

CITY AND COUNTY.

BRIEF MENTIONS.

Rain, rain, rain! Oregon Kidney Cure. Not a jury has been held yet. The river has risen considerably. Court will last the most of next week. The Legislature meets next Monday. Oregon Kidney Tea cures all kidney trouble. Common Council meets next Monday evening. Several auctions of horses in the streets this week. Try Osburn & Belshaw's 5-cent cigar. They are the boss. Look out for Goldsmith's new advertisement next week. Read Joe Lane's skating advertisement in another column. If you want to buy goods cheap, give the I X L Store a call. Oregon Kidney Tea is the best known remedy for kidney troubles. The GUARD does all kinds of job printing cheaper than Portland prices. Dr. Sharples has a "pet" on one of his hands, and still he is not happy. Read the Brownville Woolen Mills Store advertisement in another column. Ben L. Norden has been elected Auditor of Portland, vice R. B. Curry, removed. If you want a good plate of oysters, Ed Baum's is the place where you can get it. R. M. Mulholland, of Junction City, has been appointed by Governor Moody a notary public. The cases of diphtheria in the western portion of the county are all reported to be recovered. Again considerable important matter is crowded out on account of a rush of advertisements. The best eating place in the city is at Ed Baum's. Oysters, ham and eggs, tea and coffee, at all hours. Dr. J. B. Pilkington was again in our town last Thursday and Friday. He had quite a number of patients. We are pleased to again notice Mr. Oren Moore upon our streets. He is still quite weak, but is rapidly improving. A telegram from Mrs. Prof. Spiller, from Salem, says that her daughter, Reubie, is very low with typhoid fever. The concert given by the ladies of the Baptist Church last Saturday night was a success in every particular. Net proceeds, \$55. Miss Clara Foltz, the San Francisco lecturer and lawyer, was present and took part in several cases before the Circuit Court this week. The new public school building at Albany will be dedicated next Friday. Prof. T. F. Campbell will deliver the address upon the occasion. Several wagons left for east of the mountains last Thursday via the McKenzie route. It is thought very doubtful if they succeed in getting across. Claude Galt, well known in Eugene, was married here Wednesday in Portland to Miss H. M. Sumner. We congratulate Claude and his bride. The difficulties between Germany and Spain seem to be on a standstill. Nevertheless, Osburn & Belshaw are selling the finest five-cent cigar ever brought to Eugene. Prof. F. Rigler, of Walla Walla, has been elected principal of the Portland Park school, vice Prof. Roby, who resigned to accept the postoffice appointment in that city. Mr. L. Loretz hereby gives notice that he is prepared to fix up lawns and yards in the best of style. He calls attention to the yard of Mr. Chas. Laner as a fair sample of his work. One of the largest stocks of boots and shoes ever brought to Eugene has just arrived at Matlock's. They were bought direct from the manufacturers in the East and will be sold on very reasonable terms. At Matlock's a very fine line of ladies shoes of the celebrated H D Holbrook make, direct from the Eastern manufacturer. The ladies of Lane county would do well to call at Mr. Matlock's store and examine these goods. W. W. Saunders, formerly editor of the Benton Leader, shot and killed a young man named Campbell, aged 18 years, at Albany last Wednesday night. The affair was over a woman. There will be divine service in St. Mary's Episcopal Church to-morrow (Sunday) morning and evening, and the Sunday school will meet at a quarter to 10. All are cordially invited to attend. J. P. Schooling, of Harrisburg, started last Monday with a team of horses for Chico, Cal., to find a market for them. He drove them over the old military route up the Middle Fork. We acknowledge the receipt of the proceedings of the fourth annual meeting of the Firmen's Association of Oregon, held at Astoria June 10th, 11th and 12th, from Mr. F. E. Hodgkins, secretary of the association. R. P. Bird, Republican, has been elected as Senator from Yamhill county to fill the vacancy caused by the death of Hon. Henry Warren. His majority, 60. This will, as heretofore, leave the Republicans with 14 majority on joint ballot. We would call the attention of our readers to the advertisement of the White Bronze Monuments, in another column. They are endorsed by scientists as being better and cheaper than marble or granite. The company have over 500 beautiful designs. Mr. J. A. Cardwell, of Jacksonville, is the general agent for Oregon; Mr. M. A. Fuller, of Harrisburg, local agent for Linn and Lane counties. The Albany Herald-Disseminator reports that a committee of the citizens of Albany are working vigorously to secure the \$50,000 required to induce the Oregon Pacific Railroad company to extend its line from Corvallis to Albany. The subscription has been headed by John Crawford with the magnificent donation of a fifty-horse water power, well worth \$15,000, which the company will willingly accept at \$12,000, the price it is put down for.

