

CITY AND COUNTY.

BRIEF MENTIONS.

Everybody busy gardening. Two weeks from Monday, city election. For good dentistry go to Taylor & Eberly. Plows! Plows! at brook prices—J. M. Hendricks. Read letter from Eastern Oregon on first page. City jail has not had an occupant for quite a time. The highest cash price will be paid for wheat by F B Dunn. The eclipse was a failure here; cause: too foggy and cloudy. Photographs finished neatly and artistically at Winter's. Another store is being started at Coburg, by the Vandyne Bros. Bring in your stallion advertisements. It will pay you, horsemen. The private school opened with a fair attendance on Monday last. A fine line of silk plushes in all shades and grades at F B Dunn's. The students decorated themselves with green ribbons on St Patrick's day. The Grant Pass Argus has made its appearance. It is small but newswy. A game of base ball was played in this city last Thursday—the first of the season. Paul M Brennan, a quack doctor of Portland, died in California last Monday. J C Morland has been appointed County Judge of Multnomah by Governor Moody. Two excellent rooms to rent. Inquire of JOSHUA J. WALTON. A band of Italian musicians were in Eugene last Tuesday and spent the evening in serenading. Abe Goldsmith's eye continues to improve. He will stay in San Francisco several months yet. Mr A Goldsmith has had a new cloth awning put up in front of his store. It looks splendid. The GUARD does all kinds of job printing cheaper than any other office in Lane county. Call and get estimates. A Skitt & Co located a Marion county man on a piece of school land fifteen miles west of Eugene one day this week. A daughter of Henry Spores, who lives about seven miles east of Eugene, died last Monday from scarlet fever. Eugene Hook and Ladder Co No 1, gave a drill last Wednesday. A full attendance of members were present. Dr W V Henderson has let to Mr Wm H Alexander the contract for building a small residence on Seventh street. The band played several pieces of very fine music on the streets Thursday evening. It attracted a large crowd of young people. Mr S H Friendly will pay the highest cash market price for wheat. Give him a call before selling your grain elsewhere. If you are in want of agricultural machinery of any kind, remember that Mr J M Hendricks keeps a full assortment. Marshal Durant has had all the large boulders on Willamette street removed, for which he has the thanks of the business men on Willamette street. Mr Geo Orr, of this city, is thinking of going into the florist business. He thoroughly understands it, having learned the same in the Agricultural Department at Washington. R N Baker, the drunken tailor, is now located in Jacksonville. We will bet a copper that he beats every man in that town that he has dealings with. Ex-Senator Nesmith has so far recovered from his recent sickness as to enable his friends to again take him home, where he can be cared for by his relatives. Mr Donald, who owned a boot and shoe shop in this city about eight years ago, has sold out his tannery in Canada. It is said he will pay Eugene friends a visit during the coming Summer. We acknowledge a pleasant call from Mr J C Webb, Grand Lecturer of the I O G T, in Oregon. He delivered two lectures on Saturday and Sunday evenings respectfully, which were well attended. In this State there are 463 postoffices; one office of the first-class, one of the second-class, thirteen of the third-class and 443 of the fourth-class. There are fourteen Presidential offices and sixty-two money order offices. Persons who are wearing artificial teeth that look unnatural and distort and destroy the natural expression of the mouth, or "won't stay up," should call Henderson, the dentist. Special pains will be taken with such cases. No charge unless satisfactory results are obtained. Mr H P McGuire and Miss Nettie Mulholland were married in Portland one day this week. Miss Nettie was born in this city, being the daughter of Mr John Mulholland. We wish Holly and his bride a long and pleasant married life. Many hunters are now making it lively for the festive grouse. They must be careful and remember not to forget that Oregon has a game law for the protection of these birds, that makes it fine to kill them. The "close" season does not expire until July 15th. The telegraph office can still be found on top of Skinner's Butte, but if you want to send any important news you had better write a letter, as it is likely to reach its destination quicker than a dispatch. The company should hire some one to attend to the business decently, or discontinue the office at this place. Judge Bean went to Portland the first of the week for the purpose of procuring plans and specifications for the new University building. He returned home last Wednesday, and informs us that Messrs Krumbein and Williams, respectively, have been procured to submit plans, and that the Board will, at its next meeting, select the plan best suited.

Resolutions of Condolence.

At a stated communication of Cottage Grove Chapter, No 4, Order of Eastern Star, Friday evening March 13, 1885, the following report of the Committee on Resolutions was unanimously adopted: WHEREAS, It has pleased the Great Architect of the Universe to remove from our midst our beloved sister, Surphina Veatch; and WHEREAS, It is but just that a fitting recognition of her many virtues should be had; therefore, be it RESOLVED, That while we bow in humble submission to the will of the most High, we do not the less mourn the loss of our departed sister who has been taken in us; RESOLVED, That in the death of Sister Veatch the fraternity laments the loss of a sister who was ever ready to extend the hand of aid and voice of sympathy to the afflicted; a friend and companion who was dear to us all; RESOLVED, That this Chapter extend its heartfelt sympathy and condolence to the family and relative of our late sister in their affliction; RESOLVED, That these resolutions be spread upon the minutes of this Chapter, and that a copy of the same, under seal of the Chapter, be transmitted to the family of our deceased sister and also a copy to the EUGENE CITY GUARD for publication. Fraternally submitted. A. H. SPARE, JULIA B. COMSTOCK, LENA LUTON, Committee.

