Ream don't advertise anything he can't back when he says his stock of undertaking goods is the best. Gray hairs often cause annoyance, which Parker's Hair Balsam prevents by restoring the youthful color. It is thought that Mr A A Smith, formerly of this place, has been re-elected County Judge of Spokane county, W T. Fruit trees and shrubbery may be obtained in Eugene City, at nursery prices, and freight charges added, by applying to J H D HENDERSON. Albany is to have an anti-coquet society, and the young men of that place have vowed never to marry a girl who laces. We are afraid they will die old bachelors; but of course is a move in the right direction. Received on consignment, by Bettman, Ladies and Misses cloaks, dolmans and ulsters, which will be sold at factory prices for the next 30 days. I have orders to return what is left. Call and see for yourselves. Nobby fall pants have very tight legs with no spring at the bottoms. The object of the tailor seems to be to make the wearer as nearly like a hair pin as possible. A man in No 10 shoes and a pair of trousers that bind his ankles closely, presents a picture as graceful as those the Chinese are accused of drawing on tea-chests. The stylish coat is the reofer, the double-breasted, short sack, with buttons nearly to the chin. The vest is cut very short. Cottage Grove Items. [FROM OUR SPECIAL CORRESPONDENT.] COTTAGE GROVE, Nov. 15, 1882. We have been having some cold weather here recently. An infant child of Mr Griffin's died here a few days ago. Born, at Latham Nov 10, 1882, to the wife of Harvey M Wallace, a daughter. The grist mill here changed hands to-day, by Mr Shultz retiring and Mr Garout taking charge. Miss Mattie Christman has returned home from Salem, where she has been attending school for quite awhile. There has been considerable sickness here during the past week. Sore throat seems to be the general complaint. Mr E H Hazleton is able to be around again. It will be remembered that he was hurt by being thrown from a self-binder last August. Freight, baggage, etc, for Cottage Grove reaches us now by way of Latham, on account of the re-building of the bridge across the Coast Fork. ALEX: SUNDAY SCHOOL.—We find the following in relation to our Sunday Schools in the proceedings of the State Convention, held at Portland this week. Rev C A Woolley gathered the information: Lane county had 29 schools; reports from 15 showed 117 teachers, with a total membership of 912. Public school enrollment, 2,375. RENEWAL.—The truck team of Mr E J McClanahan took a lively spin down Willamette street one day this week. One of the horses was bruised up slightly, while the trucks were and injured in the least.

Council Proceedings.

