Mrs C W Fitch was quite sick for several days the first of the week. We are pleased to state that she has recovered until she is now able to attend to business. We understand that the Good Templars lodge of this city is making great preparations for the celebration of their anniversary, which will occur about the 20th day of December. Mr B C Van Houten was elected Auditor of Spokane county, W T, by 398 majority. The official returns show that A A Smith was defeated for Probate Judge by 99 majority. Mr Frank Guthrie, who some time since was held for \$1500 bonds for shooting a tramp, by a justice in Jackson county has been discharged, the grand jury refusing to find an indictment. Lam Lawrence, who struck Mr Ben Cox over the head with a stool at Monroe one year ago, has been convicted by the Denton county circuit court and sentenced to pay a fine of \$250 and costs. It is reported that a majority of the County School Superintendents of this State who have already sent in their votes favor the retention of the present system of book in out public schools. We received a very interesting letter from Latham this week, but the author not giving his name, we are compelled to forego its publication. If the writer will send us his name, the letter will be printed. There will be divine services in St Mary's Episcopal church on Sunday next—in the morning at eleven o'clock, in the evening at seven. The Sunday school will meet at a quarter to ten. All are cordially invited to attend.

Thanksgiving Services.

A union service was held at the Christian Church by all the churches except the Episcopalian. The church was decorated in a tasteful manner. The sermon was preached by Rev C M Hill, of the Baptist Church, and was of a very instructive nature. It was much commended by those present. The singing by the choir was excellent. Services were also held at the Episcopal church, which had been finely decorated by the ladies of the congregation who are entitled to much credit for the same. The singing by the choir was especially good. The sermon was preached by the pastor, Rev Octavius Parker, and was ably prepared and delivered. TO CATTLE MEN.—Persons having one, two or three year old steers for sale, can find a purchaser in G H March, Eugene City. Residence opposite Dr Harris'. NOTICE.—I will be responsible for no debt or contract made by any person without an order from me. JASPER EVANS.

A Card.

TO THE EDITOR OF THE GUARD:—I regret very much that I am in honor, and "for truth's sake," bound, to answer some statements published in the Eugene Journal of last week, and which statements are as follows: "It is said that Mrs Susan E String is the candidate for the postoffice on the Republican ticket against Houston, Gilmore, Quimby, Ullinger, Mullholland, Baber, Lee, Salmon and Tom Berry. Surely Cleveland can do no better than to deny these hungry Democrats and give the office to the Republican candidate. Then we will see 'Cleveland and Reform Whoop-la'." "The people of this place would like to know why the Secretary of the State Temperance Alliance sent fifty thousand St. John tickets to professed temperance Democrats of the various precincts throughout the State, and why to a certain temperance Democrat of this place (who received a package of these tickets) tried to get Republicans to vote that ticket and never asked a single Democrat to vote it and did not vote it himself, and why temperance Democratic preachers do not practice what they preach. Now if anybody will answer these questions they will confer a favor on this people, especially on some inquisitive women, who expect to become voters in the near future." signed, Commodore Perry.

(1). The Secretary of the State Temperance Alliance may answer for himself. He did certain temperance Democrat who received a package of these tickets, in sheet form, and while in the post office some days before the election opened out somewhat the sheet and Mr Hank Hoffman said that he wanted one and tore it off. I carried them to my house and they were separated into ticket form, and on the morning of election I placed them on the Clerk's table before the Judges and Clerks. I never received one nor gave one to any Republican nor offered one to any whatever. I lifted one from the table during the day and gave it to Baxter Howard as his request, who afterwards voted for Cleveland and Hendricks, as I was told. So that brave Commodore who came out in the Journal last week is a base liar. Second to none except his father, the Devil.

(2). Why temperance Democratic preachers do not practice what they preach. I have known and taught and practiced Democratic doctrine a long time and my judgment is that the people by State's must first prohibit. Then the General Government may bring prohibition at the present times. (3). Democratic preachers practice what they preach more closely than Republican preachers who have, many of them, claimed large prohibition sympathies, earnest to work for prohibition, and then voted for the man for President who would not vote for a prohibition amendment in his own State, showing that they preferred the friend of the liquor interest to St John, a true Republican. (4). The people, (who are the people) and the inquisitive women I have not found such here. No, it is the brave Commodore who would like to dictate for them. The Commodore wants the office, and he is not fit to be the management of it. Now why is it that this glorious old Republican party boasts so much of a Prohibition party, and they being that party, when the fact is that they never carried prohibition in a single State. Why did prohibition preachers vote for John A. Logan, who placed the liquor tariff into a school fund, making the business a necessity absolute. I could give more even to their heart's discontent. Don't challenge it. What calls Commodore to saloons? Why didn't Republican preachers vote for a Republican prohibitionist? St John is a Republican. If the G O P is truly for Prohibition, why did they vote against St John? Why did the St John electors fail to canvass the State of Oregon for St John? They were all Republicans. Some people may be galled in a naval engagement, but will retreat from the snapping of empty shotguns. Commodore, tell the truth or resign your commission. Why do Republican elders call Democrats the whisky party, and then work and vote against St. John. Why do Sunday School Superintendents so sanctimoniously talk temperance in Sunday School and then go out the next Tuesday and vote against St. John. Whoop-la!

