#### Bemocratic National Convention.

WASHINGTON, February 22 .- The Democratic National Committee met shortly after noon to-day at the Arlington Hotel. The meeting was conducted with closed doors. When the committee had been called to order the proposition to admit to the convention delegates from the Territories was not win. The prople are tired of the considered, and it was resolved that farce. each Territory be advised to send two delegates to the convention, the question of admission to be determined by the convention. The question of datfor holding the convention was then taken up, and a wide diversity of opinion was expressed on the subject, the members favoring dates from the latter part of May to August 5th. By a vote of 21 to 17 the committee rejected 21st, and the proposition to select skin diseases. Tuesday, June, 24th, was agreed to by a vote of 23 to 15. The delegates were then heard in support of the claims of the several cities as the place for holding the convention. F. X. Ward spoke for Baltimore, Judge Fol fett for Cincinnati, Carter Harrison for Chicago, A. S. Willis for Louisville, Senator Vest for St. Louis and Hewitt for Chicago. About two hours was wcoupied in hearing these gentlemen, and the first ballot was not taken until 4:30. It resulted as follows. Chicago, 15, St Louis 14, Saratoga 5, Louisville 3. Cincinnati 1, Baltimore none. Louisville was withdrawn and another ballot was taken, resulting in Chicago receiving 19 votes, St. Louis 17, Saratoga 3. A third ballot was taken and resulted in the selection of Chicago as the place of holding the convention, the vote being, Chicago 21, St. Louis 17. The committee then reconsidered the vote by which June 24th was fixed as the time for holding the convention and agreed upon July 8th next, instead. The following call was presented by the Executive Committee.

The National Democratic Committee having met in the city of Washington on February 22, 1884, has appointed Tuesday July 8th next, as the time and chosen Chicago as the place of holding the National Democratic Convention Each State is entitled to representation there in number equal to double the number of Senators and Representatives in the Congress of the United States. The Democrats of each organzed Territory and the District of Columbia are invited to sand two delegates subject to the deeision of the Convention as to their admission. Senate Committees are investigating fight which occurred a fewmonths ago at the Great City of Copiah in Mississippi, and also a riot at Danville, Virginia. After focussing their attentions on the south for the past two years the Republicans have found just two obscure places where "outrages" have been committed, as they say. And on that evidence alone, they will accuse 10,000,000 people of perjury, murder. and other helnous crimes. But it will

The Republican State Central Com mittee chose such a late date as April 30th for holding their convention for the express purpose of preventing a canvass of the issues involved. Depend upon it, the ringsters have work in mind that will not bear scrutiny. It means that John H. Mitchell is candidate, and furthermore that he wishes and hopes, not for time to vindicate himself on every stump in this state, but that the people may not have time to reason or reflect. Notwithstanding, we believe that Col Effinger, Hon. W. D. Fenton or Hon. W. R. Bilyeu would make it tropical for the gentleman, if nominated.

Gen. Thos J. Clunie, of California, recently interviewed Samuel J. Tilden and found him in his usual good health. In answer to the question, whether he would accept the nomination for President if tendered by the people of the United States he answered in the affir mative. In this portion of Oregon ninety-nine Democrats out of every hundred are in favor of Mr. Tilden. His services, availabity and merit entitle him to the nomination.

The Republican party, which claims to be the friend of the soldier, is at present trying to prevent the Democratic party from passing the Mexican War pension bill. If any soldier de. serves recognition at the hands of Congress it is the old here of the Mexican War, who with his comrades, thirtyeight years ago, won a splendid empire for the American people. Shame on the men that would prevent them from getting their dues.

One thousand replies have been re ceived to letters sent to prominent Democrats of California, inquiring for presidential preferences. Nearly 800 ars for Tilden, 200 for Thurman, and 5 are in favor of Judge Stephen J. Field.

It is estimated that the Olno flood has destroyed twenty millions worth of property.
