The Storm.

Cold weather continues up to this writing. Since the last issue of the GUARD newsman has fallen to the depth of seven inches; making at least 12 inches on the ground at the present hour, 3 p m Friday. Town is quite dull as it is impossible for people living in the country to come in. Stock on ranges are suffering already and if the present cold continues another week, the loss will be considerable. The thermometer this week has been 18 degrees above zero. Trains have been very irregular during the week. The Wednesday train from Portland only arrived Friday at 11 a m, and then being pulled by two very heavy engines. The last north bound train left here last Wednesday at 2 p m, not getting to Junction until 6 p m. This train had to stop at Goshen until another engine could be sent for to Junction. When the engine arrived here she was out of water and they borrowed the fire engine and took it to the race and filled the tender of the locomotive. THE STATE. The weather throughout Eastern Oregon and the Willamette Valley on Thurs cold. A train has been snowed in near Hood River, containing 140 passengers on the O R & N R R since one week ago last Thursday, with no prospect of getting out for quite a time yet. Last Tuesday evening the following was the depth of snow at different points East of the mountains: Dayton, 38 inches; Walls, 31; in-hes; L. Granite, 3 feet; The Dalles, 8 feet; Bonaville, 6 feet; Union, 4 1/2 feet. In the Willamette Valley the water is as follows: Roseburg and south, no snow; Harrisburg, 14 inches; Albany, 30 inches; Salem, 25 inches; Oregon City, 25 in. G. A. R. ENTERTAINMENT.—On the night of Jan 21, 1885, there will be a camp fire of the Post 114 in this city of the Grand Army of the Republic, when they will have the soldiers fare of hard tack, pork and beans. But they will have more; they will have the best of the acrobatic. There will be recitations, soldiers' experiences, speeches and everything to make the night enjoyable. General Babcock, the Division Commander for the State of Oregon, and the Department Commander of the Women's Auxiliary Corps will be here; one to install the officers of the Post, the other to install the newly elected lady officers of the Auxiliary Relief Corps, that has just been put in operation. The fee will be no more than is charged at the societies held in Winter—25 cents. HUNTING MISAPPROPRIATE.—Last Monday, Clyde Patterson came near meeting with a serious accident. In crossing the street, just north of Joe Myers' place, he fell from the footlog and only saved his life by hard swimming in the cold water. When he fell he had lost his shot gun worth \$50 which was in the stream and has not been recovered. On the same day while wading a stream in the same neighborhood, Mr P H Farrell stepped into a hole and went beneath the water, but by super human effort he swam to the shore. He lost eight fine Mallard ducks and his hat. THE DODGERS' SNOW.—This is the way the poetical editor of the Heppner Times sings of "beautiful snow": O, the snow, the dog-dagst snow, Filling the hearts of the people with woe; Covering the bunch-grass, filling the street; Blinding the eyes of the people you meet. Dancing, drifting, sweeping along, (Cantoned the snow) is the theme of my song; Freezing the end of my fair lady's nose, Causing the chilblains to grow on her toes. Get away, stay away, you strengthen our fears, Your unwelcome stay will kill off our steers. NEW PARTNERSHIP.—A B W L W partnership has been formed between Messrs L. Bilby of this city, and Chas M Collier, recently from the East. Mr Collier studied at Forest Grove and graduated at the Oberlin college, Ohio. He was admitted to the bar in Colorado, where he was for a long time clerk of the court for the First district in said State. See their new card in another column. HOLIDAY GOODS.—One of the nicest displays of holiday goods ever made in this city is that now on exhibition at the fancy dry goods store of Mrs C W Fitch. They were received direct from San Francisco and were especially selected for this trade. The Christmas and new year cards are deserving of special notice, as they are the handsomest ever received in Oregon. Give the store a call and examine and price the goods. MASQUERADE PRIZES.—At the masquerade ball at Rhinehart's Hall Friday evening, Dec 19th, the following prizes were awarded by the committee: Handsomest gents' costume, Mr Jones; handsomest ladies costume, Miss B Hymen; best sustained character, Lily, Miss Jennie Brown; gent, Mr Abbie Abraham. Taylor attacked Stone with a poker, which Stone took from him. Taylor then went out of the cabin, and coming in again shot Stone in the breast, killing him instantly. NOT SOLD.—The fine mare "Oregon Beauty" owned by Percy Adams of Linn county, is still in that gentleman's possession on his farm near Albany, the parties who had offered some time ago failing to make the payment. This it will be remembered is the long maned mare exhibited at the last county fair. CORDIALLY WELCOME.—The regular passenger train that left Portland Wednesday morning arrived in Eugene at about 11 a m yesterday morning. Two large engines were used to pull the train. A large crowd was at the depot to welcome the train. The fire engine was used to fill the water-tanks of the locomotives, which were nearly out of water. THE SHORTEST DAY.—Last Sunday was the shortest day of the year. On the 21st of December the sun entered the sign of Capricorn, or the goat, which climbing animal is supposed to typify the ascent of that month's day, Monday the days began to gradually lengthen, which the average mind is not disagreeable. NOTICE.—Sheriff Campbell having failed by reason of the weather, to reach Cottage Grove on the day appointed for tax collection in that precinct, will appoint another day in the last part of January for that purpose. Due notice will be given for the same. KING OF SOAPS.—Guaranteed to be the cheapest and best soap ever placed on the market. Call and get sample bar free at J. L. PARKER'S.

