

EUGENE CITY GUARD.

L. L. CAMPBELL, Proprietor.

EUGENE CITY, OREGON.

THE SENATE RESTAURANT.

Senators Who Eat Crackers and Milk... Only Two Teetotalers in the Upper House.

Washington Cor. Troy Times. The senate restaurant has become the club-room of the capitol. With a colored man in charge, the senators now get the best cooking and attendance in town.

General! Well, not many of them. They do not come down to the waters very handsomely. The poorest men are the most liberal. Mr. Frye is kind, and always has a pleasant word for the waiters; so does Mr. Garland. Governor Vance has his pockets full of dimes, and throws them out liberally.

Origin of the Postoffice.

The postoffice is an example of the mode in which things change while names remain. It was originally the office which arranged the posts, or places at which, on the great roads, relays of horses and men could be obtained for the rapid forwarding of government dispatches.

So far no monopoly was claimed, but two years afterward a second proclamation forbade the carriage of letters by any messengers except those of the king's postmaster general, and thus the present system was inaugurated.

The Cost of Ball-Flowers.

The extent to which some men abuse the custom of sending flowers is shown by the large bills received by some of them. One man in particular has sent flowers to such an extent that his bill has averaged \$300 a month.

NEW ORLEANS TO-DAY.

Its Frame Buildings, Water Tanks, Restaurants and Theaters.

I was told that the upper part of St. Charles street was the Fifth avenue of New Orleans, and walked up to look at it. It is a very pretty street, but about as much like Fifth avenue as Hoboken is like New York.

I found a curious place immediately opposite the square in one of the old family mansions built when this was a fashionable part of the city. On top of the two-story front building the roof runs up to a sharp point, and in the rear is a long row of smaller buildings, in which in old times the slaves were quartered.

For all the comforts of life New Orleans is far in advance of any other part of the south; indeed, it is nearly the only place south of Washington where a traveler can feel sure of getting a good dinner. Some of the better restaurants, although generally plain in their appointments, are almost equal in their fare to the best in New York.

The library of congress was originally collected for the use of that body, and our old statesmen like Jefferson and Madison, who made private libraries to resolve in their own minds the correctness of their principles, sometimes sold them to the government as a last resort of indignity.

An Unfortunate Sand Bath. A party of explorers were crossing a sandy desert, carrying six of their comrades ill of a disease peculiar to the country. The sand bath was proposed to them and their assent gained.

Fans and Fan-Making.

For more than a thousand years fan-making has been a principal industry of Japan. In this branch of manufacture about 100,000 persons are engaged out of a population of 1,500,000 in the three fan districts of Osaka, Kioto, and Nagoya.

Most of the dress fans come from France, though the Viennese dress fan has of late found favor. The French fans in the cheaper grades have sticks usually of wood or bone, and the tops of cretonne, silk or satin.

The cheaper grades of Vienna fans two peculiarities are noted, namely, leather sticks and the inlaying of the figures in silk tops. This latter effect is produced by having two layers of silk, the lower one stamped with its figure, just above which the upper layer will be cut out.

The Gaelic Idea of Sport. In the pause which followed the waltz the true French spirit began to show itself. Half a dozen or more of the young men formed themselves into a sort of skating club and went sliding across the by no means smooth floor, running into anybody and everybody who came in their way.

Well, Baptist, my sister Louise wants very much to marry, because she's older and it's her turn first. And it makes me sad to see her disappointed. Now, if you would only marry her! Everything is ready, you know, and it would be such a relief.

Stock in the Great Pyramid. "Mentor" in Chicago Herald. "Got something interesting here," said a west-bound passenger, who was just returning from an extensive tour in the old world.

Clumsy Farming in England. In New England, two young farmers running a farm of eighty acres would do about all the work themselves. I have only time to hint at the clumsiness of English farming methods and machinery, as often, though of course not always, exhibited.

