Subject to a call, a number of the youthful believers in the principles and teachings of the Democratic party met in the Lane County Court House on the above named date, and were called to order by Daniel W Bass, who briefly stated the object of the meeting. "GET OUT OF THE WAY!"

I Am Senator Dolph From Oregon.

Dolph, the Vice President of nearly every corporation in the Northwest, was awarded a grand reception by the Eugene Republicans last Saturday evening. Fireworks were exploded, a few fires were built and the anvils fired off. Several transparencies were held in front of the bonfires by some small boys, who we suppose, were given 50 cents apiece for their services. The mottoes were vulgar and evidently originated in some demoted mind. The following will serve as a sample of the same: "It might Halpin to anybody," "Oh, where is my boy to-night—Cleveland," "Maria and I are out," "Dam the Irish," etc. These will show to what a desperate straight the G O P is pushed.

The Democrats might retaliate by worse mottoes concerning the shot-gun marriage of Blaine in Kentucky, but we are certain they will take no such degrading step. The speaker commenced by saying Lane county would go Republican, but the Republicans disbelieved the eminent man who Senator Palmer said, "did not have sense enough to get in out of the rain." He then informed the people he was in favor of woman suffrage amid great and continued applause (from the small boys.) Next he annihilated (?) Geo Wm Curtis and Carl Schurz—to his own satisfaction. We pitied the gentlemen, and if they had been present, they would have bowed their heads in humiliation. He then accused the Democrats of trying to sneak into power, but the great fraud of '76 stared him in the face and he dropped the subject immediately, to take up the tariff question, when he told the people that wheat needed more protection. How protection helps the wheat market when we ship our surplus to England, we don't understand, but the Republicans cheered notwithstanding.

The Chinese question had been settled he said, but forgot to tell his audience that the Democrats passed the bill, but he was liberally cheered by the office seekers. He next proceeded to give the foreign element some taffy, but failed to state that Blaine was a Know-nothing in 1856, and said, "Put none but Americans on Guard." (Republicans cheered.) The Mormon question next demanded his attention. He blamed the Democrats for not stopping the evil, and claimed the Republicans were in favor of eradicating it. Why, what nonsense, when this party has been in power 24 years. It is merely like their other promises. They want a hundred years to pass such a law, and Mitchell would want a thousand. (Immense cheering.) He next proceeded to wave the old bloody shirt, but did not explain the old statement that he escaped draft duty on the hurricane deck of a mule. (Prolonged cheering.) He next took up the slander business and claimed that Cleveland had no character. It will be remembered that the gentleman sued Bill Watkins once upon a time for slander, and the jury, composed of Republicans, awarded him \$1 damages, as Bill says, "three bits more than a monkey's." Is Dolph a good judge of a man's character? (Renewed and continued applause.)

Hop Growers.

Notice is hereby given that there will be a mass meeting of the hop growers of Lane county, at the Court House in Eugene City, Oregon, Monday morning, Oct 20th, at 10 a m. Important business is to come before the meeting.

MANY GROWERS.

THE FAITHFUL REJOICE.—Wednesday evening the Republicans of this city concluded to celebrate the great event of having carried Ohio, by a reduced majority, a State that has gone Republican ever since 1856 in a Presidential year. The speakers all claimed that the State had given not less than 25,000 majority, and they had the most of the Congressmen. One hour later a dispatch came indicating that the State had only gone a little over 10,000 majority and that the Democrats had elected a majority of the Congressmen. Considering the fact that Garfield carried the State by nearly 26,000, it is hard to tell what our Republican friends had to rejoice about, without it that it had not won for the Democracy. But after the above dispatch was received the firing stopped, and it was hard to find one of the faithful on the street the balance of the evening. The Democrats had just as good cause to rejoice that West Virginia had remained on the side it has voted for eight years, but they wasted no powder.

WILL NOT LEAVE.—Dr EG Clark, dentist, wishes it distinctly understood that he does not intend leaving Eugene, all reports to the contrary notwithstanding. He is prepared to do all kinds of work in his line in first-class style, and will guarantee the same to give satisfaction.