Brevities.

Snow is still reported light in the high mountain ranges in this county. Last Tuesday night the river rose eight feet. It evidently "chinked" in the mountain. Republicans are having a greta deal of trouble selecting (3) the next postmaster for Eugene. Mr H H Hendricks, a graduate of the State University, is a candidate for the position of State Librarian. The Masons have an installation this evening and a grand supper at the St Charles Hotel. The Oregon legislature stands: Senate 17 Republicans, 13 Democrats; the house, 32 Republicans, 25 Democrats. Appropriate Christmas services were held in the Episcopal church in this city, Rev (Far) Ker preaching the sermon. A majority of the County School Superintendents have decided to retain the present system of school books. We are sorry to learn that our old friend Capt C T Hale is quite ill. We hope to hear of his speedy recovery. Mr Egg Nogg paid friends in Eugene a visit last Thursday. He was received by his many friends with delight. A gang of boys were out sleigh-riding last Thursday evening making the night merry with cow bells, horns and tin cans. It is feared that a large number of cattle and sheep have perished in Eastern Oregon; it is very cold there and the snow very deep. The W C T U will give a social at Rhinehart's Hall Thursday evening, Jan 1st, 1885. All are invited. Admissions 5 cents. Yesterday at 3 p m, the thermometer stood 40 degrees above zero and the beautiful snow had commenced thawing considerably. Harry Abbrams, who was sent the penitentiary from this county following Dr. Brownlee, is now head book-keeper at that institution. Intense cold weather prevails in Minnesota and Dakota, the thermometer falling from 22 to 46 below zero. At Chic 14 below and other places more. The government works are pushed at Yaquina as fast as possible (the force of men employed). They are now working upon the jetty at the entrance. In another column will be a very queer announcement of a marriage to take place. The gentleman certainly deserves credit for his ingenuity in this respect. A gentleman was complimenting a pretty young lady in the presence of a wife. "It's lucky I did not meet Miss Sina before I married you, my dear." "Yes—it is extremely—for her," was the reply. There will be divine service in St Mary's Episcopal Church on Sunday next—in the morning at eleven o'clock, the evening at seven. The Sunday school meet at a quarter to ten. All are cordially invited to attend. The boy who took the from in front of McCracken & Collier's one day this week, will oblige the city by laying the same in front of A S's harness shop. The Stine, formerly of Independence, Polk county, West Side, probably start a paper at Lebanon next month. The people of Lebanon anxious for a journal and are willing to sustain profits to the projector of such an enterprise. Directors Meeting.

As per the call published some time since, a special meeting of directors of the Oregon & California road was held in Portland last Saturday at the office of Manager Koehler. Amending the by-laws, increasing the number of directors, to authorize the Board, with the endorsement of a majority of bondholders, to complete the road. To furnish funds for the latter, the Board being authorized to issue bonds or debentures, secured by a first lien on the company's property. Other means of raising and securing funds were also to be considered. To authorize that the holder of each \$1,000 bond shall have the right to cast as many votes (not exceeding ten) as shall be fixed by the Board of Directors. Preferred stock was to be increased from 120,000 shares, par value \$100 each, to 150,000 shares, par value same, by issuing 30,000 additional shares. Common stock was to be increased from 70,000 shares of \$100 each to 100,000 at the time same by the issuance of 30,000 additional shares. The Board could also negotiate the transfer of all the company's railway property to the Central Pacific. At the meeting yesterday about two-thirds of the stock was represented. The discussion of the several purposes of the meeting was engaged in, and it was finally resolved to authorize the Board of Directors to take the necessary action in each case as designated in the call. Thus the Board will proceed to carry into effect the wishes of the majority of the stockholders. —Adjourned to meet January 22, 1885. Willamette Forks. Dec 23, 1884. Sleigh riding is in order. Hunters are enjoying themselves. Perry wants some more salt in his sausage. Ask Cutting if he would like to have another sleigh ride. E D B O, looks a since Lutz's got away with him. Miss Ella Armitage, who has been attending school at Salem, has returned home to stay during the holidays. Cutting S Calaf has returned home from Union, where he has been engaged in teaching school for the past three months. Some of our young friends found that it was better to keep in the middle of the road, but they could not hold on to the sleigh. THE YAQUINA BAR.—Says the Yaquina Mail of the 19th: The channel on the bar, owing to the severe storms of winter, has been changing, and two weeks ago the north channel was almost entirely closed. In the south channel was twenty feet of water, but as this channel was narrow and close to the south pit, there were but few of our pilots would venture through this passage. A careful inspection of the bar this morning found the north channel again opening, the low showing fifteen feet of water. Eighteen feet can be expected in this channel in a week, and no further trouble need be anticipated this winter. WILL LEAVE.—Dr E G Clark of this city has sold his dentistry business to Dr John Gray, and will shortly leave for Portland, where he has entered into a co-partnership with Dr J C Warren. Dexter Items.

Dec 20, 1884. Sly talk of a wedding in the near future. We have had an unusual amount of snow the past few days, but it is nearly all gone. The editor of the Christmas paper spent one week with a young lady, gathering items for his paper. Uncle Sam Handsaker will have lots of Christmas presents, as come along boys and don't forget your money. Scarcity of money and bad weather does not appear to dispel the courage of the young folks of Dexter, as they intend to have a fine Christmas tree. It seems that the Democrats and Republicans of Pleasant Hill have had an unusually warm time. This went do boys, better settle your difficulties privately. SANDRAN. The Markets. PORTLAND, OR, Dec. 26, 1884. WHEAT.—The wheat market in foreign lands seem to continue dull and low. In Portland valley wheat may be quoted \$1.10 @ \$1.12 per cental. Try it and judge for yourself. Large bottles fifty cents and one dollar. THE FIRE AT THE INDIAN SCHOOL.—The fire at the Indian industrial school at Forest Grove last week was much more serious in a financial way than the brief dispatch received the day after indicated. The main building was consumed, together with quite an amount of kitchen furnishing stores, etc, aggregating a loss of about \$10,000. The fire caught from a stovepipe which had been run through a partition without proper protection, and the building being slightly built of plank, paper and paint, furnished a combustible that soon fell before the flames. Temporary provision is made for the comfort of the pupils, and studies continue without interruption. SURVIVORS.—A petition is being gotten up to get an increase in the pension of the survivors of the war of 1812 from \$5 to \$10. It should succeed. They will be most elegantly fitted throughout, and will be furnished with electric lights and all modern improvements. The company will land passengers in San Francisco forty hours after leaving Portland, and as 200 miles of the present route by water will be saved by going via Yaquina City, this line will enjoy a large passenger traffic. HEAVY MORTGAGE.—County Clerk Ware on Dec 19, 1884, recorded a mortgage for \$12,000, given by A D Breed and wife to James MacLean, of New York. The lands mortgaged was an undivided one-tenth interest of those owned by the Military Road company. Mr Thompson was at the same time and place had 150 head of sheep drowned. Few realize that the stomach is nearly always the offending organ in what are called bilious attacks, nevertheless that such is the case is a scientific fact. Keep the stomach healthy and the whole body will be healthy. Cholera and other "germ diseases" cannot be propagated in the system if the stomach and blood are in a healthy state. De Haven's Dyspepsia Cure secures this desirable state of the stomach and blood. Sample bottles free at Osburn & Co's drug store. Scarcely any doubt exists in the minds of scientific men about the appearance of cholera in this country another season. The extent and violence of the disease will depend entirely upon the sanitary condition of the country and the physical condition of the people. Persons in a perfectly healthy condition have little to fear from its approach. Dr Koch of Berlin, in his recent writings upon the subject, says: "Under ordinary circumstances the bacilli, introduced by the mouth, are destroyed in the stomach, but give a derangement of this organ due to errors of diet or other causes, and the bacillus is enabled to escape the action of the system of the stomach and reach the alkaline gastric juice and it proliferates, and up irritation, diarrhea and all the typical symptoms of choleraic seizure." De Haven's Dyspepsia Cure is a remedy that supplies the acid that is wanting in the digestive juices of a deranged stomach. Sample bottles free at Osburn & Co's drug store. Wide Awake Druggists.
