EUGENE CITY, August 31, 1882.

The Hubbell-George Extortion Committee.

M. C. George, M. C., has lately returned to Oregon, and this is the way Dorman B. Eaton speaks of his extortion Committee and its work. "The mandate now being enforced, breathing the very spirit of despotism, insults an intelligent people. Without pretense of justification, if a majority was sure for the dominant party, the sum to be extorted is measured by the need of bribery, extraneous influence to carry the districts. If two per cent. on the nation pay-rolls may be now taken because needed, then a party which by its infidelity and outrages shall have become so unpopular as to need a bribery fund of ten per cent, may, for the same reason extort that sum. The principal is this: that every party in power may rob the public servants in the ratio of its own folly and corruption, and use the plunder to bribe the voters and deceive the people." George is young but he is an apt scholar in learning and practising the ways of stalwartism.

Further on, the same writer describes the Committee and their methods thus: "These minions, book in hand, are hunting the official corridors and tracking the public laborers. They mouse around the bureaus for names and salaries which all high-toned officials contemptuously withhold. Neither sex, age nor condition, is spared by these spoils-system harpies. They waylay the clerks going to their meals. They hunt the Springfield Arsenal and the Mississippi laborers to their humble homes. They intrude their impertinent faces upon the teachers of Indians and Negroes and Hampden School and Carlisle Barracks. They dog navy-yard workmen to their narrow lodgings. The weary scrub women are persecuted to their garrets; the poor office boys are bullied at their evening schools; the money needed for rent is taken from the aged father and only son; men ensnared on the battle-fields are harried in the very shadow of the Capitol; life-boat crews, listening on the stormy shores for the cry of the ship-wrecked, and even chaplains and nurses at the bedside of the dying, are not exempted from this merciless, mercenary, indecent conscription which reproduces the infamy of oriental tax-farming."

And this is the system openly adopted and publicly defended by means of which the Republican party hopes to prolong its power. Lost to all shame, every principal abandoned, utterly rank and rotten in all of its ramifications, it now proposes bribery of the individual voter as the last means of perpetuating its miserable and purposeless existence. And the bribe-money to be taken from the public treasury through useless officers drawing unreasonably large salaries, made so by these same congressional harpies to the end that the officer would have more to contribute for the infamous purposes of the Committee.—Democrat.

We have received a poster, claiming to be the opinion of the press of Oregon and Washington on the Senatorial question. It is the work of an editorial bureau in Portland, and the complimentary notices probably have been paid for by money furnished by the Central Pacific Railroad, to try and elect one of its defenders. If the election of Senator was left to the popular vote Mitchell would be defeated by one of the largest majorities ever given in Oregon.

The retiring Governor's message is at hand but we are compelled to forego comment this week on account of not having time to thoroughly read the important document. Governor Moody's inaugural has also been received.

The Democrats of Nevada have nominated Jewett W. Adams for Governor; Geo. W. Cassidy, for Congress, and M. N. Stone for Justice of the Supreme Court.

Mitchell's chances for the U. S. Senate seems to be on the wane, but his supporters in the Legislature declare that they will stand by him as firm as the 306 did Grant at Chicago.

OREGON LEGISLATURE.

Twelfth Biennial Session.

HOUSE.

SALEM, Sept. 11, 1882.

The House met at 2 o'clock, Speaker Plummer in the chair.

The Secretary of State administered the oath to the members elect.

The following permanent officers were then elected: Geo. W. McBride, of Columbia county, Speaker; (the Democrats voting for Stanley of Jackson county,) J. W. Strange, of Douglas, Chief Clerk; S. G. Irvin, of Benton, Assistant Clerk; E. C. Hadaway, of Yamhill, Sergeant-at-arms; B. Califf, of Clackamas, Door Keeper; E. E. Hewett and Frank Nicklin, Pages.

A message from the Senate was received, giving notice that it was organized and ready for business.

The rules of the last session were adopted, and reporters assigned seats within the bar.

SENATE.

The Senate met at 2 p. m. and was called to order by S. Hirsch, President of last session.

W. J. McConnell, of Yamhill, was elected Temporary President; A. Miers, of Douglas, Chief Clerk; Wm. Gibbs, of Multnomah, Assistant Clerk; Wiley Chapman, of Clackamas, Sergeant-at-Arms; C. E. Dubois, of Multnomah, Doorkeeper.

The report of the Committee on Credentials received and adopted, and newly elected members sworn in.

The temporary officers, as above, were elected as the permanent officers of the Senate, the Democrats voting for John Myers, of Clackamas, for President.

A spirited contest was made over a resolution appointing a committee of five to select the various standing committees, but was finally carried by the Marion county Senators, Jessup, of Yamhill, and Humphrey, of Linn, voting with the Democrats. The Committee as appointed, consists of Starkweather, Prim, Hall, Clow and Davenport.

