Dien .- At his residence five miles east of this city, Thursday evening, Oct 11, 1883, Mr Wm H Stevens, aged 41 years and 7 months. The immediate cause of his death was brain fever. Mr Stevens had been suffering from ill health for some time past, but nothing of a serious nature was suspected by himself or his friends, and we understand that he had only been confined to his room since last Sunday morning. We met the deceased in this city last Saturday morning and he seemed jovial and much better than he had been for some time, and no one had any idea at that time, that he would be a corpse in less than one week. Mr Stevens came to Oregon in a very early day, and was greatly respected by all who was acquainted with him. He leaves a wife, three children, and many other

relatives to mourn his untimely death. To THE DALLES,-Miss Nellie Ware! who has been taking lessons on the piano of Prof H Gunn during the past year, will finish her course in a short time.