The Right Sort of Education. If labor is to be rightly honored, if skilled labor is still to be possible, if educated insight into the possibilities of industry is to be maintained, the public schools must be industrial, side by side, with intellectual education.

Mr. J. Carpenter, 463 Fourth Avenue, New York, after running a gambler of eight years' rheumatism, used St. Jacobs Oil, the great pain reliever, by which he was entirely cured and has had no return of his complaint.

A MODESTO MAN'S LUCK.

He Wins a Portion of the \$25,000 Prize in the Louisiana State Lottery.

San Francisco (Cal.) Chronicle, April 20th. Within the past two or three months large prizes of the Louisiana State lottery have been awarded in this State, notably that drawn by Thomas Kiehnner—the capital prize of \$75,000—and the \$10,000 prize won by John Martel, C. F. Robbins and G. W. Bunton.

"I sent to San Francisco for a ticket in the Louisiana State lottery, enclosing \$1. I received no answer to my letter and so wrote again, inquiring about it. The agent replied that he had sent the ticket by mistake to Isidor Cohn, but that I might call at the postoffice and get the letter, as the ticket belonged to me."

"I was shocked at the check for the lucky man, who left the city for Modesto in high glee, after having feasted and wine himself and friends to their hearts' content."

Marrying a Canadian Peasant. The chief social event of their lives is a wedding—almost the only occasion of festivities. The priest their permit dancing among relatives and allows unusual expenses to be incurred.

"I had a very good time on my journey," said Mr. Bonner. "I have never borrowed a dollar; I got my start by close application and economy. Anybody else can do the same thing if he will pay the price."

Rev. A. S. Frisbie, of Des Moines, is a human electric battery. He will scrape a carpet with his feet for a moment and then light the gas with the tip of his forefinger.

INFLAMMATORY RHEUMATISM. AN ASTONISHING CURE.

The following case gives another remarkable proof of the really wonder-working potency of Compound Oxygen. The patient herself could hardly have been more surprised than we were at the result which attended its use.

"I want to state how much my husband has improved since taking Warner's 'Safe Cure.' All swelling has disappeared from his limbs; his water trouble is much better and his voice is so improved that he preaches every Sabbath. We are very thankful. The people all around here are taking the remedy, and some are getting well by the use of a few bottles. Multitudes more must have it."

"I had 22 quarts of water taken from me caused by dropsy. Ten bottles of Warner's Safe Cure entirely restored me." Geo. B. FRESLEY, Manchester, N. H.

"I was wholly prostrated by a complication of diseases, and as a last resort purchased Warner's Safe Cure. Every one of the old troubles have disappeared and I am very grateful." W. E. BENEDICT, Press and Knickerbocker, Albany, N. Y.

Summer and Greeley at Bread and Milk.

Charles Sumner, many years before he was known in politics, sought the acquaintance of Horace Greeley in New York. He found the journalist much engaged, and was invited by him to come to his house the next morning and take breakfast.

"I was shocked at the check for the lucky man, who left the city for Modesto in high glee, after having feasted and wine himself and friends to their hearts' content."

How Bonner Manages The Ledger.

The Ledger's engraving is all done by two firms. The stories to be illustrated are read by the engraver, and the scenes to be represented decided upon. Pistols and daggers are prohibited.

"I suffered for over twenty years with a lame back caused by kidney complaint, and my spine and nervous system were badly affected. When I had abandoned all hope I began the use of Warner's 'Safe Cure' and have not felt so well and 'strong for twenty years'." J. J. WRIGHT, Fon du Lac, Wis.

"For two years I suffered intensely and was made miserably through diseased kidneys and bladder, with nervous exhaustion and entire prostration. Doctors and medicine did not afford me any relief, and I was advised to use Warner's 'Safe Cure.' I did in connection with the Safe Pills, and am thankful to state I am entirely cured of the dreadful 'malady'." Mrs. DORMER, 448 South Tenth Street, Denver, Col., Feb. 19th.
