

CITY AND COUNTY.

BRIEF MENTION.

Advertise. Pleasant weather. Correspondence solicited. The brick buildings are progressing rapidly. Good timothy hay is selling for \$15 per ton. Several threshers will start up next Monday. Col Fred Folsom was in town one day this week. Have you noticed that the days are growing shorter. The State Fair begins September 17th, and continues five days. Roseburg intends purchasing a Hook and Ladder truck immediately. The cannery received a large invoice of fine peach plums from Roseburg last Thursday. The cannery at present is busy canning blackberries. Mohawk furnishes the bulk of them. Mrs M Wallis and daughter, who have been visiting in Eastern Washington, have returned home. Mr John Lucky and wife, of Prineville, are visiting relatives and old time friends in this city. It is to be hoped that no one this season will gravely announce "the melon colic days have come." Wells, Fargo & Co's Express was robbed, Tuesday night, at Wolf Creek, Douglas county, of \$2,500. Mr Enoch Coleman left with his drove of cattle for Eastern Oregon via the McKenzie road, last Thursday. A large number of our people are ruralizing in the mountains. Dan Castello's circus is performing in Portland. It is said to be one of the best combination traveling. Referee Geo B Dorris has been taking testimony in the case of Nicklin vs the estate of J M Thompson, this week. We learn that work on the Siuslaw Wagon Road has been suspended. A large amount of agricultural machinery has been sold here this Summer, which is a good indication of prosperity. Burn, at Coburg, to the wife of John Tetherow, July 10, a girl, weighing three pounds. Mother and child doing well. Mr James Butler, of Pleasant Hill, will have some five or six hundred bushels of good fall seed wheat for sale after harvest. Thanks to State Superintendent McElroy for a pamphlet containing the proceedings of the State Institute held at Salem last month. A runaway occurred on Olive Street last Thursday afternoon. The occupants were thrown out, and the vehicle somewhat damaged. The Wyman Comedy Company has become financially embarrassed and "busted up in the business" at Napa, California, last week. Mrs Samuel Rickard is lying very low with cancer in the throat, at her father-in-law, Mr Casper Rickard's, just west of Junction. Mr Geo Stowell, of Portland, chief draughtsman in the Surveyor General's office, has been visiting relatives and friends here during the week. Nelson and Johnson have sold their truck business to Wm Clark, who formerly worked for Mr E J McClanahan. He will take charge of the same next Monday. Among the congratulatory letters received by Wm H Watkins Portland's new Chief of Police, we notice two from Eugene: Messrs L Bilyeu and Wesley Shannon. Died, at the family residence in this city, Friday, July 21, 1883, Mrs T J Chesire. She leaves a husband and child, and many relatives and friends to mourn her untimely death. The parties who shot at and broke out several windows in M Wallis' home, one day this week, are known, and if the act is repeated they will be arrested and punished. Great preparations are being made for the ceremony of driving the last spike on the Northern Pacific railroad. This will take place in September, about twenty miles west of Helena, Montana. People like to sing about reading their title clear to mansions in the skies, but they have no urgent desire to occupy those mansions and move out of an earthly home with a heavy mortgage on it. The O & C R R Co have contracted and are now running their new palace passenger coaches, and they are all the term palace indicators. They are also fitted with the new patent coupling with a handle. It has been published by many papers that the game law prohibits the killing of does at this time of the year, which is a mistake, as it only prohibits their being killed during the close season. The postoffice department has canceled the account of J M Bacon, postmaster at Oregon City, for about \$1400, the amount of money and stamps stolen at the time of the robbery of the office three years ago. A young man who is interested in breeding fine Jersey cattle, has been hunting in the Long Tom country during the past week. He got a fine chance to shoot a bear, but out of sheer fear failed to even shoot at him. The two cent postage law does not go into effect until October 1, 1882. Until that date all domestic letters must be pre-paid at the rate of three cents per half ounce, or they will be held for postage or sent to the Dead Letter Office. Fly time is here, the busiest of the year. A strange thing about the flies in this country is that they are in no particular rush about coming, but when they do, they come with a rush, doing a rushing business while here and are in no particular hurry about leaving. There are at the present time 154 petitions on the dockets of the District courts throughout the State praying for a dissolution of the bonds of matrimony, and out of that number 100 of the libellants are wives. Divorce market must be coming up. Well, we have no wife, so miss all the worry of divorce suit.

An Old Railroad Scheme.