Why is it that the glorious Republican Prohibitionist party of Junction did not ask the said prohibition powers that be to give the postoffice to the said Mrs Susan E String in preference to one who is opposed to prohibition; said lady was just as nearly then as now, just as worthy then as now. A lady desired it then but could not get it. Oh, the amount of CREEK and GALLUSOME people have, for instance the plausible Commodore's cheeks have been looking very long since the 4th inst, poor fellow, he is made and vents his spleen on me. I hope you will not get it soon, before he is in a naval engagement. W. M. HOUSTON.

Crow Dinner.

About two weeks ago Uncle Joe Perkins was around taking orders for turkeys for Thanksgiving, when he met Mr Jeff Smith and wanted to supply him, but Jeff told him that he thought crow was good enough for the ordinary Republican this year and dismissed the subject. Thanksgiving Day Jeff was puning the even tenor of his way when he was invited to partake of a handsome dinner which he eagerly accepted. The guests sat down at the table when the host raised the cover from the same. Imagine Jefferson's surprise and consternation when he beheld the edibles. There was a huge black crow done up in white and blue ribbons and the crackers on the table were blocked out from leather in imitation of crackers, besides there were four glasses labeled St John Cocktails, which, when tasted, proved to be pure cold water. The crow bore in his beak the following inscription written in fine style on handsomely tinted paper: "Republican turkey; compliments of Uncle Joe Perkins to T J Smith." Jeff turned deathly pale and begged to be excused on account of faintness, but before his guests would accept the same, he was obliged to order suitable drinks for his Republican friends.

WASHINGTON CORRESPONDENT.—Mr T O Jenkins, a graduate of the State University, is now acting as a general correspondent of the Washington, D C, Post, the leading paper of that city. We have received a copy of the paper containing one of his articles on "The Post of the Sierras," giving Joaquin's experiences in Oregon and California—episodes of his mining career—youthful efforts at verification, and his connection with the Eugene Democratic Register and the Eugene Review. It is an ably written article, which, at some time we hope to republish. We wish Tom much success in his chosen field, as he is bright, energetic and ambitious.

ROUGH ON OREGON.—A few weeks ago Governor Stoneman, of California, pardoned a prisoner from the Folsom prison, on condition that he would leave the State never to return. On being released, the man immediately departed for Oregon. The Governor on Saturday morning last received a letter from him begging to be allowed to return to California, and stating that he would rather come back and serve his term out than be obliged to spend the remainder of his days in Oregon.—EXAMINER.

ARRIVAL.—The Henderson surveying party arrived here last Thursday evening via the McKenzie route. The party report having had a successful trip. We are glad to learn that the health of Mr Geo Swift has improved greatly. The party inform us that they found no snow on the summit.

New Filtration.

Following is the new roller skating filtration, being the rounds of the papers, which we heartily commend to the lovers of the sport in Eugene: One leg in the air means, "catch me." Two legs in the air means, "mashed." Hitting the back of your head with your heels, "I'm gone." Lying on your back, "assist me." One skate in your mouth, "too full for utterance." Punching your neighbor in the stomach with your left foot, "kiss me. If he don't he'll hit me." A backward flip of the heels and a sudden cohesion of the knees to the floor indicates "a supplement." Suddenly placing your legs horizontally on the floor like a letter V, indicates, "I am paralyzed." To pick your teeth with your knees has reference to the fact that you are off your proper base.

American Laundry.

We would respectfully invite attention to the opening of a new American Laundry on Oak Street between 8th and 9th. Good work, low prices and satisfaction guaranteed. Give us a call. BLAINE & DICKET.

KATE CASTLETON COMING.—Miss Castleton and her superior company of comedians and vocalist will positively appear in Eugene next Wednesday evening, and give our people the most pleasing entertainment that has ever been our good fortune to witness. The company is all first-class and Miss Castleton is favorably known in every city of the United States, and her reputation has reached this city so she will draw a packed house. The play, "At Sea," is full of refined comedy and comic songs. Seats now on sale at Crain's jewelry store without extra charge.

MASK CARNIVAL.—A mask skating carnival will be given at Lane's Opera house, under the management of Mr J C Fletcher, Saturday, Dec 13. A general invitation is extended to all. Admission with use of skates, 50 cents; spectators, 25 cents. Parties wishing suits will be accommodated by calling on the manager. A prize will be given to the person wearing the most comical suit. The Eugene Brass Band will furnish music. None but maskers will be allowed on the floor.

CERTIFICATE GRANTED.—In the Supreme Court proceedings of November 24th, we find the following: "Chas M Collier, on motion of W S Condon, was admitted upon certificate from the Supreme Court of Colorado to practice in all courts in this State." The young gentleman is a son of Prof Collier of this city, and we learn, will locate in this city for the practice of his profession.

