## Municipal Reform,

March 16, 1884.

of Eugene, I wish to publicly object to the Common Council voting money to the Marshal or any other officer for services never performed. Mr Attehery has held the office of Marshal for several years to the satisfaction of your correspondent, who has voted for him steadily, but when the custodians of the city money, without authority of law, vote back salary grabs, I am compelled to criticise all oncerned. One of the first actions of the new[Council that meets in April should be the appointment of an investigating committee.