The Yamhill Reporter says: The following act, passed by the Territorial Legislature in 1858, is interesting in account of the many historical and distinguished names connected therewith, and the present importance of the subject: "An act to incorporate the Astoria and Willamette Valley Railroad Company. SECTION 1. Be it enacted by the assembly of the Territory of Oregon, that John Adair, John McClure, James Welch, James Taylor, Conrad Borling, W W Parker, Paton Welles, J Imbrie, Wm Wilson, W R Bassett, T R Cornelius, Charles McKay, Morris Wolf, R C Kinney, Joe Meek, Riley Bean, M R Chris, W T Newby, Andrew Shuck; Edward Shiel, J D Boon, J H Moore, W C Griswold, Samuel Parker, Jacob Conser, Joseph Holman, W H Rector, Louis Westcott, L F Grover, E F Skinner, Elijah Bristow, Geo Humphrey, Jos Teal, I R Moore, Paul Brattain, A A Smith, W C Gallagher, B F Whitson, Thos Kendall, Wilson Blair, Chas Drain, Robt Newall, J H Stephens, J D Crawford, H V N Holmes, A C R Shaw, John M Lewis, B F Burch, H Linville, John Thorp, J C Avery James Barnhart, I N Smith, John Kelsay, A J Thayer, W Gird, Isaac Moore, J Dohse, Leonard and Green, Ladd and Co, T Pritchard, Job McNamee, Thomas Moss, Geo Abernethy, Wm C Bowering, Thomas Carter, D H Lonsdale, J S Ryerson, S Moss, Geo Abernethy, Wm C Bowering, Thos H Smith, H M Knighton, H Stephens, and their associates, successors and assigns are hereby created a corporation and body politic, for the purpose of constructing, erecting, putting in operation and maintaining a railroad from Astoria to Salem, and thence to Eugene City, or some other point in the Willamette valley, by the name of the Astoria and Willamette Valley Railroad Company. A quarter of a century has elapsed since these men associated themselves together by this act. Many are numbered with the dead, and all have grown old and silver-haired, and still there is no railroad to Astoria, but the time will come when it will be built, and many of these old pioneers will live to see this enterprise, started by them twenty-five years ago, carried forward and completed, and Astoria take the place she is entitled to by nature in the commercial world.

The Siuslaw Country.

FLORENCE, Lane County, Or., July 14. I am here on the Siuslaw river, south side, assessing what little there is in the Douglas county side. It is very inconvenient for people here to belong to two county organizations. It makes road and school districts wrong, and, as Lane county has the largest population, I favor annexing the same to Lane county. Many refuse to go to Gardiner to vote for county officers as the expense is too much. They can not make the trip for less than \$8, and if our county does nothing else, they ought to grant them an election precinct. The Siuslaw from its mouth to the end of tidewater is some twenty miles, and is a fine river for that distance. It is a small river bottoms on each side, more or less all the way up, and the people seem contented. Dr Kennedy has as nice currents and different kinds of fruits trees as any part in the Umpqua valley. The folks are all getting their nets ready to catch salmon. There are two canneries on the Lane county side and one salting establishment, John Dame's, in Douglas county. The country road from Eugene is within seven miles of tidewater, and I understand that Henry Wade, of the Umpqua, is going to place a steamer on the river, and there will be a tri-weekly stage from Eugene to tidewater, a distance of thirty-seven miles, to connect with the steamer and stage here at Florence for Coos bay. They claim that they can go quicker by the Drain or Roseburg route from Portland via Eugene, Florence and beach to Coos. I have had a fine feast of clams and flounders, and should you come down this way you can feast on rock oysters, clams, flounders, salmon, etc. I think the Siuslaw the prettiest river in Oregon, and it awaits a steam sawmill to make things better. The timber along tide water was burned in 1846 during the big fire on this coast, but above tide there are millions of feet of timber to keep a large mill busy for years. JAMES A. STERLING.

Merits Notice.