Ayers, of the Benicia Agricultural Works (California), is in town in the interest of the factory. It is an extensive establishment, founded first by Baker & Hamilton and since incorporated under the laws of California. It has a capacity for operating more than 1000 people, and is so situated that cheap and rapid transportation is assured both by land and water. The company now propose to establish a few agencies in Oregon in the interior, thus getting as near to direct trade as business requirements will permit. The prices and discounts are very favorable, and all goods warranted. Their line of manufacture covers nearly every implement wanted by the farmer. Until a business is established here the goods will be furnished, for the purpose of introduction, by Mr. Ayers at manufacturers' prices and terms. Farmers or dealers who may wish further information can after this week address: M. Ayers, Holton House, Portland, Oregon. Here is an opportunity to patronize coast industry. "COL. E. D. BAKER."—Miss Clara Foltz lectured at Kniehart's Hall last Thursday evening, taking for her subject, "Col. E. D. Baker." The lecture was for the benefit of the Laurean and Eutaxian Literary societies, and was moderately well patronized. She is a ready and fluent speaker, and delivered a lecture that is quite interesting, especially to Pacific Coast people. FARMERS TAKE NOTICE.—A good dinner was had at Baker's hotel for 25 cents.

Cottage Grove Items. (FROM OUR SPECIAL CORRESPONDENT.) COTTAGE GROVE, Nov. 4. Oh! the beautiful rain. Mr. W. H. Simons went to Oakland Monday. Mr. Major Chrisman is in from Eastern Oregon. Mr. Hugh Loren started for the Bohemia mines Tuesday. Mrs. G. R. Chrisman returned home to Eugene Tuesday. Mr. Stanley McLaughlin is erecting himself a neat little cottage. Mr. Leroy Dainwood came up on the train Tuesday from Springfield. Messrs Blackburn and Rodgers came in from the steamboat mines Monday. Miss Matilda McCoy came up from Springfield Tuesday to her home in this vicinity. Quite a number of our citizens are in Eugene attending Circuit Court this week. A couple of lady relatives of Mr. Wangerman, who have been visiting his family, left yesterday. Mr. W. H. Simons has sold his farm, two miles northwest of this place, to Mr. J. P. Shields for \$1600. Mrs. Medley had a mess of green beans for dinner the last day of October. She gathered them out of her garden the day before. Weather still unsettled, and considerable rain has fallen during the past week. Grass and fall-sown grain are growing rapidly, as there has not been frost enough to retard the growth of any hardy plants whatever; indeed there has been but very little frost, and in some localities tender plants, such as tomato, cucumber and such vines, are still as green as in midsummer. VERITY. New Orleans Verdict. Grace Hawthorne is a sensational Camille. Her impetuous, tragic attitudes and stride, and business with up-turned eyes, is like Sarah Bernhardt, and then, again, she finds one strongly of Clara Morris, in her emotional, tender and colloquial scenes. The house was packed to overflowing, and Miss Hawthorne certainly was a great surprise to all who saw her acting. She actually galvanized the part of Camille. She gave it new life. Miss Hawthorne knows every card in the play of acting, and she takes every trick. She is indeed a great actress.—New Orleans Picayune. Local Market. EUGENE, Nov. 6, 1885. WHEAT—61@62c per bushel nett. OATS—30c per bushel. HOPS—4@5c. BACON—Sides, 9@10c; Hams, 12c; shoulders, 7@8c. BUTTER—20@25c per lb. EGGS—25c per doz. FLOUR—\$4 per barrel. POTATOES—25@30c per bushel. LANE COUNTY'S DISPLAY.—We take the following from an article in the Portland Standard on the display made by the different counties in the rooms of the State Immigration Board: "Occupying about twenty-six feet of the north wall of the rooms, we find the Lane county exhibit, made by Messrs George Belshaw and M. Wilkins, at the State and Mechanics' fairs. The grain and grasses of M. Wilkins, in this collection, were not entered for competition at the Mechanics' fair, though disposed of with the other. This exhibit was presented to the State Board by a few citizens of Lane county and one or two in this city. It is a magnificent display and entitled to the many praises bestowed upon it." DIED.