER SHOP.—Mr Hugh Renshaw has purchased the barber shop formerly owned by George Archberger, and is prepared to accommodate his customers with a good shave, hair cutting, shampooing, etc., in a workmanlike manner. Give him a call.

HUNTING LANDS.—A couple of Germans from Dakota, in search of a body of land large enough for a colony of 50 families, are stopping at the St. Charles Hotel. Here is a chance for some of our large land owners to make a sale. I. O. O. F. TEMPLE.—The contract for building the I O O F Temple, at Harriaburg, was let to Mr. Martin, of Harriaburg, Monday, for \$7,900. Mr G Nickatber of this city was an unsuccessful bidder.

WHEAT SOLD.—Mr James Ebbert has sold 14,000 bushels of wheat which he had stored in his warehouse in this city. It will be shipped below as soon as possible.

Anti-Monopoly Resolutions.

At a mass meeting of Anti-Monopolists of Lane County, held in Eugene City, March 11th 1882, the following resolutions were adopted:

RESOLVED, That we demand of our Senators and Representatives the regulation of pilotage and towage on the Columbia river and bar, so as to destroy the present monopoly in that business and open the same to competition.

RESOLVED, That the fees of the Clerk and Sheriff be reduced or make them salaried officers.

RESOLVED, That fares and freight on railroads should be controlled by law compelling them to submit to a just law regulating interchange of commerce.

RESOLVED, That railroad companies should be compelled to pay for stock killed by them in the county where the damage occurs.

RESOLVED, That we demand of the present political parties that they place in nomination only such men as will pledge themselves to use their utmost endeavors to secure the passage of laws in accordance with the foregoing resolutions and others that may be for the best interest of the whole people.

RESOLVED, That the Secretary be instructed to furnish the Eugene GUARD and Journal with copies of the foregoing, with request that they be published and all State papers friendly to said resolutions are invited to copy the same.

A. C. JENNINGS, Secretary.

DISASTROUS ATTEMPT AT LYNCHING.—H. C. Laws, who fatally wounded Frank Calavan in a shooting affray at Langell's valley a short time ago, during which he was shot three times in the leg, two of the bullets making flesh wounds and the other striking the bone near the ankle, was arrested a few days ago in Alturas, Modoc county, California. Last Saturday night 10 or 12 masked men rode into Linkville, and entering Greenman's Hotel, where the prisoner was in the custody of Deputy Sheriff J F Lewis and Justice Wright, awaiting examination before the latter on Monday, and demanded him with the avowed intention of lynching him. When they entered the hall they were ordered to halt, and on refusing Lewis fired his revolver, wounding one of the parties slightly. The lynchers returned the fire, killing the Deputy Sheriff and wounding Justice Wright slightly, and then left without taking Laws. The excitement is intense and feeling in Langell valley very strong against Laws.

HAMILTON HEARD FROM.—It is learned from good authority, says the Standard, that Charles Hamilton, the paramour of Carrie Bradley and one of her accomplices in the murder of James N Brown, is lying sick at Mazatlan, Mexico. The report in circulation at the time the circumstances of the murder were made public that he had sailed from San Francisco on the steamer Newberne, it seems, is correct. He has written to friends in San Francisco, stating that he was sick and out of funds, and that no one around him could speak English except the doctor. Chief Crowley, of San Francisco, has informed the authorities here, and it is possible that at no very distant day we shall have the Bradley gang completed, by the addition of the toughest one of the lot, Chas. Hamilton, to the number now in prison here.

RAILROAD WORK.—Says the Roseburg Plaindealer: "The route of the O & C R R extension is becoming alive with men, especially Chinese, of whom there are now about 250 at work on the grade at Roberts' hill. They are strung all along between here and said hill, blasting out the high rocky points and grading. There are now about 600 Chinese at work for the company, who want about 9,000 more of these Mongolian animals to handle the drill, pick, shovel and wheelbarrow. The work is progressing rapidly.

SKIPPED.—A wandering tailor giving his name as Frank Morgan located here a few weeks ago, and by a steady appearance soon gained the confidence of some of our merchants and ran small bills. He had plenty of money to do, but the bill element was predominant in him, and the first of this week he jumped the town leaving his creditors unpaid. We would advise the newspapers of the place he next locates in to collect their bills of him in advance. Pass him around.

SENTENCED TO THE PENITENTIARY.—James McFarland, who was taken from here to Portland several weeks since, was convicted in the U. S. District Court recently of selling whisky to Indians in Umatilla county last October. This was his third offense, and he was sentenced by Judge Dealy to 18 months in the penitentiary. When he gets out this time he will probably retire from the business of giving whisky to government wards.

DIED.—Lora Louise, daughter of St John and Amanda Skinner, died in Willamette Forks precinct, Friday, March 10th, of diphtheria, aged 11 months and 10 days. The burial took place at the Masonic cemetery, Sunday, at 2 o'clock, Rev. E R Geary officiating. The bereaved parents have the sincere sympathy of many friends.