COUNCIL ROOMS, EUGENE CITY, Nov. 13, 1882. Council met pursuant to adjournment. Present—Councilmen Edris, Lauer, Campbell, Johnson McClung and Mayor Hendricks, Recorder and Marshal. Absent—Councilman Luckey. Minutes of the last regular meeting read and approved. Finance committee reported the following bills correct, and on motion, warrants were ordered drawn on the treasury for the several amounts: J U Alford, \$33; Osburn & Co, \$4; J T Witter, \$1; S A Ogden, \$18 50; V McFarland, \$10 88; J E Attebery, \$36. Report of Marshal read and placed on file. Report of Surveyor in regard to Eleventh street was read and ordered spread upon the minutes; also that the Surveyor make a record on his books. On motion, the Surveyor was ordered to establish a corner of stone at the corner of Dr Patterson's dwelling property. On motion, the Marshal was instructed to notify the property holders on the north side of Eleventh street to repair their sidewalks, and where necessary build a new one, and to make the same conform to the recent survey; said work to be finished in 60 days. The matter of the petition of W T Osburn and M S Wallis, on motion, referred to the Board of Equalization. On motion the Marshal was instructed to proceed to collect all delinquent taxes due the city forthwith, according to law. On motion the committee on Fire and Water were instructed to take the initial steps to organize a new fire company, on the basis of a proposed ordinance, introduced by Councilman Campbell. On motion the Judiciary committee was instructed to codify the city laws, and if necessary, employ help. The following bills were read and referred to the Finance committee: Lynch & Page, \$4 40; J E Attebery, \$22 44; S A Ogden, \$18; Abbott Bros, \$23 37; T G Hendricks, \$79 80; Springfield Mill Co, \$110 29; Nelson & Johnson, \$7 25. On motion the rules were suspended and a warrant ordered drawn in favor of T G Hendricks for \$75. REPORT OF SURVEYOR. To the Hon City Council, Eugene City: GENTLEMEN.—In accordance with your instructions to me concerning the "final survey" of Eleventh street, I beg leave to submit the following report: Beginning at the east maple tree of the row in front of Dr Patterson's house, ran W on the former survey to Rodney Scott's corner, which is the S E corner of lot 8 in block 3 of Mulligan's addition on the east. Said corner being correct, farther survey was unnecessary. I would also inform the Council that in my search for corners I found a stone corner at the S W corner of block 17, of Mulligan's donation, and said rocks may be found by digging. This, gentlemen, makes Eleventh street practically straight east of Willamette. As to where it originally was in the first surveys, I am as yet unable to tell, at least east of High street, where all traces of the old surveys are gone, and as your instructions were to straighten the north side of Eleventh street, I consider them filled. Surveyed Nov 10, 1882. GEO NOLAND, City Surveyor. On motion adjourned. R. G. CALLISON, Recorder. Thanksgiving Proclamation. STATE OF OREGON, EXECUTIVE OFFICE, SALEM, Nov 7, 1882. In accordance with a custom long established, and in pursuance of a recommendation of Chester A. Arthur, President of the United States, I recommend that Thursday, the 30th day of November, A D, 1882, be observed by all the people of this Commonwealth as a day of Public Thanksgiving and prayer to the Supreme Ruler of the Universe, who has vouchsafed to His blessings innumerable during the past year. He has granted abundant harvests to the husbandman, prosperity to our commercial interests, and general health to all of our people. For these and all other blessings which have been our portion, I would recommend that upon the day named all secular business be dispensed with, and that our people assemble at their respective houses of worship, and in true sympathy with the purposes of this proclamation give unto God thanksgiving and praises for his mercies. In witness whereof I have hereunto set my hand and caused the seal of the State of Oregon to be affixed at the Executive office in the city of Salem, this 7th day of November, A D, 1882. Z. F. MOODY, Governor. Attest: R P EARHART, Sec'y of State. CONVICTED AND SENTENCED.—Jas Bernard, the white man, and Jas Kirk, an Indian, who were indicted by the grand jury for the crime of murder for the killing of an Indian named Jack Kerns, were tried separately last week, and both convicted of the crime of manslaughter. Judge Bean pronounced sentence upon them on last Tuesday morning after giving them some good advice, he sentenced Bernard to eight years in the penitentiary and Kirk to five. Bernard when sentenced seemed well pleased, and did not in the least show any signs of discontent, but the Indian seemed to dislike returning to that institution. Sheriff Campbell took both the prisoners to Salem Wednesday morning. EXPERIENCE.—It will be remembered that the GUARD published some time since an account of the Scientific American, giving an account of driven wells being adapted for fire cisterns. Mr B F Derris is at present driving a six inch pipe near the Court House and intends testing it as soon as the engine arrives. If it proves successful it will be a great saving to the city, as they can be driven for one-half the amount it would require to dig cisterns like the one on Willamette street.

It is Said:

That a young telegraph operator does "Ogle" the girls terribly. That a Harrisburg beauty "tumbled" to the music of the last dance. That two certain young ladies should be called "The Mulligan Guards." That a certain young man will (not) present that watch to his girl up town. That "Moss," the insurance agent, "got left" nicely one day this week. Ta-ta! That a certain couple haunt the new church and had better quit it for they are watched. That a certain young lady who paid her way to the show the other evening, upbraided her "fellow" considerably. That one of the up country girls attending the University is "gone" on a sweet briar from Oregon City. That the junior partner of the Journal recently invested some of his means in a head gear for a baby. What does this mean? That it looks bad for a young man to see his girl to her boarding on Saturday night, and leave the gate broken down over Sunday. That a young lady who has been visiting here recently, has concluded not to go home until after the holidays on account of new conquests. That the girls don't think any more of those young chaps because they take too much frisky on board at every party they attend. That the young "sprig" who hangs around the outside door of the ante-room of the Good Templars Lodge so much must be looking for a "case." That "Trigger" wants it distinctly understood by his inquiring lady friends that Piety Hall is located in the building on the southeast corner of Willamette and Eighth streets. That a couple from Colburg applied at the Sheriff's office one day this week for a marriage license, and that a certain Justice came near breaking his neck in trying to get a job. That the two young ladies who make their mothers believe they are attending the Good Templars Lodge, when in reality they are out walking with their "fellows," had better go a little slow. That it is a "dead give away" on the girl that allowed the young fellow to march her up and down Willamette street with his arm around her. That a young man of means would like to "get in" on the same "racket." That it was a notable and singular fact that two Good Templars who attended the dedication ball went out quite frequently to get a drink of water, and came in chewing cloves and cardamom seed; also that one got sick quite early in the evening and went home to rest. That the brave Prosecuting Attorney and the Hon. Col. of Corvallis came near fighting a duel, last Saturday. Rumor has it, however, that the "cowardly" Col. "folded his tent and silently stole away," while said p. a. "bravely" joined the boys in a grand "jubilee meeting" that evening. MAN-ABOUT-TOWN. Circuit Court. The following cases before the Circuit Court were disposed of after our last issue: State of Oregon vs J W Mahon; assault with dangerous weapon—Not a true bill. Oregon Railway Co vs Hugh L Thompson; for right of way—Continued. Chas M Baer et al vs Thos Mullholland; in partition—Argued and submitted. R F Moss vs F M Hamilton; to recover money—Dismissed at plf's cost. State of Oregon vs Jas Kirke; murder—Guilty. Sentenced to five years in the penitentiary. State of Oregon vs John T Banard; murder—Guilty. Sentenced to eight years in the penitentiary. State of Oregon vs A J Barneson; murder—Verdict of not guilty. Jas Bucknell vs Mary C Ellsworth et al; for specific performance—Dismissed. State of Oregon vs Frank Wilkinson and John Ross; maliciously killing an animal the property of another—Arraigned and plead not guilty. Continued. CROOK COUNTY OFFICERS.—Gov Moody has appointed the following officers for the newly created county of Crook: Judge, S G Thompson; Commissioner, Benj Allen and C M Cartwright; Sheriff, Geo H Churchhill; Clerk, S T Richardson; Surveyor, S J Newson; School Superintendent, H Dillard; Treasurer, Gus Winkler; Coroner, R Graham. They will assume their duties on receipt of their commissions. SOLD OUT.—We clip the following from the Dallas Itemize of last Saturday: The Goodman Bros of Independence have sold their drugstore to L W Robertson and Henry Patterson, who will hereafter conduct the business. The Goodman Bros are nice gentlemen and their departure from business circles is regretted by many friends. FORGER.—Chas J Loftland, formerly local writer on the Columbia Chronicle, last week sold to S J Saxon a check for \$400 on the 1st National Bank of Dayton, which proved to be a forgery. Loftland skipped the town. He is being looked for by officers and will probably be caught.—East Oregonian. MARRIED.—At the residence of Mrs Stephens, at Prineville, on Wednesday evening, Nov 1, 1882, Mr E H Sparks to Miss Lou Foley, by Ed F M Long. May they as one spark be a bright shining light.—Prineville news. MARRIED.—At the residence of Mr John L Flint, Nov 12, 1882, by Rev C A Woolley, Thos H Bailey and Miss Annie J Flint, of Lane county. FOR YAMHILL.—The biggest Bates was taken to Yamhill county last Monday, by Mr E R Colliard, Sheriff of that county.

STATE UNIVERSITY.