—Aden Mathews, son of Mr. and Mrs. A. G. Mathews, of Mayville, Or., aged 16 months and 11 days. "We shall all go home to our Father's house, to our Father's house in the skies, Where the hope of our souls shall have no blight, And our love no broken ties; We shall roam on the bank of the river of peace, And bathe in its blissful tide; And one of the joys of our heaven shall be, The little boy that died." ATTORNEYS IN ATTENDANCE.—The following attorneys have been in attendance upon the Circuit Court: C B Bellinger, of Portland; R S Strahan, J K Webster, of Albany; John Burnett, John Kelsay and Mr. Holgate, of Corvallis; M L Pipe, of Independence; J W Hamilton, L F Lane, of Roseburg; Chas Phillips, of Junction; R S Bean, Geo B Dorris, J J Walton, Geo S Washburne, I Bilyeu, J E Fenton, D M Riedon, Chas M Collier, F N Noffsinger, W T Slater, Mr. Sinclair, Geo M Miller and H C Humphrey, of Eugene. Rinehart; Oct 31st, Geo. Lambert and Josephine Stevens; Nov. 3d, W. H. Parsons and Clara Plymate. DIED.—At his residence near this city, Nov. 1, 1885, of consumption, J. E. Cardwell gave us a pleasant call this week. Phil. Willman and wife, of Colfax, will spend the winter in Florida. Mrs. S. Munra, of Bonneville, is in Eugene visiting relatives and friends. Mr. C. W. Young and son Baxter have returned from east of the mountains. Messrs M. M. Gillespie and Benson Young have returned from east of the mountains. We are sorry to learn that Mr. Geo. S. Craw, Wells, Fargo & Co's accommodating agent at this place, paid Portland a visit this week. Mr. J. M. Shelley was in town several days this week. He was cordially greeted by his numerous friends. Mr. C. D. Billers, of Portland, agent for the O. R. and N. Co., was in Eugene this week and settled the taxes owned by the narrow gauge road. Senator L. B. Rinehart, of Union county, is visiting relatives and friends in this city. He is enthusiastic over the recent victories in New York and Virginia. Hon. R. B. Cochran, member of the Democratic State Central Committee for Lane county, yesterday went to Portland to attend a meeting of that body. Mr. John Welch went to Oregon City Wednesday, on account of a spell of sickness. We hope he will recuperate and soon be able to resume his studies at the University. Mr. J. O. Rhinehart and wife arrived in Eugene last Wednesday and are visiting at the residence of his brother, Mr. John Rhinehart. We are informed that they will spend some weeks in our city. We acknowledge a call from the gentleman, and are pleased to learn that he is a member of the grand old Democratic party. He has spent about twenty-five years on the coast, and has gained extensively in Arizona and Mexico. Brevities. Lots of rain. The Journal of The Dalles has suspended publication. Mr. Charles Horn killed ten geese on the prairie in a couple of days this week. The Canadian Pacific R. R. is now completed and trains are being run over the same. Thanks to several subscribers for kindly remembrance of subscriptions due during this week. A new sidewalk is being laid between S. R. Eakin, Jr.'s, and the Court House square, on Eighth street. In the prize fight at Portland last Monday between Dempsey and Campbell, the former won easily in the third round. Holloway, the horse thief, has been bound over in the sum of \$1500 to await the action of the Multnomah grand jury. Trial proves that honesty is the best policy in medicine as well as in other things. Ayer's Sarsaparilla is a genuine preparation, an unequalled blood purifier, decidedly superior to all others. Hundreds of letters from those using Ayer's Hair Vigor attest its value as a restorer of gray hair to its natural color. As a stimulant and tonic, preventing and curing baldness, and cleansing the scalp, its use cannot be too strongly recommended. Grace Hawthorne has scored a bright success. The applause she brings is spontaneous and genuine in its nature, and during her week here she was several times complimented by recalls at the close of the play, which is a rare distinction for an actress to achieve in this city.