REPUBLICAN CONVENTION.—The Republican County Central Committee of Lane county have called a county convention for the purpose of electing eight delegates to the State Convention, and to nominate a county ticket, on Saturday, April 15th; primary meetings will be held Saturday, April 8th.

TEX DAYS.—Jack Gilpin, who was taken to Portland by Mr J B Underwood last week, was convicted of giving whisky to an Indian, in the U. S. District Court, and was sentenced to ten days imprisonment. It only cost about \$200 to convict him of an offense which meets with so light a sentence.

AUCTION.—R M Moore will sell at his farm at auction, March 25th, his stock, grain and farming implements.

TEACHERS INSTITUTE.

Friday March 10.

MORNING SESSION—9:30.

Institute called to order by County Superintendent Gill.

The subject of Penmanship was opened by Prof. Lee, who brought forward some very good ideas in regard to his mode of teaching penmanship, followed by a general discussion by the institute.

RECESS.

After recess County Supt, Gill opened the subject of School Government, which was quite thoroughly discussed by the institute. Supt. Gill appointed the following committee on resolutions: E. P. Henderson, M. E. Judkins, Chas. Huffman, Miss Mae Underwood and Miss Ione Cranfill.

AFTERNOON SESSION—1:30.

Institute called to order by Supt. Gill. The subject of Reading was first taken up and discussed by the institute.

Followed by the question box under which head quite a number of pertinent questions were taken up and discussed. The subject of Natural History was continued by Prof. Condon, taking as his theme, the history of the first tribes that inhabited the globe. Discussion by institute.

Prof. Powell made a few remarks in regard to holding a State Teachers Normal Institute at Salem, sometime during July.

No. teachers enrolled, 80. The following resolutions were adopted:

RESOLVED, 1 That the thanks of the institute are due to Prof. Lambert and Dr. Browne, for the able and interesting lectures delivered by them; and to Prof. Condon for his series of instructive lectures; also to Prof. Lee for his very lucid and entertaining blackboard illustrations, also for his appropriate address of welcome.

2, That our worthy State Superintendent, Prof. L. J. Powell, is entitled to our hearty thanks for his untiring efforts to advance the cause of education among us and throughout the State—He is the right man in the right place.

3, And the young ladies who so kindly favored us with music; especially Miss Laura Giltra, Miss Mae Underwood and the Misses McCormack.

4, That our thanks are due to the officers of the institute, for their faithfulness in the discharge of their respective duties.

5, That we tender our thanks to the O. & C. R. R. Co. for reduced rates of fare to our members traveling on their road; and also to the citizens of Eugene for their hospitalities extended to us during the session of the institute.

6, That the editors of the city papers be requested to publish these resolutions in their respective papers.

Letter from Moscow, I. T.

Moscow, I. T., March 6, 1882.

EDITOR GUARD.—Thinking a few notes from this section of our county might be of interest to some of your readers, I send you the following brief description of Moscow and vicinity: Moscow is situated in the western part of Idaho Territory, about four miles from the Washington line, and about twenty miles north of Snake river. It is a very thriving country village, and is surrounded by the most fertile farming lands to be found in the northwest; the rolling land producing all the cereals to perfection, while the low lands are equally as productive, but are subject to severe frosts which render them in a measure unprofitable for farming purposes, but are unsurpassed for grazing. The staple production here at present is flax, which is being contracted for the coming season at \$1 per bushel delivered on the river. Wheat raising is unremunerative on account of the high rates charged for transportation to the sea board, but if the farmers could realize the present price paid in the Willamette Valley, they would soon become independent. Moscow contains about two hundred inhabitants, who are a strictly moral and upright people. At present there are three dry goods stores, one drug store, harness shop, tin shop, hardware store, jewelry establishment, butcher shop, two saloons, three hotels, three blacksmith shops and one wagon shop, besides the usual number of carpenter shops, all of which are doing a good business. The residents of this place and vicinity are considerably elated at present over the prospects of a railroad in the near future, the O R & N Co having promised to construct a branch of their road to this place in time to transport the coming crop. There are no vacant houses in this place at present, and rent is very high.

H. F. BOND.

HOLLOWAY PILLS—What is Life Insurance? Apoplexy, &c.—Many people insure their lives to benefit their families by death—how paradoxical is this. Happily a preventative has been discovered—Holloway Pills—the only safe and certain antidote for this disease, they seal the blood and equalize its circulation through the system. To preserve the stomach in a sound condition and the blood pure is the true secret of health—Holloway's Pills will do this most effectually, and thousands owe their actual existence to them at the present day.

IMPORTANT NOTICE.—None are genuine unless the signature of J. H. HOLLOWAY surrounds each box of Pills and Ointment. Boxes at 25 cents, 62 cents and \$1 each. There is considerable saving by taking the larger sizes. HOLLOWAY & Co, New York.
