There is a little private poker club in Chicago, whose members, according to the Mail of that city, meet at each other's homes and play a modest game, winding up with a jack pot which is liberally sweetened until it is of good proportions. On a recent Saturday evening the final jack pot grew until it contained \$128, and before the betting it was decided that the winner should put it on the contribction plate at church next morning. It was won by a regular churchgoer and rather liberal giver, who, fearing such a contribution would provoke comment, asked leave of the party to make it up in a package and hand it to the sexton. This was agreed to on condition that it was to be labeled "From a j. pot." This was done. The sexton took it imme diately to the pastor who was so highly pleased that he announced from the polpit that "a munificent friend of the church--a Mr. A. J. Pot-whom it was not his plasure to know personally, he was sorry to say, had that morning sent in a most generous donation of \$128 to the church fund.

Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs. KING'S EVIL

Was the name formerly given to Scrofula because of a superstition that it could be cured by a king's touch. The world is wiser now, and knows that

SCROFULA

can only be cured by a thorough purifica-tion of the blood. If this is neglected, the disease perpetuates its taint through generation after generation. Among its earlier symptomatic developments are Eczema, Cutaneous Eruptions, Tu-Eczema, Cutaneous Eruptions, Tumors, Bolis, Carbuncles, Erysipeias,
Purulent Ulcers, Nervous and Physical Coliapse, etc. If allowed to continue, Rheumatism, Scrofnious Catarrh, Kidney and Liver Diseases,
