

CITY AND COUNTY.

BRIEF MENTION.

Too much rain. Tuesday the first day of July. Uncle Tom's Cabin Monday evening. Strawberries are a luxury of the past. Baker, the tailor, left for Ashland last Monday.

For gents dancing slippers go to the Workingmens store. The baby show, Fourth of July, will be largely attended. Several groups were seen in town last Wednesday evening.

The official vote of the State will be found on the editorial page. Mr Bonnett's new residence on Seventh street is completed. Remember Cole's circus performs here on July 3d, without fail.

The frame of Eugene Luckey's new residence has been raised. Wild blackberries are ripening. The crop is reported to be light. Two gentlemen from Astoria went to the Foley springs last Monday.

Next Legislature.

Table with columns: HOUSE, SENATE, D, R. Lists names of legislators and their party affiliations.

No Such Word as Fail.

The Atchison Patriot mentions a few of the attractions in Cole's great shows and comments upon the magnificent street parade and remarkable performance thus: "W W Cole this morning and afternoon certainly redeemed his promise to the people, as the thousands who witnessed the outside and inside performance can cheerfully attest. He has a great show, or rather, several great shows combined in one."

Arrested and Bound Over.

Deputy Sheriff Cochran arrested one H N Carter, at Big Prairie, on the military road, last Saturday on the charge of embezzling school funds. He was brought to this city and lodged in jail. Thursday he was given a trial before Justice Ellison, Messrs J E Fenton and G M Miller appearing for the State, and Messrs Geo S Washburne and L Bilyeu for the defense.

Meeting of School Directors.

At a meeting of the School Directors of the Eugene public schools, held in this city Saturday, June 21st, the following teachers were elected for the ensuing year: Principal—Prof W T Slater. Second grade—Nettie McCornack. Third—Augusta Patterson. Fourth—Gertie McLafferty. Fifth—Hattie Dickenson. Sixth—Mae Underwood. Seventh—Mrs T C Jackson.

Camp Creek Items.

June 16, 1884. Still it rains a little. Strawberries are nearly gone. Our picnic the last day of May was quite a success. Mr P A Wagner raised a hewed log house last Saturday. Mr B F Siler has finished his ditch for the purpose of irrigating his hops.

Dexter Items.

Weather showery. Hay making has commenced. Blackberries are getting ripe. Work on the East creek bridge is progressing under the skillful management of the Horn Bros. Born, June 1, 1884, to the wife of G W Cannon, of Douglas county, triplets—all girls; weight 4, 6 and 7 pounds.

The Largest in the Country.

The double mammoth Uncle Tom's Cabin to appear in this city next Monday, June 30th, is the Original Double Company and hails from Boston. They will bring twenty-five performers, ten colored plantation singers, two Topseys, two Marks the lawyer, two imported trick donkeys, and six mammoth bloodhounds. The great plantation and flatboat scene will be introduced by the plantation slaves, the Jolly Coon quartette will sing, and many new and original ideas will be brought out. Eugene may be assured of a big show, as the press everywhere speaks highly of the company.

Cottage Grove Items.

[FROM OUR SPECIAL CORRESPONDENT.] June 25, 1884. Wild blackberries are beginning to ripen. Dr Robt Osburn and lady were visiting at E W Whipple's last week. Miss Lula Skaggs was taken ill Monday night, and had to close her school in consequence.

Some gypsies were in town last week. A number of persons had their future expounded by those wiseacres. Mr McCoy, who lives a few miles west of here, had a colt almost killed by his dog. It is supposed that the dog mistook the colt for a deer. Miss Ida Hendricks, of Eugene, came up last Saturday on a visit to her grand father, Mr R H Hazleton, and went to Cresswell today.

We have been having an unusual amount of rain for this season of the year, which makes the gardens grow nicely, but the farmers think there is too much rain for early grain. Miss Lillie Douglas came in on Saturday from Drain, where she has been teaching school, and has gone above here to visit her grand parents, Mr and Mrs Miller. After a vacation of two weeks she will resume teaching. A little son of Mr Sam Wood, living about two miles from here, died very suddenly last Thursday night with something like spinal affection. Later we hear that another little son is similarly affected. The boy that died was buried Saturday.

