AYER'S Cherry Pectoral.

No other complaints are so insidious in their attack as those affecting the throat and lunga; none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness. AVER'S CHERRY PECTORAL has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be taken in all cases without delay.

A Terrible Cough Cured. A Terrible Cough Cured.

"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried Ayer's Cherry Fractoral, which relieved my lungs, included sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the Pectoral, a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your Unerry Pectoral, saved me.

Holace Fairerother."

Rockingham, Vt., July 15, 1882.

Croup.—A Mother's Tribute.

"While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL has saved my darling's life. Can you wonder at our gratitude." Sincerely yours,

Miss. EMMA GEDNEY."

"I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to promounce it the most effectual remedy for coughs and colds we have ever tried.

Lake Crystal, Minn., March 13, 1882.

"I suffered for eight years from Bronchits, and after trying many remedies with no suc-cess, I was cured by the use of ANIR's CHER-BY FECTORAL. JOSEPH WALDEN." Byhalia, Miss., April 5, 1882.

"I cannot say enough in praise of AVER'S CHERRY PECTORAL, believing as I do that left for its use I should long since have died from lung troubles.

Palestine, Texas, April 22, 1882.

No ease of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AVER'S CRERRY PECTORAL, and it will always cure when the disease is not already beyond the control of medicine,
