EUGENE CITY, August 31, 1882.

Fees of Sheriffs and Clerks.

S. B. 80—Introduced by McConnel, by consent, and read first time Sept. 26, 1882.

A BILL.

For an act to amend section 1 of title 1, chapter 20 of the miscellaneous laws of Oregon, relating to fees of officers and other persons.

Be it enacted, etc. Section 1. That section 1 of title 1, of chapter 20, of the miscellaneous of Oregon, relating to the fees of officers and other persons be amended so as to read as follows:

Section 1. That the county court of each county in this State shall at least three months prior to any general election for county officers, examine the emolument returns of county clerks and sheriffs of its county, with the statement of necessary expansion of conducting such offices, and shall fix and determine the amount of fees that the county clerk and sheriff of the county shall charge and be entitled to receive and collect at a certain per cent. of the statutory fee bill as prescribed by sections 2 and 4 of this title. Such per cent. may be greater or less than 100 per cent. of the said statutory fee bill. Said courts shall direct notice thereof to be published in some newspaper published in the county for at least one month. Such fees so established by the county courts shall be the lawful fees for the county clerk and sheriff during the two years following the succeeding general election and the same shall neither be increased or diminished during said period of two years following said general election.

Sec. 2. That all acts and parts of acts in conflicts herewith are hereby repealed.

THE Senatorial question is still agitating the public mind. During the past week Mr. Dunbar, of Washington county, has deserted Mitchell, while poor old Judge Tuitt, of Polk county, has been "convinced" at this late day that Mitchell is the "only man" able to represent Oregon in the U. S. Senate. How any member of the "48" could support Mitchell after their tirade against him, is beyond our comprehension. We suppose they have heard from Ohio, and are beginning to think that the Senators hereafter to be elected by Republican Legislatures will be scarcer, and hence their determination to embrace the present auspicious opportunity. The last ballot yesterday stood: Mitchell, 39; Shattuck, 30, and the rest scattering.

We are glad to see that Oregon is awakening to the necessity of keeping an eye on the railroad corporations with her borders. A fare and freight bill has been introduced in the Legislature. The fate that has befallen California will overtake Oregon, if she be not careful. The tentacles of the devilish will extend all over the State, and the struggle to escape therefrom will be hampered by many obstacles.—S. F. Examiner.

Last week during the heavy wind that prevailed for two or three days, Mr. Kimberlain, of East Chahalem, put fire into his straw; as the wind was favorable he thought there would be no danger. But a sudden change took the fire the other way, and soon carried it to his wheat pile. The piled up sacks being covered with straw, made a bad place for the fire to get into, and before it could be mastered it destroyed or injured about 900 out of 1300 bushels of good wheat.

It is a curious fact to see nearly every Stalwart Republican paper bark in at Senator Hendricks' registration bill. We understand that the original bill was stolen from the committee to which it was referred, whose Chairman is a Republican. It proves to us that the Republicans of this State are opposed to a fair election.

Wasco Democrats have notified renegade Gates that his course in voting for Mitchell is not approved of. He probably received the salve to apply to this wound in advance.

Ohio Redeemed!

TOO MUCH STALWARTISM DID THE WORK!

Democratic Majority over 35,000—Also Elect 15 Congressmen.

Carry the News to Arthur and Two Per Cent. Hubbell.

Last Tuesday Ohio held its election, and up to that day the Republicans confidently claimed the State by at least 20,000 majority, but they were sadly disappointed, as the State went Democratic by over 35,000. They had not calculated the effect that the renewal of the corrupt practices that the restoration of the Grant crowd would have upon the American people. Arthur and Two Per Cent Hubbell are the two worst disgusted individuals in America over the result of Ohio's overwhelming Democratic victory. Pennsylvania, New York, Indiana, California, and other States will fall into the Democratic column next month. The future prospects of the Democratic party are brighter than they have been for years, and there is not a doubt but what it will elect the President in 1884.

"Though the mills of God grind slowly, yet they grind exceedingly fine."

We copy the following dispatch from Thursday's Oregonian:

COLUMBUS, Ohio, Oct. 11.—Additional election returns are coming in slowly, as the Republicans are getting no more advices and are conceding everything but a few Congressmen. The estimates this morning put the Democratic majority in the State at 25,000, and make the Congressional delegates stand 15 Democrats and 6 Republicans. The election of McKinley in the 18th district, and Robinson in the 9th district are in great doubt, and the Republicans must carry both to get 6 Congressmen.

A Wet Winter.

Col Joe Teal and Vic Trevitt, says Tom Merry in the Sunday Oregonian, stood on the sidewalk last Tuesday afternoon, in front of the Holton House. They were watching a flock of geese flying overhead in a long triangular phalanx, winging their way southward from the land of noontoon to ward the orange groves of Los Angeles. The Colonel remarked: "Wick, we are going to have a wet winter." "Tut," was the trite answer of the apostle of The Dalles and Sandy wagon road. "You won't believe," continued the Colonel, "but we will have a wet winter. And the water will be so high that the Willamette Chief—I built that boat myself, Wick—can load three hundred tons of wheat at Eugene and run clear through to Astoria without breaking bulk." "And you call that a wet winter?" asked Trevitt, with a sniff of content; "why you don't know what a wet winter is, old boy. I was working for Bush at Salem in 1856, and the water got so high that you could go from the Waldo Hills over to the foot of Mary's Peak in a skiff. Well, I wanted to take a holiday between Christmas and New Year's, so I went over to see Nemith at his farm on the Rickreal. When I got there the water was 10 feet deep all over his farm, and the old case was out in his field planting his winter wheat with a diving bell. That's what I call a wet winter."

County Prosecuting Attorneys.

A bill has been introduced into the Oregon Legislature providing for the election of a prosecuting attorney for each county in the State, whose jurisdiction shall be confined to their own county. They are to receive such compensation in the way of salaries as their county courts may deem proper. They will be required to attend to all road matters in the courts in which the county is interested, and do all other business for the county and give their services to the county officers in county matters free of charge. These county attorneys are to be elected by the people at the general State election; but the several county courts will appoint these officers until an election takes place.

Holloway's Pills—What is Life Insurance? Apoplexy, &c.—Many people insure their lives to benefit their families by death—how paradoxical is this! To prolong life by preserving the health of the system is a far more rational manner of insuring. Apoplexy is swift and is sudden in its attack, striking its victim without a moment's warning! Happily a preventive has been discovered—Holloway's Pills—the only safe and certain antidote for this disease, they cool the blood and equalize its circulation through the system. To preserve the stomach in a sound condition and the blood pure is the true secret of health—Holloway's Pills will do this most effectually, and thousands owe their actual existence to them at the present day. IMPORTANT NOTICE.—None are genuine unless the signature of J. HAYDOCK surrounds each box of Pills and Ointment. Boxes at 25 cents, 62 cents and \$1 each. There is considerable saving by taking the larger size. HOLLOWAY & CO., New York.