Tax Items.

Sweet spring. Farmers busy sowing grain. The grouse are hooting; the only way to prevent them from doing this is to shoot them. The Government will now be purified from all corruption. "Hurrah."

Springfield Items.

The farmers are very busy this beautiful weather. Hops are a month earlier this Spring than they were last year. Mr Jos Stewart is doing a good business in the yeast powder line. Springfield is improving this Spring. A few new houses have been built. A wedding will take place here in the near future. Both parties are well known. The district school commenced last Monday after a vacation of three months. Misses Carrie Walker and Lucy March are the teachers.

NEW COMER.

EASTERN WEATHER.—One of our Iowa exchanges, of 31 inst, contains the following item: "We are not a fault-finder, nor do we even assume to dictate the course of the 'city dads,' but it seems that there should be some effort made to clear the snow drifts from the sidewalks. People willingly walked in the middle of the streets for many weeks during the extreme cold weather, when it was inconvenient to remove the snow, but it seems now that the roads have become so wet and disagreeable that something should be done to encourage a clean up." That has rather a Greenland-icy-mountainish sound to people of this country. While Iowa may be a good country to live in Oregon is certainly still better.

DEATH OF DR BIDDLE.—On the 6th inst.

Dr William Biddle died in Corvallis at the advanced age of 82 years. Deceased was born in the State of New Jersey and came to Oregon in June, 1865, and with the exception of 18 months' sojourn in Lebanon, lived in Corvallis ever since. He was an industrious, honest citizen. About three and a half years ago his left side was paralyzed and he was rendered almost helpless. For two years he has been blind, and so his sufferings were great and prolonged, but his end was peace. His remains were buried in the Masonic cemetery, Rev J Bowers officiating. His two daughters, Mrs Odell of Eugene City, and Mrs McFarland of Albany were with him in his last hours of affliction.

A HEAVY JUDGMENT.—Wednesday it.

The United States District Court in the case of the Oregon Railway & Navigation Company (limited) vs the Oregon Railway & Navigation Company, a demurrer to the answer was filed and overruled. A motion to strike out parts of the answer was overruled and judgment rendered for plaintiff for \$68,101, together with interest from May 15, 1885, and costs and disbursements. The action was brought June 28, 1884, to recover \$69,300 claimed to be due as a balance on rental or lease money. The Oregon Railway & Navigation Company leased the plaintiff's lines for a period of ninety-six years, and then threw up the lease after using the same for a short time.

A FOUNDRY.—At last it seems as if Eugene.

would have a first-class foundry. A gentleman from Portland, Mr McCarty, a practical moulder and machinist, has been in Eugene looking over the field and has about concluded to locate here and establish a first-class foundry and machine shop. He has enough capital and energy to make the enterprise a success. If he locates here, we think he will do a large and profitable business.

MARRIED.—At the residence of the bride's.

parents at Cottage Grove, Lane county, Oregon, March 16, 1885, by Rev J Heinrich, Mr Darwin Bristow and Miss Mary L Medley, all of Cottage Grove. The happy couple have the congratulations of the GUARD for a long and nappy matrimonial life. Their many friends in Eugene offer their congratulations.

Does this Mean Bob Caples?

The following from the San Francisco Examiner of March 13th probably refers to a youth who attended school here a year or two ago. He developed considerable pugnacity on one or two occasions while here, after activities, but otherwise was held in good esteem. The reporter is evidently mistaken in referring to the distinguished sire as time has added "ex" to his title.

A few months ago there came from the Web-foot State of the North a young man said to be the son of the (ex) District Attorney of Portland. This young man had a friend, who, as friends prove was a "bad" one. The web-foot young man's chum is the correspondent in this city of the Portland Stickintheum Journal or a paper with a similar name. Among the letters to this journal was one that reflected on the (ex) District Attorney's son by saying that the boy is the proprietor of a blooming faro bank and poker club in this city. The old gentleman in the damp State upbraided his son severely by letter and forwarded a copy of the Stickintheum. The young man was very indignant and demanded a retraction of the charge which was refused. The two agreed to fight it out with bare knuckles at the foot of Fifth street, but on taking a second consideration they decided to have it out according to law, and repairing to Harry Maynard's requested the use of his ring and hard gloves. For four rounds, M. Q. rules, they pumeled each other, and finally the writer of the objectionable article was vanquished, knocked out as it were. "That is the way for gentlemen to settle their difficulties and not use knives and pistols," as the two retired mopping the claret from their noses, remarked Harry.

Personal.