A column devoted to the interests of the Laurian and Eutaxian Literary Societies, and the State University. ELLA LOCKWOOD, EDITOR. Odds and Ends. Open session last night. The class in Livy have completed the book. Where is "Piety Hall?" Echo answers "where." The Treasurer of the Corporation is doing a rushing business. Misses Beale Day and Minnie Shaw signed the constitution Friday. We hear Louise Foley, a sister Eutaxian, has committed matrimony. Extra sessions are beginning to break the monotony of the recitation room. Miss Mary McCormack filled the chair last Friday on account of the President's illness. An antique specimen of the African order found its way into Prof Condon's room one day this week. The Psychology class found out last Tuesday the difference between an "idea" of knowing your lesson and the "actuality." A case somewhat similar to that of the great Abercrombie happened recently in our midst. If anyone wants to know what it is, let him ask the thickest Sophomore. The class in Botany will be through their text books in about two weeks. They will have nothing more until spring, when they will begin the analysis of flowers. A certain Senior of Epicurean taste, recently compared the mixed and confused condition of the elements of European civilization in the fifteenth century to "mince pie." Students, now-a-days, besides being tortured by sickness, can't even eat when they are sick; for if the Prof's find out that they haven't missed a square meal, "woe be unto their ears." The fact that "all horned animals chew their cud" is awakening some controversy in the Senior class. Would the horned snail and owl come under this law; and what will become of the "muley cow." The class in Julius Caesar recites Friday afternoons. The study is proving quite interesting. The Juniors are studying "The Merchant of Venice," the Sophomores and Freshmen, "The Ancient Mariner." A certain Senior had special reason to be thankful that the attraction of the sun varied inversely as the square of the distance, when the occupants of a Springfield carriage were thrown into the air, a few days ago. The question, Resolved, "Morality increases equally with civilization," was debated last Friday in the Eutaxian Society. The speakers were mostly young members, and seemed to enter into the spirit of the debate with more interest than any of the older ones. The decision was rendered in favor of the affirmative. We understand the reason why our brother editor had no column last week was because he went on a "pleasure excursion." We even heard the word "dear" mentioned in connection with it. All we have to say is, that any one that goes out of Eugene for this article, is blind in one eye and can't see out of the other. Personal. Miss Eva Rogers has gone to Prairie City to spend the winter. Ione Cranfield of the class of '80 has returned from the East. Geo Bushnell, who has been studying medicine in San Francisco for about a year, is home on a visit. We understand that Miss Aggie McCormack of the class of '80, is very successful in her school at Albany. Chester Miller and Arthur Frazier, both of the class of '82, have begun the study of law; the former in Dayton, the latter in Amity. Officers of the Corporation. The Corporation meeting of Nov 3d, resulted in the following election: B B Beckman, President; Hattie Celler, Secretary; W H McGhee, Librarian; Lena McCown, Assistant Librarian; Geo Hill, Trustee; Emma Cornelius, Treasurer; Emma Dean, Trustee. Junction City Items. JUNCIOS, Nov. 16, 1882. Mr Hendricks' feed chopper did its first work here on the 14th inst. This city is to be visited by a traveling theater next Monday and Tuesday evenings. Mr AH Wyman, proprietor, and Miss Lulu Wilson leading lady actress. Rev Mr Houston commenced a series of revival meetings Sunday evening. We wish him success in the same. A grand work of grace will not hurt the people of this place and is much needed. Gossip was furnished quite a scandal last week by the pugilistic element of the place. There are not a few Junction fellows that are some on the fight but it won't do to mention names. Mr and Mrs Randal propose to celebrate their twentieth anniversary of married life, on next Monday evening. This makes the second China wedding for this place within a month's time. A STRAW.—Last week we sent to Portland for a cut of a rooster to celebrate the recent Democratic victory with, having lost ours during the long period of time we had no use for one. The gentlemanly proprietor of the supply house informed us that he had none on hand, but had received over fifteen orders from Democratic newspapers. He also said that he was not surprised at the number of orders; for the Democracy had not had much need for them for over twenty years, but informed us that he thought our Republican newspaper friends could supply us, and he believed they might sell them now with profit as he did not think they would have any use for them for the next twenty years. MARRIED.—In Irving Nov 12, 1882, at the residence of Mr O P Hoff, by A C Jennings, J F, Mr Jas Watters and Miss Ollie Adams, all of Lane county, Oregon. SOCIABLE.—A sociable will be held at the residence of Mr Joel Ware, Friday evening, for the benefit of the Christian Church of this city. All invited to attend. The grand jury's final report was very short. It simply reported that the different county offices were kept in a creditable manner.

Married.

