Mr S M Masterson has a grape vine on his place about five years old that has sent out 122 feet and five inches of new vine this season. This seems wonderful, but notwithstanding is true. Requiem. [The following lines written in memory of the late Prof E E Burke were handed us for publication by the Laurean Editor who did not have space for them.] O child of sadness come not here To drop the melancholy tear Above my unremembered bier; Go softly by, Nor pause to learn my lowly name; Go view the haunts of evil fame, And weep for sorrow—weep for shame— Low let me lie. O come not here in morn's bright hours To deck my grave with hallowed flowers That bloom in fair ambrosial bowers; When soft winds sigh, Go thou where ruthless Calumny Provokes the blush of Purity And plant the rose of Charity; Low let me lie. O come not here with lute and song To charm away the ancient wrong Or wake the memories that belong To days gone by. So cheer the living with thy lays— The early dew has passed away, Perform thy task while yet 'tis day.— Low let me lie. Come not to vex my placid bed With sounding prayers of the dead; O let my weary, weary head Rest tranquilly. Nor let dark envy's shafts be hurled; My anchors cast, my sails unfurled, Below the billows of the world Low let me lie.

Conclusion. With this issue of the GUARD our duties as Editor of this column cease. We have endeavored during the past term to make the column a chronicle of events happening in the student life at the University, incorporating such other news as we thought might be of interest to the students and their friends. The term is now ended and we in our turn yield the pen to another, and in this case, an able hand. We tender our thanks to those who have so kindly assisted us in collecting University news, and we are doubly grateful to the editor of the GUARD for the forbearance with which he has tolerated our inexperience. We bespeak for our successor the assistance of our sister Estaxians, as thereby the duties of the office would be greatly lightened.

CATTLE PURCHASED.—One day last week Mr E P Coleman, of Willamette, purchased of Mr G H March 194 head of cattle, paying an average of \$19 a head for the drove.

Died.

On the 18th of December 1883, at 6 o'clock P M, George Humphrey departed this life, at the age of 75 years, 8 months and 18 days. After very able funeral ceremonies at the Presbyterian Church, he was laid away to rest in the Odd Fellows cemetery, by his bereaved relatives and a large concourse of sympathetic friends, who mourn his loss. The deceased, "Uncle George," was born in Genesee county, New York. In 1832 he moved from Missouri to Lane county, on the Long Tom, from which place in 1858 he settled in what is now Eugene City, since which time it has been his home. He was among our early pioneers, a man of nerve, energy and vigor. But, at last, as leaves in Autumn fall, so fell our friend, an honest man, that noblest work of God. He was liberal in his political and financial walks of life, a friend to the widow, the destitute and the homeless. Some time since he made a profession of religion and died trusting in the Saviour. But he has gone, nature's course has been perfected. He leaves a bereaved widow, mourning sons and daughters, a sister and many relatives, with whom we deeply sympathize. All mourn his loss, and his memory will be enshrined in the hearts of all who knew him.

Geo Bushnell started for San Francisco last Tuesday, where he will resume the study of medicine. Miss Frankie Swift has been quite sick during the week with scarlet fever, but is now convalescent. Misses Alice and Mary Dorris and Elms Lockwood will spend the holidays at their homes in this city.

Mr Wm Shaw, who has been at Sulphur Springs, Montana Territory, for some time past, has returned to this city. Mrs E H L Skinner has returned from Portland, Maine, where she went on the Pioneer Excursion to visit relatives.

Mr E K Packard, who has been employed on the N P R R for the past two years, is in the city visiting at the residence of Capt Packard. Our old friend, Clarence Hodges of the Monterey, Cal, Argus, has married a charming belle of that city. We wish him all the joy imaginable throughout his married life.

Miss Ada Page, who has been studying music at Portland, returned home Thursday to spend the holidays. She will again return to Portland shortly after New Year's. We are sorry to announce that Mr W H McThee has been compelled to give up his studies in the University on account of declining health. He will leave for his home in The Dalles shortly.

Having lately issued a circular descriptive of Lane county of 15,000 copies, I can furnish the same free to parties wishing to send them East to friends. They furnish more information, such as the immigrant wants, than you could write in a letter of 20 pages. I am also operating with E J Haight & Co., of Portland, Oregon, the most active, energetic and thoroughly advertised firm on the Pacific Coast. Parties having real estate to sell will find it to their advantage to place the same in my hands, as I am constantly increasing my advertisements, and am fully determined that Lane county shall have her share of the immigration bound westward. GEO. M. MILLER.