The New Constitutional Amendment.

Below is the full text of the joint resolution to be introduced at the coming session of the Oregon Legislature, as prepared by Messrs. McDougall and Bower, attorneys, at the request of the President of the Oregon State Temperance Alliance.

Resolved, By the Senate and House of Representatives of the State of Oregon, a majority of all members elected to each of the two houses agreeing thereto and concurring therein, that the following article as an amendment to the constitution of the State of Oregon, to be numbered in the order which it takes in its passage and ratification by the electors of said State, be proposed and referred to the Legislative assembly to be chosen at the next general election of the same. And if such article be agreed to and concurred in by the legislative assembly so next chosen, it shall be submitted to the electors of the State of Oregon as in Article XVII, Sec. 1, of the said constitution is provided, and if said electors ratify the same as in the manner provided by said article of the constitution, then shall the same be to all intents and purposes a part of the constitution of the State of Oregon, and shall read as follows after being appropriately numbered:

ARTICLE —

SECTION 1. The manufacture, sale, or the giving away, or the offering to sell or give away, or the keeping for sale of any spirituous, vinous, malt, fermented or intoxicating liquor whatever, is forever prohibited in this State, except for medical, scientific, mechanical or sacramental purposes.

SEC. 2. The legislative assembly of the State shall, without delay, pass all necessary laws with sufficient penalties necessary to enforce said article.

"A BLIND pool," says the New York Star, "is one in which several persons subscribe sums of money to operate in a selected stock, leaving the manipulation of the scheme entirely in the hands of an individual member, who is depended on to divide the profits fairly." "Why, this is just like Hubbell's little racket, isn't it?"

THERE is no aspect in which the present Administration appears to such disadvantage as when it is contemplated from the standpoint of the Virginia Republicans who see President Arthur furnishing patronage to Mahone with which to persecute him.

At the last Senatorial election held in this State Hon. Jas. H. Slater was elected on the first ballot.

The Wheat Crop.

EDITOR GUARD.—I have just received the crop returns from the Department of Agriculture, as I do every month, of which is the work of about six thousand correspondents, giving estimates covering the entire producing area of over fifteen hundred of the principal agricultural counties of the United States upon the condition of the present crop. The cotton crop averages higher than for five years past. The spring variety of wheat, its condition is higher than for several years, taking 100 per cent, which expression is meant unimpaired vitality of medium growth as a basis. It was 88 in 1880, and 81 in 1879 and 1881; it is now 97. In northern Iowa the crop is thought to be the best since 1877. The returns from some of the principal States are: Wisconsin, 99; Minnesota, 98; Iowa, 93; Dakota, 99; Nebraska, 102; Colorado, 96. It is probable that the product of winter and spring wheat, without loss by sprouting in harvest, will slightly exceed five hundred million bushels. A few days ago the agent of the Department of Agriculture in England sent word from London that their wheat promises an average crop of good quality; in France an average one, slightly damaged by rain; Germany, heavy rains injured the quality somewhat of a fairly abundant product; Prussia and Austria an average crop, and in Hungary 15 per cent. above average, so that the European outlook is favorable for medium production. I give this so that our farmers may govern themselves in disposing of their present wheat crop accordingly.

HOLLOWAY PILLS—What is Life Insurance? Apoplexy, &c.—Many people insure their lives to benefit their families by death—how paradoxical is this. To prolong life by preserving the health would be a far more rational manner of assuring it. Apoplexy is swift and insidious in its attacks, striking its victims without a moment's warning! Happily a preventive has been discovered—Holloway Pills—the only safe and certain antidote for this disease, they cool the blood and equilibrate its circulation through the system. To preserve the stomach in a sound condition and the blood pure is the true secret of health—Holloway's Pills will do this most effectually, and thousands owe their actual existence to them at the present day.

IMPORTANT NOTICE.—None are genuine unless the signature of J. HAYDOCK surrounds each box of Pills and Ointment. Boxes at 25 cents, 62 cents and \$1 each. There is considerable saving by taking the larger sizes. HOLLOWAY & Co, New York.

Foley Springs.

These healthful and medicinal hot springs have been purchased by Mr Peter Runey late of Astoria. Mr Runey will thoroughly reit and renovate the buildings on the premises, and will be prepared to accommodate those in quest of health or pleasure. Fish and game are plentiful in that vicinity, the scenery is magnificent, and those wishing a summer tour could go to no better place.

A Delicious Appetizer. That ensures digestion and enjoyment of food; a tonic that brings strength to the weak and rest to the nervous; a harmless diarrhoea cure that don't constipate—just what every family needs—Parker's Ginger Tonic.
