

THE EUGENE CITY GUARD.

SATURDAY, OCTOBER 25, 1884.

DEMOCRATIC TICKET.

FOR PRESIDENT, GROVER CLEVELAND, of New York. FOR VICE PRESIDENT, THOMAS A. HENDRICKS, of Indiana. For Presidential Electors, A. C. JONES, of Douglas, L. B. ISON, of Baker, W. D. FENTON, of Yamhill.

Senator Slater.

Let every Democrat attend the speaking here next Tuesday evening. Farmers, you are especially invited, without regard to party, to hear the ablest and sturdiest advocate you have had in the United States Senate. He has fought your cause alone, and deserves grateful recognition from you. A grand torchlight procession and illumination will form one of the attractions of the evening.

How they Viewed him in Times Past.

Never has any public man been so universally abused by the press for corruption as Jas. G. Blaine. Among the papers which have attacked him are the Chicago Inter-Ocean, the S. F. Chronicle, the St. Louis Globe Democrat, the Cincinnati Commercial Gazette, the N. Y. Tribune, the Portland Oregonian, the Chicago Tribune. These are all violent Blaine papers now, and assure us that they were mistaken a few months or years ago. Those papers filled column after column with something like the following which appeared in the Chicago Tribune in '76:

"The man (Blaine) who had voted for or failed to oppose every subsidy of either land or money asked of him while in Congress. They knew him as a lobbyist before he entered Congress and while Speaker as the inside friend of wildcat corporations, ruling as Speaker to save their bills, and as claiming reward for his official action as engaged in selling the worthless bonds of such corporations, receiving large gratuities therefor, as confessed in his letters; and finally when peculiarly involved, getting the Pacific Railroad Company, as it seems almost certain, to give him \$64,000 for what was not worth \$4,000 cent. Is this the record of a reformer—of a man to purify the Administration and to raise the standard of political and official morality?"

A very pretty little story that about the purity of Republican administration, the charge that the Republican have reduced the rate of defalcation about 500 per cent below the Democratic rate in previous administration but it lacks the element of truth. Although there is a law requiring it no list of defalcation has been published or prepared since 1869 by the proper officer. The case should be stated thus, the Democrats brought ever fraud to notice and found 5 per cent and punished the rascals, the Republicans didn't discover and punish the soundbells. That is the Democratic charge. Were the Whisky Ring and other swindles included in that estimate? Prominent among the late steals is the Star Route. How many of these men were punished? How many cents were recovered? How many thousands and dollars were received by the thieves prosecuting the thieves. If a democratic investigating committee found 2500 interlineations, and erasures in accounts aggregating \$250,000,000, how many would it find in the whole series of accounts.

If we nominate Blaine we will have to defend him against charges we know to be true.—GEO. F. EDMUNDS. Blaine is a live man.—JAY GOULD. My party has but three principles spoils, spoils, spoils.—WAYNE MAC YEAGH, Garfield's Attorney General the man who started Star Route prosecutions. Blaine will give us a brilliant administration.—STAR ROUTE ELKINS. Blaine is a bully by calculation and a coward by nature.—N. Y. Tribune. I am for Blaine.—S. W. DORSEY. I regard Blaine as one of the most corrupt men in pecuniary affairs that we have ever had in our Government.—H. W. BEECHER.

"Darkling chimney stacks. A high protective tariff. Shut furnace doors. A high protective tariff. Moaning misery and death, no work and no wages, strikes and imported pauper rivals for work people. A high protective tariff. Embezzlement and bankruptcy. Commercial stagnation and productive drought everywhere. A high protective tariff. Corn at zero, wheat below. A high protective tariff. Tramps. Ruin. Blaineism.—Louisville Courier Journal.

The agricultural exports of the United States have increased over 1000 per cent in the last twenty year. It has done this in spite of heavy taxes placed on that industry. The home market consumed twenty years ago nearly the entire agricultural products. There are not 100 men in protected industries in Oregon. There is a splendid home market for our farmer.

The Record.

The Thurman Act was passed by a Democratic Congress. The land grant forfeiture bill was passed by a Democratic House and strangled by a Republican Senate. House, Senate and President were Republicans four years ago. They passed no single anti-monopoly measure to a law. The anti-Chinese bill was passed by Democratic votes. The record is before you, vote on the issues of to day, not on those of yesterday.

"Blaine asked me if I liked my present position and I told him no—I did not care about it. He asked me how I should like a political office. He asked me if I would not like a Counselship. Mr. Blaine is here and is listening to what I say. I consider my word as good as that of any man that ever lived. I told him that there was no political office that I wanted.—James Mulligan, on oath. I would not say that Mr. Mulligan falsifies, I do not want to say that at all. There might have been room for his putting a construction on what I said.—James Blaine on oath.

Mr. Fenton in his speech here the other night said he would resign his position on the Democratic ticket if proof would be submitted to him that Cleveland is a monopolist. He pointed to this one exclusive fact, that not one single monopolist in the United States like Gould, Field, Sage, or Vanderbilt supports Cleveland, but they are all for Blaine.

The Field.

I hope every Republican paper in the U. S. will publish the letters in full. JAS. G. BLAINE. The Oregon City Woolen Mills employ Chinamen mostly. "Elevating and dignifying American." The prices of goods have been lowered in the past few years all over the world 50 per cent. Invention. At Mill River, Mass., 10,000 wet chaises were thrown out of employment this week. Blaine's prosperity. The report of the produce exchanges of the United States shows a falling off of 38 per cent from that of last year's business. Ohio is Republicans by 5000 majority. Democrats, if you work like the Ohio Democrats, Oregon will be with us next November. Senator Edmunds said in 1880 that "Mr. Blaine is not a fit man to be President." Is that language plain enough to be understood by the Republican press. Does any farmer, any mechanic believe that a measure putting a heavy tax on such articles as grain sacks, common clothing and blankets, etc, and a light tax on silks, diamonds, etc., is to his interest. "Owing to your political position you were able to work off all your bonds at a very high price, and the fact is well known to others as well as yourself.—"My Dear Fisher" to "My dear Blaine."

The Republican press would like to see Carl Schurz exiled to Germany. It is more than likely that when Carl Schurz leaves this country he will have a letter in his pocket signed, "Grover Cleveland, President," recommending him to Emperor William. From 1850 to 1860, under a tariff of 20 per cent, the commercial marine of the U. S. was greater than that of every other nation, the manufactures of the U. S. increased a greater rate per cent, than in any other decade, and the agricultural wealth increased in a proportion nearly twice as great as in the decades from '60 to '80. Boss McDermott, a Republican boss in Brooklyn, N. Y., is wanted by the Irish invincibles. At the same time for its liberal trade notions he was a British spy and paid informer. In a campaign of brag and bluff and he such a man would seem invaluable to the Little Rock railroad jobber.