EUGENE, July 23, 1883. EDITOR OREGONIAN:—Dr E R Geary, son of Rev E R Geary of Eugene, who is located at Eagle Point, Jackson county, for the practice of his profession, performed a surgical operation on the eyes of a little blind boy near Eagle Point last winter, for the solution of cataract, which merits public notice. The operation consists in entering the pupil with a delicate instrument, and puncturing the capsule crystalline lens of the eyes and letting out its opaque contents into the aqueous humor of the eye, which has the property of dissolving the lens contents, and thus clearing the popular space. The child was born blind, and is 8 years old. Though both eyes were restored to sight, yet to see distinctly a focal glass equal to that of the lens removed will have to be worn. This operation has attracted much interest, both as to the condition of the child, and because his mother is a poor widow. The doctor's scientific skill is fully established here, and we wish him much success in climbing up the ladder of fame. N. H. P. LA REGOLE ACADEMY.—We learn from Prof Randle, principal of the La Regole Academy, that he has secured the services of Miss Alice Dorris, daughter of Hon Ben Dorris of Eugene, as teacher of German and French, and also of vocal and instrumental music in connection with the Academy, for the ensuing year. Miss Dorris is a graduate of the State University, and is a scholar of high grade. She always stood at the head of her class, and graduated with high honors. We congratulate the people and patrons of the school upon this important addition to the force of teachers. We bespeak for the school a cordial patronage.—Dallas Itemizer. NORTHWESTERN EXPRESS CO.—The N P R R Co have established the above named Express Co, and have appointed Mr L G Adair as their agent in this city. We learn that the company will commence operations August 1st, and that their office here will be at the store of McCornack and Collier. SILE AND LINES WEDDING.—Mr Joe S Luckey and wife, last Monday were the recipients of a party in honor of their having been married ten years. A pleasant and social time was had.

Help the Orphan.

EUGENE CITY, Or., July 24.—The following circular has been issued by the Grand Secretary, J E Houston, of the Grand Lodge of Good Templars here: To the Membership throughout the State: At the recent session of the Executive Committee in Portland, the condition and needs of our Home for Orphans received solicited consideration; and it was decided to lay the whole matter before the membership, with a view to enlisting more hearty co-operation in carrying the enterprise forward to creditable completion. Up to the last session of the Grand Lodge the sum of \$2,327 95 had been raised. During the session \$431 25 was subscribed and \$171 paid; making a cash total of \$2,498 95. The subscriptions are all good and will no doubt soon be remitted. Of this amount \$1,918 70 has been invested in an eligible plot of ground at The Dalles, which for beauty and healthfulness of location cannot be excelled. But this is only a beginning. We must have a building. The people of The Dalles, who have so nobly aided us thus far, propose to add \$1,000 as soon as the Organ furnishes \$2,000 as a building fund. With this it is believed that a building to meet urgent demands can be erected. Now, Brothers and Sisters, shall we raise and build? It is for you to say. Fifty cents from each of the 4,500 members in this jurisdiction will give us more than we ask and show the world that the Good Templars of Oregon are in dead earnest in every enterprise to which they put their hand. Have you given any aid to our home? Has your Lodge yet held an orphans' home entertainment? If not, why not? The necessary steps are being taken to place the matter on a legal basis, and every dollar sent to this office will be properly accounted for, and none expended until the \$3,000 is raised. Many Lodges have done nobly in the past. Cannot such give us still further aid? Believing you will rally to our assistance, I am fraternally yours, J. E. HOUSTON, Grand Secretary.

Camp Creek Items.

Farmers are busily engaged in making hay. Mr and Mrs Allen are improving slowly. Mr Jas McClane has purchased a new mower and sulky rake. Mr M D Ritchey has gone east of the mountains to visit his sons. Mr Carey Thompson has erected a nice tombstone over his wife's grave. The Methodist church here is prospering. There were eight immersed at the last meeting. Mr Wm Gebhart and A L Danison killed a large black bear last Saturday near Mrs Isham's place. We are glad to welcome Mr Wilcox safely home from his long visit to Vermont. Mr Melvin Ritchey met with an accident recently by turning his gasper over and his horses running away, which broke up things generally. Neither man nor horses were injured. A WOMAN. Sunday Trains. Beginning next Sunday, the Oregon Railway and Navigation Company will run passenger trains regularly between Portland and Dayton, W T. Sunday trains will not be run between Umatilla and Pendleton, nor between Dayton and Riparian. The Northern Pacific will also run Sunday trains between Walla Walla Junction and Missoula, beginning next Sunday. This innovation, which will be appreciated by the traveling public, is simply in anticipation of the completion of the Northern Pacific. It is likely that then there will be daily trains between Portland and Seattle. Superintendent Brandt, of the Oregon and California road, being asked whether his company would probably put on Sunday trains, answered that present local business did not justify the extra train, but as soon as connection was made with California, the company would be obliged to run daily trains. INCORPORATION.—The Coburg Mill Company has filed articles of incorporation in the office of the Secretary of State. The object of the incorporation is the erection, running and operating of mills, races and water powers, the purchase of timber, logs, land, wheat, grain and materials, the manufacture of lumber and flour and the sale thereof; and the purchase and sale of mills, races and water powers, and lands and timber and grain, and to do all things necessary and convenient to carry on such business and pursuit. Principal office to be located in Salem. Incorporators, William Cosper, A T Gilbert, F N Gilbert and William Delaney. Capital stock, \$15,000. SURVEYORS.—King Henderson's surveyors passed through town last Thursday on their way to Harney, where they will spend about four months surveying in the valley there, and also on the Malheur. The party is chiefly composed of young men from Eugene City, though two or three come from other places. The boys have a good outfit, and a long summer's work ahead of them.—Prineville News, July 21st. SEVERE ACCIDENT.—Last Thursday a severe accident occurred to Miss Yate, daughter of Mr Jeff Yates, near Irving. It seems that she was standing up in a wagon, when the horses suddenly started forward and threw her to the ground violently. From Dr Sharples we learn that no bones were broken, but that the young lady received several severe bruises. HEAD FROM.—Our readers doubtless remember the occurrence of the bank failure at Cheney, W T, a short time ago, and the attendant fact of the disappearance of the proprietor, John C Davenport. His friends first heard from him after leaving the territory in Kansas, and more recently in Richmond, Virginia. He is now corresponding with friends with a view to effecting a settlement of his ruined business. HOPS.—We have received letters from several of our hop men, and they inform us that the vines look first-class, and a good crop is expected.