Irving Items.

June 26, 1884. Hurrah! Everybody and the little folks are going to see the mammoth circus. The farmers have plenty of rain now, and in a few days the cry of rust will be heard from every one. Mr Clay Zumwalt, who left on election day for the bunch grass country with Hampton and King, has returned looking hale and hearty. Irving can boast of four blacksmith and three wagon makers, and we challenge Lane county for cheap work. Farmers, we call your attention to this fact.

The late heavy showers with some rain has blown down nearly all of the wheat that was sown for hay, and we fear considerable fall wheat has also been injured. Our glass ball club met last Saturday with good attendance. Some very good shooting was done, O P Hoff being the champion. The club will meet next Saturday at 4 o'clock; everyone invited.

The Renters Protection Union met last Saturday evening and elected the following officers for the ensuing year: President, J R Yates; Vice President, J N Inwall; Secretary, J Honig; Treasurer, B F Craw Smith. Several new members were initiated, and next Saturday John Maxwell will climb the pole feet foremost.

Subscriber.

To Hop Growers.

We call the special attention of our hop growers to the new advertisement of Mr S H Friendly as agent of W J Van Schuyler & Co. Mr Friendly is the largest interior buyer of hops in Oregon. He purchased during the season of 1882 nearly the entire hop crop grown in Lane county; and in 1883 nearly three-quarters of the entire hop crop. He is in the market again, and will contract with growers for their growing crop of hops. We are glad to see this enterprise on the part of Mr Friendly, and growers will find it to their interest to call on him before making any disposition of the growing crop of hops.

THE RAISES.—It has rained nearly the entire week, and one evening very hard. The Spring grain has been greatly benefited, and will make an unusually large crop; Fall grain has been lodged a little, but after inquiry, we think the damage will be light. A considerable amount of hay had been cut and was lying on the ground, which will be damaged. We believe that Lane county will have the largest surplus of grain this season ever before known. Besides, the hop crop will be unusually large.

FIREMANS BALL.—That the ball to be given under the auspices of the Eugene Hook & Ladder Co No 1 on the evening of July 4th will be a grand success, is a foregone conclusion. Parties attending may rest assured that the courtesies and good feeling which characterized parties under the Company's management will be more than doubled on the present occasion. A general invitation is extended to all.

OFF FOR WEEFOOT.—Uncle Billy Tandy passed through Lakeview on his way to Eugene City last Wednesday, talking with him his two nieces, Miss Juda Harlow and Miss Edith Snelling. Miss Harlow is returning home. Miss Snelling will return to Goose lake after a few weeks visit with friends in the valley. We join their many friends in wishing them a pleasant trip and speedy return.—Lakeview Examiner, June 21st.

JAPANESE PHEASANTS.—Mr M Wilkins informs us that a pair of Golden or Japanese pheasants have been seen below his place, in Willamette precinct. Hunters should be careful and not harm these birds, but allow them to propagate. There is a strict law against killing these birds or the Bob White quail for the term of five years.

LOTS PURCHASED.—Prof Hawthorne purchased of Dr T W Shelton, Thursday evening, five lots just north of President Johnson's new dwelling, paying \$550 for the same. We understand that the professor was offered \$650 for the lots the same evening.

FIREWORKS ARRIVED.—The fireworks for the Fourth of July celebration arrived in this city from San Francisco last Saturday morning. It is the best and largest assortment of fireworks ever received in Eugene, or any town south of Portland.

Smithfield Items.

June 18, 1884. Mr Hunt, of Junction, is visiting at the residence of Mr Byars. The Ward Bros of Pleasant Hill are here taking pictures. The moving and repairing of machinery here reminds one of the near approach of harvest.

Miss Ella McCormack, of Alsea, is visiting at the residence of her sister, Mrs Bales, of this place. Advance agents of Cole's circus were here posting bills this week. Expect the pictures will be better than the show. Some boys chopping wood for G W Gibson while absent Sunday, had their camp torn up by hogs. Fence your camp next time.