Mr J J Walton was in Portland during the week. Senator Coleman was in Eugene last Monday. Jim Comstock, of Creswell, was in town Wednesday. We are pleased to see S B Eakin, Jr, about our streets again. Mr G R Chrisman paid the metropolis a visit this week. We are pleased to learn that Mrs Jos Tiner is much better.

STATE UNIVERSITY.

A column devoted to the interests of the Laupau and Hawaiian Literary Societies, and the State University. ETTA MOORE, EDITOR. Three weeks until vacation. "Prove it."—Jack and Cheney. The Senior class song has arrived. "I made it this time."—D W B. School closes for the Spring vacation April 10th. Miss Ruby Spiller is teaching a school at Amity. Mr Milton Miller has been making our city a visit. Compositions were handed in by the entire school this week. The classes in Zoology and Caesar were examined on Thursday. Ireland had many representatives among the students on St Patrick's Day. A F McClain came up last Friday to visit the "boys" at the "Underwood Lanch." The class in Botany re-organized last week for the commencement of Spring week. Among the recitations last Friday one produced a great many smiles by being slightly personal. Miss Alice Dorris has been appointed Recording Secretary of the W C T U of Jacksonville. Darwin Bristow, a graduate of '84, was married last Monday, March 16th, to Miss Mary Melley. Miss Emma Bean, a graduate of last year and an honored Eutaxian, paid the society a visit last Friday. The first class in composition has a poet who argues the Chinese Immigration question in rhyme. Miss Ida Hendricks went to Cottage Grove to attend the wedding of Darwin Bristow and Miss Mary Melley. The class in Political Economy have completed the book and are reviewing preparatory to examination. Frank Bybee returned to his home in Jacksonville last week. He will probably return to school next year. Miss Bessie Day delivered a very interesting and humorous recitation at the last meeting of the Eutaxians. We understand that J L Tait, A S Roberts, Mabel Dunn and several others will leave school next term. The bicyclists now ride the wheel on the back streets, having no opportunity of showing their skill on Willamette street. We understand Mr Elmer Emerson was married to Miss Nellie Driver some time last week, but we have been unable to gain particulars. Will "Doble" be kind enough to explain why she so abruptly turned back home when on the way to school one morning during the week? Miss Elma Lockwood returned to her home in this city last Saturday, having completed a very successful term of school at Silverton. She began teaching several miles below town last Monday. Hon Judge Dandy and Rev Dr Geary honored the Eutaxians with their presence at the last meeting. They were called upon to speak on the question before the Society—Resolved, "That Oregon should have Reform School," and responded in well chosen remarks, convincing several on the negative side of the question that Oregon should adopt a school for moral training. Public exercises were held in the Auditorium last Friday. The class in Calisthenics deserves special mention. It was composed of the girls of the Sub Freshman class. The perfect keeping of time and the grace of movement showed good training. The class also recited a poem in concert which was very well received. The students furnished some very fine instrumental music, and Messrs Woodworth, Johnson, McClure and Coshaw a quartette. Those who read essays were Herbert Condon, Leathe McCrack, E Cusick, Hattie Dickenson, Eldon Brattain, B F McConnell, Glen Shaw, Albert Abrams, Mary Potter, W C Yoran, John C Welch, Etta Moore, David Collier, Nellie Comegys, John Pattison, Lara Murch, Vina Gore, Jessie Murch and J O Wright. Those who spoke were Mr Mulligan, Anna Patterson, Ida Hendricks, Kate Powell, R F Reasoner, Osie Walton and Henry McClure.

Dexter Items.

The eclipse was on time. Farmers are wishing for rain. Mr Edgar Bristow of Pleasant Hill will teach our school. Mr R C Edwards is kept busy making boots and shoes. Patronize home industry. Mrs Ida Buccannon, of Eastern Oregon, who has been visiting at her old home has returned; also Mr J A Briggs and wife. We are pleased to welcome back Mr Nelson Roney who has been making a tour of the Atlantic States. At our annual school meeting, James Parvin was elected director for one year, and D S Hunsaker was elected for three years, and S Hunsaker, re-elected clerk. Your compositor made some mistakes in my last items. It was a mouseth and not a "monster," of which I wrote; I did not say it was "cornered" in the creek, but cornered. Financially speaking, we believe Lane county is the most God-forsaken county on the Pacific at this time, when there is the greatest abundance of beef, pork, grain, hogs, fruit and vegetables and all that requires to sustain life, money is almost impossible to procure. The hog raisers are mostly heavily involved in debt and they have just cause to be discouraged. M. O. T. PIANO TUNING AND REPAIRING.—Mr J P Thompson is in town to remain a few days. All parties wishing piano or Organ work done please leave orders at Crain Bro. HOSE ORDERED.—The city yesterday ordered 250 feet of fire hose from Preston, Nott & Co, of Portland, at a price set to exceed 80 cents per foot. It was much needed. EGGS.—In this city, March 14, 1885, to the wife of Geo Gill, a daughter.