—St. Louis Republican. Final Report of Grand Jury. The grand jury made their final report yesterday and were discharged. It was as follows: That we have examined the Sheriff's, Clerk's and Treasurer's offices in said county, and we find each of said offices well and neatly kept, and the records thereof in a good state of preservation. That we have also examined the public jail, and find the same well kept and in as good a condition as possible for the convenience of those confined therein; and also all reasonable precautions taken to prevent escapes therefrom. We find the outside walls of said jail crumbling and in a very bad condition, rendering the jail insecure for the confinement of prisoners therein. We also find the outside walls of the vault where the public records of the county are kept, cracked badly, and making this vault a very insecure and unsafe place for keeping the public records therein. We recommend that the proper authorities have the same repaired. D. H. COLEMAN, Foreman. PIANO TUNER.—Mr. J. P. Thomson, the piano tuner, is now in Eugene, prepared to receive orders for the tuning of instruments. He needs no recommendation from us, as nearly every person owning an instrument in this city has heretofore had personal knowledge of his efficiency in his skillful services. FISH MARKET.—Mr. J. P. Ditchburn has just started a fish market in this city on Ninth Street, opposite Day & Pratt's blacksmith shop. He will keep constantly on hand all kinds of fish, oysters, clams, poultry and game, etc. The people should give the gentleman a good support. CLEVERING RATES.—The GUARD and New York World will be sent to one address for the sum of \$3.20. The World is the leading Democratic paper published in the United States. Send in your subscriptions immediately. NOTICE.—Mr. B. H. Lambert and Josephine Stevens, both of Lane county.

STATE UNIVERSITY. A column devoted to the interests of the Laurean and Eutaxian Literary Societies, and the State University. LURA E. MURCH, EDITOR. Miss Kate Van Dyke entered school Wednesday. Mrs. Spiller has gone to Amity to visit Ruby, who is sick. Miss Laura Brunley, who used to attend the University, is teaching school near Coburg. O. P. Coshov made a short visit to Eugene last Saturday, and returned home the next day. The class in the history of civilization, and also the botany class, have commenced to review. Mr. Frank Moore undoubtedly filled the chair of honor in the botany class one day last week. W. H. McGhee, who should have gone out with last year's class, is attending a theological school in Indiana. Miss Ida Hendricks was appointed for a recitation and Miss Anna Henderson for a select reading last Friday. Miss Jessie McClung re-entered school Monday. We hope that this time she will be able to go on with her work. The Sallust class is reviewing for examination. When they are through with that book they will commence Cicero. There will be a corporation meeting the first Friday in November for the purpose of electing officers for the ensuing year. There are 108 students in the collegiate department and 59 in the preparatory department of the University this year. There is no class in French this year. The class is taking three years of German in place of one French and two German. The trustees of the corporation held their last meeting last Saturday. The object of the meeting was to pay off the librarians. The surveying class is smaller this year than it was last, only two taking that study. The rest of the sophomores are taking calculus. The best list of questions that has been got up for the Eutaxian society within the memory of the present members was read last Friday. The Laurean editor having become proficient in drawing the figures in mechanics, intends to start to Italy soon to finish his education as an artist. Mr. Frank Huffer entered school last week, greatly to