SOCIABLE.—A sociable will be given by the Ladies Aid society of the Christian church at Rhinehart's Parlors on Saturday, December 8th. Free lunch will be provided. All are cordially invited. Admission, 25 cents.

NEW HARDWARE STORE.—Messrs Fritchett & Forkner, in the near future, will open a first-class hardware store in the building formerly occupied by Smith & Cox. We wish them success in their new enterprise.

LARGE CARROT.—Mr O R Bean showed us a carrot one day this week, raised on his old farm near town, that weighed over 10 lbs.

Frank Peplot is getting better. Joe Peplot is his pay—it's a big boy. Several new hop yards are being started. Brother Radford is building a new house. B F Fin has a brand new saw mill on his place and it runs like a top. The Gate Creek school is in session. Full attendance. T M Martin, teacher. John Deadman will put in about 2,000,000 feet of logs this winter and next spring. One day last week while Uncle Tom Watson was drying, some clothes, the garments took fire and burned up a \$20 bill. Robt Millican's fine new residence is nearly completed. It will cost between \$2000 and \$3000. It is an honor to the McKenzie. Cosper's logs consisting of about a million feet are abandoned. They are strug along the river for six miles on either side of Rock house. Carey Thomson and bride have gone to live on Oscar Renfrew's place. Gary has leased the place for three years. Uncle Milo Thomson has returned to the river to live.

Fair Meeting.

There will be a meeting of the incorporators of the Lane County Agricultural society at Rhinehart's hall in Eugene City, on Saturday, Dec 8th, at 1 p m. The Board will at that time surrender their organization and call upon the citizens of the county to meet with them at the above named time and place, to effect a more complete and satisfactory organization, for the purpose of conducting a County Fair in this county. J S CHURCHILL, Sec.

ESTABLISHING EXPRESS OFFICES.—Since the issuance of the mandatory injunction by Judge Deady, in the case of Wells, Fargo & Co's express, against the Northern Pacific railroad, the former corporation has been making extensive preparations to increase their facilities. Commencing on the 1st of December there will be through express service between Portland and St Paul, by Wells, Fargo & Co. This will render necessary the establishing of many express agencies between Helena and St Paul, a distance of 1103 miles. These offices will be established and agents appointed as rapidly as is practicable after the first of next month.—Telegram.

ASSAULT.—Last Monday at Junction City, while Wm Pitney was standing in front of Berry's saloon El Baber approached from behind and struck him over the head with a chair, which knocked him down. He was prevented by bystanders from striking any more blows. Parties then sought the City Marshal but it was some time before this individual was found. In the interval young Baber armed himself with some rocks and threw them at his antagonist but failed to hit him. He then seized a snuff gun from a boy who was passing and snapped the same at Pitney a couple of times, but the gun being unloaded did not accomplish his aim. Pitney then retired to his home, uninjured to any great extent. Baber then literally "took the town" for a time. He then made his escape in the direction of Benton county. Deputy Sheriff Cochran looked for the belligerent individual for several days but failed of getting any trace of him. It is said that Baber was quite drunk during the whole proceedings. The attack upon Pitney, we understand, was made on account of an old spite because that gentleman, who is City Recorder, had fined Baber several times.

MAIL CONTRACT.—By poster we learn that the postmaster at Eugene will receive bids, until Dec 2, 1884, for the carrying of mail between Eugene City and Willamette Forks, 7 1/2 miles, three trips a week, commencing Jan 1, 1885, and ending June 30, 1885. We are glad that the department has concluded to establish this route, as it has been much needed. At present the mail is carried semi-weekly from Harrisburg, but the people in Willamette Forks have always been retarded in getting their mail promptly, and they always wanted the route changed to Eugene.

SKATING RINK.—Having leased Lane's Opera house I will open the rink regularly every night from seven till ten o'clock. Rates are reduced to 25 cents for both ladies and gentlemen, and will be run Thursday afternoons from two till five o'clock exclusively for ladies (School children, from one till four o'clock) Saturday afternoon. The rink will be open from seven o'clock till four and every evening from seven till ten o'clock; I also have the exclusive management of the Opera house. J O FLETCHER.

VACATION.—The State University gave a vacation from Thursday morning to Monday morning. A number of the scholars left Thursday for different portions of the State, for the purpose of eating Thanksgiving turkey under the parental roof. The public school also gave vacation for the same length of time.

RASPBERRIES.—Mr Mathews, of Lost Valley, last Wednesday sent to this office some raspberry vines bearing ripe berries, and others in bloom. What do our Eastern friends think of being able to pick ripe berries at this time of year—Thanksgiving.

A SUCCESS.—The sociable held at the residence of Mrs J B Underwood, on last Tuesday evening, under the management of the ladies of St Mary's Episcopal church, was a decided success, at least one hundred persons being in attendance.

WITH RELISH.—The Democrats last Thursday ate turkey, for the first time in twenty-four years, with good relish. Crow, we learn, was plenty good enough for a host of our Republican friends. Time makes all things even.
