

DEMOCRATIC STATE TICKET.

For Presidential Electors, A. C. JONES, of Jackson, I. B. ISON, of Baker, W. D. FENTON, of Yamhill. For Member of Congress: JOHN MYERS. For Judge of Supreme Court: W. W. THAYER. For District Attorney 2d Judicial District: J. W. HAMILTON.

DEMOCRATIC COUNTY TICKET.

For State Senator: E. P. COLEMAN. For Representatives: L. BILYEU, A. D. BURTON, R. B. HAYES, R. M. VEATCH. For County Judge, JOSHUA J. WALTON. For Sheriff: J. R. CAMPBELL. For County Clerk: C. K. HALE. For County Treasurer: B. H. JAMES. For County Commissioners: J. G. MITCHELL, H. N. HILL. For County Assessor: P. J. McPHERSON. For School Superintendent: A. W. PATTERSON. For County Surveyor: JAMES NOLAN. For Coroner: F. W. OSBURN. To All Democrats.

Republicans knowing their inability to elect a man on their ticket because of a lack of numbers if the Democracy will stand firm to their convictions, and vote their ticket are endeavoring to create the impression that Democrats in certain localities will trade off a portion of the Representative ticket for votes for the minor offices. This is an old Republican trick gotten up to create dissension in our ranks and to induce Democrats to cut each other's throats and thereby elect a portion of the Republican ticket. We desire to assure our Republican friends and Democratic brethren that no trades will or can be made and if every part of the State will but do, as well as Lane county, it will be indeed a cold day when Mitchell or any corporation man such as he will again go to the U. S. Senate from Oregon. It has been repeatedly asserted, and no doubt, by some of the unwary, believed, that Mitchell is now out of the way; that he will never again be a candidate for Senatorial honors. Remember the same thing was said two years ago when as good a man and as pure a Republican as any now on the Republican ticket was elected. Yet when the caucus decided by two-thirds of the Republican members to elect Mr. Mitchell to the Senate he obeyed its behests just as the present candidates will do should they be elected. We warn Democrats and Independent Republicans if they seek to avoid such a catastrophe to vote the Democratic ticket straight for the Legislature for they are the only anti-Mitchell and anti-corporation men to be relied upon.

The county candidates have been canvassing the eastern part of the county. From reports, we learn that the Republican candidates are not able to cope with their Democratic opponents, and are literally flayed daily. This speaks badly for the party that claims all the learning of the universe. Scott and McClung, instead of being with their weaker brethren, helping them out, are "still hunting." No man should be elected to the Legislature, who is afraid his opinions may be found out if he should appear on the stump.

It is rumored in certain quarters that lies will be circulated by the Republican managers of this county just on the eve of election in remote precincts, concerning certain candidates. Democrats, be on your guard. Don't believe any eleventh hour campaign lie.

No Assessor that Lane county has ever had has given as complete satisfaction as Mr. P. J. McPherson. Careful and painstaking in his work, and lacking any overbearing disposition he has made hosts of friends. His election is assured.

From all parts of this district the news comes that Mr. J. W. Hamilton the Democratic candidate for Prosecuting Attorney will receive a rousing vote. His opponent is a time-server and will be badly used up in Coos, his own county.

Dick Hayes will run ahead of his ticket in the western part of the county by 100 votes. Don't swap.

Wages under a Protective Tariff.

"The plea that the factory operatives are now receiving higher wages in proportion to the time they work than American operative is urgently made by manufacturers here, and this, together with increasing financial distress among mill owners, is gradually allaying the distress among operatives."—American Counselor Shaw, Manchester, England 1880. "The hours of labor in Lancashire mills are 56, in the Massachusetts mills 60 per week. The hours of labor in the other New England States, where the wages are generally less than in Massachusetts, are usually 66 to 69 per week. In the two prime factors which may be said to form the basis of the cotton manufacturing industry, namely, raw material and labor, we hold the advantage over England in the first and stand upon an equality with her in the second."—Sec'y of State Blaine June 25, 1881.

"We are reduced to a condition of almost slavery, and if no stand is made for our right to compensation for labor our condition will be lamentable and miserable beyond words to express. We are bound hand and foot by exacting monopolies.—30,000 Massachusetts cotton spinners on a strike for 90 cents per day; 20 per cent. dividends were issued by their employers on watered stock last year.

A. J. Zumwalt, Republican candidate for State Senator, in his speech at Coburg declared in favor of a tariff for revenue, while J. M. Dick, and J. W. Harpole candidates on the same ticket, came out squarely in favor of a high protective tariff, which robs the farmer. Mr. Zumwalt should resign his candidacy, as he is preaching good Democratic doctrine, and one that is opposed by Mr. Herman, by the platform and practices of his party, both State and National, by M. C. George and every Republican member of the House of Representatives as shown by their votes two weeks ago, by the Republican press, of the State of Oregon, with but one exception. In such a party what can Zumwalt accomplish single handed. Nothing, but vote for a protectionist U. S. Senator. Messrs. Harpole and Dick will be left at home. They are using arguments against the interest of every producer in Lane county.

As this is the last issue to reach many of our Democratic readers previous to the election, we would impress upon their minds the necessity of voting and working for the entire ticket. Be sure and attend the polls, and if your neighbor is negligent about affairs of this kind, prevail upon him to cast his ballot for the protection of the right The Democracy should be up and doing. From present indications, if the Democrats will vote the straight ticket, Lane county will once more have a complete set of Democratic officers.

