[FROM OUR SPECIAL CORRESPONDENT.] Jan. 16, 1884. Weather clear and frosty. Mr Robert Carey is quite ill again. We have heard of several more horses dying of late. Miss Ida Cathcart has been laid up with inflammatory rheumatism for a week or two. Mrs A L Wynn has bought Mr Robert Carey's farm, three miles and a half west of this place. Mr Robt Briggs made a run of railroad ties a few days ago from Rouse's mill, and the boom giving away, a good many of them went over Constock's mill dam. Mr J W Owens, of Chicago, lectured here Sunday and Monday evenings on Phrenology. He also gave some examples of mesmerism. He complimented the audience on being the noisiest he had ever met in all his experience, and we think he was correct. It is a shame for young people to go to a gathering of any kind and act as uncivil as they did here, and when too, they were asked so kindly to be quiet. We hope it will never occur again. APEX.

State Temperance Alliance.

The Oregon State Temperance Alliance will meet in 13th Annual session in the city of Portland on Wednesday, Feb 20th, 1884, continuing three days. The sessions will be held at the First Baptist Church, beginning at half past 10 a m. The Alliance shall be composed of Delegates elected annually, and duly accredited from Temperance societies and other organizations devoted to the inter- ests of the Temperance cause. The basis of representation being one for the organization and one for every twenty-four members, and one for each fraction over ten. Also, any person of known temperance principles may become a member by paying into the treas- ury the sum of one dollar. It is important that all Blue Ribbon Clubs, Societies, Sun- day Schools, Unions, Churches, Bands of Hope, etc, elect delegates immediately upon receipt of this circular, and that such mem- bers be elected as will best represent you in the Alliance. All delegates passing over the O R & N C's and O & C R R Co's lines and having paid full fare, will be returned at eighty per cent of actual fare, on presentation of Sec- retary's certificate at Portland offices, which certificates will be issued during the ses- sion. Now, fellow workers in the cause of hu- manity, let us come to this meeting with re- newed zeal and a fixed purpose to press the battle to the very gates, as above all pre- vious years. When most important elec- tions, both State and National are in the near future, when people are thinking and acting upon the question of questions, the total prohibition of the cursed liquor traffic, when every man and woman should be ac- tively engaged in this fight for our country and our homes, through a more systematic organization, that we may better prepared for the irrepresible conflict, for the combat deepens and now is the time for action. J. W. WATTS, J. N. DENNISON, H. K. HINES, JACOB YONDER, J. E. HOUSTON. Executive Committee.

Obituary.

Isaac Still Swearingin, was born Sept 2, 1812, in Kentucky; about 1830 he moved to Vermilion county, Illinois. He was married Nov 22, 1848, to Miss Evaline Boyd, and they have had ten children, five of whom are living. Mr Swearingin became a member of the I O O F before his marriage, and remained an ac- tive member throughout life, being a charter member of three lodges in this State. He became a member of the A F & A M in 1852, and was one of the three living charter members of Eugene City Lodge, and also a charter member in Junction City. He had joined with the Cumberland Presbyterian church before leaving Illinois, and lived a con- sistent member thereof. In 1852 he removed to Oregon and first settled near Spora's ferry. An affectionate and loving husband and father, a tried and true friend, an open hearted and philanthropic citizen, his loss will be sincerely mourned far and near for his acquaintance was extensive. BRAGGANOCE.—The Editor of the Dayton, W T, Journal objects to the statement of Mr Belshaw made a few weeks in a letter to Mr J W Duncan as follows: "I have never seen a good sample of wheat raised east of the Cascade Mountains." The editor of the Jour- nal refutes this fact by the following brilliant and striking logic: "In this assertion Mr Belshaw exhibits his venom to the detriment of his good sense and judgment; for it is known and very generally admitted that there is no better wheat growing region on the globe and no better wheat is grown than in Eastern Oregon and Washington. Mr B should not be hasty to judge from what he has seen, for "there are more things in heaven and earth than are dreamed of in your philosophy, Ho- ratio." LOST BOY.—Mrs S A Ogden writes from Eugene City as follows: "Would you be so kind as to insert a few words in your paper in regard to a lost boy. His name is Frankie Head. He is eleven years old, has dark eyes and is of slender build. He left Sparks Falls the 5th of September, bought a ticket to Portland, and said he was going to Eugene, but has neither been seen or heard of by me or his friends at the Falls. I have written to the police of Portland, but they have not been able to find him. By doing so you will alight a grateful mother." East Oregonian.—Since the above was in type, we learn the boy is in Portland. THE RACE.—The race between the Jackson- vill mare Sadie C and Joe Wooley's grey horse, 300 yards for \$500 a side, last Saturday was won by the latter. The result was quite unexpected as Sadie C was a general favorite and some of the disappointed ones assert that the mare was not given a fair trial. The public road west of town was utilized as race course and was in a fearful condition, endangering the lives of the riders and retarding the horses. The devotees of the turf should have a race track near Eugene by all means. REFEREE'S CASE.—The examination of wit- nesses in the case of Howard vs Kratz & Washburne before Referee Weston was con- cluded Thursday morning. It lasted over one week, and was unusually thorough and search- ing. Gov Thayer, Mr Howard's attorney, and Mr Geo S Washburne, who represents Messrs Kratz & Washburne, will present their pleas in writing, and Mr Weston will take care un- der advisement as to the facts. BOY FOR ADOPTION.—Anyone in the coun- try wishing to take a boy 9 years of age

STATE UNIVERSITY.

