as follows:

Massachusetts Supreme Court, writes as follows:

"28 E. 54th St., New York, May 10, 1822.

MESSRS. J. C. AVER & Co., Gentlemen:
Last winter I was troubled with a most unconfortable iteching humor affecting more especially my limbs, which itehed so intolerably at night, and burned so intensery, that I could scarcely bear any clothing over them. I was also a sufferer from a severe catarria and catarrial cough; my appetite was poor, and my system a good deal run down. Knowing the value of AYER'S SARSAPARILLA, by observation of many other cases, and from personal use in former years, I began taking it for the above-hanned disorders. My appetite improved almost from the first dose. After a short time the fever and itching were allayed, and all signs of irritation of the skin disappeared. My catarrh and cough were also cured by the same means, and my general health greatly improved, until it is now excellent. I feel a humired percent stronger, and I attribute these results to the use of the Sakarararilla, which I recommend with all confidence as the best blood medicine ever devised. I took it in small doses three times a day, and used, in all, less than two bottles. I place these facts at your service, hoping their publication may do good.

Yours respectfully, Z. P. Wilds."