the disappointment of the junior class, who had hoped that he would wait and go out with them. Tutor A. C. Woodcock went to The Dalles last Tuesday to attend the funeral of his sister. Mr. Edgar McClure has charge of his room during his absence. The bookseller gave to each of the seniors a rattle when he bought his books for the year. Whether he intended it as a compliment or not is somewhat doubtful. The Eutaxians will have to adjourn their society next Friday, as the corporation meets at the same hour, and it is desirable to have all the members present at it. There are seven more weeks of this term. Out of these come the Thanksgiving vacation and two days of the Christmas holidays. The term is more than half gone. The Eutaxian correspondent has come to the conclusion that the society has entered into a conspiracy with the janitor of the building to keep the wood-box empty on Friday afternoons. The chemistry class, suffering from the extreme aridness of the last few days, have been forced to drink sulphuric acid through a straw to quench their thirst. The experiment proved more novel than pleasant. Mrs. Clara Foltz, the well known lawyer of California, delivered a lecture at Rhinehart's Hall Thursday night, under the auspices of the Laurean and Eutaxian societies. The subject was a eulogy on Colonel Baker. Some of the questions asked by the mechanics class are too abstract for one person to study out alone. The most difficult one that has come up lately is, which is the left side of a carriage? If anyone can solve this problem please make it known. The Laureans will give an open session the 13th of November. The question for debate is, Resolved, "That Gladstone has done more for England than Bismarck for Germany." The leaders on debate are Mr. Frank Moore and Mr. W. M. Miller. W. I. Vanter, Clara Condon, Emma Ashley, Lammie Holt, W. J. Roberts, Mary Bonnette, Amanda Chrisman, Walter McClure, Ida Patterson, Hattie Smith, George Finley, W. M. Miller, David Collier, B. F. McConnell, G. W. Hovey, Ida Miller, Miss Saffars and Mrs. Mulligan read essays, and Mark Bailey, Eta Moore, Leathe McCormack and Emily Bristol delivered declamations, at the public exercises last Friday. The question for debate next Friday is, Resolved, "That our Indian policy is unjust." Affirmative leader is Ida Porter; colleagues are, E. E. Moore, L. E. Murch, F. Condon. Negative leader is Jessie McClung; colleagues are Jennie McClure, Emma Dorris, Glen Shaw. The question for Friday afternoon is, Resolved, "That the ships made by John Ross were objected to on political grounds." Affirmative leader, Mary Potter; colleagues, Eta Moore, Bessie Day. Negative leader, Kate Buick; colleagues, Ida Porter, Mary Bonnette, Cora Samms. From an article in the Laurean column one might be led to suppose that its editor had been somewhat negligent about reading his fashionable magazines, and had not noticed that red hair was becoming so popular that people were using every means possible to turn their hair to that color. However, if there had been as many girls (with red hair, pink hair or any other color) as he represented in the hall at one time, they very likely would be invited to spend a few hours in the President's room. We can come to the only conclusion that he was writing under an optical illusion. Lamps! Lamps! If you want an electric lamp cheap, please call on us. Nickel-plated stand lamps, 13; nickel-plated founts, \$2 50 complete. (BURNS & CO. NOTICE.—Mrs Wm Withrow has taken the agency for the celebrated Household sewing machine and will sell the same at reduced prices. Mr John Watson is building a house just one half mile above him on his ranch on Elk creek. All of these places have been recently taken up. Land hunters, looking for government lands should pay this section a visit. There is plenty of good government land for vacant lands would make splendid ranches and very good range for stock. MINER. But on account of some mistake in the indictment the case was resubmitted to the grand jury, and that body at noon yesterday again returned a true bill.