BECK KITCHEN.—The City Council having refused to allow Mr Chas Baker the privilege of building a wooden kitchen in the rear of his new hotel, he has concluded to erect a brick one. The contract was let to Mr Geo H Parks, who has sub-let the brick work to Stites & Bestly.

Outside precincts are requested to send full delegations to this demonstration. Ladies are invited to attend.

Cottage Grove Items.

[FROM OUR SPECIAL CORRESPONDENT.] Oct. 15, 1884.

Dr J W Harris was in town to-day. A bear was killed not far from here Monday by some hunters. Oliver Veatch and John Medly took a flying trip to Eugene this week.

Mr Hoffman and his son Ira, left for their home on the Lower Siuslaw Tuesday. Uncle Jack Sears fell from his barn loft last Saturday evening and was badly bruised but fortunately no bones were broken.

Weather delightful the last two days, and we hope will continue so for some time. The roads are quite muddy but are rapidly improving.

Mr L Ward has rented Mrs Robt Cochran's farm and moved on the same, Mrs Cochran has bought Kate Spray's interest in the millinery shop and moved to the residence of Mr R M Culp of this city.

Mr Lewis Martin, an old resident of this vicinity, died at the residence of David McFarland of this place on the 14th, after a painful illness of several months. Cancer of the stomach was the cause of his death.

The fair here last Thursday and Friday was quite a success, notwithstanding the unfavorable weather. Mr Darwin Briarow, Mrs T G Hendricks, Mr Joe and Mrs E R Luckey were up from Eugene and at the fair Thursday. Mrs Hendricks by some misstep fell off the sidewalk and sprained her foot, and becoming disgusted, we suppose, returned to Eugene without seeing the best of our exhibits, which were on Friday, all of which we are very sorry.

Another Building Needed.

We take the following from Judge M P Deady's report to the Legislature. The building is badly needed and we hope the Legislature will grant the recommendation of the President of the Board of Regents of the State University:

I renew the recommendation made in my last year's report. "The school is in urgent need of more room. The present building is inadequate, and another ought to be put up as soon as possible. One prominent feature of it should be an assembly room, on the first floor above the ground, for the graduating and other public exercises. The large room constituting the third story of the present building has been used for such purposes, but at the last meeting of the regents it was found necessary to cut it up into class rooms, and it was so ordered. In some respects it is an unsuitable and unsafe place for public assemblies. It is reached through two flights of long, steep, winding stairs, and if a panic had ever occurred when the room was full of people, lives must have been lost in the passage down. The next graduating exercises must be held in some other building, or probably out of doors. The new building should also contain rooms for the library and museum, on the second floor, and society rooms on the third floor. This would relieve the present building of all the more incidental work of the school. The probable cost of a proper building would be between forty and fifty thousand dollars."

The project of cutting this third story into class rooms was deferred by the executive committee, and the society rooms were taken for class rooms for the present.

Personal.

Jim Woods has returned from Prineville. Marshal Attebery is able to be about our streets. Judge Bean and Washburne have returned from Portland. Mr Sol Abrahams, of Roseburg, paid Eugene a visit yesterday. Dell Brunley, who has been quite ill with the typhoid fever, is much better. Presley Comegys and Rodney Scott have returned to town after spending the summer upon their farms. Mr R E Bristow has returned home from King's valley, Benton county, where he has been teaching school. Mr Paul Stanley, who has been plastering in this city during the past summer, returns to his home in Portland this morning. Mrs B F Dorris went to Ashland Tuesday to attend upon her daughter, Miss Mary, who is ill with typhoid fever. At last reports she was somewhat better.

We acknowledge a pleasant call from Messrs A J Simpson and Daniel Brummett, of Lincoln, Iowa. They are talking some, what of locating here.

Habitual Constipation.

Is a prolific source of misery and many ills, giving rise to headache, dullness, fever, nervousness, restlessness, biliousness, indigestion, poisoning of the blood, etc. The bitter, nauseous liver medicines, pills, salts and draughts formerly used to relieve the sufferer, only aggravate the disease and sick on the stomach. All who are afflicted in that way, know the importance of a remedy pleasant to the palate, harmless in its nature and truly beneficial in its action. The trial and truly beneficial in its action.