A column devoted to the interests of the Laurean and Eutaxian Literary Societies, and the State University. ANNA PATTERSON, EDITOR. Brief Items. The Seniors have commenced the study of Moral Science. The Laureans adjourned at their last meeting in respect to the memory of Boise Spiller. Nellie Brown has returned to school and joined the Normal Senior class. For his own individual benefit we would inform the Laurean Editor that the Eutax- ians don't "stare." Quite a number of new students entered the University at the beginning of the new term. Geo W Hill, a member of the senior class, took charge of Mrs Spiller's room during her absence last week. Remarkable genius always makes itself ap- parent. This is the case with the "artist- prophet" of the Senior class. Maggie Sergeant is at present engaged in teaching school at Phoenix, and is also said to be dealing in real estate. The class in Pseuomastics have finished that part of the book and commenced the study of Acoustics. The Eutaxians were favored last Friday by a visit from two of the Alumni, Misses Jennie Spence and Iona Cranfill. T A Rhinehart, S A Hallin and E Edwards, are at present attending the Business College at Portland. D W Bass, a member of the Junior class, on account of sickness, has not yet returned from his home in Salem where he spent the holidays. Prof Gantenbein's algebra class numbers forty-eight; wonder if the size of his class is due to any partiality toward the new Prof. The question, "Resolved that Irish im- migration should be prohibited," was debated by the Eutaxians two weeks ago; decision was rendered in favor of the negative. Ira Vantor and Henry McClure have re- commenced study at the University with the beginning of the new term. Prof Straub's German class have finished the book Zetzy, which they have been reading and have begun Die Yang Frau von Orleans. We wonder what excuse was given to her Prof by the Eutaxian who, after entertaining her company until two o'clock the night be- fore, failed to make her appearance at her early morning class. Oh! Wilt thou hast unfold thy silver wings, spread thy pinions and departed for the sanctuary of the Laurean Editor, where thou sittest and pourest the choicest breathings of thy art into his ear. Next Friday the Laureans debate the ques- tion, "Resolved that moral science on the temperance question is a failure." Leader on the affirmative, Green Cornelius; leader on the negative, Darvin Bristow. During the severe wind storm one day last week, both professors and students found some difficulty in getting safely to the University. Hats were blown off, umbrellas turned, and it is even reported that one of the professors lost his lunch of bread and milk. On account of the irregularity of the students there has been the usual difficulty in arranging the classes this term; and as the Faculty are fully convinced that the same student can not recite in two different rooms at the same time, we understand that they intend trying a different plan for arranging the studies next year. At the last meeting of the Literary Club, the following officers were elected for the next term: President, W C Taylor, Vice Pres- ident, J D Fenton; Secretary, Ida Patterson; Treasurer, W J Roberts; Censor, J M Neville; Assistant Censor, Nettie McCornack. The members are at present engaged in reading the play of Julius Caesar. During the last session of the Eutaxians the members were honored by a short visit from President Johnson. They were all very much elated at the prospect of hearing one of his well known speeches, but when called upon the President; only observed that he thought the Society "highly literary" in its "tastes," and that he had not come to make a speech but to get his hat and coat. Another professor who came to the door shortly after, frightened by the applause of the members, did not even pass the threshold. DEATH OF A LAUREAN. Boise Spiller, one of our University students, died suddenly on Friday morning of last week, after a short but severe illness. By his death, the chain of mutual feeling binding us together as students, has been hastily broken. It has lost one of its bright links. Not again in these halls will we meet his kindly greetings. His voice is hushed and his attendance has ceased. Teacher and student alike are in sorrow and a sym- pathizing public pause to remark his sudden death. But while we all lament his un- timely decease, a bereaved mother and an absent sister receive the heartfelt sympa- thies of all who know him. RESOLUTIONS OF RESPECT. LAUREAN HALL, Jan. 11, 1884. WHEREAS, In the sudden death of our esteemed young friend and fellow student, I, Boise Spiller, our body has been deprived of an active and most promising member, and in view of the still deeper loss sustained by those who were nearest and dearest to him; there- fore be it RESOLVED, That, desiring to pay a merited tribute to the memory of the departed, we do hereby express our sorrow for the loss of one who was in every way worthy of our respect and esteem. RESOLVED, That we sincerely condole with the bereaved family, and extend to them our sympathy and profound regret with the as- surance that the fine and manly qualities of our brother's character shall be tenderly cherished by us. RESOLVED, That these resolutions be spread upon the records of this society, and that a copy thereof be presented to the family of the deceased.

Eutaxian Sociable.

To celebrate the beginning of a new term, the Eutaxians gave a sociable and supper on Friday evening Jan 4th. At an early hour the members assembled at the residence of Mr J H McClung, where the evening, ed- livened by music and numerous games, was very pleasantly spent. Shortly after nine o'clock all sat down to a bountiful repast, from which each Eutaxian could point out the cake, sandwich or other article brought by her own individual self. Just at the close of this excellent supper, strains of de- licious music were wafted to their ears from the direction of the front yard, and an in- vestigation disclosed that the serenaders were some of their Laurean Brothers, re- turning home from their society which had just closed. The serenaders were finally prevailed upon to enter, and the Eutax- ians, always prepared for an emergency, had plenty of refreshments in store, they were invited to partake of them. After which the evening quickly passed away and scari- celyly deserves to be called a "sociable," so different was it from the gatherings usually called by that name. The Eutaxians desired to express their thanks to Mrs McClung for the use of her house and for the excellent coffee which she prepared for the occasion. In conclusion we would say that the Eutaxians think that an apology need be offered for the so-called "in- trusion," but rather for the want of faithfulness and gallantry displayed in reporting the affair in the Laurean column.

Card of Thanks.

In view of the many favors received at the hands of the people of Eugene during the sad affliction that has befallen us, we would beg to return our thanks and humbly ask that God's blessing may attend you all. Mrs. MARGUERITE PIERCE, CHAS. WOODS, Mrs. M. E. HAYS.