Cottage Grove Items.

[FROM OUR SPECIAL CORRESPONDENT.] July 25, 1883. Mrs Robt Carey is quite sick. Weather disagreeably warm, and oh so dusty. Mrs J H Haat started to Connecticut, her former home, last Monday. The hands that helped J and C B Allen drive their sheep across the mountains, returned last Thursday. Harvest begun in earnest Monday morning. The machines can be heard on numerous farms in this vicinity. Mr S E Yeatch cut an old snag last Saturday, in which he had discovered bees, and got about three gallons of excellent honey therefrom. Mr H C Veatch and daughter left here the 17th, for a trip east of the mountains in hopes of improving the daughter's health, which has been declining for some time. Some burglars entered the house of Mr Wm Russell, of Siuslaw, last Sunday and took a gun, a revolver, some flour and a lot of groceries. It is supposed that it was the escaped convicts. The hands at Rouse's mill are having a rest this week, as the mill has stopped to let the tie runners have the benefit of the water which they let out in the evening and run the ties next day. This is the third week they have been in the river and may probably get down by Saturday. APPEX. Pioneers Excursion. AMITY, July 22, 1883. All persons belonging to the association, desirous of joining the excursion to the East, will send their names and sixty dollars to J M Bacon of Oregon City, treasurer of the association. If the number required is not sent in by the 1st of September next, the money will be returned. The company's proposals are that 200 tickets must be sold. Tickets to St. Paul and return, \$50; time 90 days. From St. Paul to Chicago and return, choice of three routes given for \$14. The members are to go in a body and return as they please. Certificates of membership will be made out, signed by the President and Secretary, and sent to each member sending in their names. Due notice will be given of time of starting. JOSEPH WATSON, Chairman of Com. Long Tom Items. Mr A Stait has moved from the American Bottom to the hills. Mr Ruben Jobe is the happy father of a seven lb girl baby. Mr R B Hayes has quit work on the Siuslaw road and returned home. COR. WILL STAND A LAWSUIT.—Suit has been commenced in the U S court by B F Dorris as agent of F Castleman, to recover damages for the following residents of Junction City, for infringement on the driven well patent: N Gilmore, \$200; J W Starr, \$100; Geo Bailey, \$500. There have been some seventeen cases of this kind decided in different courts in the United States in favor of the parties holding the patent rights, but lately one was decided adversely. The parties from whom it is sought to recover damages by the above suits are men of means and are determined to fight the matter out to the bitter end. It seems kind of singular that a man should not be allowed to drive an iron pipe down into his own land and pump out the water there without paying a royalty.—Oregonian. SHERMAN'S CIRCUS.—This circus gave two performances here last Saturday. The performance was not as good as last year, and outside of the trained horses and the acrobatic act by the Morosso brothers it was a very tame affair. The State should pass a law requiring shows to perform all their advertise. The manager of this show carried at least \$1,000 away from Eugene. FROM UMATILLA COUNTY.—Postmaster Patterson, one day, this week, received a sample of Eastern Oregon wheat raised by a Mr T Beal, a former Lane county farmer, on his place near Pendleton. The wheat is of first-class quality, and Mr B writes that his crop averaged 35 bushels to the acre. NEW WHEAT.—We find the following in the Portland Standard of last Thursday: "A lot of new wheat was received in Albany last Tuesday, and readily sold at 85 cents per bushel. This wheat is what is known as Sonora wheat. ARRESTED.—Sheriff Purdon arrested one of the parties implicated in the recent mail robbery, in Douglas county, and took him to Portland Friday. When arrested the prisoner had about \$1800. He was in Eugene a few months ago and worked for a time on Dr Sharples' place slashing brush. FOR THE SUIEWAY.—The steamer Arista left Coos Bay last Monday for the Siuslaw river with 135 tons of freight for Mr John Bergman's salmon cannery. Mr G Webster was a passenger and goes to make preparations for the fishing season. "THE HORSE"—The Rural Spirit of Portland, of June 29th, publishes the address, delivered at the last State Fair by Rev I D Driver, on the subject of "The Horse." The address is one of the best we have ever read. WOODEN WEDDING.—Five years have elapsed since the marriage of Mr and Mrs Wm Henshaw, and Wednesday a number of their friends gave them a nice little party, and presented them numerous suitable presents. MONEY LOST.—Saturday, July 21st, 1883, in Eugene City, \$15 in currency. The finder will be paid a reward of \$5 by leaving the same at the GUARD office. W. PRESLEY CHESHIRE. YOUNG HOP.—Mr John Blakely informs us that several new hop yards in his neighborhood will yield 500 pounds to the acre, while others will not pay for picking. SUN LEE.—We understand that Mr A S Powers has sub let the contract for carrying the mail over the Long Tom route to Mr Robt Callison.

