

The steadily increasing use in the United States of steam power is shown by the fact that of the power used by manufacturers 64.07 per cent. is furnished by steam and 25.93 per cent. by water. The highest percentage of water power as compared with population is used in New Hampshire, while in steam power it ranks tenth. Owing to the cheapening of coal the steam engine will undoubtedly encroach still more on the domain of the water wheel.

**ROBUST HEALTH**

Is not always enjoyed by those who seem to possess it. The taint of corrupted blood may be secretly undermining the constitution. In time, the poison will certainly show its effects, and with all the more virulence the longer it has been allowed to permeate the system. Each pimple, sty, boil, skin disorder and sense of unnatural lassitude, or languor, is one of Nature's warnings of the consequences of neglect.

**Ayer's Sarsaparilla**

Is the only remedy that can be relied upon, in all cases, to eradicate the taint of hereditary disease and the special corruptions of the blood. It is the only alternative that is sufficiently powerful to thoroughly cleanse the system of Scrofulous and Mercurial impurities and the pollution of Contagious Diseases. It also neutralizes the poisons left by Diphtheria and Scarlet Fever, and enables rapid recuperation from the enfeeblement and debility caused by these diseases.

**Myriads of Cures**

Achieved by AYER'S SARSAPARILLA the past forty years, are attested, and is no blood disease, at all possible that will not yield to it. We allude to this class, and wish that the only man the secretary of the Aret' "well-sores" of South Africa had afforded health to by whom it was employed everywhere an etc numero in their personal knowledge able cures wrought by it, w all other treatment had been unavailing. People will do well to

**Trust Nothing Else**

then AYER'S SARSAPARILLA. Numerous crude mixtures are offered to the public as "blood purifiers," which only allure the patient with the pretense of many cheap doses, and with which it is folly to experiment while disease is steadily becoming more deep-seated and difficult of cure. Some of these mixtures do much lasting harm. Bear in mind that the only medicine that can radically purify the vitiated blood is