One of the Republican candidates while "still hunting" near Cresswell one day last week noticed an object in a field a half mile away flapping its hands, when thinking that the object was a voter, he started in pursuit and found a scarecrow. However, he did not discover his mistake until he had advanced several arguments why he should be elected.

The net profit of manufacturers of the U. S. in 1880 was 33 per cent. The farmers of the U. S. received 3 per cent. Those of Oregon obtaining 15 per cent gross. It is thought by some Republicans that the farmer might be taxed a little more, and the manufacturer's brought up to 50 per cent.

Democrats, before you vote read your tickets over carefully and be sure that every name corresponds with the ticket published at the head of the editorial columns of the GUARD. We understand that bogus election tickets will be put in the field by the Republican managers.

Hon. John Myers will, if the farmers consult their own interests, be elected to Congress. Herman is in favor of taxing every bushel of wheat raised in Lane county and the State. Will our farmers vote to tax themselves?

Democrats, beware of campaign lies The Republicans are desperate and will scruple at nothing to elect their Legislative ticket. We have a good majority in the county and can elect the entire ticket, if Democrats will stand firm.

It was the Republican Congress and President that placed diamonds on the free list and increased the duty on woolsens 20 per cent. At every turn the farmer is "crushed" by the Republican monopolists.

J. W. Hamilton will bring the long-needed legal ability to the office of Prosecuting Attorney. If you wish to continue the present order of things vote for the incapable Watson.

Democrats should vote the entire ticket. Personal feelings should not militate against any candidate.

The Journal in an article last Saturday answers the question why Herman was removed from the Roseburg Land Office, as follows: "Herman was removed from office, we suppose, to make room for another man who wanted the place. As ex-Senator Flanagan said at the last Republican National Convention, 'if we are not here for the offices, what are we here for?' What do the honest rank and file of the Republican party of Lane, think of that declaration! Principles are nothing, sentiment is nonsense, according to the Journal. But the great central fact that the Republican party is based upon, according to the Journal, is office for the leaders. To this end, we suppose, the Journal is supporting the Republican ticket, and for no principle. In words too plain to be misunderstood, it says that the Republican party leaders care nothing for the public welfare, and that all the protestations of honesty, reform, etc, which they are making signify nothing but that they want office.

The ring in this city is already bragging that Scott and McClung will be elected, and thus secure two votes for the Portland combination. What do the farmer friends of Messrs. Zumwalt, Dick and Harpole think of such talk. It simply means that the latter gentlemen will be traded off to secure the accomplishment of the ringsters' schemes. We do not believe the Democracy of Lane county, will take any notice of these corrupt overtures. Once again we would say to our party friends, vote the ticket straight.

Gov. W. W. Thayer should receive the vote of every man who wishes to see ability and competency on the Supreme Bench of this State. Flinn, the Republican candidate, has but a slight knowledge of law, and even the Albany Herald, Republican, his home paper, declares him totally unfit for the position.

We have heard several pioneer Republican express displeasure at the selection of the recent importation from Iowa as Chairman of the Republican County Committee. They claim the selection was a direct slap at the intelligence of the party in this county by the ring.

The ring in this city have promised the Portland corruptionists two members of the State legislature from this county, and the managers have selected Scott and McClung to fill the places. Will the people endorse the action of the the Eugene ring! We think not.

The Iowa statesman, Chairman of the Republican County Committee, who has been in the county only a few months, attended the speaking at Springfield, and acted as prompter for Zumwalt & Co. He got a well deserved rebuke from one of the Democratic speakers.

Mr. James Neland, the Democratic nominee for county surveyor, is the present incumbent. He thoroughly understands the duties of the office and is competent and obliging. He will receive a large majority.

The Republican party in Lane county is run in the interest of a ring composed of less than one dozen persons in this city. We do not believe the masses of that party will submit to the rule of the clique.

Anti-Mitchell Republicans should remember that a vote for the Republican Legislative Ticket is a vote for Hippie-Mitchell, or some other such Portland ringster to the U. S. Senate.

Allen Bond two years ago ran behind M. C. George, Republican candidate for Congress twenty votes in Eugene, Zumwalt, Dick and Harpole will be sacrificed to a greater extent.

We daily hear of Republican efforts to trade votes. Such work should not be countenanced by Democrats. Let every candidate receive fair treatment at the hand of the party.

Blankets are taxed nearly 100 per cent, the finest grades being taxed 10 per cent lower. We do not know what'd happen if the producer could obtain a \$5 blanket for \$2.50.

If you want men of ability and honesty to represent you in the State Legislature, vote the Democratic County Legislative Ticket.

Scott and McClung are "still hunting" yet. They don't dare to come out publicly and declare in favor of woman suffrage and Mitchell.

Every Democrat should turn out and vote on election day, without fail. Don't neglect to vote under any circumstance.

The sentiment of the people is with the Democratic party. Hon. John Myers will carry the county by 150 majority.

From every part of the county comes the good news that the party is united and all are working for the ticket.

Vote for Honest John Myers for Congress.

Democrats should put no trust in Republican falsehoods circulated on the eve of election.

A Democratic victory on the 2d of June means war on monopolies and privileged classes.