Personal.

Dr J R Bayley, of Corvallis, paid our city a visit this week. Geo Orr is acting as soliciting agent for Farrell's marble works. Mr Mark Barnett has left for greener fields in which to labor. James McClaren and family went to Portland Thursday morning. Mr S H Friendly paid Oregon's metropolis a short visit this week. Dr A I Nicklin, of East Portland, has been in town during the past week. Mr J B Wyatt, of Portland, is visiting at the residence of County Treasurer Gray. Mrs W H Odell, of Salem, has entirely recovered from her recent sickness. Geo Hayes, one of Epey's old blacksmiths, is now residing in Jackson county. Dr Payton, of Douglas county paid Eugene a pleasant visit one day this week. Dr John Nicklin and T J Gill have returned from their Siuslaw jaunt. Dr O M Graves, formerly of this place, has located permanently at Dayton, W T. Miss Lizzie Geary, of this city, is visiting at the residence of Mrs Dr Payton, at Salem. Miss Barbeta Kauffman and Henri Rosenblatt, of Portland, are visiting in this city. T Jeff Smith went to Ilwaco, Thursday, in search of lost health. Jeff only weighs 230 lbs. A party composed of Todd Bingham and others, of Portland, left for Foley Springs last Thursday. Mr H H Hendricks, formerly of this city, is making a live local journal of the Salem Statesman. Ed Howe, Wes Cherry and families left for Hendricks' ferry Thursday, where they will camp for a few days. Rev J F Ellis, formerly pastor of the Congregational church at Seattle, has been elected President of Pacific University. Col Henderson, who has been working at his trade in Portland for a time, is visiting relatives and friends in this city. The Fenton, Condon, et al excursion party have returned home. They report having had an enjoyable time, but had to live on the world famed bacon. Prof Condon, of the State University, left Monday afternoon for the O and C R R front, where he will spend the summer pursuing his geological investigations. Mr John Stewart is lying quite ill at his residence, from the effect of the measles. He was out on the streets the first of the week and received a back set. Messrs R R Hays, J C Whiteaker, James Abrams and Doc Johnson left for East of the mountains last Monday, with the intention of being absent about six weeks. Hon H H Gilfly, who is discharging Clerk in the U S Senate, returned home on a visit of several weeks, last Monday. He was cordially greeted by his many friends in this section. Mr Wm Newby, one of Yamhill's enterprising farmers, paid Eugene a visit last Thursday. He has been traveling throughout the valley and reports that there will be fully a two-third crop of wheat. Hon J H D Henderson is improving slowly from the effects of the fall received by him falling through the loft of his barn, and dislocating one of his shoulders. BRIEFS. Very smoky. A large quantity of hay is being hauled to town. Harvest apples are putting in a timid appearance. Wood is being sold at good prices this summer in Eugene. It is thought that the mill will resume operations by next Wednesday. Nearly all the wool stored in this city has been shipped to Portland. Mr Hicks, of the fruit cannery, is in Douglas county engaging fruit. A gentleman from Victoria, B C, has been here during the past week buying horses and sheep. Reinhardt, the convict who was shot in attempting to escape and was expected to die, is getting well. All those who have promised this office wood on subscription are requested to haul the same as soon as possible. The first meal in the new insane asylum must be prepared for 450 persons, including some 60 employes. The telegraph strike still continues, and the people of Oregon are compelled to forego the pleasure of daily dispatches. Vice President Kohler, of the O & C R R, accompanied by Eastern capitalists, passed through here yesterday, in the President's car en route for the front. A Chinaman was arrested one day this week, and was fined \$5 and costs for gambling, which he liquidated. He says, "No heepee sabb Melican man." All letters sent south in Tuesday's mail were stolen at the stage robbery on the O and C R R front that night. All parties sending letters that day would save trouble and annoyance by duplicating them. All registered matter was also stolen. Two big circuses are headed this way from the East. The first is Dan Castello's Nickel-Plate Circus, which played at Missoula Saturday and is advertised in Portland. The other is John Robinson's Mammoth Circus and Menagerie, which requires sixty cars to transport it and two acres of ground to spread its canvas, and which is billed for Deer Lodge, August 1st.—Welcome. The night Hon H H Gilfly arrived in Portland, he put his valise on the front platform of a First street car and went inside the conveyance, not the linen receptacle. When he came out, he found somebody had been there before him and had appropriated his bag and its contents. Had Henry been a "tenderfoot," we could countenance such treatment, but it was hardly the way to receive an old Oregonian, on his visit home from arduous duties at the National Capital.—Welcome.