C K Hale and wife passed through here to-day enroute for Monroe, Kansas looks hearty over his defeat—little things don't hurt Long Tomers. Mr Elias Ratliff and family have just arrived from California and are visiting at the residence of H R Mount, his brother-in-law. Mr R says that crops will be good in California this year.

J E Richardson and Ene Harpole have decided to run their horse race on the Geo Kirk place, one and a half miles east of Smithfield and one-half mile west of the north end of Fern Ridge. Johnny Hise lost a valuable mare last week, by falling into a spring headforemost and drowning. Jas P Bryan lost a fine mare the same time by falling in a ditch, on the John Gross place.

We see a notice in the GUARD that Bobwhite or Eastern quails have been seen in the vicinity of Eugene. They can be heard around Smithfield any morning hallooing "bobwhite." We have got used to them, as they have been here for quite a season. We should judge there were ten or a dozen of them as nearly everybody in the neighborhood gives accounts of having heard them hallooing.

Personal.

Mrs Geo A Dorris returned home to Astoria Thursday. Mr Geo Thurston and family are visiting in this city.

Mr Chas Lauer and family are expected home the first of the week. Dr J C Whiteaker, of Cottage Grove, paid the county seat a visit Wednesday.

Mr Sid Horn and wife are visit at the residence of Mr Jerry Horn, in this city. Mrs Phoebe Kinsey and daughter are visiting friends in the metropolis this week. Prof Hawthorne, the newly elected professor in the State University, was in town yesterday.

Mr P B Cardwell, Deputy U S Internal Revenue Collector, was in town last Wednesday. Mr A G Walling, of Portland, proprietor of the History of Lane County, was in town last Thursday.

Judge R S Bean returned from Coos and Curry counties, where he had been holding terms of court, last Saturday. Thomas McClure left for Portland yesterday where he intends working at the printing trade. He is a good printer and deserves success.

Mr Robt Spencer returned from Eastern Oregon last Monday. He has homesteaded a place 27 miles southeast from Alsea, and will soon move there. Mr Spencer says the crops are very poor throughout that portion of country, on account of the lack of rain.

Fern Ridge items.

June 18, 1884. Mrs Newton Hembree has gone to Portland. Mr S Dickie is sufficiently recovered to sit up. Hayes Mulkey's folks are all down with the measles.

Ed Parkerson has gone east of the mountains with a drove of cattle. Messrs Tom, Riley and W G Parkerson left for the mines last Monday. Bessie Hammond has gone to Corvallis to attend the Grand Lodge, I O G T.

The frame of Mr Church's "huge" barn is up. It is going to be immense. E Briggs and family and E B Cheshire have gone to Yamhill, and will celebrate the 4th at McMinnville.

The Boss.

What! The Walter A Woods Harvesters and Twine binder, for sale by J M Hendricks, Eugene. It is improved over any binder in several respects. One of the improvements is a bundle carrier, which saves the work of one shocker, which no other machine has. Another is the addition of a rod instead of a chain that works the reel. Every farmers should call on Mr Hendricks and examine this kind of all binders. Every farmer should remember that it saves one hand, which, in a short time thereby, will repay for the machine.

STATE TEACHERS INSTITUTE.—The State Teachers Institute will convene in Salem, Monday evening, June 30th, and will continue in session July 1st, 2d and 3d. The several lines of travel will make the usual reductions to all persons who may attend.

FOR THE SACRIFICE.—On the first page will be found good cuts of the men placed in a mination at Chicago for the sacrifice this Fall. As soon as nominated we will present the Democratic nominees.

FINE CHERRIES.—Mr James Huddleston, Wednesday, left at this office a limb about one foot long that had the greatest number of cherries on that we ever saw. They were of the Royal Ann variety.

POMONA GRANGE.—Lane County Pomona Grange will meet at Geeshen on Saturday, July 5th. All Fourth degree members in good standing are invited to be present. A C JENNINGS, Sec.

STRAYED.—From the farm of B B Scott 3 1/2 miles south of Cresswell a small bay mare three years old, two right feet white and small spot in forehead. Suitable reward offered for sending word to owner.

W. J. VAN SCHUYVER & CO.,

Hop Merchants.
