HAND ENGINE ARRIVED.

H. & L. Co Tries the "Machine" Monday -- "First Water" Enthusiastically Cheered.

On last Saturday's freight train the long expected hand engine arrived, much to the & McCornack, Titus & Co are building a satisfaction of our City Father and the citizeus generally. The engine was immediately town. set up, and notice given that the E H & L Co would give her a trial Monday afteruoon at 3 county, are visiting relatives and friends in this P M. Long before the appointed hour Monday, the streets were crowded with men. women and children, who stood in the driz zling rain anxiously awaiting her appearance. Promptly at 3 o'clock the firemen took the engine to the cistern on the corner of Willamette and Eighth streets, and after laying 100 feet of hose, manued the engine and proceeded to "shake her up," and soon a stream of water was the result, which was charge. entinusiastically applauded. The engine threw a stream 170 feet, which was considered quite good for the first trial, as the valves were all dry, and everything worked hard on account of her newness. It is expected that at her next trial she will throw at least 220 feet. The city has not as yet accepted the engine, but will as soon as it her makers. The engine is made by Messrs to meet with us. Button & Son, of Waterford, N Y, is size No 2, and has room for 54 men to work on the "brakes," and with 650 feet of hose cost the city \$2,600. A new company will be the machine. At last the city has secured some means of defense against the ravages of the fiery element, and the citizens generally are rejoiced thereat. Our present Conn-cil deserves the thanks of the community in providing this means of defense.