School Fund Apportionment.

OFFICE SCHOOL SECY, EUGENE, July 23, 1883. State apportionment of school money for Lane County now on hand amounts to \$2,600; due each scholar, 70 cents. Whole number of pupils in the county between the ages of four and twenty, 3,800.

A. W. FARRARSON, County Sup't.

Bravities.

For good dentistry go to Clark. Bring your chickens to Bettman's. Go to Luckey and Bristow's for pants. For the best mixed pants, go to Gill's. Go to Hendricks' and see the boss tire setter. Job work a speciality at the GUARD office. All kinds of grass seeds for sale at A Goldsmith's. Cheapest tobacco in town at the VARIETY STORE. The highest cash price paid for wheat by F B Dunn. Job work executed with dispatch at the GUARD office. Luckey and Bristow keep lubricating oils of all kinds. Old papers on sale at this office for twenty-five cents per 100. Swift & Co. will pay the highest market price for chickens. Go to Swift & Co's for fresh California candies, crackers, &c. The best stock of paints, oils and varnishes at Luckey and Bristow's. The GUARD has the largest circulation of any paper in Lane county. A fine line of silk plushes in all shades and grades at F B Dunn's. The only place where you can always sell your chickens is at Bettman's. A full assortment of ladies, misses and children underware at Bettman's. Freshest and finest groceries, cigars and candies at Swift & Co's. Try them. Swift & Co's goods are all new and bought for cash, and are sold cheap for cash. Hides, furs, chickens and all kinds of produce bought for cash at A Goldsmith's. Swift & Co. sell canned goods, put up this year, as cheap as can be bought in town. A nice assortment of out patterns for ladies' and children's clothes at R G Callison & Co's, at New York rates. Mr S H Friendly will pay the highest cash market price for wheat. Give him a call before selling your grain elsewhere. Bring your butter to G. Bettman if you want the highest price; also all kinds of produce. FOR SALE.—One carriage and one buggy both in good order; will sell cheap for cash or trade for horses. For particulars enquire at the GUARD office. Henry Ward Beecher, the noted divine, will deliver two lectures in Pertleiss, August 21st and 23rd. The chances are that Mr Beecher will not lecture at any other towns in Oregon. We would be much obliged to our farmer friends if they would send us statements of any large yield of wheat that they may harvest this season. Messrs H C Humphrey and M S Wallis have returned from Foley Springs. Fish and game suffered during their stay in that region. Mr Henry Owen leaves for San Francisco this (Saturday), morning, on business connected with his swamplands. DARK SPOT.—A spot was visible to the naked eye on the surface of the sun yesterday and Thursday.
