

CITY AND COUNTY.

On account of the lateness of the hour, we will postpone comments on the ticket nominated by the County Convention yesterday, until next week.

We acknowledge calls from many Democratic friends, who have spoken many cheering words in regard to the success of the party in June. At a meeting of the official board of the M E Church in conjunction with the choir, it was decided that the choir elect their organist and leader. Mr L G Adair was chosen leader and Prof H Gunn as organist.

That might you think so little of may prove the forerunner of a complaint that may be fatal. Avoid this result by taking Ayer's Cherry Pectoral, the best of known remedies for colds, coughs, catarrh, bronchitis, incipient consumption, and all other throat and lung diseases.

We received an anonymous communication from Mr. W. K. on-day this week, and we assigned it to its long home—the waste basket. Correspondents should bear in mind that we publish no anonymous communications. There will be no assessment to be paid by the members of the A O U W for the month of April. So far there have been only thirteen for the fiscal year, and as only two months of the year remain, the number of assessment is not likely to exceed six or seven.

"How are we ever going to get through our spring and summer work? We are all run down, tired out before it begins." So say many a farmer's family. We answer, go to your druggist and pay five dollars for six bottles of Ayer's Sarsaparilla. This is just the medicine you need, and will pay compound interest on the investment.

DRILL.—Eugene Engine No 1 gave a drill last Thursday evening. It was largely attended by members. EARTHENWARE, ETC.—Matlock Bros have received at their store in this city a very large assortment of earthenware and flower pots of all descriptions. Give them a call.

Irving Items.

IRVING, April 9, 1884. Once more the sun shined and maketh glad the heart of the farmer.

A Bond & Son have their Spring stock of goods now open and on their shelves. Fresh fish every Friday by our general depot agent. Cole look out for opposition.

The Republican primary will come off next Saturday, and we don't think they can beat us for solid men as delegates.

We think S L Bond is somewhat in the notion of having one of the fair ladies names changed to Bond. His daily walks so indicate.

Seeding commenced in earnest Monday morning, which is verified by our fields being dotted with teams from early morn till close of day.

Our Democratic primary met on the 5th inst, with a good attendance. The following headed Democrats, Isaac Zumbach, John Lawall and Sam Withrow, were elected delegates to attend the County Convention.

Town property is looking up in value. One dwelling and one store to rent. J M Kitchen being in the real estate business, will answer all inquiries promptly. Either write or call on him in person.

Our school, under the management of Mr Tate, is progressing finely. He keeps good order and has 48 scholars enrolled, which requires his entire attention, and should a school increase we will require an assistant. What section of country can beat Irving.

The Woman's Rights question will be beaten in this precinct in June by a two-thirds majority. Every man but one with whom I have talked, says he is going to vote as his wife directs, and I think this is the only true way of deciding this issue. Would like to hear from other localities on this subject before the election, as this is a very important step and when once done cannot be undone without great trouble.

EDITOR GUARD.—It may be interesting to the many Democratic readers of your valuable paper to learn that the primary meeting in this, Spencer precinct, on the 5th inst, was attended by almost every Democratic voter in the precinct. The meeting passed off quietly and in the usual manner. S S Stevens was chosen Chairman and Thos Neely Secretary.

Messrs R B Hayes, Thomas Neely and Walker Hinton were elected delegates to attend the County Convention at Eugene on the 11th. Thos Neely was nominated for Justice of the Peace, and A M Richardson for constable.

The presence of so many enterprising citizens, some who has not attended a primary meeting for years, furnishes evidence of the earnest and zealous interest felt in the approaching elections.

Let us be Democrats trustfully believing in our system of government, both State and Federal. Let us earnestly work for a return of the ancient courses marked out by the founders of our system—simplicity, economy and honesty in the administration of public affairs.

We expect to see the Democratic banner placed in the hands of honest men that are capable of carrying it to victory. Rest assured that this precinct will come in with increased majorities for the gallant standard bearers of the Democracy.

EDITOR GUARD.—I beg to acknowledge the receipt of a petition from yourselves and other business men and citizens of Eugene City, asking that the Company should erect an additional waiting room at the passenger depot for the accommodation of ladies. In reply to this communication I beg to say that while I recognize the desirability of an additional waiting room, the present condition of affairs makes it impossible for me to proceed with such construction at once. I regret very much that this matter, which was brought before me a year ago, must suffer such delay. I am still in hopes that I may be able to authorize the construction during the current year, and I desire to say here that it will be the first improvement of that kind taken in hand, when the proper time arrives.

Respectfully Yours, R. KOEHLER, Gen'l Manager of Leased Lines.

DIRECT FROM THE EAST.—Mr S H Friendly has just received from the East one of the largest stocks of boots and shoes ever brought to Lane county. The goods are of prime quality, and he intends selling them at rates that will astonish all.