At the residence of the bride's parents, in Lane county, Oregon, on the 8th of Nov, 1882, Mr Geo W Smith and Miss Mary F Spores. The ceremony was witnessed by many friends, who presented the following marriage gifts: Photograph album, Mr and Mrs A V Peters; silver napkin rings, F and A Spores; rich embroidered tily, Miss Nellie Ware; fruit stand, Mrs Joel Ware; stand lamp, Mr Ike Yokum; embroidered handkerchief, Mr P Cure; two fruit dishes, C and D Spores; silver teaspoons, Lattie Spores; silver table spoons, the bride's parents; water set, Mr and Mrs A S Powers; silver casket, Mr and Mrs B F Powers; fruit and bouquet stand, Mr and Mrs I F Powers; silver pickle stand, Irene Spores; silver napkin rings, Mr and Mrs J E Ebbert; toilet set, Miss C Bond; table set, Mr and Mrs P J Boalar; silver fruit basket, Geo and Minnie Spores; table set, Miss Hattie Johnson and Mrs A Patterson; silver butter dish and knife, John Spores. The friends all accepted the new relationship with the novelty of a dream, and with the freshness of reality. Mr Smith was the first full grown son ever added to the Mat Spores family. Happy George, the thirteenth child. It would require the genius of a Longfellow to give a word painting of the bride's toilet. The brilliant silver satin dress, trimmed in Spanish lace by a skillful hand, was perfected by the illusion vail which flowed with the train on the carpet and gave softness to the picture. Yet the compliance of the bride was the highest compliment to its feathers. There were fully sixty persons present besides the children, who partook bountifully of the sumptuous table, and there was cake and chicken distributed to departing friends at evening. CORRESPONDENT. A Large Stock of Goods. By invitation we visited the new store of Messrs Lynch & Page last evening, in the brick building recently built for them, one door north of the Bank building, and found the proprietors busily engaged opening one of the largest stocks of groceries ever brought to Eugene. Everybody is invited to visit the store and take a look at the endless variety of the finest and best stock of all kinds of articles that is kept in a grocery store. We have no hesitation in saying that a person will not find a better quality of goods in any store in Oregon than those at Messrs Lynch & Page's new place of business. We are also informed that the goods have been marked down to the lowest possible figure, and that they intend to sell articles in their line as cheap as any store in the State. All their old customers will please make a note of their removal, and all those wanting such articles as they keep are cordially invited to give them a call. Remember the new place of business will be open for public inspection this (Saturday) morning. Most of the goods are new and fresh, and especially manufactured for the firm, therefore they can heartily recommend them to the public as being first-class in every particular. BOARD OF REGENTS.—The Board of Regents of the State University met in this city last Saturday. Prof Lambert was retained for the balance of the school year. A new board of trustees were appointed. No change was made as to the officers of the Board. Hon Henry Felling of Portland, and Hon Abnael Bush of Salem, were in attendance.

Dexter Items.

DEXTER, Nov 16, 1882. Miss Nettie Stewart, of Goshen, is teaching on school. Our merchant here is ready to receive all the fat hogs offered for sale. Bring 'em on. After an absence of five years, T H Hunsaker has again taken up his residence here: Messrs Parker & Parker killed 34 head of nice hogs last week, and will kill about 60 more. E B Hunsaker has gone to Southern Oregon, and expects to go into business at some point there. Mr. A. J. Buneson Acquitted. The trial of A J Barneson for the killing of J H Brown, was held before Judge Bean last Monday and Tuesday. Messrs G B Dorris and E G Hursh appeared for the State, while Messrs L Bilyeu, J J Walton and R S Strahan appeared for the defense. Every point of law was hotly contested. After the jury received its instructions from the Judge, they retired to the jury room, and in about an hour brought in a verdict of "not guilty," and the prisoner was discharged. CIRCUIT COURT.—The Court adjourned last Monday morning. During the week we heard many complimentary remarks made upon the able manner in which Judge Bean presided. The lawyers say that he makes one of the best Judges they ever saw, considering the short time he has served. He is strict, but still courteous, and is impartial in his rulings. We congratulate the Judge, and may he improve, if it is possible, as he grows older in experience. THE WYMAN'S.—The Wyman Comedy Company have been playing during the past week to large audiences at Lane's Hall. It is a first-class troupe, composed of ladies and gentlemen, and is entitled to a fair patronage. To-night the troupe play that well known old drama, "Uncle Tom's Cabin." We hope to see a large audience in attendance. CHANGED HANDS.—Mr C M Nichols has sold the Star chop house to Mr S E Toner, and will leave for San Francisco in a few days. We are sorry to see Mr Nichols leave, as he is an affable and courteous gentleman. The new proprietor thoroughly understands the business, and will no doubt make a success of it. See his advertisement in another column. ARRESTED.—The proprietor of the shooting gallery was arrested this week for allowing betting in his hall. He appeared before Recorder Callison and was fined \$10 and cost, which he liquidated. IMPORTANT NOTICE.—All parties wishing advertisements on the drop curtain in Lane's Hall, will please notify Rhinehart immediately. All can have a space. Mr E K Henderson went to Portland Wednesday. Mr Harry Miller was in town a couple of days this week.
