### Getting Their Work In.

The attempt on part of Republicans to foist Sam Randall with his incidental protection theory upon the Democratic party, as a candidate for the Presidency, must be costing them a deal of money. It begins to look as if a number of Democratic papers had been subsidized, and while we have no fears that Randall will stand a ghost of a show for the nomination, we are certain that the Republican politicians are getting their work-in on unsuspecting Democrats by making his campaign and pernicious incidental protection theory popular with a considerable faction of the Democratic party. So that when the Republican party occupies that position in the next campaign, it can hope to draw largely from Democrats who have been induced to endorse this innovation on their party principles. It always has been the platform theory of the Republicans, and it will be an easy matter for Republican politicians to satisfy those who are committed to protection in any degree, that that party is the best representative of the doctrine in any of its degrees or phases. The principles of protection and tariff for revenue only are as distinctive as freedom and slavery, or right and wrong; there is no half-way ground upon which these two antagonistic principles harmonize, and the sooner that Democratic politicians and papers learn to avoid all dishonest devices, the better for their party and country, and the sooner the people will be delivered from the dishonest exactions of class rapacity.

### Shooting Near Lafayette.

McMINNVILLE, June 10.—At the Crystadellian meeting to day near Lafayette, Rev. L. T. Nichols was shot by the sons (rumor says) of the late Frank Martin. The mother of the boys who did the shooting has had much mental suffering lately, it is said, by Nichols' teaching, by which reflection was cast upon the memory of her late husband. Nichols also had something to do about her property. Mrs. Martin went to the meeting to day and her sons, William and James, aged about 23 and 30 years, followed to take her away and bring her home. Some of the brethren interfered. This enraged the Martins, and they being powerful men, physically, knocked down Nichols, and was shot in the back; the ball entering just above the right hip and lodging against the skin of the abdomen. The Martin boys have the sympathy of the community. Some think Nichols will not prosecute, but play the role of a religious martyr.

### State Teachers' Institute.

The State Teachers' Association for '83 has been appointed to meet in Salem, June 26, and will continue in session June 27, 28 and 29. Teachers and friends of education in all parts of the State are cordially and earnestly invited to attend and take part in its discussions. An excellent programme is being prepared and will be printed for distribution as soon as possible. Superior lectures and instructions will be given by the leading educators and teachers of our higher institutions of learning and the public schools. Arrangements have been made for reduced rates on the principal lines of travel to all persons attending the association. The proprietors of the hotels and boarding houses in Salem will make a liberal reduction to teachers and others in attendance.  
E. B. McELROY,  
Supt of Public Instruction.

The railroad cases at Sprague cost \$777 55. Previous to the presentation of bills, it had been asserted that the costs would foot up \$1800.

M. T. Sinclair, who lives on the Upper Natches, W. T., has planted fifteen or twenty acres of sugar cane, which is doing nicely.  
After the Kentucky Republican Convention was called to order last Wednesday, a colored choir sang "Nearer, my God, to Thee."  
H. McArthur has sold his farm on Pine creek for ten thousand dollars.