TAKEN TO YAKIMA.—Sheriff J J Tyler, of Yakima county, W T, arrived in town Monday and Tuesday left for home with Abe Smith, who was wanted in that county for horse stealing. The prisoner claims to be innocent of the charge.

NEW DWELLING.—Jerry Ream is building a neat dwelling on Seventh street, near his residence, for rent. It will prove a paying investment.

A Chinaman has set up in the laundry business here. Messrs C D and Owen Osburn came to town last Saturday.

Mr Wm Hubbard is at work here again, at his trade of boot and shoe making. Mr Gabe Chrisman has a nice croquet ground and set, for the ladies, we presume.

Messrs Henry Damewood and Silas Leonard started to Buena Vista, Polk county, Monday. Mr Fred Shulz formerly of this place, has been here a few days of late on business, we suppose.

Miss Tilia Powell passed through here last Saturday on her way to Sinalaw, where she is engaged to teach school. Miss Mary Crow of Sinalaw went to Eugene last Monday to visit her daughter, Mrs David Coleman's family from there. She also intends visiting another daughter, Mrs. Fred Folsom near Junction.

Mr W W Catchart has resigned his clerkship at Whipple's o v. Mr Nathn Damewood, who was accidentally shot by his brother in January, is able to hobble around once more.

AFEX. Long Tom Items. April 7, 1884. Mrs Brown is very sick at her home. Mr Z T Fisk is buying calves in this vicinity.

The direct we hire Miss Plat to teach the school here. D Ellmaker made the county seat a pleasant visit last Sunday.

Mr O'Brien is teaching a writing school at the Ellmaker school house. Wm Fisk is at Irving blacksmithing. Call on him if you want any work done.

Tom Evans will soon leave for W T, where it is expected he will commit matrimony and then return. John Singley has left for bunch grass. Mr Zumbach also intends leaving shortly.

Mr Filderwert had a two year old colt taken out of his pasture recently. Rather a bold trick. R B Hays' dogs "started" a bear one day last week. It had been killing M Richardson's sheep.

Mr Varney expects to start his mill about May 1st. He has the best of all kinds of lumber on hand. Give him a call. There are quite a number of new settlers in the Long Tom country, and more wanting to come. Mr Fisk expects to sell his farm here to a man from Eugene.

Rev M Moore preached at the Ellmaker school house last Sunday, to a large congregation. A church is expected to be organized here the 1st of May. The Sabbath School at the same place is in a flourishing condition.

IRONCLAD. Correspondence. SPENCER BUTTE, April 3, 1884. EDITOR GUARD.—The solitude of Selkirk is a joy to think of when compared to this neighborhood. Were it not for the hoot of that law protected bird called the grouse, it would be the veritable silence of the tomb. But still we are not entirely lost, for the Sabbath is always heralded in with the church bells of Eugene, and when they fail we are certain it is Sabbath by an infallible sign. The law abiding citizens of Eugene can be found roaming hill and dale, with faithful gun and trusty sheep-killing dog, none familiarly known in town as "my bird dog," and yet it is an open violation of law to kill grouse, Pheasants, Deer or Elk. But then who knows where ducks go when they get too much water, if they don't take to the woods.

DATA. NEW TIMER.—The bank of Hendricks & Eakin has received one of Hall's New Lock-out Timers from Hall's Safe Factory in San Francisco, and a mechanic from Portland has been here this week, placing it in position. These gentlemen have their safe secured by this Timer, so when they close in the evening it is impossible for the safe to be opened until the time desired the next morning. It is a very neat little arrangement and works to perfection.

TO BE TESTED.—Lane, Lyon, Benton and Marion counties intend bringing a test case at the term of court in Linn county, April 21st, as to the constitutionality of the Mortgage Tax Law, which will be appealed to the State Supreme Court. This is a move in the right direction.

NEXT WEEK.—"Orion's" letter has been unavoidably crowded out of this issue, but will appear next week. It's rich.

STATE UNIVERSITY.

A column devoted to the interests of the Laurean and Eutaxian Literary Societies, and the State University.

ANNA PATTERSON, Editor. Vacation. A vacation of one week commenced yesterday. Those of the students living conveniently near have gone away to spend their vacation under the family roof, and some not to return till next year. Examinations for the term just passed have been duly and creditably completed. When we assemble again in a week hence, new studies will be commenced for the shortest and busiest term of the year.

