DEATH SENTENCE PRONOUNCED. - Joe Drake. who has been confined behind the Lars of the jail in Marion county for a period of about nine month, was last Tuesday led from his place of continement by Sheriff Minto and was led within the presence of Judge Boise, for the purpose of having the time fixed for his execu. tion, he having been convicted at the June term of Court, 1884, of the murder of David Swarts, near Salem. The reason of the delay in this is, that Drake's attorney appealed his case to the Supreme Court, which Court made

no decision in regard to the same until after the October term of the Circuit Court had adjourned. As the Supreme Court affirmed the decision of the lower Court, it was necessary for the defendent to be resentenced, which Judge Boise claims cannot be legally done except while the Circuit Court is in session, and

Tuesday being the first day of the February term, he was accordingly sentenced to be hanged on Friday, March 20, 1885.
