

VICTORY

Grover Cleveland President, and Thos. A. Hendricks Vice-President.

Tilden Vindicated!

The Solid South, New York, New Jersey, Indiana and Connecticut did the Business.

219 Electoral Votes!

HURRAH! HURRAH!

We have met the enemy, and thank God, they are ours. A glorious victory has been won in spite of vast sums of money wrung from the Federal office-holders and spent in corrupting voters.

Indiana, New York, New Jersey Connecticut, with the Southern States will give Cleveland and Hendricks 219 electoral votes, 18 more than necessary to elect.

On account of going to press we can only say, "the troops fought long and nobly."

- Ta-ta. Sheriff. Mayor. Governor. President. It did not (1) pin. Our cock crows. 1876 vindicated. "Burn this letter." Always "tell the truth." Never crow before you get out of the woods. Too much Mulligan letters did the business.

The Irish voted with their friends, the Democrats. "That d--d tariff was loaded again." You bet it was. The Rev. Dr. Blackball is knocked out in the first round. Democrats are exceedingly happy. They have a reason to be so. Did our Republican friends hear something "drap" last Tuesday. "Copperhead" Tom Hendricks runs like a deer in the Hoosier State. The press is a power in this land. The election of Tuesday demonstrates that. The Republicans have one consolation. They carry Oregon by 2,000 majority.

And they called the Independent Republicans duds, sneaks, mugwumps and Pharisees. They say that after all Carl Schurz has some influence. He made the great speech of the campaign. If Mr. Schurz leaves this country he will go with a commission from President Cleveland. Tilden vindicated. New York, New Jersey, Connecticut, Indiana, and the Solid South. Hurrah! Call him Oscar Folsom's papa, if you please; Stephen Grover Cleveland if you wish: But you must call him for four years, President Cleveland. Our young men are beginning to think. They are voting on the questions of twenty years ago. The rebellion is over, and we are glad of it.

It is stated that a field ten miles square will hold the population of the earth, and that one twenty miles square would seat them all.

The French Ministry will soon introduce a bill into the Chambers placing a tax of 27 per cent. per bushel on wheat. The bill will certainly pass. The English Tories, if they come into office, will lay a like heavy impost on wheat. Here is the motto of every Tory and of every reactionist in the world, if the name of his country be substituted, "England for the Tories." As to whether this would be efficacious the following may be considered. England has 16,000,000 acres of wheat land idle. The average for Great Britain per acre is about twenty bushels. This would make 200,000,000 bushels, while we supply Great Britain with about 150,000,000 bushels of wheat.

The following are some of the details concerning the proposed pneumatic tube from New York to Chicago: "Two tubes are to be made of brass, which will run side by side, although it is said, one tube will be tried at first. A powerful engine with an exhaust wheel is to be stationed at one end. It is said that if the tube is properly made and planted, no air will escape. The right of way, it is believed, can be secured for nothing. A letter, a sample of grain, or package of any kind which is to be sent, is enclosed in a rubber ball. A ball prevents the least friction as a rolling object, and the leather is to be stiff and heavy."

There is not a single cat within the limits of the town of Leadville, Colorado. Cats have been imported there by the hundreds, and in all varieties of color and size, but not one has ever survived the second week of residence. However, as there are no rats and mice in Leadville there is no real need of cats, and it makes little difference whether they live or die. The thin atmosphere at that altitude (11,200) is as fatal to the vermin as to their foe, and the inhabitants are thus mercifully spared the infliction of both.—The Chicago Inter-Ocean.

At a recent meeting of one of the medical societies a list of more than 100 remedies for cholera was presented. Yet a distinguished doctor stated that probably no real improvement had been made upon the remedies of sixty years ago, which consisted almost wholly of calomel and opium. The French doctors are experimenting with doses of sulphate of copper as a cure. It appears that workers in coal mines have had an almost complete immunity from the disease.

"Hazing" having fallen into disfavor at the colleges of this country "cane rushes" are now the correct thing. The students of Columbia College were having one of these diversions lately, when one of the freshmen was so fresh as to push President Barnard, who shot out his right duke and landed a good one on the fresh man's nose. The latter will not cane-rush again for some time.

A fifteen-year-old lad lately died in England from the effects of looking at the sun. He and another boy were trying to see which could gaze longest upon the blazing orb. He soon complained of intense pain in his eyes and head, which increased to such an extent that he died in great agony within a few hours of making the trial.

Gov. Jarvis told the North Carolinians, in a speech the other day, that they had enjoyed, this year, something never before seen since the Declaration of Independence. "The State government run for one whole year without drawing a dollar from the pockets of the people." This was accomplished by the sale of some unproductive public property.

A deaf family in New Hampshire has been traced back to the fourteenth century in England, and in all that time has regularly shown a succession of deaf mutes. In Maine there is a family in which there are ninety-five deaf mutes, all of them connected by blood or marriage.

The "legitimate expenses" of the Sharon-Hill trial in California are estimated to be in excess of \$200,000. A decision has not been rendered, and wagers on the result are daily quoted as regularly as the stock report.

During the past half century the German population of this country has increased from 10,600 to 3,800,000.

Mrs Belva Lockwood was the only candidate who could peel a potato or thread a needle.

It is said that Boston and its suburbs hold 2,400 music teachers.

Thos Penny is a wealthy banker at McKeesport, Pa., and is the oldest one in that place.

It is stated that the fortune of Philip Armour, the Chicago pork king, is \$25,000,000.

The Results.

All persons feeling dull and depressed, or perhaps feverish, with no appetite, no energy, the system clogged, the liver torpid, the bowels inactive, who are wondering how to find relief, should purchase a fifty cent or one dollar bottle of Syrup of Figs, read the circular around the bottle, follow the directions, taking a few doses of this pleasant remedy and be restored to health and happiness. It may be of F. M. Wilkins, Eugene; W. S. Lee, Junction.

Syrup of Figs.

Nature's own true laxative. Pleasant to the Palate, acceptable to the Stomach, harmless in its nature, painless in its action. Cures Habitual Constipation, Biliousness, Indigestion and kindred ills. Cleanses the system, purifies the blood, regulates the Liver and acts on the Bowels. Breaks up Colds, Chills and Fevers, etc. Strengthens the organs on which it acts. Better than laxatives, nauseous Liver medicines, pills, salts and drugs. Sample bottles free, and large ones for sale by F. M. Wilkins, Eugene, W. S. Lee, Junction.

The Markets.

PORTLAND, OR., Oct. 17, 1884. WHEAT—The wheat market in foreign lands seem to continue dull and lower. In Portland valley wheat may be quoted 1.12 1/2 per cental. OATS—Quotable at 30¢ 33 cents per bushel with a slow market. EGGS—90 cents per doz. LOCAL MARKET. HOPS—We clip the following from Cochran & Co's hop circular under date of San Francisco, Oct 23, 1884. EUGENE, Oct 17, 1884. Hop buyers in Eugene are offering 15 cents per lb, but very few selling. WHEAT—But few sales have taken place, farmers holding for better terms. We can quote at 55 cents per bushel on board on cars. OATS—20¢ 25 cents per bushel. Market easy. BUTTER—25 cent per pound. EGGS—25 cents per dozen. Market not liberally supplied. BACON—Sides 15 cents per lb and scarce; hams very scarce at 16 cts; shoulders 12 1/2 cts. LARD—15¢ (17 1/2) cents per lb. POTATOES—Hempfl at 25¢ 30 cts per bushel. FLOUR—\$4.50 per bbl.