Brief Items. J C Welch returned to his home in Oregon City last week. The heat and latest way of transporting live stock is through the mails. Wm Savage and his sister Lydia, have returned to The Dalles. Edgar McClure, who has been dangerously ill for some days, is slowly recovering. R J Hendricks has left Eugene for Salem, where we understand he is working in the Statesman office. Anna and Emma Wright have left for their home, where they will soon commence teaching. O P Coshaw, Secretary of the Laurean Society, left Eugene last Wednesday for his home, where he intends spending his vacation. The Eutaxians boast of one member who is all eye's (eyes), when a question is put before the house, and of another who is all nose. "Resolved, That Warren Hastings' actions in India were justifiable," will be debated by the Laureans next Friday. The leaders are Lee Kelly and Mark Bailey, Jr. Three of the Alumni, Allee and Mary Dorris and Elma Lockwood, paid the Eutaxians a short visit last Friday. Mae Underwood was likewise a visitor the week before. The open session of the Laurean Society, of which we made mention in our last issue, was indefinitely postponed as, on account of sickness, some of the participants were unable to be present. Jasper G Stevens, a former student, and now a resident of The Cove, in Eastern Oregon, was in Eugene visiting friends this week. Two Eutaxians are credited with the cause of this visit; which one rightfully, time will prove. Last Wednesday evening a farewell party was given at the residence of Mr Holt for George and Eva Shin, as they intend leaving soon with their parents for Texas. It was universally pronounced one of the most pleasant affairs of the season. If the neighbors of a certain bachelor establishment in the western part of town are awakened at early dawn by the owners of said establishment taking up and beating carpets, washing windows, etc, they need not be alarmed. The bachelors are only doing their annual house cleaning. The rhetoricals last Friday in the auditorium consisted in an essay, "The Drama," by Susie Moore, and orations by W I Vawter and O P Coshaw respectively, on the subjects of "Treaty with Mexico," and "Nihilism." The exercises throughout were very interesting as was manifested by the hearty applause after each lecture. The Laurean editor carries on his work with a will, which his success in editing his column shows. While out in search of items some days ago, in a state of mental abstraction he very politely lifted his hat to a dummy which stood in front of a dry goods store, and which he mistook for one of his lady acquaintances. The mourning apparel worn by some young ladies of a certain class examined last week, was the object of much speculation. It was finally ascertained that it was not on account of any loss the members had sustained, but because white aprons and cuffs are said to be a tantalizing temptation to pupils on account of the remarkable facilities they offer for carrying notes. "How miserable is the lot of a bachelor! Who does not pity them, and how thankful they would be if some one would take pity on their ignorance in the cooking line and supply them with bread." Such were the musings of a certain young lady concerning the situation of a tall Laurean bachelor. Acting upon this impulse, she immediately procured a loaf of bread and carried it to the tall Laurean, whose gratitude for the gift was boundless and whose thanks he now offers to the liberal donor through this column. At the "gammet exercises," of which we made mention in our last issue, the first prize was awarded by the judges to Geo W Hill. For the second prize, Darwin Bristow, Nellie Brown and Fannie McDaniel were the contestants. The audience were deprived of the pleasure of hearing Mr Beckman's recitation on account of his being accidentally struck with a wand by one of the other members of the class, while said member was endeavoring to confuse one of the speakers. Among the visitors present we noticed the faces of Ed Orton and Elmer Wheeler, both former students of the University. During the last few weeks many of the students at the University have stopped school for the purpose of teaching. May Bonnett began her school last Monday near Crosswell; May Rabb will soon commence teaching in Benton county; Hattie Dickenson will wield the rod in Mohawk; Lulu Skaggs is engaged to teach a school near Cotta's Grove; Jennie Taylor and her sister Nannie, a former student, are both going to teach in Benton county; Anna and Emma Pitt, May Rutherford, Kattie Silerand Martha Haudsaker will also commence teaching in this or neighboring counties; Charles Fenton will begin a school near his home. If these teachers conduct their schools with the same earnestness manifested in their classes at the University, Oregon may well be proud of the University which prepares so many teachers for her public schools. A few days ago some half dozen Laureans, of whom our contemporary editor was one, were out enjoying a stroll near the University. In the course of their walk they saw straggling near the graveyard, a like number of young Eutaxians enjoying a walk also. To the philosophic minds of these Laureans, it was not pleasant to see their sister Eutaxians thus unprotected, and after mature deliberation they decided that they—accidentally (?) of course—would joint them and continue their walk together. About this time the Eutaxians, seeing the unprotected situation of these Laureans, concluded to accidentally (?) join them. The Laureans went down the walk to meet their sisters, the Eutaxians went up through the University place to meet their brothers, and the result was that each party found itself in the place formerly occupied by the other. To express the state of feeling in which they were, and in view of their disappointment we hope that next time their carefully planned calculations may not meet with so disastrous a result.

City Election.

The annual city election occurred last Monday. Two tickets were in the field, the Temperance ticket and the Citizens' ticket, and considerable work was done on both sides. The whole number of votes cast was 327, and it is confidently asserted that nearly fifty citizens did not avail themselves of the ballot, which would make our voting population about 380. The following is the result:
